H.B. 351 SESSION LAW 2001-417

AN ACT TO MAKE TECHNICAL AND SUBSTANTIVE CHANGES IN THE LAW GOVERNING MANAGED CARE UTILIZATION REVIEW AND GRIEVANCE PROCEDURES; TO CLARIFY THE DEFINITION OF "HEALTH CARE PROVIDER" IN THE PROMPT PAYMENT LAW; AND TO MAKE A CORRECTION IN THE DEFINITION OF "HMO".

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 58-3-225(a)(4) reads as rewritten:

"(4) 'Health care provider' means an individual who is licensed, certified, or otherwise authorized under Chapter 90 or 90B of the General Statutes or under the laws of another state to provide health care services in the ordinary course of business or practice of a profession or in an approved education or training program."

SECTION 2. G.S. 58-50-61(a)(6) reads as rewritten:

"(6) 'Grievance' means a written complaint submitted by a covered person about any of the following:

- a. An insurer's decisions, policies, or actions related to availability, delivery, or quality of health care services. A written complaint submitted by a covered person about a decision rendered solely on the basis that the health benefit plan contains a benefits exclusion for the health care service in question is not a grievance if the exclusion of the specific service requested is clearly stated in the certificate of coverage.
- b. Claims payment or handling; or reimbursement for services.
- c. The contractual relationship between a covered person and an insurer.
- d. The outcome of an appeal of a noncertification under this section."

SECTION 3. G.S. 58-50-61(a)(8) reads as rewritten:

"(8) 'Health care provider' means any person who is licensed, registered, or certified under Chapter 90 of the General ~~Statutes~~; Statutes or the laws of another state to provide health care services in the ordinary care of business or practice or a profession or in an approved education or training program; a health care facility as defined in ~~G.S. 131E-176(9b)~~; or G.S. 131E-176(9b) or the laws of another state to operate as a health care facility; or a pharmacy."

"(13) 'Noncertification' means a determination by an insurer or its designated utilization review organization that an admission, availability of care, continued stay, or other health care service has been reviewed and, based upon the information provided, does not meet the insurer's requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness, or does not meet the prudent layperson standard for coverage of emergency services in G.S. 58-3-190, and the requested service is therefore denied, reduced, or terminated. A 'noncertification' is not a decision rendered solely on the basis that the health benefit plan does not provide benefits for the health care service in question, if the exclusion of the specific service requested is clearly stated in the certificate of coverage. A 'noncertification' includes any situation in which an insurer or its designated agent makes a decision about a covered person's condition to determine whether a requested treatment is experimental, investigational, or

cosmetic, and the extent of coverage under the health benefit plan is affected by that decision."

SECTION 5. G.S. 58-50-61(a)(17) reads as rewritten:

- d. Concurrent review. – Utilization review conducted during a patient's hospital stay or course of treatment.
- e. Discharge planning. – The formal process for determining, before discharge from a provider facility, the coordination and management of the care that a patient receives after discharge from a provider facility.
- f. Prospective review. – Utilization review conducted before an admission or a course of treatment including any required preauthorization or precertification.
- g. Retrospective review. – Utilization review of medically necessary services and supplies that is conducted after services have been provided to a patient, but not the review of a claim that is limited to an evaluation of reimbursement levels, veracity of documentation, accuracy of coding, or adjudication for payment. Retrospective review includes the review of claims for emergency services to determine whether the prudent layperson standard in G.S. 58-3-190 has been met.
- h. Second opinion. – An opportunity or requirement to obtain a clinical evaluation by a provider other than

the provider originally making a recommendation for a proposed service to assess the clinical necessity and appropriateness of the proposed service."

"(i) Requests for Informal Reconsideration. – An insurer may establish procedures for informal reconsideration of ~~noncertifications~~ noncertifications and, if established, the procedures shall be in writing. ~~The~~ After a written notice of noncertification has been issued in accordance with subsection (h) of this section, the reconsideration shall be conducted between the covered person's provider and a medical doctor licensed to practice medicine in this State designated by the insurer. An insurer shall not require a covered person to participate in an informal reconsideration before the covered person may appeal a noncertification under subsection (j) of this section. If, after informal reconsideration, the insurer upholds the noncertification decision, the insurer shall issue a new notice in accordance with subsection (h) of this section. If the insurer is unable to render an informal reconsideration decision within 10 business days after the date of receipt of the request for an informal reconsideration, it shall treat the request for informal reconsideration as a request for an appeal; provided that the requirements of subsection (k) of this section for acknowledging the request shall apply beginning on the day the insurer determines an informal reconsideration decision cannot be made before the tenth business day after receipt of the request for an informal reconsideration."

SECTION 7. G.S. 58-50-61(k) reads as rewritten:

"(k) Nonexpedited Appeals. – Within three business days after receiving a request for a standard, nonexpedited appeal, the insurer shall provide the covered person with the name, address, and telephone number of the coordinator and information on how to submit written material. For standard, nonexpedited appeals, the insurer shall give written notification of the ~~decision~~ decision, in clear terms, to the covered person and the covered person's provider within 30 days after the insurer receives the request for an appeal. If the decision is not in favor of the covered person, ~~The~~ the written decision shall contain:

"(b) Availability of Grievance Process. – Every insurer shall have a grievance process whereby a covered person may voluntarily request a review of any decision, policy, or action of the insurer that affects that covered person. A decision rendered solely on the basis that the health benefit plan does not provide benefits for the health care service in question is not subject to the insurer's grievance procedures, if the exclusion of the specific service requested is clearly stated in the certificate of coverage. The grievance process may provide for an immediate informal consideration by the insurer of a grievance. If the insurer does not have a procedure for informal consideration or if an informal consideration does not resolve the grievance, the grievance process shall provide for first- and second-level reviews of ~~grievances; except that an appeal~~ grievances. Appeal of a noncertification that has been reviewed under G.S. 58-50-61 shall be reviewed as a second-level grievance under this section."

SECTION 9. G.S. 58-50-62 is amended by adding the following new subsection to read:

"(b1) Informal Consideration of Grievances. – If the insurer provides procedures for informal consideration of grievances, the procedures shall be in writing, and the following requirements apply:

- (1) If the grievance concerns a clinical issue and the informal consideration decision is not in favor of the covered person, the insurer shall treat the request as a request for a first-level grievance review, except that the requirements of subdivision (e)(1) of this section apply on the day the decision is made or on the tenth business day after receipt of the request for informal consideration, whichever is sooner;
- (2) If the grievance concerns a nonclinical issue and the informal consideration decision is not in favor of the covered person, the insurer shall issue a written decision that includes the information set forth in subsection (c) of this section; or

H.B. 189

SESSION LAW 2001-418

AN ACT TO AUTHORIZE THE COASTAL RESOURCES COMMISSION TO ADOPT TEMPORARY RULES TO ESTABLISH ADDITIONAL EXCEPTIONS TO THE 30-FOOT BUFFER REQUIREMENT ALONG PUBLIC TRUST AND ESTUARINE WATERS IN CERTAIN CIRCUMSTANCES AND TO ALLOW STRUCTURAL MODIFICATIONS TO PIERS TO PREVENT OR MINIMIZE STORM DAMAGE, AND TO EXTEND THE TIME THAT TEMPORARY RULES TO PROTECT WATER QUALITY AND RIPARIAN BUFFERS IN

CERTAIN RIVER BASINS WILL REMAIN IN EFFECT SO AS TO ALLOW THE ENVIRONMENTAL MANAGEMENT COMMISSION ADDITIONAL TIME TO CONSULT WITH PERSONS WHO ARE INTERESTED IN OR MAY BE AFFECTED BY THE ADOPTION OF PERMANENT RULES TO REPLACE THOSE TEMPORARY RULES.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding G.S. 150B-21.3(a) and 26 NCAC 2C.0102(11), the Coastal Resources Commission may adopt temporary rules to amend 15A NCAC 7H.0209(d) and 15A NCAC 7H.0209(e) to establish additional exceptions to the 30-foot buffer requirement set out in 15A NCAC 7H.0209(d) to allow the following uses that would otherwise be prohibited:

- (1) Construction of a residential structure on a lot, parcel, or tract of 7,500 square feet or less that was platted prior to 1 June 1999, that will be served by an on-site septic system, and that is located in an intensely developed area.
- (2) Construction of a residential structure, as provided in 15A NCAC 7H.0209(e)(1), with a footprint of up to 1,200 square feet on a lot, parcel, or tract of 5,000 square feet or more that was platted prior to 1 June 1999, where strict application of the buffer requirement would preclude construction of the residential structure.
- (3) Construction of nonwater dependent uses that have minimal impact on water quality, including, but not limited to, fences.

