(b) The names and boundaries of precincts (voting tabulation districts), tracts, block groups, and blocks specified in this section are as they were legally defined and recognized in the 2000 United States Census. Boundaries are as shown on the Redistricting Census 2000 TIGER Files, with modifications made by the Legislative Services Office on its computer database as of May 1, 2001, to reflect precincts divided or renamed as outlined in subsection (c) of this section. However, in Robeson County PHILADEPLUS is, in fact, PHILADELPHUS, and in Vance County SANDY SCREEK is, in fact, SANDY CREEK. If the boundary line between Iredell and Mecklenburg Counties in the Redistricting Census 2000 TIGER Files conflicts with that provided by Section 1 of Session Law 1998-15 as rewritten by Session Law 2001-429, Section 1 of Session Law 1998-15 as rewritten by Session Law 2001-429 prevails to the extent of the conflict.

(c) The Legislative Services Office modified on its computer database some of the precincts shown on the Redistricting Census 2000 TIGER Files to reflect precincts divided or renamed by county boards of elections after the TIGER Files were completed. As a result, precincts are shown differently on the Legislative Services Office computer database from the TIGER Files in the following counties:

SECTION 2. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 13th day of November, 2001.

Became law on the date it was ratified.

S.B. 17

SESSION LAW 2001-460

AN ACT TO REWRITE ARTICLE 13 AND ARTICLE 14 OF CHAPTER 163 OF THE GENERAL STATUTES, AS RECOMMENDED BY THE ELECTION LAWS REVISION COMMISSION; TO PERMIT THE USE OF CERTAIN GENDER TITLES ON THE BALLOT; TO GIVE THE COUNTY BOARD OF ELECTIONS FLEXIBILITY IN SETTING A BUFFER ZONE AROUND A VOTING PLACE, WITH A MINIMUM OF 25 FEET; AND TO MAKE CONFORMING CHANGES.

The General Assembly of North Carolina enacts:

SECTION 1. Articles 13 and 14 of Chapter 163 of the General Statutes are repealed.

SECTION 2. G.S. 163-2 is repealed.

SECTION 3. Chapter 163 of the General Statutes is amended by adding a new Article to read:

"Article 13A.

"Voting.

"Part 1. Definitions.

"§ 163-165. Definitions.

In addition to the definitions stated below, the definitions set forth in Article 15A of Chapter 163 of the General Statutes also apply to this Article. As used in this Article:

- (1) 'Ballot' means an instrument on which a voter indicates a choice so that it may be recorded as a vote for or against a certain candidate or referendum proposal. The term 'ballot' may include a paper ballot to be counted by hand, a paper ballot to be counted on an electronic scanner, the face of a lever voting machine, the image on a direct record electronic unit, or a ballot used on any other voting system.
- (2) 'Ballot item' means a single item on a ballot in which the voters are to choose between or among the candidates or proposals listed.
- (3) 'Ballot style' means the version of a ballot within a jurisdiction that an individual voter is eligible to vote. For example, in a county that uses essentially the same official ballot, a group office such as county commissioner may be divided into districts so that different voters in the same county vote for commissioner in different districts. The different versions of the county's official ballot containing only those district ballot items one individual voter may vote are the county's different ballot styles.
- (4) 'Election' means the event in which voters cast votes in ballot items concerning proposals or candidates for office in this State or the United States. The term includes primaries, general elections, referenda, and special elections.
- (5) 'Official ballot' means a ballot that has been certified by the State Board of Elections and produced by or with the approval of the county board of elections. The term does not include a sample ballot or a specimen ballot.
- (6) 'Provisional official ballot' means an official ballot that is voted and then placed in an envelope that contains an affidavit signed by the voter certifying identity and eligibility to vote.
- (7) 'Referendum' means the event in which voters cast votes for or against ballot questions other than the election of candidates to office.
- (8) 'Voting booth' means the private space in which a voter is to mark an official ballot.

- (9) 'Voting enclosure' means the room or connected rooms within the voting place that is used for voting.
- (10) 'Voting place' means the building that contains the voting enclosure.
- (11) 'Voting system' means a system of casting and tabulating ballots. The term includes systems of paper ballots counted by hand as well as systems utilizing mechanical and electronic voting equipment.

"Part 2. Ballots and Voting Systems.

"§ 163-165.1. Scope and general rules.

(a) Scope. – This Article shall apply to all elections in this State.

(b) Requirements of Official Ballots in Voting. – In any election conducted under this Article:

(1) All voting shall be by official ballot.

(2) Only votes cast on an official ballot shall be counted.

(c) Compliance With This Article. – All ballots shall comply with the provisions of this Article.

(d) Other Uses Prohibited. – An official ballot shall not be used for any purpose not authorized by this Article.

"§ 163-165.2. Sample ballots.

(a) County Board to Produce and Distribute Sample Ballots. – The county board of elections shall produce sample ballots, in all the necessary ballot styles of the official ballot, for every election to be held in the county. The sample ballots shall be given an appearance that clearly distinguishes them from official ballots. The county board shall distribute sample ballots to the chief judge of every precinct in which the election is to be conducted. The chief judge shall post a sample ballot in the voting place and may use it for instructional purposes. The county board of elections may use the sample ballot for other informational purposes.

(b) Document Resembling an Official Ballot to Contain Disclaimer. – No person other than a board of elections shall produce or disseminate a document substantially resembling an official ballot unless the document contains on its face a prominent statement that the document was not produced by a board of elections and is not an official ballot.

"§ 163-165.3. Responsibilities for preparing official ballots.

(a) State Board to Certify Official Ballots and Instructions to Voters. – The State Board of Elections shall certify the official ballots and voter instructions to be used in every election that is subject to this Article. In conducting its certification, the State Board shall adhere to the following:

- (1) No later than January 31 of every calendar year, the State Board shall establish a schedule for the certification of all official ballots and instructions during

that year. The schedule shall include a time for county boards of elections to submit their official ballots and instructions to the State Board for certification and times for the State Board to complete the certification.

- (2) The State Board of Elections shall compose model ballot instructions, which county boards of elections may amend subject to approval by the State Board as part of the certification process. The State Board of Elections may permit a county board of elections to place instructions elsewhere than on the official ballot itself, where placing them on the official ballot would be impractical.
- (3) With regard only to multicounty ballot items on the official ballot, the State Board shall certify the accuracy of the content on the official ballot.
- (4) With regard to the entire official ballot, the State Board shall certify that the content and arrangement of the official ballot are in substantial compliance with the provisions of this Article and standards adopted by the State Board.
- (5) The State Board shall proofread the official ballot of every county, if practical, prior to final production.
- (6) The State Board is not required to certify or review every official ballot style in the county but may require county boards to submit and may review a composite official ballot showing races that will appear in every district in the county.

(b) County Board to Prepare and Produce Official Ballots and Instructions. – Each county board of elections shall prepare and produce official ballots for all elections in that county. The county board of elections shall submit the format of each official ballot and set of instructions to the State Board of Elections for review and certification in accordance with the schedule established by the State Board. The county board of elections shall follow the directions of the State Board in placing candidates, referenda, and other material on official ballots and in placing instructions.

(c) Late Changes in Ballots. – The State Board shall promulgate rules for late changes in ballots. The rules shall provide for the reprinting, where practical, of official ballots as a result of replacement candidates to fill vacancies in accordance with G.S. 163-114 or other late changes. If an official ballot is not reprinted, a vote for a candidate who has been replaced in accordance with G.S. 163-114 will count for the replacement candidate.

(d) Special Ballots. – The State Board of Elections, with the approval of a county board of elections, may produce special official

ballots, such as those for disabled voters, where production by the State Board would be more practical than production by the county board.

"§ 163-165.4. Standards for official ballots.

The State Board of Elections shall seek to ensure that official ballots throughout the State have all the following characteristics:

- (1) Are readily understandable by voters.
- (2) Present all candidates and questions in a fair and nondiscriminatory manner.
- (3) Allow every voter to cast a vote in every ballot item without difficulty.
- (4) Facilitate an accurate vote count.
- (5) Are uniform in content and format, subject to varied presentations required or made desirable by different voting systems.

"§ 163-165.5. Contents of official ballots.

Each official ballot shall contain all the following elements:

- (1) The heading prescribed by the State Board of Elections. The heading shall include the term 'Official Ballot'.
- (2) The title of each office to be voted on and the number of seats to be filled in each ballot item.
- (3) The names of the candidates as they appear on their notice of candidacy filed pursuant to G.S. 163-106 or G.S. 163-323, or on petition forms filed in accordance with G.S. 163-122. No title, appendage, or appellation indicating rank, status, or position shall be printed on the official ballot in connection with the candidate's name. Candidates, however, may use the title Mr., Mrs., Miss, or Ms. Nicknames shall be permitted on an official ballot if used in the notice of candidacy or qualifying petition, but the nickname shall appear according to standards adopted by the State Board of Elections. Those standards shall allow the presentation of legitimate nicknames in ways that do not mislead the voter or unduly advertise the candidacy. In the case of candidates for presidential elector, the official ballot shall not contain the names of the candidates for elector but instead shall contain the nominees for President and Vice President which the candidates for elector represent.
- (4) Party designations in partisan ballot items.
- (5) A means by which the voter may cast write-in votes, as provided in G.S. 163-123.
- (6) Instructions to voters, unless the State Board of Elections allows instructions to be placed elsewhere than on the official ballot.

(7) The printed title and facsimile signature of the chair of the county board of elections.

"§ 163-165.6. Arrangement of official ballots.

(a) Order of Precedence Generally. – Candidate ballot items shall be arranged on the official ballot before referenda.

(b) Order of Precedence for Candidate Ballot Items. – The State Board of Elections shall promulgate rules prescribing the order of offices to be voted on the official ballot. Those rules shall adhere to the following guidelines:

(1) Federal offices shall be listed before State and local offices. Member of the United States House of Representatives shall be listed immediately after United States Senator.

(2) State and local offices shall be listed according to the size of the electorate.

(3) Partisan offices shall be listed before nonpartisan offices.

(4) When offices are in the same class, they shall be listed in alphabetical order by office name, or in numerical or alphabetical order by district name. Governor and Lieutenant Governor, in that order, shall be listed before other Council of State offices. Mayor shall be listed before other citywide offices. Chair of a board, where elected separately, shall be listed before other board seats having the same electorate. Chief Justice shall be listed before Associate Justices.

(5) Ballot items for full terms of an office shall be listed before ballot items for partial terms of the same office.

(c) Order of Candidates on Primary Official Ballots. – The order in which candidates shall appear on a county's official ballots in any primary ballot item shall be determined by the county board of elections using a process designed by the State Board of Elections for random selection.

(d) Order of Party Candidates on General Election Official Ballot. – Candidates in any ballot item on a general election official ballot shall appear in the following order:

(1) Nominees of political parties that reflect at least five percent (5%) of statewide voter registration, according to the most recent statistical report published by the State Board of Elections, in alphabetical order by party and in alphabetical order within the party.

(2) Nominees of other political parties, in alphabetical order by party and in alphabetical order within the party.

(3) Unaffiliated candidates, in alphabetical order.

(e) Straight-Party Voting. – Each official ballot shall be arranged so that the voter may cast one vote for a party's nominees for all

offices except President and Vice President. A vote for President and Vice President shall be cast separately from a straight-party vote. The official ballot shall be prepared so that a voter may cast a straight-party vote, but then make an exception to that straight-party vote by voting for a candidate not nominated by that party or by voting for fewer than all the candidates nominated by that party. Instructions for general election ballots shall clearly advise voters of the rules in this subsection and of the statutes providing for the counting of ballots.

(f) Write-In Voting. – Each official ballot shall be so arranged so that voters may cast write-in votes for candidates except where prohibited by G.S. 163-123 or other statutes governing write-in votes. Instructions for general election ballots shall clearly advise voters of the rules of this subsection and of the statutes governing write-in voting.

(g) Order of Precedence for Referenda. – The referendum questions to be voted on shall be arranged on the official ballot in the following order:

- (1) Proposed amendments to the North Carolina Constitution, in the chronological order in which the proposals were approved by the General Assembly.
- (2) Other referenda to be voted on by all voters in the State, in the chronological order in which the proposals were approved by the General Assembly.
- (3) Referenda to be voted on by fewer than all the voters in the State, in the chronological order of the acts by which the referenda were properly authorized.

"§ 163-165.7. Voting systems: powers and duties of State Board of Elections.

The State Board of Elections shall have authority to approve types, makes, and models of voting systems for use in elections and referenda held in this State. Only voting systems that have been approved by the State Board shall be used to conduct elections under this Chapter, and the approved systems shall be valid in any election or referendum held in any county or municipality. The State Board may, upon request of a local board of elections, authorize the use of a voting system not approved for general use. The State Board may also, upon notice and hearing, disapprove types, makes, and models of voting systems. Upon disapproving a type, make, or model of voting system, the State Board shall determine the process by which the disapproved system is discontinued in any county. If a county makes a showing that discontinuance would impose a financial hardship upon it, the county shall be given up to four years from the time of State Board disapproval to replace the system. A county may appeal a decision by the State Board concerning discontinuance of a voting system to the superior court in that county or to the Superior

Court of Wake County. The county has 30 days from the time of the State Board's decision on discontinuance to make that appeal.

Subject to the provisions of this Chapter, the State Board of Elections shall prescribe rules for the adoption, handling, operation, and honest use of voting systems, including, but not limited to, the following:

- (1) Types, makes, and models of voting systems approved for use in this State.
- (2) Form of official ballot labels to be used on voting systems.
- (3) Operation and manner of voting on voting systems.
- (4) Instruction of precinct officials in the use of voting systems.
- (5) Instruction of voters in the use of voting systems.
- (6) Assistance to voters using voting systems.
- (7) Duties of custodians of voting systems.
- (8) Examination of voting systems before use in an election.

"§ 163-165.8. Voting systems: powers and duties of board of county commissioners.

The board of county commissioners, with the approval of the county board of elections, may adopt and purchase or lease a voting system of a type, make, and model approved by the State Board of Elections for use in some or all voting places in the county at some or all elections.

The board of county commissioners may decline to adopt and purchase or lease any voting system recommended by the county board of elections but may not adopt and purchase or lease any voting system that has not been approved by the county board of elections.

"§ 163-165.9. Voting systems: powers and duties of county board of elections.

Before approving the adoption and purchase or lease of any voting system by the board of county commissioners, the county board of elections shall do all of the following:

- (1) Obtain a current financial statement from the proposed vendor or lessor of the voting system and send copies of the statement to the county attorney and the chief county financial officer.
- (2) Witness a demonstration, in that county or at a site designated by the State Board of Elections, of the voting system by the proposed vendor or lessor and also witness a demonstration of at least one other type of voting system approved by the State Board of Elections.
- (3) Test, during an election, the proposed voting system in at least one precinct in the county where the system would be used if adopted.

"§ 163-165.10. Adequacy of voting system for each precinct.

The county board of elections shall make available for each precinct voting place an adequate quantity of official ballots or equipment so that all voters qualified to vote at the precinct may do so. When the board of county commissioners has decided to adopt and purchase or lease a voting system for voting places under the provisions of G.S. 165-165.8, the board of county commissioners shall, as soon as practical, provide for each of those voting places sufficient equipment of the approved voting system in complete working order. If it is impractical to furnish each voting place with the equipment of the approved voting system, that which has been obtained may be placed in voting places chosen by the county board of elections. In that case, the county board of elections shall choose the voting places and allocate the equipment in a way that as nearly as practicable provides equal access to the voting system for each voter. The county board of elections shall appoint as many voting system custodians as may be necessary for the proper preparation of the system for each election and for its maintenance, storage, and care.

"Part 3. Procedures at the Voting Place.

"§ 163-166. Hours for voting.

In every election, the voting place shall be open at 6:30 A.M. and shall be closed at 7:30 P.M. In extraordinary circumstances, the county board of elections may direct that the polls remain open until 8:30 P.M. If any voter is in line to vote at the time the polls are closed, that voter shall be permitted to vote. No voter shall be permitted to vote who arrives at the voting place after the closing of the polls.

"§ 163-166.1. Duties of county board of elections.

The county board of elections shall:

- (1) Provide for the timely delivery to each voting place of the supplies, records, and equipment necessary for the conduct of the election.
- (2) Ensure that adequate procedures are in place at each voting place for a safe, secure, fair, and honest election.
- (3) Respond to precinct officials' questions and problems where necessary.

"§ 163-166.2. Arrangement of the voting enclosure.

Each voting enclosure shall contain at a minimum:

- (1) A sufficient number of private spaces for all voters to mark their official ballots in secrecy.
- (2) Adequate space and furniture for the separate functions of:
 - a. The checking of voter registration records.
 - b. The distribution of official ballots.

c. Private discussion with voters concerning irregular situations.

(3) A telephone or some facility for communication with the county board of elections.

The equipment and furniture in the voting enclosure shall be arranged so that it can be generally seen from the public space of the enclosure.

"§ 163-166.3. Limited access to the voting enclosure.

During the time allowed for voting in the voting place, only the following persons may enter the voting enclosure:

(1) An election official.

(2) An observer appointed pursuant to G.S. 163-45.

(3) A person seeking to vote in that voting place on that day but only while in the process of voting or seeking to vote.

(4) A voter in that precinct while entering or explaining a challenge pursuant to G.S. 163-87 or G.S. 163-88.

(5) A person authorized under G.S. 163-166.8 to assist a voter but, except as provided in subdivision (6) of this section, only while assisting that voter.

(6) Minor children of the voter under the age of 18, or minor children under the age of 18 in the care of the voter, but only while accompanying the voter and while under the control of the voter.

(7) Persons conducting or participating in a simulated election within the voting place or voting enclosure, if that simulated election is approved by the county board of elections.

(8) Any other person determined by election officials to have an urgent need to enter the voting enclosure but only to the extent necessary to address that need.

"§ 163-166.4. Limitation on activity in the voting place and in a buffer zone around it.

No person or group of persons shall hinder access, harass others, distribute campaign literature, place political advertising, solicit votes, or otherwise engage in election-related activity in the voting place or in a buffer zone which shall be prescribed by the county board of elections around the voting place. In determining the dimensions of that buffer zone for each voting place, the county board of elections shall, where practical, set the limit at 50 feet from the door of entrance to the voting place, measured when that door is closed, but in no event shall it set the limit at less than 25 feet. The county board of elections shall also, where practical, provide an area adjacent to the buffer zone for each voting place in which persons or groups of persons may distribute campaign literature, place political

advertising, solicit votes, or otherwise engage in election-related activity. No later than 30 days before each election, the county board of elections shall make available to the public the following information concerning each voting place:

- (1) The door from which the buffer zone is measured.
- (2) The distance the buffer zone extends from that door.
- (3) Any available information concerning political activity, including sign placement, that is permitted beyond the buffer zone.

"§ 163-166.5. Procedures at voting place before voting begins.

The State Board of Elections shall promulgate rules for precinct officials to set up the voting place before voting begins. Those rules shall emphasize:

- (1) Continual participation or monitoring by officials of more than one party.
- (2) Security of official ballots, records, and equipment.
- (3) The appearance as well as the reality of care, efficiency, impartiality, and honest election administration.

The county boards of elections and precinct officials shall adhere to those procedures.

"§ 163-166.6. Designation of tasks.

The State Board of Elections shall promulgate rules for the delegation of tasks among the election officials at each precinct. Those rules shall emphasize:

- (1) The need to place primary managerial responsibility upon the chief judge.
- (2) The need to have maximum multiparty participation in all duties where questions of partisan partiality might be raised.
- (3) The need to provide flexibility of management to the county board of elections and to the chief judge, in consideration of different abilities of officials, the different availability of officials, and the different needs of voters precinct by precinct.