SECTION 2. Notwithstanding G.S. 150B-21.3(a) and 26 NCAC 2C.0102(11), the Coastal Resources Commission may adopt temporary rules to amend 15A NCAC 7H.1205 to allow structural modifications to piers in existence on 1 July 2001, to prevent or minimize damage due to storm events.

SECTION 3. Notwithstanding G.S. 150B-21.1(d), each temporary rule adopted pursuant to Sections 1 and 2 of this act shall become effective upon its adoption by the Coastal Resources Commission and shall remain in effect until a permanent rule to replace it becomes effective.

SECTION 4.(a) Notwithstanding G.S. 150B-21.1(d), temporary rules 15A NCAC 2B.0243 and 15A NCAC 2B.0244, which were adopted pursuant to Section 7.1 of S.L. 1999-329 and which became effective on or before 1 July 2001, shall continue in effect until 1 September 2003 in order to provide sufficient time for the Environmental Management Commission to further consult with businesses and industries, local governments, landowners, and other

interested or potentially affected persons in the upper and lower Catawba River Basin as to the appropriate scope of permanent rules to protect water quality and riparian buffers in that river basin. In developing permanent rules, the Commission shall consider whether riparian buffers on the main stem of the Catawba River and on lake shorelines are adequate to protect water quality in the river and whether riparian buffer protection requirements should or should not be extended to some or all of the tributary streams in the river basin, taking into account the sources of water quality degradation in the river, the topography of the land in the river basin, and other relevant factors.

SECTION 4.(b) Vested rights recognized or established under the common law or by G.S. 153A-344(b), 153A-344.1, 160A-385(b), or 160A-385.1 shall include the right, as provided in this subsection, to undertake and complete development in the Catawba River Basin without application of temporary rule 15A NCAC 2B.0243. The Commission and the Department shall not apply temporary rule 15A NCAC 2B.0243 to development with vested rights recognized or established under G.S. 153A-344(b), 153A-344.1, 160A-385(b), or 160A-385.1 prior to 1 July 2001. The Commission and the Department shall not apply temporary rule 15A NCAC 2B.0243 to development with vested rights recognized or established under the common law prior to the date this section becomes effective if the Commission has issued a certification pursuant to G.S. 143B-282(a)(1)u. prior to 1 July 2001. The Commission shall not adopt or enforce rules that confer or restrict a vested right to undertake or complete development. It is the intent of the General Assembly that this subsection apply only to the particular circumstances that are the subject of this section. This subsection does not establish a precedent as to the application of vesting under a zoning or land-use planning program administered by a local government or to any other environmental program.

SECTION 4.(c) Notwithstanding G.S. 150B-21.3(a), this section shall not be construed to authorize the adoption of additional temporary rules related to protection of water quality and riparian buffers.

SECTION 5. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 12th day of September, 2001.

Became law upon approval of the Governor at 11:12 a.m. on the 22nd day of September, 2001.

SECTION 21.24.(a) The Department of Health and Human Services, Division of Medical Assistance, shall contain Medicaid Program costs by reducing the rate of growth of the Medicaid Program, except for the rate of growth in the number of persons

eligible for Medicaid. The Department shall develop and implement a plan to reduce the rate of growth in total expenditures for payments for medical services for the fiscal year 2002-2003 to eight percent (8%) or less of the total expenditures for the 2001-2002 fiscal year, excluding the rate of growth associated with eligibles.

SECTION 21.24.(b) In addition to findings and recommendations in the "North Carolina Medicaid Benefit Study", May 1, 2001, the Department of Health and Human Services may also consider the following actions to reduce the rate of growth in the Medicaid Program:

- (1) Changes in methods of reimbursement;
- (2) Changes in the method of determining or limiting inflation factors, or both;
- (3) Recalibration of existing methods of reimbursement; and
- (4) Contracting for services.

SECTION 21.24.(c) As part of any efforts to contain Medicaid Program costs, the Department of Health and Human Services, Division of Medical Assistance, shall establish reimbursement rates that will allow efficient Medicaid providers to comply with certification requirements, licensure rules, or other mandated quality or safety standards.

SECTION 21.24.(d) The Department shall report on its plans to reduce the rate of growth in the State Medicaid Program not later than December 1, 2001. The Department shall submit the report to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division.

SECTION 21.24.(e) The Department shall not change medical policy affecting the amount, sufficiency, duration, and scope of health care services and who may provide services until the Division of Medical Assistance has prepared a five-year fiscal analysis documenting the increased cost of the proposed change in medical policy and submitted it for departmental review. If the fiscal impact indicated by the fiscal analysis for any proposed medical policy change exceeds three million dollars (\$3,000,000) in total requirements for a given fiscal year, then the Department shall submit the proposed policy change with the fiscal analysis to the Office of State Budget and Management and the Fiscal Research Division.

SECTION 21.25. The Department of Health and Human Services may use not more than three million dollars (\$3,000,000) in

each year of the 2001-2003 fiscal biennium in Medicaid funds budgeted for program services to support the cost of administrative activities when cost-effectiveness and savings are demonstrated. The funds shall be used to support activities that will contain the cost of the Medicaid Program, including contracting for services or hiring additional staff. Medicaid cost-containment activities may include prospective reimbursement methods, incentive-based reimbursement methods, service limits, prior authorization of services, periodic medical necessity reviews, revised medical necessity criteria, service provision in the least costly settings, and other cost-containment activities. Funds may be expended under this section only after the Office of State Budget and Management has approved a proposal for the expenditure submitted by the Department. - (1) Establishing a prior authorization program to manage utilization of high-cost, brand name drugs. In determining drugs to be included in the prior authorization program, the Department shall consider whether inclusion of these drugs is likely to:

- a. Increase utilization of more expensive services;
- b. Reduce quality of treatment;
- c. Result in a lower level of compliance with appropriate drug therapy; and
- d. Have a differential impact upon racial and ethnic minorities and the elderly.

The Department shall conduct a review at least annually of the drugs included in the prior authorization program to determine whether any of the factors listed in this subdivision or other factors with similar results have occurred.

- (2) Limiting prescription drugs to a 34-day supply for some or all drugs.
- (3) Developing physician prescribing practice profiles and other educational tools to enable physicians to better manage their prescriptions.

SPECIAL ASSISTANCE DEMONSTRATION PROJECT

SECTION 21.29.(a) Section 11.21 of S.L. 1999-237, as amended by Section 11.13 of S.L. 2000-67, reads as rewritten:

"Section 11.21. (a) The Department of Health and Human Services may use funds from the existing State/County Special Assistance for Adults budget to provide Special Assistance payments to eligible individuals in in-home living arrangements. These payments may be made for up to 400 individuals. These payments may be made for up to a two-year period beginning July 1, 2000, and ending June 30, 2002. An individual enrolled in the Special Assistance demonstration project on June 30, 2002, who remains continuously eligible may receive payments through June 30, 2003. The standard monthly payment to individuals enrolled in the Special Assistance demonstration project shall be fifty percent (50%) of the monthly payment the individual would receive if the individual resided in an adult care home and qualified for Special Assistance, except if a lesser payment amount is appropriate for the individual as determined by the local case manager. The Department shall implement Special Assistance in-home eligibility policies and procedures to assure that demonstration project participants are those individuals who need and, but for the demonstration project, would seek placement in an adult care home facility. To the maximum extent possible, the Department shall consider geographic balance in the dispersion of payments to individuals across the State. The Department shall make an interim report to the cochairs of the House of Representatives Appropriations Committee, the cochairs of the House of Representatives Appropriations Subcommittee on Health and Human Services and the cochairs of the Senate Appropriations

Committee, the Chair of the Senate Appropriations Committee on Human Resources by June 30, 2001, and a final report by January 1, 2003. This report shall include the following information:

- (1) A description of cost savings that could occur by allowing individuals eligible for State/County Special Assistance the option of remaining in the home.
- (2) Which activities of daily living or other need criteria are reliable indicators for identifying individuals with the greatest need for income supplements for in-home living arrangements.
- (3) How much case management is needed and which types of individuals are most in need of case management.
- (4) The geographic location of individuals receiving payments under this section.
- (5) A description of the services purchased with these payments.
- (6) A description of the income levels of individuals who receive payments under this section and the impact on the Medicaid program.
- (7) Findings and recommendations as to the feasibility of continuing or expanding the demonstration program.
- (8) The level and quantity of services (including personal care services) provided to the demonstration project participants compared to the level and quantity of services for residents in adult care homes.
- (9) A fiscal analysis and programmatic results of increasing the demonstration project participant's monthly assistance payment to fifty percent (50%) of the Special Assistance monthly payment.