"§ 163-166.7. Voting procedures.

(a) Checking Registration. – A person seeking to vote shall enter the voting enclosure through the appropriate entrance. A precinct official assigned to check registration shall at once ask the voter to state current name and residence address. The voter shall answer by stating current name and residence address. In a primary election, that voter shall also be asked to state, and shall state, the political party with which the voter is affiliated or, if unaffiliated, the authorizing party in which the voter wishes to vote. After examination, that official shall state whether that voter is duly registered to vote in that

precinct and shall direct that voter to the voting equipment or to the official assigned to distribute official ballots.

(b) Distribution of Official Ballots. – If the voter is found to be duly registered and has not been successfully challenged, the official assigned to distribute the official ballots shall hand the voter the official ballot that voter is entitled to vote, or that voter shall be directed to the voting equipment that contains the official ballot. No voter in a primary shall be permitted to vote in more than one party's primary. The precinct officials shall provide the voter with any information the voter requests to enable that voter to vote as that voter desires.

(c) The State Board of Elections shall promulgate rules for the process of voting. Those rules shall emphasize the appearance as well as the reality of dignity, good order, impartiality, and the convenience and privacy of the voter. Those rules, at a minimum, shall include procedures to ensure that all the following occur:

- (1) The voting system remains secure throughout the period voting is being conducted.
- (2) Only properly voted official ballots are introduced into the voting system.
- (3) Except as provided by G.S. 163-166.9, no official ballots leave the voting enclosure during the time voting is being conducted there.
- (4) All improperly voted official ballots are returned to the precinct officials and marked as spoiled.
- (5) Voters leave the voting place promptly after voting.
- (6) Voters not clearly eligible to vote in the precinct but who seek to vote there are given proper assistance in voting a provisional official ballot or guidance to another voting place where they are eligible to vote.

(b4) Safety and Health Programs. – A taxpayer is eligible for a credit allowed under this Article only if the taxpayer certifies that, as

of the time the taxpayer ~~applies for~~ first claims the credit, at the business location with respect to which the credit is claimed, the taxpayer has no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations. For the purposes of this subsection, 'serious violation' has the same meaning as in G.S. 95-127. ~~The Secretary of Commerce will provide the Department of Labor a list of all taxpayers making this certification. The Department of Labor may conduct random audit checks to verify taxpayers' certifications. The Department of Labor must notify the Department of Revenue annually of all employers who have had these citations become final orders within the past three years. of any taxpayer certifications it determines are not accurate.~~

(b5) Substantial Investment in Other Property. – A taxpayer is eligible for the credit for substantial investment in other property under G.S. 105-129.12A with respect to a location only if the Secretary of Commerce makes a written determination that the taxpayer is expected to purchase or lease and use in an eligible business at that location within a three-year period at least ten million dollars (\$10,000,000) of real property and that the location that is the subject of the credit will create at least 200 new jobs within two years of the time that the property is first used in an eligible business. If the taxpayer fails to timely make the required level of investment or fails to timely create the required number of new jobs, the taxpayer forfeits the credit as provided in subsection (d) of this section.

(c) Repealed by Session Laws 1998-55, s. 1, effective for taxable years beginning on or after January 1, 1999.

(d) Forfeiture. – A taxpayer forfeits a credit allowed under this Article if the taxpayer was not eligible for the credit at the time the taxpayer applied for the credit for the calendar year in which the taxpayer engaged in the activity for which the credit was claimed. In addition, a taxpayer forfeits a large investment enhancement of a tax credit if the taxpayer fails to timely make the required level of investment certified by the Secretary of Commerce under subsection (b1) of this section within the required two year period. A taxpayer forfeits the credit for substantial investment in other property allowed under G.S. 105-129.12A if the taxpayer fails to timely create the number of required new jobs or to timely make the required level of investment under subsection (b5) of this section. A taxpayer forfeits the technology commercialization credit allowed under G.S. 105-129.9A if the taxpayer fails to make the level of investment required by subsection (e) of that section within the required period or if the taxpayer fails to meet the terms of its licensing agreement with a research university. If a taxpayer claimed a twenty percent (20%) technology commercialization credit under G.S. 105-129.9A(d) and

fails to make the level of investment required under that subsection within the required period, but does make the level of investment required under subsection (e) of that section within the required period, the taxpayer forfeits one-fourth of the twenty percent (20%) credit.

A taxpayer that forfeits a credit under this Article is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236. If a taxpayer forfeits the credit for creating jobs, the technology commercialization credit, or the credit for investing in machinery and equipment, the taxpayer also forfeits any credit for worker training claimed for the jobs for which the credit for creating jobs was claimed or the jobs at the location with respect to which the technology commercialization credit or the credit for investing in machinery and equipment was claimed.

(e) Change in Ownership of Business. – As used in this subsection, the term "business" means a taxpayer or an establishment. The sale, merger, consolidation, conversion, acquisition, or bankruptcy of a business, or any transaction by which an existing business reformulates itself as another business, does not create new eligibility in a succeeding business with respect to credits for which the predecessor was not eligible under this Article. A successor business may, however, take any installment of or carried-over portion of a credit that its predecessor could have taken if it had a tax liability. The acquisition of a business is a new investment that creates new eligibility in the acquiring taxpayer under this Article if any of the following conditions are met:

- (1) The business closed before it was acquired.
- (2) The business was required to file a notice of plant closing or mass layoff under the federal Worker Adjustment and Retraining Notification Act, 29 U.S.C. § 2102, before it was acquired.
- (3) The business was acquired by its employees directly or indirectly through an acquisition company under an employee stock option transaction or another similar mechanism. For the purpose of this subdivision, "acquired" means that as part of the initial purchase of a business by the employees, the purchase included an agreement for the employees through the employee stock option transaction or another similar mechanism to obtain one of the following:

- a. Ownership of more than fifty percent (50%) of the business.
- b. Ownership of not less than forty percent (40%) of the business within seven years if the business has tangible assets with a net book value in excess of one hundred million dollars (\$100,000,000) and has the majority of its operations located in an enterprise tier one, two, or three area.

(f) Development Zone Project Credit. – Subsections (a) through (b4) of this section do not apply to the credit for development zone projects provided in G.S. 105-129.13.

(g) Advisory Ruling. – A taxpayer may request in writing from the Secretary of Revenue specific advice regarding eligibility for a credit under this Article. G.S. 105-264 governs the effect of this advice."

SECTION 6.(b) The amendments to G.S. 105-129.4(a2) in this section and the enactment of G.S. 105-129.4(g) in this section are effective when this act becomes law. The amendments to G.S. 105-129.4(a) in this section are effective for taxable years beginning on or after January 1, 2001. The remainder of this section is effective for taxable years beginning on or after January 1, 2002.

SECTION 7.(a) The General Assembly finds that the purpose of Article 3A of Chapter 105 of the General Statutes is to encourage the creation of new quality jobs and to encourage new investment in machinery and equipment, research and development, and real property. The General Assembly further finds that allowing taxpayers to file amended returns and retroactively claim credits under that Article does not further this purpose of encouraging job creation and new investment.

SECTION 7.(b) G.S. 105-129.5 reads as rewritten:

"§ 105-129.5. *Tax election; cap; ~~carryforwards~~carryforwards; limitations.*

(a) Tax Election. – The credits provided in this Article are allowed against the franchise tax levied in Article 3 of this Chapter, the income taxes levied in Article 4 of this Chapter, and the gross premiums tax levied in Article 8B of this Chapter. The taxpayer may divide the technology commercialization credit allowed in G.S. 105-129.9A between the taxes against which it is allowed. The taxpayer shall elect the percentage of the credit that will be taken against each tax when filing the return on which the credit is first taken. This election is binding. The percentage of the credit elected to be taken against each tax may be carried forward only against the same tax.

The taxpayer must take any other credit allowed in this Article against only one of the taxes against which it is allowed. The taxpayer

shall elect the tax against which a credit will be claimed when filing the return on which the first installment of the credit is claimed. This election is binding. Any carryforwards of the credit must be claimed against the same tax.

(b) Cap. – The credits allowed under this Article may not exceed fifty percent (50%) of the tax against which they are claimed for the taxable year, reduced by the sum of all other credits allowed against that tax, except tax payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of credit, including carryforwards, claimed by the taxpayer under this Article against each tax for the taxable year.

(c) Carryforward. – Any unused portion of a credit with respect to a large ~~investment or~~ investment, with respect to the technology commercialization credit allowed in G.S. ~~105-129.9A~~ 105-129.9A, or with respect to substantial investment in other property under G.S. 105-129.12A may be carried forward for the succeeding 20 years. Any unused portion of a credit with respect to research and development activities under G.S. 105-129.10 may be carried forward for the succeeding 15 years. Any unused portion of a credit may be carried forward for the succeeding 10 years ~~if-if, before the taxpayer claims the credit,~~ the Secretary of Commerce certifies when an application for the credit is first made makes a written determination that the taxpayer will-is expected to purchase or lease, and place in service in connection with the eligible business within a two-year period, at least fifty million dollars (\$50,000,000) worth of one or more of the following: real property, machinery and equipment, or central office or aircraft facility property. If the taxpayer fails to make the required level of investment certified within this two-year period, the taxpayer forfeits this enhanced carryforward period. Any unused portion of any other credit may be carried forward for the succeeding five years.

(d) Statute of Limitations. – Notwithstanding Article 9 of this Chapter, a taxpayer must claim a credit under this Article within six months after the date set by statute for the filing of the return, including any extensions of that date."

SECTION 7.(c) The amendments to G.S. 105-129.5(c) in this section are effective for taxable years beginning on or after January 1, 2002, and apply to credits that are first claimed on or after that date. The remainder of this section is effective for taxable years beginning on or after January 1, 2001.

SECTION 8.(a) G.S. 105-129.6 reads as rewritten:
"§ 105-129.6. ~~Application; Fees and reports.~~

(a) ~~Application. — To claim the credits allowed by this Article, the taxpayer must provide with the tax return the certification of the Secretary of Commerce that the taxpayer meets all of the eligibility~~

requirements of G.S. 105-129.4 or G.S. 105-129.13, as applicable, with respect to each credit. A taxpayer shall apply to the Secretary of Commerce for certification of eligibility. The application must be on a form provided by the Secretary of Commerce and must contain any information necessary for the Secretary of Commerce to determine whether the taxpayer meets the eligibility requirements. In addition, the application must state the number of full-time jobs to be created that are located within a development zone, the number of full-time jobs to be created that are expected to be filled by employees residing within the development zone, and the number of full-time jobs to be created that are expected to be filled by employees residing within a census tract or census block group that has more than twenty percent (20%) of its population below the poverty level according to the most recent federal decennial census.

If the Secretary of Commerce determines that the taxpayer meets all of the eligibility requirements of G.S. 105-129.4 or G.S. 105-129.13, as applicable, with respect to a credit, the Secretary shall issue a certificate describing the location with respect to which the credit is claimed, outlining the eligibility requirements for the credit, and stating that the taxpayer meets the eligibility requirements. If the Secretary of Commerce determines that the taxpayer does not meet all of the eligibility requirements of G.S. 105-129.4 or G.S. 105-129.13, as applicable, with respect to a credit, the Secretary must advise the taxpayer in writing of the eligibility requirements the taxpayer fails to meet. The Secretary of Commerce may adopt rules in accordance with Chapter 150B of the General Statutes that are needed to carry out the Secretary of Commerce's responsibilities under this section.

(a1) Fee. – When filing an application for certification a return for a taxable year in which the taxpayer engaged in activity for which the taxpayer is eligible for a credit under this section, Article, the taxpayer must pay the Department of ~~Commerce~~ Revenue a fee of five hundred dollars (\$500.00) for each credit the taxpayer claims or intends to claim with respect to a location that is in an enterprise tier three, four, or five area, subject to a maximum fee of one thousand five hundred dollars (\$1,500) per taxpayer per taxable year. This fee does not apply to any credit the taxpayer claims or intends to claim with respect to a location that is in a development zone as defined in G.S. 105-129.3A. ~~If the taxpayer applies for certification for~~ claims or intends to claim a credit that relates to locations in more than one enterprise tier area, the fee is based on the highest-numbered enterprise tier area.

The fee is due at the time the return is due for the taxable year in which the taxpayer engaged in the activity for which the taxpayer is eligible for a credit. No credit is allowed under this Article for a taxable year until all outstanding fees have been paid.

The Secretary of ~~Commer~~Revenue shall retain ~~one-fourth~~three-fourths of the proceeds of the fee imposed in this section for the costs of administering this section. ~~The Secretary of Commerce shall credit the remaining proceeds of the fee imposed in this section to the Department of Revenue for the costs of administering and auditing the credits allowed in this Article. The Secretary of Revenue shall credit the remaining proceeds of the fee imposed in this section to the Department of Commerce for the costs of administering this Article.~~ The proceeds of the fee are receipts of the Department to which they are credited.

(b) Reports. – The Department of ~~Commer~~Revenue shall report to the Department of Revenue and to the Fiscal Research Division of the General Assembly ~~publish~~publish by ~~May~~March 1 of each year the following information itemized by credit and by taxpayer for the 12-month period ending the preceding ~~April 1~~December 31:

- (1) The number of ~~applications~~claims for each credit allowed in this Article.
- (2) The number and enterprise tier area of new jobs with respect to which credits were ~~applied for~~generated and to which credits were claimed.
- (3) The cost and enterprise tier area of machinery and equipment with respect to which credits were ~~applied for~~generated and to which credits were claimed.
- (4) The number of new jobs created by businesses located in ~~within~~ development zones, and the percentage of ~~those~~ jobs at those locations that were filled by residents of the zones.
- (5) The amount and enterprise tier area of worker training expenditures with respect to which credits were generated and to which credits were claimed.
- (6) The amount and enterprise tier area of new research and development expenditures with respect to which credits were generated and to which credits were claimed.
- (7) The cost and enterprise tier area of real property investment with respect to which credits were generated and to which credits were claimed."

SECTION 8.(b) G.S. 105-259(b) is amended by adding a new subdivision to read:

"(b) Disclosure Prohibited. – An officer, an employee, or an agent of the State who has access to tax information in the course of service to or employment by the State may not disclose the information to any other person unless the disclosure is made for one of the following purposes:

...

(27) To publish the information required under G.S. 105-129.6."

SECTION 8.(c) This section is effective for taxable years beginning on or after January 1, 2002.

SECTION 9.(a) G.S. 105-129.7 reads as rewritten:

"§ 105-129.7. *Substantiation.*

(a) To claim a credit allowed by this Article, the taxpayer must provide any information required by the Secretary of Revenue. Every taxpayer claiming a credit under this Article shall maintain and make available for inspection by the Secretary of Revenue any records the Secretary considers necessary to determine and verify the amount of the credit to which the taxpayer is entitled. The burden of proving eligibility for the credit and the amount of the credit shall rest upon the taxpayer, and no credit shall be allowed to a taxpayer that fails to maintain adequate records or to make them available for inspection.

(b) Each taxpayer must provide with the tax return qualifying information for each credit claimed under this Article for the first taxable year the credit is claimed and for every year in which a subsequent installment or a carryforward of that credit is claimed. The qualifying information must be in the form prescribed by the Secretary, must cover each taxable year beginning with the first taxable year the credit is claimed, and must be signed and affirmed by the individual who signs the taxpayer's tax return. The information required by this subsection is information demonstrating that the taxpayer has met the conditions for qualifying for an initial credit and any installments and carryforwards, and includes the following:

- (1) The physical location of the jobs and investment with respect to which the credit is claimed, including the enterprise tier designation of the location and whether it is in a development zone. In addition, for each individual who fills a job at a location with respect to which a credit is claimed, the place where the individual resided before taking the job, including any enterprise tier ~~or development zone~~ designation of that place. In addition, for jobs that are located in a development zone, the number of those jobs that are filled by residents of the development zone.
- (2) The type of business with respect to which the credit is claimed, as required by G.S. 105-129.4(a), and wage information described in G.S. 105-129.4(b).
- (3) If the credit is claimed with respect to a large investment ~~certified under G.S. 105-129.4(b1) or 105-129.4(b1)~~, is a credit with a carryforward period of 10 years under G.S. 105-129.5(c), or is a credit claimed under G.S.

105-129.12A, the amount of the investment requirement under those subsections that has been met to date.

- (4) Qualifying information required for the credit for creating jobs allowed under G.S. 105-129.8, the credit for investing in machinery and equipment allowed under G.S. 105-129.9, the credit for worker training allowed under G.S. 105-129.11, the credit for investing in central office or aircraft facility property allowed in G.S. 105-129.12, the credit for substantial investment in other property under G.S. 105-129.12A, and any other credits allowed under this Article."

SECTION 9.(b) This section is effective for taxable years beginning on or after January 1, 2002.

SECTION 10.(a) G.S. 105-129.9 reads as rewritten:
"§ 105-129.9. *Credit for investing in machinery and equipment.*

(a) General Credit. – If a taxpayer that has purchased or leased eligible machinery and equipment places them in service in this State during the taxable year, the taxpayer is allowed a credit equal to seven percent (7%) of the excess of the eligible investment amount over the applicable threshold. Machinery and equipment are eligible if they are capitalized by the taxpayer for tax purposes under the Code and not leased to another party. In addition, in the case of a large investment, machinery and equipment that are not capitalized by the taxpayer are eligible if the taxpayer leases them from another party. The credit may not be taken for the taxable year in which the machinery and equipment are placed in service but shall be taken in equal installments over the seven years following the taxable year in which they are placed in service.

(a1) Technology Commercialization Credit. – If a taxpayer is eligible for the credit allowed in this section with respect to eligible machinery and equipment and qualifies for one of the credits allowed in G.S. 105-129.9A with respect to the same machinery and equipment, the taxpayer may choose to take one of those credits instead of the credit allowed in this section. A taxpayer may take the credit allowed in this section or one of the credits allowed in G.S. 105-129.9A during a taxable year with respect to eligible machinery and equipment, but may not take more than one of these credits with respect to the same machinery and equipment.

(b) Eligible Investment Amount. – The eligible investment amount is the lesser of (i) the cost of the eligible machinery and equipment and (ii) the amount by which the cost of all of the taxpayer's eligible machinery and equipment that are in service in this State on the last day of the taxable year exceeds the cost of all of the taxpayer's eligible machinery and equipment that were in service in this State on the last day of the base year. The base year is that year,

of the three immediately preceding taxable years, in which the taxpayer had the most eligible machinery and equipment in service in this State. ~~A taxpayer that claims a credit under this section must include with the application for certification required under G.S. 105-129.6(a) specific documentation supporting the taxpayer's calculation of the eligible investment amount under this subsection.~~

(c) Threshold. – The applicable threshold is the appropriate amount set out in the following table based on the enterprise tier ~~of the area~~ where the eligible machinery and equipment are placed in service during the taxable year. If the taxpayer places eligible machinery and equipment in service ~~in~~ at more than one ~~area~~ establishment in an enterprise tier during the taxable year, the threshold applies separately to the eligible machinery and equipment placed in service ~~in~~ at each ~~area~~ establishment. If the taxpayer places eligible machinery and equipment in service ~~in an area~~ at an establishment over the course of a two-year period, the applicable threshold for the second taxable year is reduced by the eligible investment amount for the previous taxable year.