Section 11.21.(b). The Department shall incorporate data collection tools designed to compare quality of life among institutionalized vs. noninstitutionalized populations (i.e. an individual's perception of his or her own health and well-being, years of healthy life, and activity limitations). To the extent national standards are available, the Department shall utilize those standards.

Section 11.21.(c). The Department shall expand its report of the Demonstration Program in order to fully assess the success of the pilot. The Department shall contract with an independent consultant to develop an evaluation design that ensures that the evaluation includes an assessment of the impact of the Program on the economic security, health, and well-being of the participants."

SECTION 21.29.(b) The Department of Health and Human Services shall apply for a Section 1115 Medicaid Waiver to provide medical assistance to individuals living in their own home who are receiving supplemental State/County special assistance payments on a

pilot basis rather than statewide. Individuals eligible for supplemental payments under the waiver shall be those individuals whose income exceeds one hundred percent (100%) of the federal poverty level and who would otherwise qualify for State/County Special Assistance as a resident of an adult care home. The waiver shall be designed to enable eligible recipients to remain at home, to receive the same payment amount as adult care home residents receiving State/County Special Assistance, and to qualify for Medicaid. If the waiver is granted, the Department shall not implement the waiver unless the implementation is approved and enacted by the General Assembly and funds are appropriated for that purpose. The Department shall report the status of the waiver to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services on December 1, 2001, and March 1, 2002. The report shall include the amount of funds needed to implement the waiver. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Local partnerships shall monitor qualifying expenses to ensure they have occurred and meet the requirements prescribed in this subsection.

Failure to obtain a twenty percent (20%) match by June 30 of each fiscal year shall result in a dollar-for-dollar reduction in the

appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Commission on Governmental Operations in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 21.72.(d) Counties participating in the Program may use the county's allocation of State and federal child care funds to subsidize child care according to the county's Early Childhood Education and Development Initiatives Plan as approved by the North Carolina Partnership for Children, Inc. SECTION 21.73.(c) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be seventy-five percent (75%) of the State median income, adjusted for family size.

SECTION 21.73.(d) Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Effective October 1, 2001, fees shall be determined as follows:

6 or more	8%.

SECTION 21.73.(e) On or before September 30, 2001, payments for the purchase of child care services for low-income children shall be the same as would have resulted under Section 11.27

- (1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower.
- (2) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that are receiving a higher rate than the market rates that will be implemented with this provision shall continue to receive that higher rate until September 30, 2002.

These payment rates shall be based upon information collected by market rate surveys.

SECTION 21.73.(f) Provision of payment rates for child care providers in counties that do not have at least 75 children in each age group for center-based and home-based care are as follows:

- (1) Payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.
- (2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 75 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 21.73.(g) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to unsubsidized privately paying

parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide rate and regional market rates for each rated license level for each age category.

SECTION 21.73.(h) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. No separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 21.73.(i) Payment for subsidized child care services provided with Work First Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development for the subsidized child care program.

SECTION 21.73.(j) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. Areas of review may include the classification of offenses and offenders, the relationship of the sentence and the sentence length to the offense, and the sentence dispositions available to judges. The Commission shall also analyze the parole-eligible population in terms of offense committed, sentence, and time served in comparison to inmates sentenced under structured sentencing. The Commission shall develop alternatives for consideration by the General Assembly. SUPPLEMENTAL FUNDING IN LOW-WEALTH COUNTIES

SECTION 28.6.(a) Funds for Supplemental Funding. – The General Assembly finds that it is appropriate to provide supplemental funds in low-wealth counties to allow those counties to enhance the instructional program and student achievement; therefore, funds are appropriated to State Aid to Local School Administrative Units for the 2001-2002 fiscal year and the 2002-2003 fiscal year to be used for supplemental funds for schools.

SECTION 28.6.(b) Use of Funds for Supplemental Funding. – All funds received pursuant to this section shall be used only (i) to provide instructional positions, instructional support positions, teacher assistant positions, clerical positions, school computer technicians, instructional supplies and equipment, staff development, and textbooks, (ii) for salary supplements for instructional personnel and instructional support personnel, and (iii) to pay an amount not to exceed ten thousand dollars (\$10,000) of the plant operation contract cost charged by the Department of Public Instruction for services.

Local boards of education are encouraged to use at least twenty-five percent (25%) of the funds received pursuant to this section to improve the academic performance of children who are

performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose, and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of each local school administrative unit and its schools, such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

Schools Allotment Policy Manual, adopted by the State Board of Education. If a county contains only part of a local school administrative unit, the average daily membership of that county includes all students who reside within the county and attend that local school administrative unit.

- (6) "County-adjusted property tax base" shall be computed as follows:
 - a. Subtract the present-use value of agricultural land, horticultural land, and forestland in the county, as defined in G.S. 105-277.2, from the total assessed real property valuation of the county,
 - b. Adjust the resulting amount by multiplying by a weighted average of the three most recent annual sales assessment ratio studies,

- (15) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales

assessment ratio for the year of revaluation shall be used.

SECTION 28.6.(d) Eligibility for Funds. – Except as provided in subsection (h) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 28.6.(e) Allocation of Funds. – Except as provided in subsection (g) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county wealth as a percentage of State average wealth by the State average current expense appropriations per student.)

The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit, located in whole or in part in the county, based on the average daily membership of the county's students in the school units.

If the funds appropriated for supplemental funding are not adequate to fund the formula fully, each local school administrative unit shall receive a pro rata share of the funds appropriated for supplemental funding.

SECTION 28.6.(f) Formula for Distribution of Supplemental Funding Pursuant to This Section Only. – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

SECTION 28.6.(g) Minimum Effort Required. – Counties that had effective tax rates in the 1996-97 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-98 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten

percent (10%). This method of calculating reduced funding shall apply one time only.

This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 28.6.(h) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2001-2003 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

- (1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
- (2) The county cannot show (i) that it has remedied the deficiency in funding, or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

SECTION 28.6.(i) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2002, if it determines that counties have supplanted funds.

SECTION 28.6.(j) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio

and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING

SECTION 28.7.(a) Funds for Small School Systems. – Except as provided in subsection (b) of this section, the State Board of Education shall allocate funds appropriated for small school system supplemental funding (i) to each county school administrative unit with an average daily membership of fewer than 3,175 students and (ii) to each county school administrative unit with an average daily membership of from 3,175 to 4,000 students if the county in which the local school administrative unit is located has a county-adjusted property tax base per student that is below the State-adjusted property tax base per student and if the total average daily membership of all local school administrative units located within the county is from 3,175 to 4,000 students. The allocation formula shall:

- (1) Round all fractions of positions to the next whole position.
- (2) Provide five and one-half additional regular classroom teachers in counties in which the average daily membership per square mile is greater than four, and seven additional regular classroom teachers in counties in which the average daily membership per square mile is four or fewer.
- (3) Provide additional program enhancement teachers adequate to offer the standard course of study.
- (4) Change the duty-free period allocation to one teacher assistant per 400 average daily membership.
- (5) Provide a base for the consolidated funds allotment of at least five hundred forty thousand seventy-four dollars (\$540,074) excluding textbooks.
- (6) Allot vocational education funds for grade 6 as well as for grades 7-12.

If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fund fully the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding

for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county administrative units.

SECTION 28.7.(b) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2001-2003 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

- (1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
- (2) The county cannot show (i) that it has remedied the deficiency in funding, or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

SECTION 28.7.(c) Phase-Out Provisions. – If a local school administrative unit becomes ineligible for funding under this formula solely because of an increase in the county-adjusted property tax base per student of the county in which the local school administrative unit is located, funding for that unit shall be phased out over a two-year period. For the first year of ineligibility, the unit shall receive the same amount it received for the prior fiscal year. For the second year of ineligibility, it shall receive one-half of that amount.