Area Enterprise Tier	Threshold
Tier One	\$ -0-
Tier Two	100,000
Tier Three	200,000
Tier Four	500,000
Tier Five	1,000,000

(d) Expiration. – If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are disposed of, taken out of service, or moved out of State, the credit expires and the taxpayer may not take any remaining installment of the credit for that machinery and equipment unless the cost of that machinery and equipment is offset in the same taxable year by the taxpayer's new investment in eligible machinery and equipment placed in service in the same enterprise tier, as provided in this subsection. If, during the taxable year the taxpayer disposed of the machinery and equipment for which installments remain, there has been a net reduction in the cost of all the taxpayer's eligible machinery and equipment that are in service in the same enterprise tier as the machinery and equipment that were disposed of, and the amount of this reduction is greater than twenty percent (20%) of the cost of the machinery and equipment that were disposed of, then the taxpayer forfeits the remaining installments of the credit for the machinery and equipment that were disposed of. If the amount of the net reduction is equal to twenty percent (20%) or less of the cost of the machinery and equipment that were disposed of, or if there is no net reduction, then the taxpayer does not forfeit the remaining installments of the expired credit. In

determining the amount of any net reduction during the taxable year, the cost of machinery and equipment the taxpayer placed in service during the taxable year and for which the taxpayer claims a credit under Article 3B of this Chapter may not be included in the cost of all the taxpayer's eligible machinery and equipment that are in service. If in a single taxable year machinery and equipment with respect to two or more credits in the same tier are disposed of, the net reduction in the cost of all the taxpayer's eligible machinery and equipment that are in service in the same tier is compared to the total cost of all the machinery and equipment for which credits expired in order to determine whether the remaining installments of the credits are forfeited.

The expiration of a credit does not prevent the taxpayer from taking the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

If, in one of the seven years in which the installment of a credit accrues, the machinery and equipment with respect to which the credit was claimed are moved to an area in a higher-numbered enterprise tier, or are moved from a development zone to an area that is not a development zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the machinery and equipment had been placed in service initially in the area to which they were moved.

(e) **Planned Expansion.** – A taxpayer that signs a letter of commitment with the Department of Commerce to place specific eligible machinery and equipment in service in an area within two years after the date the letter is signed may, in the year the eligible machinery and equipment are placed in service in that area, calculate the credit for which the taxpayer qualifies based on the area's enterprise tier and development zone designation for the year the letter was signed. All other conditions apply to the credit, but if the area has been redesignated to a higher-numbered enterprise tier or has lost its development zone designation after the year the letter of commitment was signed, the credit is allowed based on the area's enterprise tier and development zone designation for the year the letter was signed. If the taxpayer does not place part or all of the specified eligible machinery and equipment in service within the two-year period, the taxpayer does not qualify for the benefit of this subsection with respect to the machinery and equipment not placed in service within the two-year period. However, if the taxpayer qualifies for a credit in the year the eligible machinery and equipment are placed in service, the taxpayer may take the credit for that year as if no letter of commitment had been signed pursuant to this subsection."

SECTION 10.(b) This section is effective for taxable years beginning on or after January 1, 2002, and applies to machinery and equipment first placed into service on or after that date.

SECTION 11.(a) G.S. 105-129.9A(c), (d), and (e) read as rewritten:

"(c) Documentation. – If the taxpayer claims the exception provided in subdivision (b)(2) of this section, ~~the Secretary of Commerce must obtain an opinion of the Attorney General that the taxpayer meets all of the conditions of subdivision (b)(2) before the Secretary certifies the application under G.S. 105-129.6(a).~~ the taxpayer must first request a ruling by the Department of Revenue as to whether the taxpayer meets all of the conditions of subdivision (b)(2) of this section.

(d) Twenty Percent Credit. – A taxpayer qualifies for a twenty percent (20%) credit under this section if it meets all of the following conditions:

- (1) The eligible machinery and equipment are directly related to production based on technology developed by and licensed from a research university or are used to produce resources essential to the taxpayer's production based on technology developed by and licensed from a research university.
- (2) The eligible machinery and equipment are placed in service in a tier one, two, or three enterprise area.
- (3) The eligible investment amount is at least ten million dollars (\$10,000,000) for the taxable year.
- (4) The Secretary of Commerce has ~~certified~~ made a written determination that the taxpayer ~~will~~ is expected to invest at least one hundred fifty million dollars (\$150,000,000) in eligible machinery and equipment in a tier one, two, or three enterprise area by the end of the fourth year after the year in which the taxpayer first places eligible machinery and equipment in service in the enterprise area.
- (5) No more than nine years have passed since the first taxable year the taxpayer claimed a credit under this section with respect to the same location.

(e) Fifteen Percent Credit. – A taxpayer qualifies for a fifteen percent (15%) credit under this section if it meets all of the following conditions:

- (1) The eligible machinery and equipment are directly related to production based on technology developed by and licensed from a research university, or are used to produce resources essential to the taxpayer's production

based on technology developed by and licensed from a research university.

- (2) The eligible machinery and equipment are placed in service in a tier one, two, or three enterprise area.
- (3) The eligible investment amount is at least ten million dollars (\$10,000,000) for the taxable year.
- (4) The Secretary of Commerce has ~~certified~~ made a written determination that the taxpayer ~~will~~ is expected to invest at least one hundred million dollars (\$100,000,000) in eligible machinery and equipment in a tier one, two, or three enterprise area by the end of the fourth year after the year in which the taxpayer first places eligible machinery and equipment in service in the enterprise area.
- (5) No more than nine years have passed since the first taxable year the taxpayer claimed a credit under this section with respect to the same location."

SECTION 11.(b) This section is effective for taxable years beginning on or after January 1, 2002.

SECTION 12.(a) G.S. 105-129.12(c) reads as rewritten:

"(c) Expiration. – If, in one of the seven years in which the installment of a credit accrues, the property with respect to which the credit was claimed is no longer used as a central office or aircraft facility, the credit expires and the taxpayer may not take any remaining installment of the credit. If, in one of the seven years in which the installment of a credit accrues, part of the property with respect to which the credit was claimed is no longer used as a central office or aircraft facility, the remaining installments of the credit shall be reduced by multiplying it by the fraction described in subsection (b) of this section. ~~If, in one of the seven years in which the installment of a credit accrues, the total number of employees the taxpayer employs at all of its central office or aircraft facilities in this State drops by 40 or more, the credit expires and the taxpayer may not take any remaining installment of the credit.~~

In each of these cases, the taxpayer may nonetheless take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5."

SECTION 12.(b) This section is effective for taxable years beginning on or after January 1, 2001.

SECTION 13.(a) Article 3A of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-129.12A. Credit for substantial investment in other property.

(a) Credit. – If a taxpayer that has purchased or leased real property in an enterprise tier one or two area begins to use the property in an eligible business during the taxable year, the taxpayer

is allowed a credit equal to thirty percent (30%) of the eligible investment amount if all of the eligibility requirements of G.S. 105-129.4 are met. For the purposes of this section, property is located in an enterprise tier one or two area if the area the property is located in was an enterprise tier one or two area at the time the taxpayer applied for the certification required under G.S. 105-129.4(b5). The eligible investment amount is the lesser of (i) the cost of the property and (ii) the amount by which the cost of all of the real property the taxpayer is using in this State in an eligible business on the last day of the taxable year exceeds the cost of all of the real property the taxpayer was using in this State in an eligible business on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer was using the most real property in this State in an eligible business. In the case of property that is leased, the cost of the property is not determined as provided in G.S. 105-129.2 but is considered to be the taxpayer's lease payments over a seven-year period, plus any expenditures made by the taxpayer to improve the property before it is used by the taxpayer if the expenditures are not reimbursed or credited by the lessor. The entire credit may not be taken for the taxable year in which the property is first used in an eligible business but shall be taken in equal installments over the seven years following the taxable year in which the property is first used in an eligible business. When part of the property is first used in an eligible business in one year and part is first used in an eligible business in a later year, separate credits may be claimed for the amount of property first used in an eligible business in each year. The basis in any real property for which a credit is allowed under this section shall be reduced by the amount of credit allowable.

(b) Mixed Use Property. – If the taxpayer uses only part of the property in an eligible business, the amount of the credit allowed under this section is reduced by multiplying it by a fraction, the numerator of which is the square footage of the property used in an eligible business and the denominator of which is the total square footage of the property.

(c) Expiration. – If, in one of the seven years in which the installment of a credit accrues, the property with respect to which the credit was claimed is no longer used in an eligible business, the credit expires and the taxpayer may not take any remaining installment of the credit. If, in one of the seven years in which the installment of a credit accrues, part of the property with respect to which the credit was claimed is no longer used in an eligible business, the remaining installments of the credit shall be reduced by multiplying it by the fraction described in subsection (b) of this section. If, in one of the years in which the installment of a credit accrues and by which the

taxpayer is required to have created 200 new jobs at the property, the total number of employees the taxpayer employs at the property with respect to which the credit is claimed is less than 200, the credit expires and the taxpayer may not take any remaining installment of the credit.

(d) No Double Credit. – A taxpayer may not claim a credit under this section with respect to real property for which a credit is claimed under G.S. 105-129.12."

The Secretary may grant extensions of this deadline, as the Secretary finds appropriate, upon the request of the taxpayer, except that the application may not be filed after September 15 of the year following the calendar year in which the contribution was made. An application is effective for the year in which it is timely filed. The application must be on a form prescribed by the Secretary and must include any supporting documentation that the Secretary may require. If a contribution for which a credit is applied for was of property rather than cash, the taxpayer must include with the application a certified appraisal of the value of the property contributed. There is no fee for an application under this section."

SECTION 14.(b) This section is effective for taxable years beginning on or after January 1, 2002.

SECTION 16.(a) Section 22 of S.L. 1998-55 reads as rewritten:

"Section 22. Section 10 of this act is effective for taxes imposed for taxable years beginning on or after July 1, 2001. Section 11 of this act becomes effective January 1, 1999, and expires January 1, ~~2004~~2008. The remainder of Part III of this act becomes effective January 1, 2001, and applies to sales made on or after that date."

SECTION 16.(b) This section is effective when it becomes law.

SECTION 17.(a) Reserved.

SECTION 17.(b) G.S. 105-164.4(a)(1f)b. is repealed.

SECTION 17.(c) G.S. 105-164.4(a) is amended by adding a new subdivision to read:

"(1g) Electricity Sold to Manufacturers.

a. General. – Qualified electricity is taxable as provided in this subdivision. Qualified electricity is electricity that is measured by a separate meter or another separate measuring device and is sold to a manufacturing industry or manufacturing plant for use in connection with the operation of the industry or plant.

b. Rates. – A single tax rate applies to all of the qualified electricity received by an industry or a plant in each fiscal year beginning July 1. That tax rate is determined based on the megawatt-hour volume of qualified electricity received by the industry or plant during the previous calendar year, in accordance with the following table. The rates set

based on the table are subject to adjustment as provided in sub-subdivision f. of this subdivision.

<u>Previous Year's Megawatt-Hours Received</u>	<u>Rate for Fiscal Year</u>
<u>1,200,000 or Less</u>	<u>2.83%</u>
<u>Over 1,200,000</u>	<u>0.17%</u>

- c. Multiple Meters. – If the industry or plant receives qualified electricity that is metered through two or more separate measuring devices, the tax is calculated separately on the volume metered through each device rather than on the total volume metered through all measuring devices, unless the devices are located on the same premises and are part of the same billing account. In that circumstance, the tax is calculated on the total volume metered through the two or more separate measuring devices.
- d. Procedure. – During the first five months of each calendar year, each retailer of qualified electricity must determine the annual volume of electricity it sold during the previous calendar year to each manufacturing industry and manufacturing plant. Based on this volume, the retailer must determine the tax rate that will apply to each industry and plant. If the applicable rate is different from the rate in effect for the previous fiscal year, the retailer must notify the taxpayer of the new rate on or before June 1 before it goes into effect.
- e. New Manufacturers. – If a manufacturer begins business using qualified electricity, the retailer must establish a rate at the time the manufacturer first purchases qualified electricity. In this case, and in the case of a manufacturer that was not in business for the entire calendar year preceding the rate determination, the retailer must estimate the expected annual volume of qualified electricity it will sell to the plant or industry during its first twelve months of business and determine the applicable tax rate based on this estimate.
- f. Adjustment. – If the actual volume of qualified electricity received by an industry or a plant during a fiscal year dictates a different tax rate from the rate charged for that fiscal year, the manufacturer is eligible for a refund of any excess or is liable for

payment of any deficiency. A manufacturer who is eligible for a refund may apply to the Department and a manufacturer who is liable for a deficiency must report the liability to the Department."

SECTION 17.(d) G.S. 105-164.4(a)(1d) reads as rewritten:

"(1d) The rate of one percent (1%) applies to the sales price of the articles listed in G.S. 105-164.4A. The maximum tax is eighty dollars (\$80.00) per article. As used in G.S. 105-164.4A and G.S. 105-187.51, the term 'accessories' does not include electricity."

SECTION 17.(e) G.S. 105-164.13(8) reads as rewritten:

"§ 105-164.13. *Retail sales and use tax.*

The sale at retail, the use, storage or consumption in this State of the following tangible personal property is specifically exempted from the tax imposed by this Article:

- ...
- (8) Sales to a manufacturer of tangible personal property ~~to a manufacturer which that~~ enters into or becomes an ingredient or component part of tangible personal property ~~which that~~ is manufactured. This exemption does not apply to sales of electricity."

SECTION 17.(f) G.S. 105-164.4(a)(1g)b., as enacted by subsection (c) of this section, reads as rewritten:

"b. Rates. – A single tax rate applies to all of the qualified electricity received by an industry or a plant in each fiscal year beginning July 1. That tax rate is determined based on the megawatt hour volume of qualified electricity received by the industry or plant during the previous calendar year, in accordance with the following table. The rates set based on the table are subject to adjustment as provided in sub-subdivision f. of this subdivision.

Previous Year's Megawatt Hours Received	Rate for Fiscal Year
<u>1,200,000-5,000</u> or Less	2.83%

<u>Over 250,000 up to 1,200,000</u>	<u>2%</u>
Over 1,200,000	0.17%"

SECTION 17.(g) Subsections (b) and (c) of this section become effective July 1, 2002, and apply to sales made on or after that date. Subsection (f) of this section becomes effective July 1, 2005, and applies to sales made on or after that date. The remainder of this section is effective when it becomes law.

Any party in interest may file in the superior court of the county in which the injury occurred a certified copy of a memorandum of agreement approved by the Commission, or of an order or decision of the Commission, or of an award of the Commission unappealed from or of an award of the Commission affirmed upon appeal, whereupon said court shall render judgment in accordance therewith, and notify the parties. Such judgment shall have the same effect, and all proceedings in relation thereto shall thereafter be the same, as though said judgment had been rendered in a suit duly heard and determined by said court: Provided, if the judgment debtor shall file a certificate duly issued by the Industrial Commission showing compliance with G.S. 97-83 with the clerk of the superior court in the county or counties where such judgment is docketed, then such clerk shall make upon the judgment roll an entry showing the filing of such certificate which shall operate as a discharge of the lien of the said judgment, and no execution shall be issued thereon; provided, further, that if at any time there is default in the payment of any installment due under the award set forth in said judgment the court may, upon application for cause and after 10 days' notice to judgment debtor, order the lien of such judgment restored, and execution may be immediately issued thereon for past due installments and for future installments as they may become due.

§ 97-87. *Judgments on awards.*

(a) As used in this section, 'award' includes the following:

- (4) An award of the Commission from which there has been no appeal.
- (5) An award of the Commission affirmed on appeal.

(c) When an award or portion of an award provides for periodic payments to be made on or after the date of the award, a judgment may be docketed as provided in subsection (d) of this section, in an amount equal to the sum stated in any Certificate of Accrued Arrearages that is issued by the Commission under this subsection. If any payment that has accrued after the date of the award, or after the date specified in the most recent Certificate of Accrued Arrearages issued under this subsection, is not received by the claimant when due, the following procedure is available for obtaining a Certificate of Accrued Arrearages:

- (1) The claimant may file with the Commission a Statement of Accrued Arrearages, on a form approved by the Commission, and shall serve a copy on all parties against whom judgment is sought and their attorney of record.
- (2) Any party against whom judgment is sought may, within 15 days of the date of service of a Statement of Accrued Arrearages, file with the Commission proof of any payments that have been made or other responsive pleadings.
- (3) If no proof or other responsive pleading is filed within 15 days of the date of service of the Statement, the Commission shall immediately issue a Certificate of Accrued Arrearages.
- (4) If proof of payment or other responsive pleading is filed, the Commission shall, within seven days, either issue a Certificate of Accrued Arrearages that shall state the sum of payments due or decline to issue a Certificate of Accrued Arrearages. The nonappealing party may file a response within 10 days of receiving notice of appeal. The notice of appeal shall request one of the following:

- a. The Commission reconsider the decision entered based on the record and any additional evidence that parties submit with the notice and response.
 - b. A de novo evidentiary hearing before the full Commission.
- (6) The Commission shall grant the request for an evidentiary hearing under sub-subdivision (c)(5)b. of this section if a material issue of fact exists whose resolution is necessary to determine the appeal.
- (7) If a notice of appeal is given under sub-subdivision (c)(5)a. of this section, the Commission shall issue its decision within 10 days of the filing of the response under subdivision (c)(5) of this section. If a notice of appeal is given under sub-subdivision (c)(5)b. of this section, the Commission shall either conduct an evidentiary hearing and issue its decision on the appeal within 90 days of the filing of the response under subdivision (c)(5) of this section or deny the request for the evidentiary hearing and issue its decision within 10 days of the filing of the response under subdivision (c)(5) of this section. Further appeals are governed by G.S. 97-86.
- (8) Each award and each Certificate of Accrued Arrearages shall include the following information:

- (d) Any party in interest may file a certified copy of an award described in subsection (b) of this section, or of a Certificate of Accrued Arrearages, in the office of the clerk of superior court of the county in which the defendant has a place of business or has property, or in which an injury occurred, or in Wake County. An award shall be accompanied by the party's affidavit stating that the award has become final and the time for making the first payment under the award has expired.

(e) Promptly after a certified copy of an award or of a Certificate of Accrued Arrearages is filed, the clerk shall docket and index a judgment as provided in Chapter 1 of the General Statutes. The principal amount in the award or in the Certificate of Accrued Arrearages shall bear interest at the judgment rate from the date the judgment is docketed. The judgment may be enforced in the same manner as a judgment docketed under Chapter 1 of the General Statutes.

(f) The filing of an award, or of a Certificate of Accrued Arrearages, for docketing as a judgment under this section shall be treated as a civil action for record-keeping purposes. The amount in which the judgment is docketed shall determine the amount of the costs to be collected at the time of filing and assessed pursuant to G.S. 7A-305.

(g) Nothing in this section shall be construed to limit the Commission's authority to impose any other remedy provided by law."