If a local school administrative unit becomes ineligible for funding under this formula solely because of an increase in the population of the county in which the local school administrative unit is located, funding for that unit shall be continued for five years after the unit becomes ineligible.

SECTION 28.7.(d) Definitions. – As used in this section:

- (1) "Average daily membership" means within two percent (2%) of the average daily membership as defined in the

North Carolina Public Schools Allotment Policy Manual, adopted by the State Board of Education.

- (2) "County-adjusted property tax base per student" means the total assessed property valuation for each county, adjusted using a weighted average of the three most recent annual sales assessment ratio studies, divided by the total number of students in average daily membership who reside within the county.
- (2a) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.
- (3) "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).
- (4) "State adjusted property tax base per student" means the sum of all county adjusted property tax bases divided by the total number of students in average daily membership who reside within the State.
- (4a) "Supplant" means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.
- (5) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued during the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 28.7.(e) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2002, if it determines that counties have supplanted funds.

SECTION 28.7.(f) Use of Funds. – Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4

and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of each local school administrative unit and its schools such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

STUDENTS WITH LIMITED ENGLISH PROFICIENCY

SECTION 28.9.(a) The State Board of Education shall develop guidelines for identifying and providing services to students with limited proficiency in the English language.

The State Board shall allocate these funds to local school administrative units and to charter schools under a formula that takes into account the average percentage of students in the units or the charters over the past three years who have limited English proficiency. The State Board shall allocate funds to a unit or a charter school only if (i) average daily membership of the unit or the charter school includes at least 20 students with limited English proficiency or (ii) students with limited English proficiency comprise at least two and one-half percent (2 1/2%) of the average daily membership of the unit or charter school. For the portion of the funds that is allocated on the basis of the number of identified students, the maximum number of identified students for whom a unit or charter school receives funds shall not exceed ten and six-tenths percent (10.6%) of its average daily membership.

Local school administrative units shall use funds allocated to them to pay for classroom teachers, teacher assistants, tutors, textbooks, classroom materials/instructional supplies/equipment, transportation costs, and staff development of teachers for students with limited English proficiency.

A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds.

SECTION 28.9.(b) The Department of Public Instruction shall prepare a current headcount of the number of students classified with limited English proficiency by December 1 of each year.

Students in the head count shall be assessed at least once every three years to determine their level of English proficiency. A student who scores "superior" on the standard English language proficiency assessment instrument used in this State shall not be included in the head count of students with limited English proficiency.

A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and the 1999-2000 school year for improvement in student performance or maintaining a safe and orderly school.

SECTION 28.13.(f) There shall be no State requirement that superintendents in each local school unit shall receive in State-paid salary at least one percent (1%) more than the highest paid principal receives in State salary in that school unit: Provided, however, the additional State-paid salary a superintendent who was employed by a local school administrative unit for the 1992-93 fiscal year received because of that requirement shall not be reduced because of this subsection for subsequent fiscal years that the superintendent is employed by that local school administrative unit so long as the superintendent is entitled to at least that amount of

additional State-paid salary under the rules in effect for the 1992-93 fiscal year.

SECTION 28.13.(g) Longevity pay for principals and assistant principals shall be as provided for State employees under the State Personnel Act.

- (2) If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

"(a) To Grade and Classify Pupils. – The principal shall have authority to grade and classify pupils ~~except a pupils~~. In determining the appropriate grade for a pupil who is already attending a public school, the principal shall consider the pupil's classroom work and

grades, the pupil's scores on standardized tests, and the best educational interests of the pupil. The principal shall not make the decision solely on the basis of standardized test scores. If a principal's decision to retain a child in the same grade is partially based on the pupil's scores on standardized tests, those test scores shall be verified as accurate.

A principal shall not require additional testing of a student entering a public school from a school governed under Article 39 of this Chapter if test scores from a nationally standardized test or nationally standardized equivalent measure that are adequate to determine the appropriate placement of the child are available."

SECTION 28.17.(c) G.S. 115C-47 is amended by adding a new subdivision to read:

"§ 115C-47. *Powers and duties generally.*

In addition to the powers and duties designated in G.S. 115C-36, local boards of education shall have the power or duty:

SECTION 28.17.(e) Part 3 of Article 8B of Chapter 115C of the General Statutes is amended by adding the following new section to read:

"§ 115C-105.41. *Students who have been placed at risk of academic failure; personal education plans.*

Local school administrative units shall identify students who have been placed at risk for academic failure. Identification shall occur as early as can reasonably be done and can be based on grades, observations, State assessments, and other factors that impact student performance that teachers and administrators consider appropriate, without having to await the results of end-of-grade or end-of-course tests. At the beginning of the school year, a personal education plan for academic improvement with focused intervention and performance benchmarks shall be developed for any student not performing at least at grade level, as identified by the State end-of-grade test. Focused intervention and accelerated activities should include research-based best practices that meet the needs of students

and may include coaching, mentoring, tutoring, summer school, Saturday school, and extended days. Local school administrative units shall provide these activities free of charge to students. Local school administrative units shall also provide transportation free of charge to all students for whom transportation is necessary for participation in these activities.

Parents should be included in the implementation and ongoing review of personal education plans."

SECTION 28.17.(f) G.S. 115C-174.12(a) reads as rewritten:

"(a) ~~The State Board of Education shall review the tests being administered through State and local testing programs and shall select the tests that it believes are necessary to provide the best measures of the levels of academic achievement attained by students in various subject areas.~~ The State Board of Education shall also establish policies and guidelines necessary for minimizing the time students spend taking tests administered through State and local testing programs and for otherwise carrying out the provisions of this Article. The State Board of Education's policies regarding the testing of children with disabilities shall (i) provide broad accommodations and alternate methods of assessment that are consistent with a child's individualized education program and section 504 (29 U.S.C. § 794) plans, (ii) prohibit the use of statewide tests as the sole determinant of decisions about a child's graduation or promotion, and (iii) provide parents with information about the Statewide Testing Program and options for students with disabilities. The State Board shall report its proposed policies and proposed changes in policies to the Joint Legislative Education Oversight Committee prior to adoption."

SECTION 28.17.(g) Schools shall devote no more than two days of instructional time per year to the taking of practice tests that do not have the primary purpose of assessing current student learning.

SECTION 28.17.(h) Students in a local school shall not be subject to field tests or national tests during the two-week period preceding the administration of the end-of-grade tests, end-of-course tests, or the school's regularly scheduled final exams. No school shall participate in more than two field tests at any one grade level during a school year unless that school volunteers, through a vote of its school improvement team, to participate in an expanded number of field tests.

SECTION 28.17.(i) The Joint Legislative Education Oversight Committee shall study the State's testing program. As part of this study, the Committee shall consider:

- (1) The number of tests currently mandated at the State level and the process and cost of developing, validating, and scoring them.

- (2) Whether the State should consider the use of nationally developed tests as a substitute to State-developed testing. In particular, the Committee shall determine whether this use would (i) affect the ABCs Program, (ii) adequately measure student achievement and performance, (iii) provide more than minimum levels of achievement, (iv) provide a better comparison to student achievement and performance in other states, (v) be practical for high school courses or higher level courses, (vi) reduce the need for field testing, and (vii) offer any cost savings to the State.
- (3) The number of grades in which State tests are given. The Committee shall determine the necessity for testing all grades in third through eighth grades, whether a reduction in the grades tested would affect the receipt of federal money, and the extent to which a reduction would impair the State's ability to identify schools under the ABCs Program.
- (4) The high school courses for which State tests are given and whether there is an appropriate distribution of tests across grades nine through 12 and that test an appropriate array of the minimum courses required for admission to the constituent institutions of The University of North Carolina. In addition, the Committee shall examine whether students who take higher level courses and students in 12th grade are held accountable for their academic growth and performance.
- (5) The advantages and disadvantages of using a composite of end-of-course tests or other tests such as the SAT, AP tests, or other nationally standardized tests in high school rather than developing a high school exit exam. If the Committee finds a high school exit exam is preferable, then it shall determine whether it must be administered to all students or limited to certain students, for example, those who do not take the SAT or a certain number of courses for which there are end-of-course tests.
- (6) The extent to which additional testing, including field testing, practice testing, and locally mandated testing, is occurring and whether this should be limited or prohibited.
- (7) Evaluate alternative schools to determine how educational achievement is being advanced in these alternative school programs and that placement in these programs is to improve student performance rather than

improve the performance of the school in which the student originally was assigned.

(8) Any other issue the Committee considers relevant.

The Committee shall report its findings and any recommendations, including recommended legislation, to the 2002 Regular Session of the 2001 General Assembly.

SECTION 28.17.(j) The State Board of Education shall develop and report to the Joint Legislative Education Oversight Committee on its objectives for the Statewide Testing Program and on the implementation of that Program. The report shall include:

- (1) A statement of the relationship between these objectives and the tests currently administered under the Program;
- (2) An analysis of whether the current tests appropriately achieve these objectives;
- (3) A statement of any actions that may be needed to coordinate the objectives and the tests more effectively; and
- (4) Strategies for communicating the objectives of the Program, the tests administered under the Program, and the relationship between these objectives and tests to principals, teachers, parents, and students throughout the State.

SECTION 28.17.(k) Subsections (b) and (e) of this section become effective December 1, 2001.

PILOT PROGRAM AUTHORIZING THE USE OF MENTOR FUNDS FOR FULL-TIME MENTORS

SECTION 28.18.(a) The State Board of Education shall establish a pilot program to permit the Charlotte-Mecklenburg School Administrative Unit, the Forsyth County School Administrative Unit, and the Wake County School Administrative Unit to use funds allocated for mentors for full-time mentors.

Funds allocated for mentors in these units shall be used only for teachers and instructional support personnel assigned to newly certified teachers, second-year teachers who were assigned mentors during the prior school year, or as authorized by Section 28.31 of this act, and entry-level instructional support personnel who have not previously been teachers. These funds shall be used only for:

- (1) Salary supplements to teachers and instructional support personnel who are serving as mentors. The amount of the salary supplement shall not be based on the number

of teachers or instructional support personnel to whom the mentor is assigned; or

- (2) Payments to teachers or instructional support personnel who are employed solely to serve as mentors. An individual employed solely to serve as a mentor shall receive a payment for each individual, up to 15 individuals, to whom the mentor is assigned. The amount of each such payment shall be the same as the amount of the salary supplement for a mentor.

SECTION 28.18.(b) The Charlotte-Mecklenburg Board of Education, the Forsyth County Board of Education, and the Wake County Board of Education shall report to the State Board of Education on an annual basis on the impact that the mentor program has had on retention of teachers. The State Board shall report on this information to the Joint Legislative Education Oversight Committee.

SUPPORT FOR INITIALLY CERTIFIED TEACHERS

SECTION 28.19.(a) The State Board of Education shall study the mentor program and the performance-based licensure program to determine whether these programs provide adequate support for initially certified teachers and enhance their professional development. In the course of the study, the State Board shall consider:

- (1) The effectiveness of the current programs;
- (2) The need for modifications to or enhancements of the current programs;
- (3) Alternative ways to deliver services to initially certified teachers and to provide them with the resources they need to develop as professionals;

Therefore, the State Board of Community Colleges shall require community colleges to convert all faculty contracts to nine-month contracts covering the fall and spring semesters. Faculty members currently employed for more than nine months shall be placed on supplemental contracts for the summer term. All faculty members employed after the date this act becomes law shall be placed on nine-month contracts with supplemental contracts for the summer term.

REALIGNMENT OF ACCOUNTS FOR INSTITUTIONAL AND ADMINISTRATIVE SUPPORT

SECTION 30.7. In prior fiscal years, funds for Institutional and Administrative Support in the following have been appropriated in four separate accounts. Since these funds are allotted to community colleges on a formula basis, this level of detail is unnecessary. Therefore, beginning with the 2001-2002 fiscal year, State aid accounts 536938 through 536941 shall be consolidated into a single State aid account for Institutional and Academic Support to match actual practice.

SECTION 30.8. The Joint Legislative Education Oversight Committee shall study discrepancies in community college faculty salaries. In the course of the study, the Committee shall examine faculty salaries at various colleges to determine why salaries at some colleges are above the State average while others are well below it.

The Committee shall report its findings to the 2002 Regular Session of the 2001 General Assembly.

No changes in the organizational structure of the programs transferred under this subsection, other than those provided by this subsection, shall take place prior to January 1, 2002. The State Board of Community Colleges shall present a plan for such changes to the Joint Legislative Education Oversight Committee no less than 30 days before they are proposed to become effective.

SECTION 30.10.(b) The Apprenticeship program currently housed within the North Carolina Department of Labor is transferred to the North Carolina Community Colleges System, as if by a Type I transfer as defined in G.S. 143A-6, with all the elements of such a transfer. Joint delivery of Apprenticeship and Community College workforce training programs will ensure coordination of program delivery and appropriate classroom training supporting the needs of the client and the employer. The community colleges already provide the majority of classroom training for Apprenticeship.

If the transfer made by this subsection is subject to approval by the United States Department of Labor, the effective date of this subsection is the date of such approval.

ACADEMIC COMMON MARKET PILOT PROGRAM

SECTION 31.2.(a) The Southern Regional Education Board currently operates an Academic Common Market program. Under this program, qualified students from participating states may apply to attend programs at public universities in participating states that are not available in their home state's university system. SECTION 31.2.(b) The Board of Governors of The University of North Carolina may establish a pilot program for participation in the Southern Regional Education Board's Academic Common Market at the graduate program level. The Board of Governors shall examine the graduate programs offered in The University of North Carolina system and select for participation only those graduate programs that are likely to be unique or are not commonly available in other Southern Regional Education Board states. Out-of-state tuition shall be waived for students who are residents of other Southern Regional Education Board states and who are participating in the Academic Common Market program. If accepted into The University of North Carolina graduate programs that are part of the Academic Common Market, these students shall pay in-State tuition and shall be treated for all purposes of The University of North Carolina as residents of North Carolina. Prior to the beginning of this pilot, the Board of Governors shall submit its list of graduate programs selected to be a part of the pilot program to the Joint Legislative Education Oversight Committee.

SECTION 31.2.(c) The pilot programs established under this section shall terminate July 1, 2005. However, once a student is enrolled in The University of North Carolina system under the Academic Common Market program, the student shall be entitled to pay in-State tuition as long as the student is enrolled in that graduate program. The Board of Governors shall report the success of the Academic Common Market program to the Joint Legislative Education Oversight Committee by December 31, 2003, and by January 31, 2005, and the Committee may recommend changes, if any are appropriate, to the pilot program at either of those times.

In lieu of such designation and in order to provide a more efficient, cost-effective, and flexible Program, the System may designate the company or companies designated for the Optional Retirement Program for State institutions of higher education as prescribed in G.S. 135-5.1(d).

Notwithstanding the provisions of this subsection, no contractual relationship established under the Optional Retirement Program pursuant to the authority granted by Chapter 338, Session Laws of 1971, is deemed terminated by the provisions of this section.

If any projects listed in subsection (a) of this section are delayed and the budgeted State funds cannot be used during the 2001-2002 fiscal year, or if the projects listed in subsection (a) of this section are accomplished at a lower cost, the Department may use the resulting fund availability to fund any of the following:

- (1) Corps of Engineers project feasibility studies.
- (2) Corps of Engineers projects whose schedules have advanced and require State-matching funds in fiscal year 2001-2002.
- (3) State-local water resources development projects. Funds not expended or encumbered for these purposes shall revert to the General Fund at the end of the 2002-2003 fiscal year.

SECTION 33.3.(c) The Department shall make quarterly reports on the use of these funds to the Joint Legislative Commission on Governmental Operations, the Fiscal Research Division, and the Office of State Budget and Management. Each report shall include all of the following:

The quarterly reports shall also show those projects advanced in schedule, those projects delayed in schedule, and an estimate of the amount of funds expected to revert to the General Fund.

SECTION 33.3.(d) Notwithstanding G.S. 143-23, if additional federal funds that require a State match are received for water resources projects or for beach renourishment projects for the 2001-2002 fiscal year, the Director of the Budget may, after consultation with the Joint Legislative Commission on Governmental

PROCEDURES FOR DISBURSEMENT OF CAPITAL FUNDS

SECTION 33.4. The appropriations made by the 2001 General Assembly for capital improvements shall be disbursed for the purposes provided by this act. Expenditure of funds shall not be made by any State department, institution, or agency until an allotment has been approved by the Governor as Director of the Budget. The allotment shall be approved only after full compliance with the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes. Prior to the award of construction contracts for projects to be financed in whole or in part with self-liquidating appropriations, the Director of the Budget shall approve the elements of the method of financing of those projects including the source of funds, interest rate, and liquidation period. Provided, however, that if the Director of the Budget approves the method of financing a project, the Director shall report that action to the Joint Legislative Commission on Governmental Operations at its next meeting.