SECTION 2. G.S. 1-209 reads as rewritten:

The Board of Commissioners may order street improvements and assess the total costs thereof against abutting property, exclusive of the costs incurred at street intersections, according to one or more of the assessment bases set forth in Article 10 of Chapter 160A of the General Statutes without the necessity of a petition, if the Board makes a finding of fact that the street improvement project does not exceed 2,500 linear feet, and that any of the following apply:

(b) The names and boundaries of precincts (voting tabulation districts), tracts, block groups, and blocks specified in this section are as they were legally defined and recognized in the 2000 United States Census. Boundaries are as shown on the Redistricting Census 2000 TIGER Files, with modifications made by the Legislative Services Office on its computer database as of May 1, 2001, to reflect precincts divided or renamed as outlined in subsection (c) of this section. However, in Robeson County PHILADEPLUS is, in fact, PHILADELPHUS, and in Vance County SANDY SCREEK is, in fact, SANDY CREEK. Any interest earned by that fund shall be credited to the fund.
- (2) Thirty-two years after the levy of the tax authorized under Section 6(c) of this act, instead of the allocation under subdivision (1) of this subsection, the first one million four hundred thousand dollars (\$1,400,000) collected annually shall be used by the Authority to promote travel and tourism or for tourism related expenditures.

unless a different effective date applies under this subsection. If a bill that specifically disapproves the State facility closure is introduced in either house of the General Assembly before the thirty-first legislative day of that session, the closure becomes effective on the earlier of either the day an unfavorable final action is taken on the bill or the day that session of the General Assembly adjourns without ratifying a bill that specifically disapproves the State facility closure. If the Secretary specifies a later effective date for closure than the date that would otherwise apply under this subsection, the later date applies. Closure of a State facility does not become effective if the closure is specifically disapproved by a bill ~~ratified by the General Assembly~~ enacted into law before it becomes effective. Notwithstanding any rule of either house of the General Assembly, any member of the General Assembly may introduce a bill during the first 30 legislative days of any regular session to disapprove closure of a facility that has been approved by the Governor and Council of State as provided in subsection (b) of this section. Nothing in this subsection shall be construed to impair the Secretary's power or duty otherwise imposed by law to close a State facility temporarily for the protection of health and safety."

"§ 150B-21.3. *Effective date of rules.*

If a bill that specifically disapproves the rule is introduced in either house of the General Assembly before the thirty-first legislative day of that session, the rule becomes effective on the earlier of either the day an unfavorable final action is taken on the bill or the day that session of the General Assembly adjourns without ratifying a bill that specifically disapproves the rule. If the agency adopting the rule specifies a later effective date than the date that would otherwise apply under this subsection, the later date applies. A permanent rule that is not approved by the Commission or that is specifically disapproved by a bill ~~ratified by the General Assembly~~ enacted into law before it becomes effective does not become effective.

A bill specifically disapproves a rule if it contains a provision that refers to the rule by appropriate North Carolina Administrative Code citation and states that the rule is disapproved. Notwithstanding any

rule of either house of the General Assembly, any member of the General Assembly may introduce a bill during the first 30 legislative days of any regular session to disapprove a rule that has been approved by the Commission and that either has not become effective or has become effective by executive order under subsection (c) of this section.

(c) Executive Order Exception. – The Governor may, by executive order, make effective a permanent rule that has been approved by the Commission and has not become effective under subsection (b) of this section upon finding that it is necessary that the rule become effective in order to protect public health, safety, or welfare. A rule made effective by executive order becomes effective on the date the order is issued or at a later date specified in the order. When the Codifier of Rules enters in the North Carolina Administrative Code a rule made effective by executive order, the entry must reflect this action.

A rule that is made effective by executive order remains in effect unless it is specifically disapproved by the General Assembly in a bill ~~ratified~~ enacted into law on or before the day of adjournment of the regular session of the General Assembly that begins at least 25 days after the date the executive order is issued. A rule that is made effective by executive order and that is specifically disapproved by a bill ~~ratified by the General Assembly~~ enacted into law is repealed as of the date specified in the bill. If a rule that is made effective by executive order is not specifically disapproved by a bill ~~ratified by the General Assembly~~ enacted into law within the time set by this subsection, the Codifier of Rules must note this in the North Carolina Administrative Code.

(d) Legislative Day and Day of Adjournment. – As used in this section:

- (1) A "legislative day" is a day on which either house of the General Assembly convenes in regular session.
- (2) The "day of adjournment" of a regular session held in an odd-numbered year is the day the General Assembly adjourns by joint resolution for more than 10 days.

(e) OSHA Standard. – A permanent rule concerning an occupational safety and health standard that is adopted by the Occupational Safety and Health Division of the Department of Labor and is identical to a federal regulation promulgated by the Secretary of the United States Department of Labor becomes effective on the date the Division delivers the rule to the Codifier of Rules, unless the

Division specifies a later effective date. If the Division specifies a later effective date, the rule becomes effective on that date.

(f) Technical Change. – A permanent rule for which no notice or hearing is required under G.S. 150B-21.5(a)(1) through (a)(5) or G.S. 150B-21.5(b) becomes effective on the first day of the month following the month the rule is approved by the Rules Review Commission."

Notwithstanding any other provision of this Chapter, any member who entered service or was restored to service prior to July 1, 1982, and was excluded from membership service solely on account of having attained the age of 62 years, in accordance with former G.S. 128-24(3a), may purchase membership service credits for such excluded service by making a lump-sum payment equal to the contributions that would have been deducted pursuant to G.S. 128-30(b) had he been a member of the Retirement System, increased

by interest calculated at a rate of seven percent (7%) per annum. Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction.

On and after January 1, 1986, the creditable service of a member who was a member of the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by participating employers from that System to this Retirement System and whose accumulated contributions are transferred from that System to this Retirement System, includes service that was creditable in the Law Enforcement Officers' Retirement System; and membership service with that System is membership service with this Retirement System; provided, notwithstanding any provisions of this Article to the contrary, any inchoate or accrued rights of such a member to purchase creditable service for military service, withdrawn service and prior service under the rules and regulations of the Law Enforcement Officers' Retirement System may not be diminished and may be purchased as creditable service with this Retirement System under the same conditions that would have otherwise applied."

H.B. 382**SESSION LAW 2001-488**

AN ACT ADOPTING THE OFFICIAL FRUIT AND BERRIES OF NORTH CAROLINA.

PART I. NORTH CAROLINA'S HERITAGE OF FARMING.

Whereas, North Carolina's economy originated and developed as an agrarian economy with a cornucopia of fruits and vegetables; and

Whereas, the State takes great pride in its rich heritage of farming; and

Whereas, there are still many families who base their livelihood in farming and who are continuing the North Carolina tradition of producing goods from our land; and

Whereas, one of the main sources of agricultural production in the State is the production of fruits and berries of several varieties; and

PART II. THE SCUPPERNONG GRAPE.

Whereas, North Carolina is the home of our nation's first cultivated grape, the Scuppernong; and

Whereas, the Scuppernong grape was named after the Scuppernong River in North Carolina; and

Whereas, British explorers in 1584 and 1585 reported to Queen Elizabeth and Sir Walter Raleigh that the barrier islands of what is now, in part, Roanoke Island were full of grapes and that the soil of the land was "so abounding with sweet trees that bring rich and most pleasant gummess, grapes of such greatness, yet wild, as France, Spain, nor Italy hath not greater..."; and

Whereas, Sir Walter Raleigh's colony discovered the famous Scuppernong "Mother Vineyard" on Roanoke Island, a vine that is now over 400 years old and has a trunk over two feet thick; and

Whereas, the State toast, penned in 1904, references North Carolina as the land "[w]here the scuppernong perfumes the breeze at night,"; and

PART III. THE STRAWBERRY AND THE BLUEBERRY.

Whereas, there are over 1,700 acres of strawberries and over 3,600 acres of blueberries harvested in North Carolina each year; and

Whereas, in 2000, strawberry growers in the State produced 23,000,000 pounds of strawberries, yielding \$17,325,000 in revenues; and

Whereas, in 2000, blueberry growers in the State produced 17,500,000 pounds of blueberries, resulting in an increase in the State's economy of over \$18,000,000 in revenues; and

Whereas, these delicious berries are a good source of vitamins, a number of life-sustaining minerals, and dietary fiber;

Whereas, the blueberry is an antioxidant, which has been proven to reduce cholesterol and lower the risk of heart disease; and

Whereas, each year the Town of Chadbourn in Columbus County hosts the North Carolina Strawberry Festival, which is one of the most celebrated traditions in the State; and

Whereas, the State of North Carolina does not have an official fruit nor an official berry; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 145 of the General Statutes is amended by adding a new section to read:

"§ 145-18. State fruit and State berries.

(a) The official fruit of the State of North Carolina is the Scuppernong grape (Vitis genus).

(b) The official red berry of the State is the strawberry (Fragaria genus).

(c) The official blue berry of the State is the blueberry (Vaccinium genus)."

No predisposition report shall be submitted to or considered by the court prior to the completion of the adjudicatory hearing. The court shall permit the

juvenile to inspect any predisposition report, including any attached risk and needs assessment, to be considered by the court in making the disposition unless the court determines that disclosure would seriously harm the juvenile's treatment or rehabilitation or would violate a promise of confidentiality. Opportunity to offer evidence in rebuttal shall be afforded the juvenile and the juvenile's parent, guardian, or custodian at the dispositional hearing. The court may order counsel not to disclose parts of the report to the juvenile or the juvenile's parent, guardian, or custodian if the court finds that disclosure would seriously harm the treatment or rehabilitation of the juvenile or would violate a promise of confidentiality given to a source of information."

Every parent, guardian, or other person in this State having charge or control of a child under age seven who is enrolled in a public school in grades kindergarten through two shall also cause such child to attend school continuously for a period equal to the time which the public school to which the child is assigned shall be in session unless the child has withdrawn from school. No person shall

encourage, entice or counsel any such child to be unlawfully absent from school. The parent, guardian, or custodian of a child shall notify the school of the reason for each known absence of the child, in accordance with local school policy.

The principal, superintendent, or teacher who is in charge of such school shall have the right to excuse a child temporarily from attendance on account of sickness or other unavoidable cause which does not constitute unlawful absence as defined by the State Board of Education. Once the parents are notified, the school attendance counselor shall work with the child and his family to analyze the causes of the absences and determine steps, including adjustment of the school program or obtaining supplemental services, to eliminate the problem. The attendance counselor may request that a law-enforcement officer accompany him if he believes that a home visit is necessary.

After 10 accumulated unexcused absences in a school year the principal shall review any report or investigation prepared under G.S. 115C-381 and shall confer with the student and his parent, guardian, or custodian if possible to determine whether the parent, guardian, or custodian has received notification pursuant to this section and made a good faith effort to comply with the law. If the principal determines that parent, guardian, or custodian has not, he shall notify the district attorney. If he determines that parent, guardian, or custodian has, he

may file a complaint with the juvenile ~~intake-court~~ counselor pursuant to Chapter 7B of the General Statutes that the child is habitually absent from school without a valid excuse. A local government unit or other public or private entity that receives State appropriations for a building project or other State grant funds for a building project, including a building project done by a private entity on a facility to be leased or purchased by the local government unit, where the project cost is one hundred thousand dollars (\$100,000) or more, shall have a verifiable ten percent (10%) goal for participation by minority businesses in the total value of the work; provided, however, a local government unit may apply a different verifiable goal that was adopted prior to December 1, 2001, if the local government unit had and continues to have a sufficiently strong basis in evidence to justify the use of that goal. On State building projects and building projects subject to the State goal requirement, the Secretary shall identify the appropriate percentage goal, based on adequate data, for each category of minority business as defined in G.S. 143-128.2(g)(1) based on the specific contract type.

Except as otherwise provided for in this subsection, each city, county, or other local public entity shall adopt, after a notice and public hearing, an appropriate verifiable percentage goal for participation by minority businesses in the total value of work for building projects.

A contractor, including a first-tier subcontractor on a construction manager at risk project, that performs all of the work under a contract with its own workforce may submit an affidavit to that effect in lieu of the affidavit otherwise required under this subsection. An affidavit under this sub-subdivision shall give rise to a presumption that the bidder has made the required good faith effort; or
 - b. Documentation of its good faith effort to meet the goal. The documentation must include evidence of all good faith efforts that were implemented, including any advertisements, solicitations, and evidence of other specific actions demonstrating recruitment and selection of minority businesses for participation in the contract.

In establishing the point system, the Secretary may not require a contractor to earn more than fifty (50) points, and the Secretary must

H.B. 1427 SESSION LAW 2001-499

**AN ACT TO AMEND THE PRESENT-USE VALUE STATUTES
AND TO ESTABLISH THE PROPERTY TAX STUDY
COMMISSION.**

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.3(b2) reads as rewritten:

"(b2) Exception to Ownership Requirements. – G.S. 105-277.4(c) provides that deferred taxes are payable if land fails to meet any condition or requirement for classification. Accordingly, if land fails to meet an ownership requirement due to a change of ownership, G.S. 105-277.4(c) applies. Despite this failure and the resulting liability for taxes under G.S. 105-277.4(c), the land may qualify for classification in the hands of the new owner if both of the ~~following~~ conditions listed in this subsection are met, even if the new owner does not meet all of the ownership requirements of subsections (b) and (b1) of this section with respect to the ~~land~~ land. If the land qualifies for classification in the hands of the new owner under the provisions of this subsection, then the new owner becomes liable for the deferred taxes, and the deferred taxes become payable if the land fails to meet any other condition or requirement for classification.

- (1) The land was appraised at its present use value or was eligible for appraisal at its present use value at the time title to the land passed to the new owner.
- (2) At the time title to the land passed to the new owner, the new owner acquires the land for the purposes of and continues to use the land for the purposes it was owned ~~other land~~ classified under subsection (a)-(a) of this section while under previous ownership."

SECTION 2. G.S. 105-277.4(c) reads as rewritten:

"(c) Deferred Taxes. – Land meeting the conditions for classification under G.S. 105-277.3 shall be taxed on the basis of the value of the land for its present use. The difference between the taxes due on the present-use basis and the taxes that would have been payable in the absence of this classification, together with any interest, penalties, or costs that may accrue thereon, are a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The difference in taxes shall be carried forward in the records of the taxing unit or units as deferred taxes. The taxes become due and

payable when the land fails to meet any condition or requirement for classification. The tax for the fiscal year that opens in the calendar year in which deferred taxes become due is computed as if the land had not been classified for that year, and taxes for the preceding three fiscal years that have been deferred are immediately payable, together with interest as provided in G.S. 105-360 for unpaid taxes. Interest accrues on the deferred taxes due as if they had been payable on the dates on which they originally became due. If only a part of the qualifying tract of land fails to meet a condition or requirement for classification, a determination shall be made of the amount of deferred taxes applicable to that part and that amount becomes payable with interest as provided above. Upon the payment of any taxes deferred in accordance with this section for the three years immediately preceding a disqualification, all liens arising under this subsection are extinguished. The deferred taxes for any given year may be paid in that year without the qualifying tract of land becoming ineligible for deferred status."

SECTION 3.(a) Commission Established. – There is established the Property Tax Study Commission.

SECTION 3.(b) Membership. – The Commission shall consist of 16 members who shall be appointed as follows:

- (1) The President Pro Tempore of the Senate shall appoint eight members, four of whom shall be members of the Senate and four of whom shall be public members.

The Commission shall also study the present-use value system, including the following:

- (2) Evaluate other tax credits, including adjustments to and credits for ad valorem taxes, to encourage agricultural, forestry, and horticultural use of land.

- (4) Evaluate the possibility of tax incentives to encourage conservation and environmental protection of land. The study shall include the feasibility of allowing forestland

managed for conservation purposes and the preservation of wildlife habitats to be taxed at its present-use value.

- (5) Review other issues related to the taxation of agricultural land, horticultural land, and forestland, including reducing the acreage requirement for land to qualify as forestland.

- (2) Has documented repairs within the previous calendar year to replace missing emissions control devices costing at least the waiver amount made to the vehicle to correct the cause of the failure. The waiver amount is seventy-five dollars (\$75.00) if the vehicle is a pre-1981 model and is two hundred dollars (\$200.00) if the vehicle is a 1981 or newer model.

(b) Procedure. – To obtain a waiver, a person must contact a local enforcement office of the Division. Before issuing a waiver, an employee of the Division must review the inspection receipts issued for the inspections of the vehicle, review the documents establishing what repairs were made to the vehicle and at what cost, review any statement denying warranty coverage of the repairs made, and do a visual inspection of the vehicle, if appropriate, to determine if the documented repairs were made. The Division must issue a waiver if it determines that the vehicle qualifies for a waiver. A person to whom a

waiver is issued must present the waiver to the self-inspector or inspection station performing the inspection to obtain an inspection sticker.

(c) Repairs. – The following repairs and their costs cannot be considered in determining whether the cost of repairs made to a vehicle equals or exceeds the waiver amount:

"§ 20-183.7A. Penalties applicable to license holders and suspension or revocation of license for safety violations.

(a) Kinds of Violations. – The civil penalty schedule established in this section applies to safety self-inspectors, safety inspection stations, and safety inspection mechanics. The schedule categorizes safety violations into serious (Type I), minor (Type II), and technical (Type III) violations. A serious violation is a violation of this Part or a rule adopted to implement this Part that directly affects the safety or emissions reduction benefits of the safety inspection program. A minor violation is a violation of this Part or a rule adopted to implement this Part that reflects negligence or carelessness in conducting a safety inspection or complying with the safety

inspection requirements but does not directly affect the safety benefits or emission reduction benefits of the safety inspection program. A technical violation is a violation that is not a serious violation, a minor violation, or another type of offense under this Part.

(b) Penalty Schedule. – The Division must take the following action for a violation:

- (1) Type I. – For a first or second Type I violation within three years by a safety self-inspector or a safety inspection station, assess a civil penalty of two hundred fifty dollars (\$250.00) and suspend the license of the business for six months. For a third or subsequent Type I violation within three years by a safety self-inspector or a safety inspection station, assess a civil penalty of one thousand dollars (\$1,000) and revoke the license of the business for two years. For a first or second Type I violation within seven years by a safety inspection mechanic, assess a civil penalty of one hundred dollars (\$100.00) and suspend the mechanic's license for six months. For a third or subsequent Type I violation within seven years by a safety inspection mechanic, assess a civil penalty of two hundred fifty dollars (\$250.00) and revoke the mechanic's license for two years.
- (2) Type II. – For a first or second Type II violation within three years by a safety self-inspector or a safety inspection station, assess a civil penalty of one hundred dollars (\$100.00). For a third or subsequent Type II violation within three years by a safety self-inspector or a safety inspection station, assess a civil penalty of two hundred fifty dollars (\$250.00) and suspend the license of the business for 90 days. For a first or second Type II violation within seven years by a safety inspection mechanic, assess a civil penalty of fifty dollars (\$50.00). For a third or subsequent Type II violation within seven years by a safety inspection mechanic, assess a civil penalty of one hundred dollars (\$100.00) and suspend the mechanic's license for 90 days.
- (3) Type III. – For a first or second Type III violation within seven years by a safety self-inspector, a safety inspection station, or a safety inspection mechanic, send a warning letter. For a third or subsequent Type III violation within seven years by the same safety license holder, assess a civil penalty of twenty-five dollars (\$25.00).

(c) Station or Self-Inspector Responsibility. – It is the responsibility of a safety inspection station and a safety self-inspector

to supervise the safety inspection mechanics it employs. A violation by a safety inspection mechanic is considered a violation by the station or self-inspector for whom the mechanic is employed.

(d) Multiple Violations. – If a safety self-inspector, a safety inspection station, or a safety inspection mechanic commits two or more violations in the course of a single safety inspection, the Division shall take only the action specified for the most significant violation.

(e) Mechanic Training. – A safety inspection mechanic whose license has been suspended or revoked must retake the course required under G.S. 20-183.4 and successfully complete the course before the mechanic's license can be reinstated. Failure to successfully complete this course continues the period of suspension or revocation until the course is completed successfully.

Notwithstanding G.S. 150B-21.1(a)(2) and 26 NCAC 2C.0102(11), the Environmental Management Commission and the Division of Motor Vehicles of the Department of Transportation may adopt temporary rules to implement the provisions of this act. This section shall continue in effect until all rules necessary to implement the provisions of this act have become effective as either temporary rules or permanent rules.