Where direct capital improvement appropriations include the purpose of furnishing fixed and movable equipment for any project, those funds for equipment shall not be subject to transfer into construction accounts except as authorized by the Director of the Budget. The expenditure of funds for fixed and movable equipment and furnishings shall be reviewed and approved by the Director of the Budget prior to commitment of funds.

Capital improvement projects authorized by the 2001 General Assembly shall be completed, including fixed and movable equipment and furnishings, within the limits of the amounts of the direct or self-liquidating appropriations provided, except as otherwise provided in this act. Capital improvement projects authorized by the 2001 General Assembly for the design phase only shall be designed within the scope of the project as defined by the approved cost estimate filed with the Director of the Budget, including costs associated with site preparation, demolition, and movable and fixed equipment.

Requested by: Senators Plyler, Odom, Lee; Representatives Easterling, Oldham, Redwine, Thompson

ENCUMBERED APPROPRIATIONS AND PROJECT RESERVE FUNDS

SECTION 33.5. When each capital improvement project appropriated by the 2001 General Assembly, other than those projects

under the Board of Governors of The University of North Carolina, is placed under a construction contract, direct appropriations shall be encumbered to include all costs for construction, design, investigation, administration, movable equipment, and a reasonable contingency. Unencumbered direct appropriations remaining in the project budget shall be placed in a project reserve fund credited to the Office of State Budget and Management. Funds in the project reserve may be used for emergency repair and renovation projects at State facilities with the approval of the Director of the Budget. The project reserve fund may be used, at the discretion of the Director of the Budget, to allow for award of contracts where bids exceed appropriated funds, if those projects supplemented were designed within the scope intended by the applicable appropriation or any authorized change in it, and if, in the opinion of the Director of the Budget, all means to award contracts within the appropriation were reasonably attempted. At the discretion of the Director of the Budget, any balances in the project reserve fund shall revert to the original source.

EXPENDITURES OF FUNDS FROM THE RESERVE FOR REPAIRS AND RENOVATIONS

Notwithstanding G.S. 143-15.3A, the Board of Governors may allocate funds for the repair and renovation of facilities not supported from the General Fund if the Board determines that sufficient funds are not available from other sources and that conditions warrant General Fund assistance. Any such finding shall be included in the Board's submission to the Joint Legislative Commission on Governmental Operations on the proposed allocation of funds.

The Board of Governors and the Office of State Budget and Management shall submit to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office, for their review, the proposed allocations

of these funds. Subsequent changes in the proposed allocations shall be reported prior to expenditure to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office.

Requested by: Senators Plyler, Odom, Lee; Representatives Easterling, Oldham, Redwine, Thompson

CAPITAL IMPROVEMENT PROJECTS/SUPPLEMENTAL FUNDING APPROVAL/REPORTING REQUIREMENT

Provided, however, that if the Director of the Budget increases the cost of a project, the Director shall report that action to the Joint Legislative Commission on Governmental Operations at its next meeting. The increase may be funded from gifts, federal or private grants, special fund receipts, excess patient receipts above those budgeted at the University of North Carolina Hospitals at Chapel Hill, or direct capital improvement appropriations to that department or institution.

Requested by: Senators Plyler, Odom, Lee; Representatives Easterling, Oldham, Redwine, Thompson

NEW PROJECT AUTHORIZATION

SECTION 33.9. Upon the request of the administration of any State agency, department, or institution, the Director of the Budget may authorize the construction of a capital improvement project not specifically authorized by the General Assembly if such project is to be funded by gifts, federal or private grants, special fund receipts, excess patient receipts above those budgeted at the University of North Carolina Hospitals at Chapel Hill, or self-liquidating indebtedness. Prior to authorizing the construction of a capital improvement project pursuant to this section, the Director shall consult with the Joint Legislative Commission on Governmental Operations.

Construction of all capital improvement projects enumerated by the 2001 General Assembly shall be commenced, or self-liquidating indebtedness with respect to them shall be incurred, within 12 months following the first day of the fiscal year in which the funds are available. If construction contracts on those projects have not been

awarded or self-liquidating indebtedness has not been incurred within that period, the direct appropriation for those projects shall revert to the original source, and the self-liquidating appropriation shall lapse; except that direct appropriations may be placed in a reserve fund as authorized in this act. "(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is ~~four percent (4%)~~ four and one-half percent (4 ½%)."

SECTION 34.13.(b) The provisions of this section increasing the general rate of State sales tax do not apply to construction materials purchased to fulfill a lump-sum or unit-price contract entered into or awarded before the effective date of the

increase or entered into or awarded pursuant to a bid made before the effective date of the increase when the construction materials would otherwise be subject to the increased rate of tax provided under this section.

SECTION 34.13.(c) This section becomes effective October 16, 2001, and applies to sales made on or after that date. This section is repealed effective for sales made on or after July 1, 2003. This section does not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute amended or repealed by this section before the effective date of its amendment or repeal; nor does it affect the right to any refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal.

LOCAL OPTION SALES TAX/HOLD HARMLESS

SECTION 34.14.(a) Subchapter VIII of Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 44.

"Third One-Half Cent (½¢) Local Government Sales and Use Tax.
"§ 105-515. Short title.

This Article is the Third One-Half Cent (½¢) Local Government Sales and Use Tax Act.

"§ 105-516. Limitations.

This Article applies only to counties that levy the first one-cent (1¢) sales and use tax under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, the first one-half cent (½¢) local sales and use tax under Article 40 of this Chapter, and the second one-half cent (½¢) local sales and use tax under Article 42 of this Chapter.

"§ 105-517. Levy.

(a) After Vote. – If a majority of those voting in a special election held pursuant to this Article vote for the levy of the taxes in a county, the board of commissioners of a county may, by resolution, levy one-half percent (½%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law.

(b) Without Vote. – If the question of whether to levy taxes under this Article has not been defeated in a special election held in the county within two years, the board of commissioners of a county may, by resolution, levy one-half percent (½%) local sales and use taxes in addition to any other State and local sales and use taxes levied pursuant to law. Before adopting a resolution under this subsection, the board of commissioners must give at least 10 days'

public notice of its intent to adopt the resolution and must hold a public hearing on the issue of adopting the resolution.

(c) Effective Date. – A tax levied under this Article may not become effective before July 1, 2003.

"§ 105-518. County election on adoption of tax.

(a) Resolution. – The board of commissioners of a county may direct the county board of elections to conduct a special election on the question of whether to levy local one-half percent (½%) sales and use taxes in the county as provided in this Article. The election must be held on a date jointly agreed upon by the two boards and must be held in accordance with the procedures of G.S. 163-287.

(b) Ballot Question. – The question to be presented on a ballot for a special election concerning the levy of the taxes authorized by this Article must be in the following form:

FOR AGAINST

one-half percent (½%) local sales and use taxes, to replace the current one-half percent (½%) State sales and use taxes that end July 1, 2003.'

"§ 105-519. Administration of taxes.

Except as provided in this Article, the adoption, levy, collection, administration, and repeal of these additional taxes must be in accordance with Article 39 of this Chapter. A tax levied under this Article does not apply to the sales price of food that is exempt from tax pursuant to G.S. 105-164.13B.

"§ 105-520. Distribution of taxes.

(a) Point of Origin. – The Secretary must, on a monthly basis, allocate to each taxing county one-half of the net proceeds of the tax collected in that county under this Article. If the Secretary collects taxes under this Article in a month and the taxes cannot be identified as being attributable to a particular taxing county, the Secretary must allocate one-half of the net proceeds of these taxes among the taxing counties in proportion to the amount of taxes collected in each county under this Article in that month.

(b) Per Capita. – The Secretary must, on a monthly basis, allocate the remaining net proceeds of the tax collected under this Article among the taxing counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer. The Secretary must then adjust the amount allocated to each county as provided in G.S. 105-486(b).

(c) Distribution Between Counties and Cities. – The Secretary must divide and distribute the funds allocated under this section each month between each taxing county and the municipalities located in the county in accordance with the method by which the one percent (1%) sales and use taxes levied in that county pursuant to Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws are distributed. No municipality may receive any funds under this

subsection for a month if it is not entitled to a distribution under G.S. 105-501 for the same month.