SECTION 20. The Environmental Review Commission shall review the motor vehicle emissions inspection and maintenance program to determine ways in which the cost of the program to vehicle owners could be reduced. In particular, the Commission shall consider the advantages and disadvantages of requiring that vehicles undergo an emissions inspection no more frequently than once every two years. The Commission may report its findings and recommendations to the 2002 Regular Session of the 2001 General Assembly and shall report its findings and recommendations to the 2003 General Assembly.

SECTION 21. The Joint Legislative Transportation Oversight Committee shall study the motor vehicle safety inspection program administered pursuant to Part 2 of Article 3A of Chapter 20 of the General Statutes. The Committee shall evaluate the current implementation of the safety inspection program and its effectiveness in reducing the operation of unsafe vehicles and in preventing motor vehicle accidents and resulting property loss, personal injury, and death. The Committee shall determine the cost and benefits of the safety program to the public and to the State. As a part of its study of the motor vehicle safety inspection program, the Committee shall review the policies and experience of other states; evaluate other studies of this topic; evaluate the impact of the safety inspection programs on insurance rates in this and other states; evaluate the impact on the expansion of the emissions inspection program to additional counties, including the impact on the Telecommunications Fund, if the current safety inspection program were reduced or eliminated; determine the impact on the Highway Fund, the Volunteer Rescue/EMS Fund, and the Rescue Squad Workers' Relief Fund if the current safety inspection program were reduced or eliminated; evaluate the advantages and disadvantages of the use of an online data system if the safety inspection program is retained; and investigate other considerations that may be relevant. The Committee may present an interim report of its findings and recommendations to the 2002 Regular Session of the 2001 General Assembly and shall present a final report of its findings and recommendations to the 2003 General Assembly.

SECTION 22. The Department of Transportation may transfer up to two million seven hundred thousand dollars (\$2,700,000) from the Highway Trust Fund to the Division of Motor Vehicles. The Division of Motor Vehicles shall use these funds only to pay the charges for telecommunications services associated with the emissions inspection and maintenance program that have accrued during the 2001 calendar year. These funds shall be repaid to the Highway Trust Fund with fees collected pursuant to the Highway Trust Fund Repayment Fee established in G.S. 20-183.7, as amended

The General Assembly of North Carolina enacts:

SECTION 1.1. G.S. 130A-291.1 reads as rewritten:

"§ 130A-291.1. *Septage management ~~program~~ program; permit fees.*

(a) The Department shall establish and administer a septage management program in accordance with the provisions of this section.

(b) For the protection of the public health, the Commission shall adopt rules governing the management of septage. The rules shall include, but ~~are not be~~ limited to, criteria for the sanitary management of septage, including standards for the transportation, storage, ~~treatment~~ treatment, and ~~disposal~~ disposal of septage; operator

registration and training; the issuance, ~~suspension~~-suspension, and revocation of permits; and procedures for the payment of annual fees.

(c) No septage management firm shall commence or continue operation that does not have a permit issued by the Department. The permit shall be issued only when the septage management firm satisfies all of the requirements of the rules adopted by the Commission. A septage management firm that commences operation without first having obtained a permit shall cease to operate until the firm obtains a permit under this section and shall pay an initial annual fee equal to twice the amount of the annual fee that would otherwise be applicable under subsection (e) of this section.

(d) Septage shall be treated and disposed only at a wastewater system that has been approved by the Department under rules adopted by the Commission or by the Environmental Management Commission or at a site that is permitted by the Department under this section. A permit shall be issued only if the site satisfies all of the requirements of the rules adopted by the Commission.

(e) A septage management firm that operates one pumper truck shall pay an annual fee of ~~three hundred dollars (\$300.00)~~ five hundred fifty dollars (\$550.00) to the Department. A septage management firm that operates two or more pumper trucks shall pay an annual fee of ~~four hundred dollars (\$400.00)~~ eight hundred dollars (\$800.00) to the Department.

(e1) An individual who operates a septage treatment or disposal facility but who does not engage in the business of pumping, transporting, or disposing of septage shall pay an annual fee of two hundred dollars (\$200.00).

(e2) The fee is A properly completed application for a permit and the annual fee under this section are due by 1 January 1 of each year. The Department shall mail a notice of the annual fees to each permitted septage management firm and each individual who operates a septage treatment or disposal facility prior to 1 November of each calendar year. A late fee in the amount equal to fifty percent (50%) of the annual permit fee under this section shall be submitted when a properly completed application and annual permit fee are not submitted by 1 January following the 1 November notice.

(e3) The Septage Management Account is established as a nonreverting account within the Department. Fees collected under this subsection-section shall be placed in the Septage Management Account and shall be applied only to the costs of the septage management program.

(e4) Permits for new septage management firm operators and permits for septage management firm operators that have not operated a septage management firm in the 24 months immediately preceding the submittal of an application shall be considered probationary for 12

months. The Department may revoke any probationary permit of a firm or an individual that violates any provision of this section, G.S. 130A-291.2, G.S. 130A-291.3, or any rule adopted under these sections. If the Department revokes a probationary permit issued to a firm or individual, the Department shall not issue another permit to that firm or individual, and the firm or individual may not engage in any septage management activity for a period of 12 months.

(e5) The Department shall provide technical and regulatory assistance to permit applicants and permit holders. Assistance may include, but is not limited to, taking soil samples on proposed and permitted septage land application sites and providing required training to permit applicants and permit holders.

(f) All wastewater systems designed to discharge effluent to the surface waters may accept, ~~treat~~ treat, and dispose septage from permitted septage management firms, unless acceptance of the septage would constitute a violation of the permit conditions of the wastewater system. The wastewater system may charge a reasonable fee for acceptance, treatment, and disposal of ~~septage~~ septage based on a fee schedule that takes into account septage composition and quantity and that is consistent with other charges for use of that system.

(g) Production of a crop in accordance with an approved nutrient management plan on land that is permitted as a septage land application site is a bona fide farm purpose under G.S. 153A-340.

(h) The Department shall inspect each septage land application site at least twice a year and shall inspect the records associated with each septage land application site at least annually. The Department shall inspect each pump truck used for septage management at least once every two years.

(i) The Department shall approve innovative or alternative septage treatment or storage methods that are demonstrated to protect the public health and the environment."

SECTION 1.2. Part 2 of Article 9 of Chapter 130A of the General Statutes is amended by adding two new sections to read:
"§ 130A-291.2. *Temporary domestic wastewater holding tanks.*

When a permanent domestic wastewater collection and treatment system is not available at a construction site or a temporary special event, a temporary wastewater holding tank of adequate capacity to prevent overflow may be used under a mobile or modular office to accommodate domestic wastewater from a commode and sink. The wastewater shall be removed often enough to prevent the temporary domestic wastewater holding tank from overflowing. The owner or lessee of a temporary construction trailer shall contract with a registered septage management firm or registered portable toilet sanitation firm for the removal of domestic waste. The wastewater

shall be removed from the temporary domestic wastewater holding tank by a septage management firm holding a current permit to operate a septage management firm.

"§ 130A-291.3. *Septage operator training required.*

(a) Each septage management firm operator shall attend a training course approved pursuant to subsection (d) of this section of no less than four hours of instruction per year. New septage management firm operators and those that have not operated a septage management firm in the 24 months preceding the submittal of an application shall complete the training before commencing operation.

(b) Each septage land application site operator shall attend a training course approved pursuant to subsection (d) of this section of no less than three hours of instruction per year. New septage land application site operators and those that have not operated a septage land application site in the 24 months preceding the submittal of an application shall complete the training before commencing operation.

(d) The Department shall establish educational committees to develop and approve a training curriculum to satisfy the training requirements under this section. A training committee shall be established to develop a training program for portable sanitation waste; a training committee shall be established to develop a training program for septic tank waste and grease septage; and a training committee shall be established to develop a training program for land application of septage. Each committee shall consist of four industry members, one public health member, two employees of the Department, and one representative of the North Carolina Cooperative Extension Service."

SECTION 1.3. The Commission for Health Services shall adopt temporary and permanent rules to implement Sections 1.1 and 1.2 of this act. The Commission for Health Services and the Department of Environment and Natural Resources shall initiate temporary rule-making proceedings within 30 days of the date this act becomes effective. Temporary rules to implement the provisions of Sections 1.1 and 1.2 of this act become effective 1 January 2002.

SECTION 1.4. The Department of Environment and Natural Resources shall mail annual notices of fees as required by G.S. 130A-291.1(e2), as amended by Section 1.1 of this act, prior to 1 November 2001. Notices of fees shall state the amount of the fee due

under subsections (e) and (e1) of G.S. 130A-291.1, as amended by Section 1.1 of this act.

SECTION 2.1. G.S. 130A-342 reads as rewritten:

(c) ~~The~~Each county, in which one or more residential wastewater treatment systems permitted pursuant to this section are in use, shall document the performance of individual aerobic treatment plants~~each system is to be documented by the counties and sent and report the results to the Department annually."~~

SECTION 2.2. G.S. 130A-343 reads as rewritten:

"§ 130A-343. ~~Experimental and innovative systems permitted.~~Approval of on-site subsurface wastewater systems.

(a) Definitions. – As used in this section:

(1) 'Accepted wastewater system' means any wastewater system, other than a conventional wastewater system, or any technology, device, or component of a wastewater system that: (i) has been previously approved as an innovative wastewater system by the Department; (ii) has been in general use in this State as an innovative wastewater system for more than five years; and (iii) has been approved by the Commission for general use or use in one or more specific applications. An accepted wastewater system may be approved for use in applications for which a conventional wastewater system is unsuitable. The Commission may impose any design, operation, maintenance, monitoring, and management requirements on the use of an accepted wastewater system that it determines to be appropriate.

(2) 'Controlled demonstration wastewater system' means any wastewater system or any technology, device, or component of a wastewater system that, on the basis of acceptable research, is approved by the Department for research, testing, or trial use under actual field

conditions in this State pursuant to a protocol that has been approved by the Department.

- (3) 'Conventional wastewater system', 'conventional sewage system', or 'conventional septic tank system' means a wastewater system that consists of a traditional septic or settling tank and a gravity-fed subsurface disposal field that uses washed gravel or crushed stone to distribute effluent to soil in one or more nitrification trenches and that does not include any other appurtenance.
- (4) 'Experimental wastewater system' means any wastewater system or any technology, device, or component of a wastewater system that is approved by the Department for research, testing, or limited trial use under actual field conditions in this State pursuant to a protocol that has been approved by the Department.
- (5) 'Innovative wastewater system' means any wastewater system, or any technology, device, or component of a wastewater system that: (i) has been demonstrated to perform in a manner equal or superior to a conventional wastewater system; (ii) is constructed of materials whose physical and chemical properties provide the strength, durability, and chemical resistance to allow the system to withstand loads and conditions as required by rules adopted by the Commission; and (iii) has been approved by the Department for general use or for one or more specific applications. An innovative wastewater system may be approved for use in applications for which a conventional wastewater system is unsuitable. The Department may impose any design, operation, maintenance, monitoring, and management requirements on the use of an innovative wastewater system that it determines to be appropriate.

~~(a)~~(b) Adoption of Rules Governing Approvals. – The Commission shall adopt rules for the approval and permitting of ~~experimental and innovative~~ experimental, controlled demonstration, innovative, and accepted wastewater systems. The rules shall address the criteria to be considered prior to issuing a permit for ~~such~~ a system, requirements for preliminary design plans and specifications that must be submitted, methodology to be used, standards for monitoring and evaluating the system, research evaluation of the system, the plan of work for monitoring system performance and maintenance, and any additional matters the Commission deems appropriate.

~~(b) The Commission shall adopt rules governing the operation and maintenance of experimental and innovative wastewater systems approved and permitted under subsection (a) of this section.~~

(c) Approved Systems. – The Department may modify, suspend, or revoke the approval of a wastewater system if the Department determines that the approval is based on false, incomplete, or misleading information or if the Department finds that modification, suspension, or revocation is necessary to protect public health, safety, or welfare. The Department shall provide a listing of all approved ~~experimental and innovative~~ experimental, controlled demonstration, innovative, and accepted wastewater systems to the local health departments annually, and more frequently, when the Department makes a final agency decision ~~on a new system~~ related to the approval of a wastewater system or the Commission adopts rules related to the approval of a wastewater system.

(d) Evaluation Protocols. – The Department shall approve one or more nationally recognized protocols for the evaluation of on-site subsurface wastewater systems. Any protocol approved by the Department shall specify a minimum number of sites that must be evaluated and the duration of the evaluation period. At the request of a manufacturer of a wastewater system, the Department may approve an alternative protocol for use in the evaluation of the performance of the manufacturer's wastewater system. A protocol for the evaluation of an on-site subsurface wastewater system is a scientific standard within the meaning of G.S. 150B-2(8a)h.

(e) Experimental Systems. – A manufacturer of a wastewater system that is intended for on-site subsurface use may apply to the Department to have the system evaluated as an experimental wastewater system as provided in this subsection. The manufacturer shall submit a proposal for evaluation of the system to the Department. The proposal for evaluation shall include the design of the system, a description of any laboratory or field research or testing that will be used to evaluate the system, a description of the research or testing protocol, and the credentials of the independent laboratory, consultant, or other entity that will be conducting the research or testing on the system. The proposal may include an evaluation of research and testing conducted in other states to the extent that the research and testing involves soil types, climate, hydrology, and other relevant conditions that are comparable to conditions in this State and if the research or testing was conducted pursuant to a protocol acceptable to the Department. The manufacturer shall enter into a contract for an evaluation of the performance of the experimental wastewater system with an independent laboratory, consultant, or other entity that has expertise in the evaluation of wastewater systems and that is approved by the Department. The manufacturer may install up to 50 experimental systems pursuant to a protocol approved by the Department on sites that are suitable for a conventional wastewater system and that have a repair area of sufficient size to allow

installation of a conventional wastewater system, an approved innovative wastewater system, or an accepted wastewater system if the experimental wastewater system fails to perform properly.

(f) Controlled Demonstration Systems. – A manufacturer of a wastewater system intended for on-site subsurface use may apply to the Department to have the system evaluated as a controlled demonstration wastewater system as provided in this subsection. The manufacturer shall submit a proposal for evaluation of the system to the Department. The proposal for evaluation shall include the design of the system, a description of any laboratory or field research or testing that will be used to evaluate the system, a description of the research or testing protocol, and the credentials of the independent laboratory, consultant, or other entity that will be conducting the research or testing on the system. If the system was evaluated as an experimental system under subsection (e) of this section, the proposal shall include the results of the evaluation. The proposal may include an evaluation of research and testing conducted in other states to the extent that the research and testing involves soil types, climate, hydrology, and other relevant conditions that are comparable to conditions in this State and if the research or testing was conducted pursuant to a protocol acceptable to the Department. The manufacturer shall enter into a contract for an evaluation of the performance of the controlled demonstration wastewater system with an independent laboratory, consultant, or other entity that has expertise in the evaluation of wastewater systems and that is approved by the Department. The manufacturer may install up to 200 controlled demonstration wastewater systems pursuant to a protocol approved by the Department on sites that are suitable for a conventional wastewater system and that have a repair area of sufficient size to allow installation of a conventional wastewater system, an approved innovative wastewater system, or an accepted wastewater system if the controlled demonstration wastewater system fails to perform properly. If the controlled demonstration wastewater system is intended for use on sites that are not suitable, or that are provisionally suitable, for a conventional wastewater system, the Department may approve the installation of the controlled demonstration wastewater system if the Department determines that the manufacturer can provide an acceptable alternative method for collection, treatment, and disposal of the wastewater.

(g) Innovative Systems. – A manufacturer of a wastewater system for on-site subsurface use that has been evaluated as an experimental wastewater system as provided in subsection (e) of this section or that has been evaluated as a controlled demonstration wastewater system as provided in subsection (f) of this section may apply to the Department to have the system approved as an innovative

wastewater system as provided in this subsection. A manufacturer of a wastewater system for on-site subsurface use that has not been evaluated as an experimental wastewater system or as a controlled demonstration wastewater system may also apply to the Department to have the system approved as an innovative wastewater system on the basis of research and testing conducted in other states. The manufacturer shall provide the Department with the data and findings of all evaluations of the performance of the system that have been conducted in any state by or on behalf of the manufacturer. The manufacturer shall also provide the Department with a summary of the data and findings of all other evaluations of the performance of the system that are known to the manufacturer. The Department shall publish a notice that the manufacturer has submitted an application under this subsection in the North Carolina Register and may provide additional notice to the public via the Internet or by other means. The Department shall receive public comment on the application for at least 30 days after the date the notice is published in the North Carolina Register. In making a determination under this subsection, the Department shall consider the data, findings, and recommendations submitted by the manufacturer and all public comment. The Department may also consider any other information that the Department determines to be relevant. The Department shall determine: (i) whether the system performs in a manner equal or superior to a conventional wastewater system; (ii) whether the system is constructed of materials whose physical and chemical properties provide the strength, durability, and chemical resistance to allow the system to withstand loads and conditions as required by rules adopted by the Commission; (iii) the circumstances in which use of the system is appropriate; and (iv) any conditions and limitations related to the use of the system. The Department shall make the determinations required by this subsection and approve or deny the application within 180 days after the Department receives a complete application from a manufacturer. If the Department fails to act on the application within 180 days, the manufacturer may treat the application as denied and challenge the denial by filing a contested case as provided in Article 3 of Chapter 150B of the General Statutes. If the Department approves an innovative wastewater system, the Department shall specify the circumstances in which use of the system is appropriate and any conditions and limitations related to the use of the system.

(h) Accepted Systems. – A manufacturer of an innovative wastewater system that has been in general use in this State for more than five years may petition the Commission to have the system designated as an accepted wastewater system as provided in this subsection. The manufacturer shall provide the Commission with the data and findings of all prior evaluations of the performance of the

system. In addition, the manufacturer shall provide the Commission with information sufficient to enable the Commission to fully evaluate the performance of the system in this State for at least the five-year period immediately preceding the petition. The Commission shall designate a wastewater system as an accepted wastewater system only if it finds that there is clear, convincing, and cogent evidence (i) to confirm the findings made by the Department at the time the Department approved the system as an innovative wastewater system and (ii) that the system performs in a manner that is equal or superior to a conventional wastewater system under actual field conditions in this State. The Commission shall specify the circumstances in which use of the system is appropriate and any conditions and limitations related to the use of the system.

(i) Miscellaneous Provisions. –

(1) In evaluating applications for approval under this section, the Department may consult with persons who have special training and experience related to on-site subsurface wastewater systems and may form a technical advisory committee for this purpose. However, the Department is responsible for making timely and appropriate determinations under this section.

(2) The Department may initiate a review of a nonproprietary wastewater system and approve the system for on-site subsurface use as an experimental wastewater system, a controlled demonstration wastewater system, or an innovative wastewater system without having received an application from a manufacturer. The Department may recommend that the Commission designate a nonproprietary wastewater system as an accepted wastewater system without having received a petition from a manufacturer.

(j) Warranty Required in Certain Circumstances. – The Department shall not approve a reduction of the total nitrification trench length for an innovative wastewater system or accepted wastewater system handling untreated septic tank effluent of more than twenty-five percent (25%) as compared to the total nitrification trench length required for a 36-inch-wide conventional wastewater system unless the manufacturer of the innovative wastewater system or accepted wastewater system provides a performance warranty for the nitrification trench system to each owner or purchaser of the system for a warranty period of at least five years from the date on which the wastewater system is placed in operation. The warranty shall provide that the manufacturer shall provide all material and labor that may be necessary to provide a fully functional wastewater system. The Commission shall establish minimum terms and

conditions for the warranty required by this subsection. This subsection shall not be construed to require that a manufacturer warrant a wastewater system that is not properly sized to meet the design load required for a particular use, that is improperly installed, or that is improperly operated and maintained.

(k) Fees. – The Department shall collect the following fees under this section:

- | | |
|--|-------------------|
| <u>(1) Review of an alternative protocol under subsection (d) of this section</u> | <u>\$1,000.00</u> |
| <u>(2) Review of an experimental system</u> | <u>\$3,000.00</u> |
| <u>(3) Review of a controlled demonstration system</u> | <u>\$3,000.00</u> |

| <u>(8) Modification to approved innovative system</u> | <u>\$1,000.00</u> |

(l) On-Site Wastewater System Account. – The On-Site Wastewater System Account is established as a nonreverting account within the Department. Fees collected pursuant to this section shall be placed in the On-Site Wastewater System Account and shall be applied only to the costs of implementing this section."

SECTION 2.3. Until the Department approves an evaluation protocol as provided in G.S. 130A-343(d), as amended by Section 2.2 of this act, the Department may accept for review the data and findings of evaluations of performance of experimental, controlled demonstration, and innovative wastewater systems that are conducted as provided in: (i) "Protocol for the Verification of Wastewater Treatment Technologies" prepared by NSF International for the United States Environmental Protection Agency (April 2001); (ii) "Protocol for the Verification of Residential Wastewater Treatment Technologies for Nutrient Reduction" prepared by NSF International for the United States Environmental Protection Agency (27 November 2000); and (iii) "A Protocol for Testing, Assessing, and Approving Innovative or Alternative On-Site Wastewater Disposal Systems" prepared by New Jersey Department of Environmental Protection (24 July 2001).

SECTION 2.4. The Department of Environment and Natural Resources shall not accept an application for approval of an innovative wastewater system until it has acted on all applications for approval of innovative wastewater systems that were submitted to the Department prior to 1 October 2001. The Department shall act on all applications for approval of innovative wastewater systems that were submitted to the Department prior to 1 October 2001 within 120 days of the date on which this act becomes effective. The Department may

act on an application for a reduction of the total nitrification trench length for an innovative wastewater system handling untreated septic tank effluent as compared to the total nitrification trench length required for a 36-inch-wide conventional wastewater system that was submitted to the Department prior to 1 October 2001 only as provided in this section. The Department may approve a reduction of the total nitrification trench length for an innovative wastewater system handling untreated septic tank effluent of not more than thirty-five percent (35%) as compared to the total nitrification trench length required for a 36-inch-wide conventional wastewater system. The Department shall not approve a reduction of the total nitrification trench length for an innovative wastewater system handling untreated septic tank effluent of more than twenty-five percent (25%) as compared to the total nitrification trench length required for a 36-inch-wide conventional wastewater system unless the manufacturer of the innovative wastewater system provides a performance warranty for the nitrification trench system to each owner or purchaser of the innovative wastewater system for a warranty period of at least five years from the date on which the innovative wastewater system is placed in operation. The warranty shall provide that the manufacturer shall provide all material and labor that may be necessary to provide a fully functional wastewater system. The Department shall approve the terms and conditions of the warranty. This section shall not be construed to require that a manufacturer warrant an innovative wastewater system that is not properly sized to meet the design load required for a particular use, that is improperly installed, or that is improperly operated and maintained.

SECTION 2.5. The Commission for Health Services shall adopt temporary and permanent rules to implement the provisions of Sections 2.1 and 2.2 of this act. The Commission may review its current rules to determine whether any wastewater system, as defined by G.S. 130A-334, that is described in its rules should be designated as an accepted wastewater system or approved as an innovative wastewater system, as those terms are defined in G.S. 130A-343, as amended by Section 2.2 of this act. Notwithstanding G.S. 130A-343, as amended by Section 2.2 of this act, the Commission may designate a wastewater system that, prior to 1 October 2001, is described in its rules as an accepted wastewater system whether or not the wastewater system was described or approved as an innovative wastewater system prior to 1 October 2001. If the Commission determines that a wastewater system that is described in its rules prior to 1 October 2001 should not be designated as an accepted wastewater system, the Commission may amend its rules to remove the description of the wastewater system. If the Commission amends its rules to remove a

description of a wastewater system pursuant to this section, the wastewater system shall be deemed to be an approved innovative wastewater system without further action by the Department of Environment and Natural Resources. This section shall not be construed to require the Commission or the Department to change the current designation or approval status of any wastewater system.

SECTION 3. The Public Officers and Employees Liability Insurance Commission in the Department of Insurance shall effect and place professional liability insurance coverage for local health department sanitarians defened by the State under G.S. 143-300.8 under G.S. 58-32-15. For insurance purposes only under G.S. 58-32-15, local health department sanitarians are considered to be employees of the Department of Environment and Natural Resources.

SECTION 4. Sections 1.1, 1.2 and 3 of this act become effective 1 January 2002. All other sections of this act become effective when this act becomes law.

In the General Assembly read three times and ratified this the 5th day of December, 2001.

Became law upon approval of the Governor at 7:28 p.m. on the 19th day of December, 2001.

H.B. 253**SESSION LAW 2001-506**

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-273(13) reads as rewritten:
"§ 105-273. *Definitions.*

These terms also mean a manufactured home as defined in G.S. 143-143.9(6) if it is a ~~multi-section~~ residential ~~structure~~

~~(consisting of two or more sections); structure;~~ has the moving hitch, wheels, and axles removed; and is placed upon a permanent ~~enclosed~~ foundation on land owned by the owner of the manufactured home. A manufactured home as defined in G.S. 143-143.9(6) that does not meet all of these conditions is considered tangible personal property."

SECTION 2. Article 3 of Chapter 20 of the General Statutes is amended by adding the following new section to read:

"§ 20-109.2. Surrender of title to manufactured home.

(a) Surrender of Title. – If a title has been issued for a manufactured home and the manufactured home qualifies as real property as defined in G.S. 105-273(13), the owner shall submit an affidavit to the Division that the manufactured home meets this definition and surrender the certificate of title to the Division.

(b) Affidavit. – The affidavit must be in a form approved by the Commissioner and shall include or provide for all of the following information:

- (1) The manufacturer and, if applicable, the model name of the manufactured home.
- (2) The vehicle identification number and serial number of the manufactured home.
- (3) The legal description of the real property on which the manufactured home is placed, stating that the owner of the manufactured home also owns the real property.
- (4) A description of any security interests in the manufactured home.
- (5) A section for the Division's notation or statement that the title has been surrendered and cancelled by the Division.

(c) Cancellation. – Upon compliance by the owner with the procedure for surrender of title, the Division shall rescind and cancel the certificate of title. If a security interest has been recorded on the certificate of title, the Division may not cancel the title without written consent from all secured parties. After cancelling the title, the Division shall return the original of the affidavit to the owner, or to the secured party having the first recorded security interest, with the Division's notation or statement that the title has been surrendered and has been cancelled by the Division. The owner or secured party shall file the affidavit returned by the Division with the office of the register of deeds of the county where the real property is located.

(d) Application for Title After Cancellation. – If the owner of a manufactured home whose certificate of title has been cancelled under this section subsequently seeks to separate the manufactured home from the real property, the owner may apply for a new certificate of title. The owner must submit to the Division an affidavit

containing the same information set out in subsection (b) of this section, verification that the manufactured home has been removed from the real property, and written consent of any affected owners of recorded mortgages, deeds of trust, or security interests in the real property where the manufactured home was placed. The Commissioner may require evidence sufficient to demonstrate that all affected owners of security interests have been notified and consent. Upon receipt of this information, together with a title application and required fee, the Division is authorized to issue a new title for the manufactured home.

SECTION 8.(a) UNC System Refunds. – This section is intended to assist the constituent institutions of The University of North Carolina in situations in which students request refunds of tuition or fees because of involuntary or voluntary service in the military or because of circumstances related to national emergencies.

Upon request of the student, all constituent institutions may issue a full refund of tuition and required fees to students who are involuntarily called to active duty in the military after a semester or term begins.

All constituent institutions should have a process for determining on a case-by-case basis whether to grant a full refund of tuition and required fees to students who volunteer for military service or who request to withdraw because of circumstances related to a national emergency.

Constituent institutions should determine under what circumstances students who withdraw because of military service or circumstances related to national emergencies should be given the option of receiving incompletes in their courses instead of receiving tuition and fee refunds.

Constituent institutions should determine whether or not to give full or pro rata refunds of housing, parking, and other optional fees to students to whom they give tuition and required fee refunds.

Constituent institutions which offer courses on military bases should defer to their contracts with the military in making determinations concerning withdrawal from courses due to changes in assignments of military personnel.

It is recommended that every campus review its policy on tuition refunds and make modifications necessary to cover the circumstances described in this section.

SECTION 8.(b) Legislative Tuition Grants. – Students who are receiving the North Carolina Legislative Tuition Grant who lose their full-time student status due to a call to active military duty or circumstances related to national emergencies shall not be required to repay the Legislative Tuition Grant for that semester. SECTION 1. Chapter 20 of the General Statutes is amended by adding a new section to read:

"§ 20-301.1. Notice of additional charges against dealer's account; informal appeals procedure.

(a) Notwithstanding the terms of any contract, franchise, novation, or agreement, it shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch to charge or assess one of its franchised motor vehicle dealers located in this State, or to charge or debit the account of the franchised motor vehicle dealer for merchandise, tools, or equipment, other than the published cost of new motor vehicles, and merchandise, tools, or equipment specifically ordered by the franchised motor vehicle dealer, unless the franchised motor vehicle dealer receives a detailed itemized description of the nature and amount of each charge in writing at least 10 days prior to the date the charge or account debit is to become effective or due. For purposes of this subsection, prior written notice is required for the following charges or debits: advertising or advertising materials; advertising or showroom displays; customer informational materials; computer or communications hardware or software; special tools; equipment; dealership operation guides; Internet programs; and any additional charges or surcharges made or proposed for merchandise, tools, or equipment previously charged to the dealer.

(b) Any franchised new motor vehicle dealer who seeks to challenge an actual or proposed charge, debit, payment, reimbursement, or credit to the franchised new motor vehicle dealer or to the franchised new motor vehicle dealer's account in an amount less than or equal to ten thousand dollars (\$10,000) and that is in violation of this Article or contrary to the terms of the franchise may, prior to filing a formal petition before the Commissioner as provided in G.S. 20-301(b) or a civil action in any court of competent jurisdiction under G.S. 20-308.1, request and obtain a mediated settlement conference as provided in this subsection. Unless objection to the timeliness of the franchised new motor vehicle dealer's request for mediation under this subsection is waived in writing by the affected manufacturer, factory branch, distributor, or distributor branch, a franchised new motor vehicle dealer's request to mediate must be sent to the Commissioner within 75 days after the franchised new motor vehicle dealer's receipt of written notice from a manufacturer, factory branch, distributor, or distributor branch of the charges, debits, payments, reimbursements, or credits challenged by the franchised new motor vehicle dealer. If the franchised new motor vehicle dealer has requested in writing that the manufacturer, factory branch, distributor, or distributor branch review the questioned charges, debits, payments, reimbursements, or credits, a franchised new motor vehicle dealer's request to mediate must be sent to the Commissioner within 30 days after the franchised new motor vehicle dealer's receipt of the final written determination on the issue from the manufacturer, factory branch, distributor, or distributor branch.

- (1) It is the policy and purpose of this subsection to implement a system of settlement events that are designed to reduce the cost of litigation under this Article to the general public and the parties, to focus the parties' attention on settlement rather than on trial preparation, and to provide a structured opportunity for settlement negotiations to take place.
- (2) The franchised new motor vehicle dealer shall send a letter to the Commissioner by certified or registered mail, return receipt requested, identifying the actual or proposed charges the franchised new motor vehicle dealer seeks to challenge and the reason or basis for the challenge. The charges, debits, payments, reimbursements, or credits challenged by the franchised new motor vehicle dealer need not be related, and multiple issues may be resolved in a single proceeding. The franchised new motor vehicle dealer shall send a copy of the letter to the affected manufacturer, factory branch, distributor, or distributor branch, addressed to

the current district, zone, or regional manager in charge of overseeing the dealer's operations, or the registered agent for acceptance of legal process in this State. Upon the mailing of a letter to the Commissioner and the manufacturer, factory branch, distributor, or distributor branch pursuant to this subsection, any chargeback to or any payment required of a franchised new motor vehicle dealer by a manufacturer, factory branch, distributor, or distributor branch shall be stayed during the pendency of the mediation. Upon the mailing of a letter to the Commissioner and manufacturer, factory branch, distributor, or distributor branch pursuant to this subsection, any statute of limitation or other time limitation for filing a petition before the Commissioner or civil action shall be tolled during the pendency of the mediation.

- (3) Upon receipt of the written request of the franchised new motor vehicle dealer, the Commissioner shall appoint a mediator and send notice of that appointment to the parties. A person is qualified to serve as mediator as provided by this subdivision if the person is certified to serve as a mediator under Rule 8 of the North Carolina Rules Implementing Statewide Mediated Settlement Conferences in Superior Court Civil Actions and does not represent motor vehicle dealers or manufacturers, factory branches, distributors, or distributor branches. A mediator acting pursuant to this subdivision shall have judicial immunity in the same manner and to the same extent as a judge of the General Court of Justice.
- (4) The parties shall by written agreement select a venue and schedule for the mediated settlement conference conducted under this subsection. If the parties are unable to agree on a venue and schedule, the mediator shall select a venue and schedule. Except by written agreement of all parties, a mediation proceeding and mediated settlement conference under this subsection shall be held in North Carolina.
- (5) In this subsection, 'mediation' means a nonbinding forum in which an impartial person, the mediator, facilitates communication between parties to promote reconciliation, settlement, or understanding among them. A mediator may not impose his or her own judgment on the issues for that of the parties.
- (6) At least 10 days prior to the mediated settlement conference, the affected manufacturer, factory branch,

distributor, or distributor branch shall, by certified or registered mail, return receipt requested, send the mediator and the franchised new motor vehicle dealer a detailed response to the allegations raised in the franchised new motor vehicle dealer's written request. The mediation may be conducted by officers or employees of the parties themselves without the appearance of legal counsel. However, at least 10 days prior to the mediated settlement conference, either party may give notice to the other and to the mediator of its intention to appear at the mediation with legal counsel, in which event either party may appear at the mediation with legal counsel.

- (7) A mediation proceeding conducted pursuant to this subsection shall be complete not later than the sixtieth day after the date of the Commissioner's notice of the appointment of the mediator; this deadline may be extended by written agreement of the parties. The parties shall be solely responsible for the compensation and expenses of the mediator on a 50/50 basis. The Commissioner is not liable for the compensation paid or to be paid a mediator employed pursuant to this subsection.
- (8) A party may attend a mediated settlement conference telephonically in lieu of personal appearance. If a party or other person required to attend a mediated settlement conference fails to attend without good cause, the Commissioner may impose upon the party or person any appropriate monetary sanction, including the payment of fines, attorneys' fees, mediator fees, expenses, and loss of earnings incurred by persons attending the conference.
- (9) If the mediation fails to result in a resolution of the dispute, the franchised new motor vehicle dealer may proceed as provided in G.S. 20-301(b) and G.S. 20-308.1. Upon the filing of a petition pursuant to G.S. 20-301(b) or a civil action pursuant to G.S. 20-308.1, the affected manufacturer, factory branch, distributor, or distributor branch shall not require payment from the dealer, or debit or charge the dealer's account, unless and until a final judgment supporting the payment or charge has been rendered by the Commissioner or court. All communications made during a mediation proceeding, including, but not limited to, those communications made during a mediated settlement

conference are presumed to be made in compromise negotiation and shall be governed by Rule 408 of the North Carolina Rules of Evidence."

H.B. 1284**SESSION LAW 2001-516**

AN ACT TO CREATE A CIVIL PROCEDURE FOR ASSERTING A RIGHT OF ACCESS TO A JUDICIAL PROCEEDING OR TO A JUDICIAL RECORD; TO CREATE A NEW FEE FOR FILING A MOTION UNDER G.S. 1-72.1; TO PROTECT CERTAIN RECORDS AND PROCEEDINGS DEALING WITH SENSITIVE PUBLIC SECURITY AND PROTECTION ISSUES; TO PROVIDE THAT CERTAIN TERMS OF CONTRACTS BETWEEN HOSPITALS, HOSPITAL AUTHORITIES, PHYSICIAN OR OTHER MEDICAL PROVIDERS, OR A PHARMACY BENEFIT MANAGER AND THE PLAN ARE NOT A PUBLIC RECORD; AND TO PROVIDE FOR THE CONFIDENTIALITY OF COMPETITIVE HEALTH CARE INFORMATION.

The General Assembly of North Carolina enacts:

SECTION 1. Article 6 of Chapter 1 of the General Statutes is amended by adding a new section to read:

"§ 1-72.1. Procedure to assert right of access.

(a) Any person asserting a right of access to a civil judicial proceeding or to a judicial record in that proceeding may file a motion in the proceeding for the limited purpose of determining the person's right of access. The motion shall not constitute a request to intervene under the provisions of Rule 24 of the Rules of Civil Procedure and shall instead be governed by the procedure set forth in this statute. The movant shall not be considered a party to the action solely by virtue of filing a motion under this section or participating in proceedings on the motion. An order of the court granting a motion for access made pursuant to this section shall not make the movant a party to the action for any purpose.

(b) The movant shall serve a copy of its motion on all parties to the proceeding in any manner provided in Rule 5 of the Rules of Civil Procedure. Upon receipt of a motion filed pursuant to this section, the

court shall establish the date and location of the hearing on the motion that shall be set at a time before conducting any further proceedings relative to the matter for which access is sought under the motion. The court shall cause notice of the hearing date and location to be posted at the courthouse where the hearing is scheduled. The movant shall serve a copy of the notice of the date, time, and location of the hearing on all parties to the proceeding in any manner provided in Rule 5 of the Rules of Civil Procedure.

(c) The court shall rule on the motion after consideration of such facts, legal authority, and argument as the movant and any other party to the action desire to present. The court shall issue a written ruling on the motion that shall contain a statement of reasons for the ruling sufficiently specific to permit appellate review. The order may also specify any conditions or limitations on the movant's right of access that the court determines to be warranted under the facts and applicable law.

(d) A party seeking to seal a document or testimony to be used in a court proceeding may submit the document or testimony to the court to be reviewed in camera. This subsection also applies to (i) any document or testimony that is the subject of a motion made under this section and that is submitted for review for the purposes of the court's consideration of the motion to seal, and (ii) to any document or testimony that is the subject of a motion made under this section and that was submitted under seal or offered in closed session prior to the filing of a motion under this section. Submission of the document or proffer of testimony to the court pursuant to this section shall not in itself result in the document or testimony thereby becoming a judicial record subject to constitutional, common law, or statutory rights of access unless the document or testimony is thereafter introduced into evidence after a motion to seal or to restrict access is denied.

(e) A ruling on a motion made pursuant to this section may be the subject of an immediate interlocutory appeal by the movant or any party to the proceeding. Notice of appeal must be given in writing, filed with the court, and served on all parties no later than 10 days after entry of the court's ruling. If notice of appeal is timely given and given before further proceedings are held in the court that might be affected by appellate review of the matter, the court, on its own motion or on the motion of the movant or any party, shall consider whether to stay any proceedings that could be affected by appellate review of the court's ruling on the motion. If notice of appeal is timely given but is given only after further proceedings in the trial court that could be affected by appellate review of the ruling on a motion made pursuant to this section, or if a request for stay of proceedings is made and is denied, then the sole relief that shall be available on any appeal in the event the appellate court determines that the ruling of the trial

court was erroneous shall be reversal of the trial court's ruling on the motion and remand for rehearing or retrial. On appeal the court may determine that a ruling of the trial court sealing a document or restricting access to proceedings or refusing to unseal documents or open proceedings was erroneously entered, but it may not retroactively order the unsealing of documents or the opening of testimony that was sealed or closed by the trial court's order.