"§ 105-521. Transitional local government hold harmless.

(a) Definitions. – The following definitions apply in this section:

- (1) Local government. – A county or municipality that received a distribution of local sales taxes in the most recent fiscal year for which a local sales tax share has been calculated.
- (2) Local sales tax share. – A local government's percentage share of the two-cent (2¢) sales taxes distributed during the most recent fiscal year for which data are available.
- (3) Repealed reimbursement amount. – The total amount a local government would have been entitled to receive during the 2002-2003 fiscal year under G.S. 105-164.44C, 105-275.1, 105-275.2, 105-277.001, and 105-277.1A, if the Governor had not withheld any distributions under those sections.
- (4) Two-cent (2¢) sales taxes. – The first one-cent (1¢) sales and use tax authorized in Article 39 of this Chapter and in Chapter 1096 of the 1967 Session Laws, the first one-half cent (½¢) local sales and use tax authorized in Article 40 of this Chapter, and the second one-half cent (½¢) local sales and use tax authorized in Article 42 of this Chapter.

(b) Distributions. – On or before September 15, 2003, and each September 15 thereafter, the Secretary must multiply each local government's local sales tax share by the estimated amount that all local governments would be expected to receive during the current fiscal year under G.S. 105-520 if every county levied the tax under this Article for the year. If the resulting amount is less than one hundred percent (100%) of the local government's repealed reimbursement amount, the Secretary must pay the local government the difference, but not less than one hundred dollars (\$100.00).

On or before May 1, 2003, and each May 1 thereafter, the Office of State Budget and Management and the Fiscal Research Division of the General Assembly must each submit to the Secretary and to the General Assembly a final projection of the estimated amount that all local governments would be expected to receive during the upcoming fiscal year under G.S. 105-520 if every county levied the tax under this Article for the fiscal year. If the Secretary does not use the lower of the two final projections to make the calculation required by this subsection, the Secretary must report the reasons for this decision to the Joint Legislative Commission on Governmental Operations within 60 days after receiving the projections.

(c) Source of Funds. – The Secretary must draw the funds distributed under this section from sales and use tax collections under Article 5 of this Chapter.

(d) Reports. – The Secretary must report to the Revenue Laws Study Committee by January 31, 2004, and each January 31 thereafter, the amount distributed under this section for the current fiscal year."

SECTION 34.14.(b) Notwithstanding the provisions of G.S. 105-466(c), a tax levied during the 2003 calendar year under Article 44 of Chapter 105 of the General Statutes, as enacted by this act, may become effective on the first day of any calendar month beginning on or after July 1, 2003. Notwithstanding the provisions of G.S. 105-466(c), if a county levies a tax during the 2003 calendar year under Article 44 of Chapter 105 of the General Statutes, as enacted by this act, the county is required to give the Secretary of Revenue only 30 days' advance notice of the tax levy. For taxes levied on or after January 1, 2004, the provisions of G.S. 105-466(c) apply.

SECTION 34.14.(c) A tax levied under Article 44 of Chapter 105 of the General Statutes, as enacted by this act, does not apply to construction materials purchased to fulfill a lump-sum or unit-price contract entered into or awarded before the effective date of the levy or entered into or awarded pursuant to a bid made before the effective date of the levy when the construction materials would otherwise be subject to the tax levied under Article 44 of Chapter 105 of the General Statutes.

SECTION 34.14.(d) This section is effective when it becomes law.

SECTION 12.(b) This section is effective when it becomes law.

ACCELERATE PAYMENT OF LOCAL SALES AND USE TAX REVENUE TO LOCAL GOVERNMENTS

SECTION 13.(a) G.S. 105-472(a) reads as rewritten:

"§ 105-472. *Disposition and distribution of taxes collected.*

(a) County Allocation. – The Secretary shall, on a ~~quarterly~~ monthly basis, allocate to each taxing county for which the Secretary collects the tax the net proceeds of the tax collected in that county under this Article. For the purpose of this section, "net proceeds" means the gross proceeds of the tax collected in each county under this Article less taxes refunded, the cost to the State of collecting and administering the tax in the county as determined by the Secretary, and other deductions that may be charged to the county. If the Secretary collects local sales or use taxes in a month and the taxes cannot be identified as being attributable to a particular taxing county, the Secretary shall allocate the taxes among the taxing counties in proportion to the amount of taxes collected in each county under this Article during that month and shall include them in the ~~quarterly~~ monthly distribution.

(b) Distribution Between Counties and Cities. – The Secretary shall divide the amount allocated to each taxing county among the county and its municipalities in accordance with the method determined by the county. The board of county commissioners shall, by resolution, choose one of the following methods of distribution:

(1) Per Capita Method. – The net proceeds of the tax collected in a taxing county shall be distributed to that county and to the municipalities in the county on a per capita basis according to the total population of the taxing county, plus the total population of the municipalities in the county. In the case of a municipality located in more than one county, only that part of its population living in the taxing county is

considered its "total population". In order to make the distribution, the Secretary shall determine a per capita figure by dividing the amount allocated to each taxing county by the total population of that county plus the total population of all municipalities in the county. The Secretary shall then multiply this per capita figure by the population of the taxing county and by the population of each municipality in the county; each respective product shall be the amount to be distributed to the county and to each municipality in the county. To determine the population of each county and each municipality, the Secretary shall use the most recent annual estimate of population certified by the State Planning Officer.

- (2) Ad Valorem Method. – The net proceeds of the tax collected in a taxing county shall be distributed to that county and the municipalities in the county in proportion to the total amount of ad valorem taxes levied by each on property having a tax situs in the taxing county during the fiscal year next preceding the distribution. For purposes of this section, the amount of the ad valorem taxes levied by a county or municipality includes ad valorem taxes levied by the county or municipality in behalf of a taxing district and collected by the county or municipality. In addition, the amount of taxes levied by a county includes ad valorem taxes levied by a merged school administrative unit described in G.S. 115C-513 in the part of the unit located in the county. In computing the amount of tax proceeds to be distributed to each county and municipality, the amount of any ad valorem taxes levied but not substantially collected shall be ignored. Each county and municipality receiving a distribution of the proceeds of the tax levied under this Article shall in turn immediately share the proceeds with each district in behalf of which the county or municipality levied ad valorem taxes in the proportion that the district levy bears to the total levy of the county or municipality. Any county or municipality that fails to provide the Department of Revenue with information concerning ad valorem taxes levied by it adequate to permit a timely determination of its appropriate share of tax proceeds collected under this Article may be excluded by the Secretary from each ~~quarterly~~ monthly distribution with respect to which the information was not provided in a timely manner, and those tax proceeds shall then be distributed only to the remaining counties

or municipalities, as appropriate. For the purpose of computing the distribution of the tax under this subsection to any county and the municipalities located in the county for any ~~quarter-month~~ with respect to which the property valuation of a public service company is the subject of an appeal and the Department of Revenue is restrained by law from certifying the valuation to the county and the municipalities in the county, the Department shall use the last property valuation of the public service company that has been certified.

The board of county commissioners in each taxing county shall, by resolution adopted during the month of April of each year, determine which of the two foregoing methods of distribution shall be in effect in the county during the next succeeding fiscal year. In order for the resolution to be effective, a certified copy of it must be delivered to the Secretary in Raleigh within 15 calendar days after its adoption. If the board fails to adopt a resolution choosing a method of distribution not then in effect in the county, or if a certified copy of the resolution is not timely delivered to the Secretary, the method of distribution then in effect in the county shall continue in effect for the following fiscal year. The method of distribution in effect on the first of July of each fiscal year shall apply to every distribution made during that fiscal year.

(c) Municipality Defined. – As used in this Article, the term "municipality" means "city" as defined in G.S. 153A-1.

(d) No municipality may receive any funds under this section if it was incorporated with an effective date of on or after January 1, 2000, and is disqualified from receiving funds under G.S. 136-41.2. No municipality may receive any funds under this section, incorporated with an effective date on or after January 1, 2000, unless a majority of the mileage of its streets are open to the public. The previous sentence becomes effective with respect to distribution of funds on or after July 1, 1999."

SECTION 13.(b) G.S. 105-486(a) reads as rewritten:

"(a) County Allocation. – The Secretary shall, on a ~~quarterly~~ monthly basis, allocate the net proceeds of the additional one-half percent (1/2%) sales and use taxes levied under this Article to the taxing counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer."