(f) This section is intended to establish a civil procedure for hearing and determining claims of access to documents and to testimony in civil judicial proceedings and shall not be deemed or construed to limit, expand, change, or otherwise preempt any provisions of substantive law that define or declare the rights and restrictions with respect to claims of access. Without in any way limiting the generality of the foregoing provision, this section shall not apply to juvenile proceedings or court records of juvenile proceedings conducted pursuant to Chapters 7A, 7B, 90, or any other Chapter of the General Statutes dealing with juvenile proceedings.

(g) Nothing in this section diminishes the rights of a movant or any party to seek appropriate relief at any time from the Supreme Court or Court of Appeals through the use of the prerogative writs of mandamus or supersedeas."

SECTION 2. G.S. 7A-308(a) reads as rewritten:

Recommended Budget	\$5,923,802,924	\$6,021,031,149

Legislative Changes

A. More Accurate Projection of Budget Requirements

1 Additional Adjustments in Average Salary Projections	(\$8,497,668)	R	(\$8,497,668)	R
In addition to the annual Continuation Budget adjustment for average budgeted salary of certified personnel, a more recent review of certified personnel salaries from updated salary data, identified an additional reduction in projected salary needs for FY 2001-02.				
2 School Bus Purchases	(\$23,915,892)	NR		
Reduce funding for FY 2001-02 based on a revised school bus replacement schedule.				
3 Payments for Teacher Unused Vacation Days	(\$4,000,000)	R	(\$4,000,000)	R
Adjust funding to reflect recent expenditure experience.				
4 Mentor Pay	(\$3,000,000)	R	(\$3,000,000)	R
Reduce funding to reflect recent expenditure experience.				
5 Transportation Adjustment: Bus Driver Physicals	(\$535,000)	R	(\$535,000)	R
The Division of Motor Vehicles is delaying the implementation of the requirement that bus drivers must have a physical examination every two years. Twenty-five thousand (\$25,000) will remain in the budget for pilot projects.				
6 Transportation Adjustment: Diesel Fuel Cost	(\$2,990,000)	R	(\$3,048,890)	R
The economic forecast models project a 10.5% decline in diesel fuel cost from the current year's average. The current average cost is \$0.92 per gallon and the Continuation Budget was based on an estimated cost of \$1.05 per gallon. This adjustment budgets diesel fuel at \$0.92 which is the current level. All school buses utilize diesel fuel.				
7 Transportation Adjustment: Inventory Adjustment	(\$4,000,000)	NR		
June 30, 2000 inventory levels (oil, tires, and parts) were approximately 62% of annual needs. This one-time reduction is to reduce current inventory levels to a more optimum level.				
8 Revised Projection of Average Daily Membership	(\$20,199,068)	R	(\$16,227,221)	R
To eliminate the possibility of duplicating the inclusion of some students in projecting a local school administrative units average daily membership and to project a more realistic estimate of future student populations.

12 Charter School Reserve	(\$2,404,513)	R	(\$3,404,513)	R
Funds in the category are used to distribute the applicable State funding to charter schools for students attending a charter school who were not previously in a public school (private or home schooled). Since the number of charter schools has reached the maximum legislated number of 100, the reserve can be reduced to \$2 million in FY 2001-02 and \$1 million in FY 2002-03.				
13 Driver Education	\$0	R	\$0	R

40 Redirect DARE Program

(\$231,000) R

(\$325,000) R

Approximately 60 percent of the NC DARE workload is in support of its role as the U.S. Southeast Regional Training Center. As of August 31, 2001, NC DARE will no longer perform this SE regional training function and will stop receiving federal funds from DARE America. NC DARE uses all of the federal funds for SE regional training and none of these funds are passed through to local law enforcement agencies. With the termination of NC DARE as SE Regional Trainers, state funding and resources are redirected to provide training to NC local law enforcement officers only, 40% of the current workload. This redirection and changes in the methods of providing State training make it possible to reduce six state positions, effective October 1, 2001. The SBI would retain three positions and shall continue to administer the program, but shall provide the training in a more cost-efficient manner by collaborating with the Criminal Justice Standards Division so as to utilize the resources of the Justice Training Academies. In support of the DARE program, DARE America indicates that it will make available, at no cost, technical assistance and training resources to state and local law enforcement agencies.

72 Reduce Appropriation to John Hyman Foundation	(\$25,000)	R	(\$25,000)	R
<p>The John Hyman program has leased the former Warren County Correctional Facility for \$1 per year and therefore will no longer have to pay for facility rental at its current location. It was determined that John Hyman's budget could be reduced by 10%, slightly less than the amount currently being spent on rent. The reduction should not result in a decrease in services but in the program's administration/operating budget.</p>

73 Abolish Vacant Parole Commission Positions	(\$78,000)	R	(\$78,000)	R

74 Close Alamance Correctional Center	(\$745,546)	R	(\$960,220)	R
<p>Alamance currently operates as a minimum custody work release unit. The Governor recommended closing this prison consistent with the GPAC recommendations. Cost per day and the declining need for minimum custody beds was also considered. Alamance's cost per day in 1999-2000 was \$66.89 compared to \$52.52 for the average minimum custody unit. The budget reduction includes a 50% reduction in the inmate budget. The prison would close October 1, 2001.</p>

76 Medical Transportation Officers	(\$263,249)	R	(\$315,843)	R
<p>This reduction in the number of correctional officers that transport inmates is possible because DOC has reduced medical contracts and hired more in-house doctors, thus reducing travel for medical purposes.</p>

77 Increase Work Release Transportation Fee	(\$33,500)	R	(\$33,500)	R

79 Close Scotland Correctional Center

(\$929,980) R (\$1,394,966) R

Scotland Correctional Center will be closed November 1, 2001. Scotland is a small GPAC unit with 48 minimum custody inmates and 24 segregation beds. The cost per day in 99-2000 was \$102. The Governor also recommended closing Scotland. The reduction amount includes a 50% reduction in the inmate budget.

80 Inmate Disciplinary Fees

(\$220,000) R (\$220,000) R

Adjust inmate disciplinary fees to reflect projected collections and reduce General Fund. The Governor's Budget recommended a \$120,000 reduction in the General Fund. The reduction shall be \$220,000, based on the latest collection figures.

81 Inmate Food Budget Reduction

(\$4,625,000) R (\$4,500,000) R

The Governor recommended a reduction of \$2,197,549 each year based on the improved efficiency of inmate food service and a resulting decrease in expenditures. It is anticipated DOC will be able to decrease expenditures further compared to the Governor's final recommended budget for each year. The food budget shall be reduced by an additional \$2,427,451 for a total of \$4,625,000 in FY01-02. The reduction in FY02-03 shall be an additional \$2,302,451 for a total of \$4,500,000.

82 Funding to Operate two Former Private Prisons

\$2,750,000 R \$2,750,000 R

DOC is now operating Pamlico and Mt. View as State prisons. The prisons were formerly run by a private contractor for DOC. The amount funded is to cover increased DOC operating costs. DOC is already operating these prisons.

83 Reduce Program Staffing in Prisons

(\$214,260) R (\$285,681) R

The current program staffing ratio is one staff person for every 52 inmates. This reduction would increase the ratio to approximately one person for every 55 inmates by 2002-03. The reduction of 10 positions is to be carried out system wide from among the 606 program positions and is effective October 1, 2001. Positions should be eliminated from among the following job classes with at least one position from a program supervisor class:

-10.00 -10.00

Program Assistant Supervisor
Program Assistant II
Program Assistant I

84 Reception and Diagnostic Centers

(\$127,900) R (\$156,026) R

Based on overstaffing compared to workload guidelines, six positions shall be eliminated, effective October 1, 2001. The positions to be eliminated can be from any of the following position classifications:

-6.00 -6.00

85 Prison Chaplain Program

(\$186,244) R (\$247,178) R

DOC obtains chaplain and religious services for inmates through a combination of permanent DOC chaplain positions, contract chaplains, and volunteer chaplains and religious groups. DOC's General Fund budget is over \$2.9 million dollars for the DOC chaplain program; additional funding for contract chaplains is provided from the Inmate Canteen/Welfare Fund. It is recommended that seven of the 73 DOC chaplain positions be eliminated system wide. The reductions should be taken at prisons where there is more than one DOC chaplain position. DOC should increase efforts to obtain more community volunteers to provide religious services. The reduction is effective October 1, 2001

86 Inmate Road Squad Payments

(\$3,000,000) R (\$3,000,000) R
(\$2,842,233) NR

DOT uses DOC inmate road squads to perform highway-related labor. Currently, General fund costs are funded by reimbursements from the Highway Fund. For the 2001-03 biennium, \$2.5 million shall be transferred quarterly from DOT to DOC for the cost of operating inmate road squads. The amount of \$3 million in this report is the difference between the current projected amount of \$7 million dollars, which did not fully fund the actual cost of the road squads, and the anticipated cost of \$10 million in each year of the biennium. DOT is also directed to appropriate \$2,842,233 from the Highway Fund to the General Fund as a one-time appropriation in 2001-02. DOT has not reimbursed DOC for the full \$7 million dollar amount directed for payment in HB 168 for the 1999-2001 biennium so it is directed that this payment be made in 2001-02.

87 Annualize Medical Positions

The Governor's 1999 budget inadvertently left out annualization of DOC medical positions funded in 1997. This amount annualizes those positions, which are already established.

A new 192 bed prison diagnostic center is due to open fall of 2001. The funding, which was not included in the Governor's Recommended Budget, is to operate the new building. The funding is reduced by \$100,000 below the DOC request by reducing the non-salary operating budget.

EXECUTIVE ORDER NO. ONE

THE NORTH CAROLINA BOARD OF ETHICS

WHEREAS, the people of North Carolina entrust public power to elected and appointed officials for the purpose of furthering the public, not private or personal, interest; and

WHEREAS, to maintain the public trust it is essential that government function honestly and fairly, free from all forms of impropriety, threats, favoritism, and undue influence; and

WHEREAS, elected and appointed officials must maintain and exercise the highest standards of duty to the public in carrying out the responsibilities and functions of their positions; and

WHEREAS, acceptance of authority granted by the people to elected and appointed officials imposes a commitment of fidelity to the public interest and such power cannot be used to advance narrow interest for oneself, other persons, or groups; and

WHEREAS, self interest, partiality, and prejudice have no place in decision making for the public good; and

WHEREAS, Public Officials must exercise their duties responsibly with skillful judgment and energetic dedication; and

WHEREAS, Public Officials must exercise discretion with sensitive information pertaining to public and private persons and activities; and

WHEREAS, to maintain the integrity of North Carolina's state government, those citizens entrusted with authority must exercise it for the good of the public and treat every citizen with courtesy, attentiveness, and respect; and

WHEREAS, because many public officials serve on a part-time basis, it is inevitable that conflicts of interest and appearances of conflict will occur. Often these conflicts are unintentional and slight, but at every turn those who represent the people of this State must be certain that it is the interests of the people, and not their own, that are being served. Officials should be prepared to remove themselves immediately from decisions, votes, or processes where even the appearance of a conflict of interest exists; and

WHEREAS, the State of North Carolina is committed to the responsible exercise of authority by persons of honor and good will in their government, by adopting a stronger procedure to prevent the occurrence of conflicts of interest in government and to resolve conflicts when they do occur.

NOW, THEREFORE, by the power vested in me as Governor by the Constitution and laws of the State of North Carolina, IT IS ORDERED:

Section 1. Rescission of Executive Order No. 127, as amended.

Executive Order Number 127, dated January 16, 1998, and all subsequent amendments thereto, including Executive Order 131 dated March 25, 1998, are hereby rescinded. All records, including Statements of Economic Interest and other resources of the North Carolina Board of Ethics created pursuant to Executive Order Number 127, as amended, are transferred to the North Carolina Board of Ethics created herein.

Section 2. North Carolina Board of Ethics – Creation & Term of Service

There is hereby established the North Carolina Board of Ethics ("the Board"). The Board shall consist of seven persons appointed by the Governor. To provide for staggered terms, the Governor shall appoint three members to serve initial terms of two years, two members to serve initial terms of three years, and two members to serve initial terms of four years. Thereafter, each member shall serve a term of four years. No member shall be removed from the Board absent misfeasance, malfeasance, or nonfeasance as determined by the Governor. The Governor shall, from time to time, designate one of the members as Chair. The members shall receive no compensation, but shall receive reimbursement for any necessary expenses incurred in connection with the performance of their duties pursuant to North Carolina law and procedure. Vacancies on the Board shall be filled for the remainder of the term by appointment of the Governor.

(3) The Board shall interpret the provisions of this Order and such interpretations shall be binding on all Public Officials. Any conflict between a provision in this Order and other North Carolina law (such as the North Carolina Administrative Code, North Carolina General Statutes, and State Constitution) shall be resolved in favor of the law.

(4) The Board shall submit a report annually to the Governor on its activities and generally on the subject of public disclosure, ethics, and conflicts of interest. The report shall include such recommendations for administrative and legislative action as the Board deems appropriate.

(5) The Board shall meet as often as it deems necessary to carry out its duties under this Order. A meeting may be called by the Chair or by a majority of its members upon request to the Chair or person acting in his or her stead.

(6) The Board shall perform such other duties as may be necessary to accomplish the purposes of this Order.

(b) **“Statement of Economic Interest” Review and Evaluation**

(1) The Board shall review all Statements of Economic Interest (hereinafter “Statements” or “SEI”) filed by prospective or actual Public Officials to evaluate whether:

- (a) the Statements conform with the terms of this Order;
- (b) the Statements comply with the Board's forms, policies, and procedures; and
- (c) the financial, familial, and personal interests and other information reported reveals

an actual or potential conflict of interest.

(2) The Board shall submit a written evaluation of each Statement to the following:

- (a) the Public Official who submitted the Statement;
- (b) the chair of each covered board on which the Public Official serves;
- (c) the Governor for gubernatorial appointees and employees in the Office of the

Governor; and

- (d) the appointing or hiring authority for those Public Officials subject to this Order.

The Board shall make every reasonable effort to evaluate Statements filed by actual or prospective Public Officials as promptly as possible. The Board may not accept and shall not evaluate Statements voluntarily or inadvertently submitted by those who are not Public Officials covered under this Order, including, without limitation, appointees to advisory boards or employees or appointees in other branches of State government.

(c) **Complaints Against Public Officials**

(1) The Board shall investigate legitimate, properly-filed complaints against covered Public Officials according to rules or regulations it may adopt for that purpose. The Board may not investigate and shall not accept complaints filed against employees or appointees who do not come under its jurisdiction pursuant to this Order. Any person may file a complaint with the Board regarding actions of any Public Official covered by this Order which constitute a violation of the Order. A complaint shall include:

- (a) the name, address, and telephone number of the individual filing the complaint (“the complainant”);
- (b) the name and job title or appointive position of the Public Official against whom the complaint is filed; and

(c) a concise statement of the nature of the complaint and specific facts indicating that a violation of this Order has occurred.

Complaints filed against Public Officials pursuant to this subsection must be filed with the Board within ninety (90) days of when the complainant knew or should of known of the conduct complained of. The Board may decline to accept or investigate any attempted complaint which does not contain any of the aforementioned information, or the Board may, at its sole option and discretion, request additional information be provided by the complainant within a specified reasonable amount of time (such time to be not less than seven (7) business days), barring which the attempted complaint may be dismissed.

(2) In addition to the foregoing, the Board may decline to accept or investigate a complaint if it determines that

(a) the complaint is frivolous or brought in bad faith,

(b) the individuals and conduct complained of have already been the subject of a prior complaint, or

(c) the conduct complained of is primarily a matter more appropriately and adequately addressed and handled by other Federal, State, or Local agencies or authorities, including, but not limited to, law enforcement authorities. If other agencies or authorities are conducting an investigation of the same actions or conduct involved in a complaint filed pursuant to this Section, the Board shall stay its complaint investigation pending final resolution of such other investigation.

(3) The Board also is authorized to unilaterally initiate investigations upon the request of any Board member if, in the Board member's discretion, there is reason to believe that a Public Official has or may have violated this Executive Order. There is no time limit on Board-initiated complaint investigations under this subsection. In determining whether there is reason to believe that a violation has or may have occurred, a Board member can take general notice of available information even if not formally provided to the Board in the form of a complaint.

(4) The Board shall promptly notify Public Officials that a complaint has been filed or initiated against them. A Public Official against whom a complaint is filed, and all other individuals against whom allegations are made in a complaint, shall be given an opportunity to file a written response with the Board. As provided in Section 10 of this Order, the Board may utilize the services of hired investigators when conducting investigations.

(5) Public Officials shall promptly and fully cooperate with the Board in any Board related investigations. Failure to cooperate fully with the Board in any investigation shall be grounds for sanctions as set forth in Section 8 of this Order.

(6) To the extent possible and consistent with Chapter 132 of the North Carolina General Statutes (the "Public Records Law"), it is the intent of this Order that all preliminary and ongoing investigative materials and information not be disclosed until such investigation is completed, at which time the Board shall issue its official findings and recommendations. To the extent the Board deems it necessary or advisable to enhance compliance with this Order and raise the level of ethical awareness in public service, the Board may periodically publish (either in complete or summary form) its official findings and recommendations made pursuant to third-party or Board-initiated complaint investigations. The Board shall forward a copy of its official findings and recommendations to:

- (a) the Public Official whose conduct is at issue;
- (b) the complainant (if applicable);
- (c) the head of the Agency in which the Public Official serves (which term includes the chair of each covered board) ;
- (d) the Governor for all gubernatorial appointees and employees in the Office of the Governor; and,
- (e) the official responsible for hiring or making the appointment of the person investigated.

(d) **Advisory Opinions**

The Board shall render advisory opinions as may be requested by any Public Official, any individual not otherwise a Public Official who is responsible for the supervision or appointment of someone who is a Public Official, Agency heads (which term includes the chair of each covered board), and legal counsel for covered Agencies or boards. The request shall be in writing and relate prospectively to real or reasonably-anticipated fact settings or circumstances. The Board shall issue advisory opinions having prospective application only. Advisory opinions are not intended to and shall not serve as substitute or *de facto* complaints against Public Officials for past conduct. Staff to the Board may issue advisory opinions under such circumstances and procedures as may be prescribed by the Board.

(e) **Ethics Education and Awareness Program.**

(1) The Board shall develop and implement an ethics education and awareness program designed to instill in all Public Officials a keen and continuing awareness of their ethical obligations and a sensitivity to situations that might result in real or potential conflicts of interest or appearances of conflict of interest.

(2) Upon request, the Board shall make basic ethics education and awareness presentations to all Agency heads, their chief deputies or assistants, and all other Public Officials subject to this Order. Such presentations shall stress the Rules of Conduct for Public Officials as set out below and provide attendees with practical tools to aid in identifying and neutralizing real or potential conflicts of interest. Covered Public Officials and those responsible for appointing, supervising, or advising such Public Officials are strongly encouraged to attend a basic ethics education and awareness presentation as soon as reasonably practicable.

(3) In addition, upon request the Board shall assist each Agency in developing such in-house educational programs, procedures, workshops, or seminars as are necessary or desired to meet the Agency's particular needs for ethics education, conflict identification, and conflict avoidance.

(4) The Board shall produce and distribute to all Public Officials a newsletter designed to further the goals and objectives of this Order. In particular, such newsletter shall inform Public Officials of the Board's policies, procedures, and opinions having widespread applicability or interest, and shall provide such other information as may be helpful in raising the level of ethical awareness in public service.

(5) The Board shall assemble and maintain a collection of relevant North Carolina laws, rules, and regulations that set forth ethical standards applicable to Public Officials, which collection shall be made available as resource material to all Public Officials and ethics liaisons upon request.

Section 6. Duties of the "Heads of State Agencies."

(a) The head of each State Agency (which term includes the chair of each board subject to this Order) shall take an active role in furthering ethics in public service and ensuring compliance with this Order. The head of each State Agency shall make a conscientious, good-faith effort to assist Public Officials within the Agency (or on the board) in monitoring their personal, financial, and professional affairs to avoid taking any action which results in a conflict of interest or the appearance of conflict.

(b) The head of each State Agency shall maintain familiarity with and stay knowledgeable of the reports, opinions, newsletters, and other communications from the Board of Ethics regarding ethics in general and the interpretation and enforcement of this Order. Agency heads shall also maintain familiarity with and stay knowledgeable of the Board's reports, evaluations, opinions, or findings regarding individual Public Officials in his or her Agency or on his or her board or under his or her supervision or control, including all such reports, evaluations, opinions, or findings pertaining to actual or potential conflicts of interest.

(c) When an actual or potential conflict of interest is cited by the Board of Ethics in regard to a Public Official sitting on a board, then the conflict shall be recorded in the minutes of the applicable board and

duly brought to the attention of the membership by the entity's chair as often as necessary to remind all members of the conflict and help ensure compliance with this Order.

(d) The head of each State Agency shall periodically remind Public Officials under his or her authority of their duties to the public under the Rules of Conduct herein, including the duty of each Public Official to monitor, evaluate, and manage his or her personal, financial, and professional affairs to ensure the absence of conflicts of interest or appearances of conflict.

(e) At the beginning of any official meeting of a covered board, the chair shall remind all members of their duty to avoid conflicts of interest and appearances of conflict pursuant to this Order. The chair also shall inquire as to whether there is any known conflict of interest or appearance of conflict with respect to any matters coming before the board at that time.

(f) Agency heads shall ensure that legal counsel employed by or assigned to their Agencies are familiar with the provisions of this Order (particularly the Rules of Conduct set out in Section 7 below) and are available to advise Public Officials on the ethical considerations involved in carrying out their public duties in the best interest of the public. Legal counsel so engaged may consult with the Board of Ethics, seek the Board's assistance or advice, and refer Public Officials and others to the Board of Ethics as appropriate.

(g) Taking into consideration the individual autonomy, needs, and circumstances of each Agency covered by this Order, Agency heads shall consider the need for the development and implementation of in-house educational programs, procedures, or policies tailored to meet the Agency's particular needs for ethics education, conflict identification, and conflict avoidance. This should include, at a minimum, the periodic presentation to all Agency heads, their chief deputies or assistants, and other Public Officials under their supervision or control of the basic ethics education and awareness presentation outlined in Section 5 above and any other workshop/seminar program the Agency head deems necessary in implementing the provisions of this Order. Agency heads may request reasonable assistance from the Board of Ethics in complying with the requirements of this subsection.

(h) As soon as reasonably practicable after the designation, hiring, or promotion of their chief deputies, assistants, or other Public Officials under their supervision or control, or learning of the appointment or election of other Public Officials to an Agency head's board covered under this Order, all Agency heads shall (1) notify the Board of Ethics of such designation, hiring, promotion, appointment, or election and (2) provide all such Public Officials with copies of this Order (together with any subsequent amendments thereto) and all applicable financial disclosure forms (including, without limitation, Statement of Economic Interest disclosure form(s) pursuant to Section 9 below), if such materials and forms have not been previously provided to such

Public Officials by their appointing authorities. In order to avoid duplication of effort, Agency heads shall coordinate this effort with the Board's staff.

Section 7. Rules of Conduct for Public Officials.

Public Officials shall perform their official duties in a manner to promote the best interests of the public. To help ensure the proper performance of their duties, the following Rules of Conduct are adopted.

(a) Conflicts of Interest

(1) A Public Official shall not knowingly use his or her position in any manner which will result in financial benefit, direct or indirect, to the Public Official, the Official's family, or an individual with whom or business, organization, or group with which the Public Official is associated. This provision shall not apply to financial and other benefits (a) derived by a Public Official that he or she would enjoy to an extent no greater than that which other citizens of North Carolina would or could enjoy, (b) rightfully gained by a Public Official pursuant to the proper performance of his or her official duties or State employment, or (c) that are so remote, tenuous, insignificant, or speculative that a reasonable person would conclude under the circumstances that the Public Official's ability to protect the public interest and perform his or her official duties would not be compromised.

(2) A Public Official shall not, directly or indirectly, knowingly ask, accept, demand, exact, solicit, seek, assign, receive, or agree to receive anything of value for himself or herself, or for another person, in return for being influenced in the discharge of his or her official responsibilities, other than that which is received by the Public Official from the State for acting in his or her official capacity.

(3) A Public Official shall not solicit or receive personal financial gain, other than that received by the Public Official from the State for acting in his or her official capacity, for advice or assistance given in the course of carrying out the Public Official's duties.

(4) A Public Official shall not use or disclose information gained in the course of, or by reason of, his or her official responsibilities in a way that would affect a personal financial interest of the Public Official, a member of the Official's family, or a person with whom or business, organization, or group with which the Public Official is associated. A Public Official shall not improperly use or disclose any information deemed confidential by North Carolina law and therefore not a public record.

(5) A Public Official shall not cause the employment, appointment, promotion, transfer, or advancement of a family member to a State or local office or position which the Public Official supervises or

manages. A Public Official shall not participate in an action relating to the disciplining of a member of the Public Official's family.

(b) Appearances of Conflict

(1) A Public Official shall make every effort to avoid even the appearance of a conflict of interest. An appearance of conflict exists when a reasonable person would conclude from the circumstances that the Public Official's ability to protect the public interest, or perform public duties, is compromised by familial, personal, or financial interests. An appearance of conflict could exist even in the absence of a true conflict of interest.

(2) A Public Official shall take reasonable and appropriate steps, under the particular circumstances and considering the type of proceeding involved, to remove himself or herself, to the extent necessary to protect the public interest and comply with this Order, from any proceeding in which the Public Official's impartiality might reasonably be questioned due to the Official's familial, personal, or financial relationship with a participant in the proceeding. A "participant" includes, but is not limited to, (a) an owner, shareholder, partner, employee, agent, officer, or director of a business, organization, or group involved in the proceeding, or (b) an organization or group which has petitioned for rulemaking or has some specific, unique, and substantial interest in the proceeding. "Proceeding" includes, but is not limited to, both quasi-judicial proceedings (like contested case hearings) and quasi-legislative proceedings (like most rulemaking). A "personal relationship" includes, but is not limited to, one in a leadership or policy-making position (such as officers or directors) in a business, organization, or group.

(3) If a Public Official is uncertain whether the relationship in question justifies removing himself or herself from the proceeding pursuant to this subsection, then the Official shall disclose the relationship to the person presiding over the proceeding and seek appropriate guidance. The presiding officer, in consultation with legal counsel if necessary, shall then determine the extent to which, if any, the Public Official will be permitted to participate. If the affected Public Official is the person presiding, then the vice chair or such other substitute presiding officer shall make the determination. A good-faith determination under this subsection of the allowable degree of participation by a Public Official is presumptively valid and only subject to review under Section 8 below upon a clear and convincing showing of mistake, fraud, abuse of discretion, or willful disregard of the provisions of this Order.

(c) Other Rules of Conduct

(1) A Public Official shall make a due and diligent effort before taking any action (such as voting or participating in discussions with other Public Officials on a board) to determine whether he or she has a conflict of interest or appearance of conflict.

(2) A Public Official shall continually monitor, evaluate, and manage his or her personal, financial, and professional affairs to ensure the absence of conflicts of interest and appearances of conflicts.

Section 8. Sanctions.

(a) Public Officials serving on boards, commissions, or councils.

The North Carolina General Statutes provide that certain appointees to boards, commissions, and councils may be removed from office for misfeasance, malfeasance, or nonfeasance. The failure of any Public Official serving on a board, commission, or council to comply with this Order is hereby deemed to be misfeasance, malfeasance, or nonfeasance as used in the General Statutes. In the event of misfeasance, malfeasance, or nonfeasance, the offending Public Official shall be subject to removal from the board, commission, or council of which he or she is a member. For gubernatorial appointees, the Governor shall determine whether to remove the Public Official. For all other appointees, the appointing authority shall exercise the discretion of whether to remove the offending Public Official.

(b) Public Officials serving as State employees.

The provisions within this Executive Order are hereby deemed to be written work rules. The failure of any Public Official to comply with this Order shall be a violation of a written work rule thereby permitting disciplinary action as allowed by North Carolina law, including termination from employment. Except for State employees brought under the terms of this Order pursuant to Section 4, the Governor shall make all final decisions on the manner in which offending Public Official State employees shall be disciplined. For State employees subject to this Order pursuant to Section 4, the elected or appointed head of the Agency in which the Public Official State employee works shall determine whether and what disciplinary action shall be taken.

(c) Sanctions issued by the Board of Ethics

If the Board of Ethics determines, after proper review and investigation, that such action is appropriate, the Board may issue such sanctions or rulings as it deems necessary or appropriate to protect the

public interest and ensure compliance with the terms of this Order, specifically including, without limitation, Section 7 (Rules of Conduct for Public Officials).

In formulating appropriate sanctions, the Board may consider, without limitation, the following factors:

- (1) the Public Official's prior experience in an Agency or on a covered board and prior opportunities to learn the Rules of Conduct for Public Officials, including those dealing with conflicts of interest and appearances of conflict of interest;
- (2) the number of ethics violations;
- (3) the severity of the violations;
- (4) whether the violations involve the Public Official's financial interests or arise from an appearance of conflict of interest;
- (5) whether the violations were inadvertent or intentional; whether the Public Official knew or should have known that the improper conduct was a violation of this Order;
- (6) whether the Public Official has previously been sanctioned by the Board of Ethics;
- (7) whether the conduct or situation giving rise to the violation was pointed out to the Public Official in the Board's Statement of Economic Interest evaluation letter issued pursuant to Section 9 below;
- (8) the Public Official's motivation or reason for the improper conduct or actions (for example, personal financial gain versus protection of the public interest).

(d) Recommendations by the Board of Ethics.

If the Board of Ethics determines, after proper review and investigation, that such action is appropriate, the Board may recommend any action it deems necessary, including removal of the Public Official from his or her State position, to properly address and rectify any violation of this Order by a Public Official. As it deems necessary and proper, the Board may make referrals to appropriate State officials, including law enforcement officials, for investigation of wrongful conduct by State employees or appointees, regardless of whether the individual is a Public Official under this Order, discovered during the course of a complaint investigation. Nothing in this provision is intended, and shall not be construed, to give the Board of Ethics any independent civil, criminal, or administrative investigative or enforcement power or authority over Public Officials or other State employees or appointees.

Section 9. Statement of Economic Interest.

(a) Each of the following Public Officials shall file with the Board of Ethics a sworn Statement of Economic Interest ("Statement"):

- (1) Public Officials appointed by the Governor to a board, commission, or council.
- (2) Public Officials hired for State employment to a position which is anticipated to have annual compensation in excess of \$40,000 per year.

For each non-publicly owned company or business entity listed pursuant to this subsection (f), the filing Public Official shall indicate whether the listed company/entity owns securities or equity interests exceeding a value of \$10,000 in any other companies or entities. If so, then the other companies or entities shall also be listed with a brief description of the business activity of each.

(g) If the filing Public Official, his or her spouse, or dependent children are the Beneficiary of a trust created, established or controlled by the Public Official, then the name and address of the trustee and a description of the trust shall be provided. To the extent such information is available to the Public Official, the Statement also shall include a list of businesses in which the trust has an ownership interest exceeding \$10,000.

(h) The filing Public Official shall make a good faith effort to list any individual or business entity with which the filing Public Official has a financial or professional relationship provided:

(1) a reasonable person would conclude that the nature of the financial or professional relationship presents a conflict of interest or the appearance of a conflict of interest for the Public Official; or,

(2) a reasonable person would conclude that any other financial or professional interests of the individual or business entity would present a conflict of interest or appearance of a conflict of interest for the Public Official.

For each individual or business entity listed under this subsection, the filing Public Official shall describe the financial or professional relationship and provide an explanation of why the individual or business entity has been listed.

(3) In addition to the foregoing, the filing Public Official shall provide in his or her Statement any other information which a reasonable person would conclude is necessary either to carry out the purposes of this Order or to fully disclose any potential conflict of interest or appearance of conflict. If a

Public Official is uncertain of whether particular information is necessary, then the Public Official shall consult the Board for guidance.

(4) Each Statement of Economic Interest shall contain a sworn certification by the filing Public Official that he or she has read the Statement and that, to the best of his or her knowledge and belief, the Statement is true, correct, and complete. State of North Carolina

MICHAEL F. EASLEY
GOVERNOR

EXECUTIVE ORDER NUMBER NO. 3 BUDGET ADMINISTRATION

WHEREAS, Article III, Sec. 5(3) of the Constitution of North Carolina provides that the State may not operate at a deficit during the fiscal period covered by a budget. For these purposes, a "deficit" is defined as having been incurred when total expenditures for the fiscal period of the budget exceed the total of receipts during the period, plus the surplus remaining in the State Treasury at the beginning of the period. The fiscal period for the current budget is July 1, 2000 through June 30, 2001; and,

WHEREAS, to insure that the State does not incur a deficit for the fiscal year covered by a budget, Article III, Sec. 5(3) of the Constitution requires the Governor to continually survey the collection of revenue. If, as a result of his surveys, he determines that actual receipts for the fiscal period, when added to the surplus remaining in the Treasury at the beginning of the fiscal period, will not be sufficient to pay budgeted expenditures, the Governor, after first making adequate provisions for the prompt payment of the principal and interest on the State's outstanding bonds and notes, must effect the necessary economies in State expenditures to keep the deficit from occurring; and,

WHEREAS, continually surveying the collection of the State's revenues pursuant to Article III, Sec. 5 (3) of the Constitution is a normal function of the Office of State Budget,

Planning, and Management (OSBPM) and reports on its surveys are received routinely by the Governor; and,

WHEREAS, OSBPM has provided the Governor with detailed briefings on the growing fiscal year 2000-01 deficit and, along with the Office of the Governor, has also advised members of the General Assembly of the situation, including the President Pro-Tempore of the Senate and the Speaker of the House of Representatives; and,

WHEREAS, as detailed in a memorandum from the Governor to Department Heads and Chief Fiscal Officers dated January 23, 2001, OSBPM estimated a substantial deficit for fiscal year 2000-01 and recommended immediate action; and,

WHEREAS, on January 23, 2001, OSBPM, at the direction of the Governor, reduced state agency expenditures by approximately four percent (4%) on an annualized basis for the remainder of the fiscal year; and,

WHEREAS, on January 23, 2001, the University of North Carolina System and the North Carolina Community College System made similar reductions in expenditures; and,

WHEREAS, as detailed in a memorandum from the Governor to Department Heads and Chief Fiscal Officers dated February 6, 2001, OSBPM estimates, in light of January 2001 collections and new economic forecasts, a growing substantial deficit for fiscal year 2000-01 that will not be covered by the reduction in expenditure measures adopted on January 23, 2001; and,

WHEREAS, in light of OSBPM estimates, the budget enacted by the General Assembly for fiscal year 2000-01 cannot be administered as enacted without the State incurring a deficit in its administration; and,

WHEREAS, it is found as a fact that based on General Fund revenue collections through January 31, 2001, and projections for these revenues through June 30, 2001, actual receipts for

the current fiscal year will not meet the expenditures anticipated and budgeted by the 1999 General Assembly; and,

WHEREAS, from this fact it is determined and concluded that unless further economies in State expenditures are made, the State's General Fund expenditures will exceed General Fund receipts, for the current fiscal year.

NOW THEREFORE, by the authority vested in me as Governor by Article III, Sec. 5(3) of the North Carolina Constitution to insure that a deficit is not incurred in the administration of the budget for fiscal year 2001, IT IS ORDERED:

Section 1. OSBPM will reduce, as necessary, State expenditures from Funds appropriated to operate State departments and institutions, and implement monthly allotment expenditure and review measures.

Section 2. OSBPM will halt, as necessary, expenditures for capital improvement projects for which State funds have been appropriated but not placed under State contract and, as necessary, transfer any unused capital improvement funds to the General Fund.

Section 3. OSBPM will transfer, as necessary, non-General Fund and non-Highway Fund receipts into the General Fund to support appropriation expenditures in order to avoid a deficit in the General Fund.

Section 4. OSBPM may borrow, as necessary, receipts from non-General Fund State receipts and non-Highway Fund State receipts for support of General Fund appropriation expenditures.

Section 5. OSBPM may, as necessary, order the delay or cancellation of purchase orders in State General Fund-supported departments and institutions;

EXECUTIVE ORDER NO. 4 CLEMENCY

WHEREAS, Article III, Section 5(6) of the Constitution of North Carolina, vests the power of clemency exclusively with the Governor.

WHEREAS, the Constitution of North Carolina empowers the Governor with sole, unrestricted, and unlimited discretion to exercise the power of clemency to pardon, commute, or grant reprieves, except in cases of impeachment.

WHEREAS, North Carolina General Statute, Section 15A-838, the Crime Victims' Rights Act, requires the Governor's Clemency Office to notify certain victims, as defined by North Carolina General Statute, Section 15A-830, when it is considering commuting the defendant's sentence or pardoning the defendant.

WHEREAS, crime victims and prosecutors should have the right to be notified, and the general public has the right to know, if the convicted perpetrator in a particular case has a petition for a reprieve, commutation, or pardon actively being considered before the Governor's Clemency Office.

NOW THEREFORE, by the authority vested in me as Governor of the State of North Carolina, IT IS ORDERED:

Section 1. The Governor's Clemency Office will create for public posting a listing of the names of every individual whose application for a reprieve, commutation, or pardon is actively being considered.

Section 2. The list of names will be publicly posted on a state governmental website. Additionally, the Governor's Clemency Office will post the list of names on a bulletin board outside of its office for public inspection during normal business hours.

Section 3. In addition to the applicant's name, information related to the individual's offense, conviction date, and length of sentence should also be publicly available.

Section 4. Beyond the requirements of the Crime Victims' Rights Act, North Carolina General Statute, Section 15A-838, the Governor's Clemency Office will notify the relevant crime victim and prosecutor in every case where the convicted perpetrator has a petition for a reprieve, commutation, or pardon actively being considered by the Governor's Clemency Office.

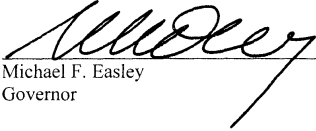

Section 5. For all petitions now actively being considered by the Governor's Clemency Office, public posting will take effect within thirty days from the effective date of this Executive Order. All other petitions subsequently filed, and actively considered, will be posted within thirty days of filing.

Section 6. Exceptions to this Executive Order may be made in capital cases where the Office of the Attorney General ensures that the victim's family and the relevant District Attorney's office are notified as to clemency petitions, and in other special cases, such as with claims of "actual innocence", where any delay for public posting and comment would cause further unjust incarceration or record of conviction. In such cases, the Clemency Office must notify the Governor's Office of Legal Counsel immediately.