SECTION 13.(c) G.S. 105-486(c) reads as rewritten:

"(c) Distribution Between Counties and Cities. – The amount allocated to each taxing county shall then be divided among the county and its municipalities in accordance with the method by which

the one percent (1%) sales and use taxes levied in that county pursuant to Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws are distributed. ~~If any taxes levied under this Article by a county have not been collected in that county for a full quarter because of the levy or repeal of the taxes, the Secretary shall distribute a pro rata share to that county for that quarter based on the number of months the taxes were collected in that county during the quarter."~~

SECTION 13.(d) G.S. 105-501 reads as rewritten:

"§ 105-501. *Distribution of additional taxes.*

The Secretary shall, on a ~~quarterly~~ monthly basis, allocate the net proceeds of the additional one-half percent (1/2%) sales and use taxes levied under this Article to the taxing counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer. The Secretary shall then adjust the amount allocated to each county as provided in G.S. 105-486(b). The amount allocated to each taxing county shall then be divided among the county and the municipalities located in the county in accordance with the method by which the one percent (1%) sales and use taxes levied in that county pursuant to Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws are distributed. No municipality may receive any funds under this section if it was incorporated with an effective date of on or after January 1, 2000, and is disqualified from receiving funds under G.S. 136-41.2. No municipality may receive any funds under this section, incorporated with an effective date on or after January 1, 2000, unless a majority of the mileage of its streets are open to the public. The previous sentence becomes effective with respect to distribution of funds on or after July 1, 1999.

~~If any taxes levied under this Article by a county have not been collected in that county for a full quarter because of the levy or repeal of the taxes, the Secretary shall distribute a pro rata share to that county for that quarter based on the number of months the taxes were collected in that county during the quarter.~~

In determining the net proceeds of the tax to be distributed, the Secretary shall deduct from the collections to be allocated an amount equal to ~~one-fourth~~ one-twelfth of the costs during the preceding fiscal year of:

- (1) The Department of Revenue in performing the duties imposed by G.S. 105-275.2 and by Article 15 of this Chapter.
- (2) The Property Tax Commission.
- (3) The Institute of Government in operating a training program in property tax appraisal and assessment.

- (4) The personnel and operations provided by the Department of State Treasurer for the Local Government Commission."

SECTION 13.(e) Section 9 of Chapter 1096 of the 1967 Session Laws, as amended, is amended as follows:

- (1) By deleting the word "quarterly" each time it appears and substituting the word "monthly".
- (2) By deleting the word "quarter" in the first sentence of the second paragraph and substituting the word "month".

SECTION 13.(f) G.S. 105-510(a), as enacted by Section 1 of S. L. 1997-417, reads as rewritten:

"(a) Distribution. – The Secretary shall, on a ~~quarterly~~monthly basis, allocate to each taxing county the net proceeds of the tax levied under this Article by that county. If the Secretary collects taxes under this Article in a month and the taxes cannot be identified as being attributable to a particular taxing county, the Secretary shall allocate these taxes among the taxing counties, in proportion to the amount of taxes collected in each county under this Article in that month and shall include them in the ~~quarterly~~monthly distribution.

The Secretary shall distribute the net proceeds of the tax levied by a county on a per capita basis among the county and the units of local government in the county that operate public transportation systems. No proceeds shall be distributed to a county that does not operate a public transportation system or to a unit of local government that does not operate a public transportation system."

SECTION 13.(g) This section becomes effective July 1, 2003, and applies to amounts collected on or after that date.

A county may retain two percent (2%) of the amount of tax proceeds allocated for remittance to the Department of Revenue as compensation for the county's cost in collecting and remitting the State's share of the tax. Of the funds remitted to it pursuant to this section, the Department of Revenue must credit seventy-five percent (75%) to the Parks and Recreation Trust Fund established under G.S. 113-44.15 and twenty-five percent (25%) to the Natural Heritage Trust Fund established under G.S. 113-77.7."

AN ACT TO SIMPLIFY THE COLLECTION OF TELECOMMUNICATIONS TAXES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.3 is amended by adding the following new subdivisions in the correct alphabetical order to read: "§ 105-164.3. Definitions.

The following definitions apply in this Article, except when the context clearly indicates a different meaning:

- a. Both one-way and two-way radio communication services.
- b. A mobile service that provides a regularly interacting group of base, mobile, portable, and associated control and relay stations for private one-way or two-way land mobile radio communications by eligible users over designated areas of operation.
- c. Any service for which a federal license is required in a personal communications service.

...

(11a) Prepaid telephone calling arrangement. – A right that meets all of the following requirements:

- a. Authorizes the exclusive purchase of telecommunications service.
- b. Must be paid for in advance.
- c. Enables the origination of calls by means of an access number, authorization code, or another similar means, regardless of whether the access number or authorization code is manually or electronically dialed.

d. Is sold in units or dollars whose number or dollar value declines with use and is known on a continuous basis.

...
 (16b) Service address. – The location of the telecommunications equipment from which a customer originates or receives telecommunications service. In the case of mobile telecommunications service, maritime systems, third-number calls, calling card calls, and other similar services for which the location of the equipment cannot be determined as part of the billing process, the telecommunications service provider may determine the location of the equipment based upon the customer's telephone number, the mailing address to which the bills are sent, or a street address provided by the customer if the street address is within the licensed service area of the service provider. In the case of telecommunications service paid through a payment mechanism that does not relate to the location of the equipment, such as a bank, travel, debit, or credit card, the service address is the address of the central office as determined by the area code and the first three digits of the seven-digit originating telephone number.

...
 (21a) Telecommunications service. – The transmission, conveyance, or routing of voice, data, audio, video, or any other information or signals to a point, or between or among points, by or through any electronic, radio, satellite, optical, microwave, or other medium, regardless of the protocol used for the transmission, conveyance, or routing. The term includes mobile telecommunications service and vertical services. Vertical services are switch-based services offered in connection with a telecommunications service, such as call forwarding services, caller ID services, and three-way calling services."

SECTION 2. G.S. 105-164.3(25) is repealed.

SECTION 3. G.S. 105-164.4(a)(4a) reads as rewritten:

"(4a) The rate of three percent (3%) applies to the gross receipts derived by a utility from sales of ~~electricity or local telecommunications service as defined by G.S. 105-120(e), electricity,~~ other than sales of electricity subject to tax under another subdivision in this section. ~~Gross receipts from sales of local telecommunications service do not include receipts from service provided by~~

~~means of public coin-operated pay telephone instruments and paid for by coin. A person who operates a utility sells electricity is considered a retailer under this Article.~~"

SECTION 4. G.S. 105-164.4(a)(4c) reads as rewritten:

"(4c) ~~The rate of six and one half percent (6 1/2%)~~ four and one-half percent (4.5%) applies to the gross receipts derived from providing ~~to~~ telecommunications services or private telecommunications services as defined by G.S. 105-120(e) that both originate from and terminate in the State and are not subject to the privilege tax under G.S. 105-120. ~~service.~~ A person who provides telecommunications service is considered a retailer under this Article. Telecommunications service is taxed in accordance with G.S. 105-164.4B. Any business entity that provides these services is considered a retailer under this Article. The tax applies regardless of whether tangible personal property, such as a card or a telephone, is transferred. Prepaid telephone calling arrangements taxed under this subdivision are not subject to tax as a telecommunications service.

Prepaid telephone calling arrangements are taxable at the point of sale instead of at the point of use. If the sale or recharge of a prepaid telephone calling arrangement does not take place at a retailer's place of business, the sale or recharge is considered to have taken place at one of the following:

- a. The customer's shipping address, if an item of tangible personal property is shipped to the customer as part of the transaction.
- b. The customer's billing address or, for mobile telecommunications service, the customer's service address, if no tangible personal property is shipped to the customer as part of the transaction."

SECTION 6. Part 2 of Article 5 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-164.4B. Tax on telecommunications.

(a) General. – The gross receipts derived from providing telecommunications service in this State are taxed at the rate set in G.S. 105-164.4(a)(4c). Mobile telecommunications service is provided in this State if the customer's service address is in this State and the call originates or terminates in this State.

(b) Included in Gross Receipts. – Gross receipts derived from telecommunications service include the following:

- (1) Receipts from local, intrastate, interstate, toll, private, and mobile telecommunications service.
- (2) Charges for directory assistance, directory listing that is not yellow-page classified listing, call forwarding, call waiting, three-way calling, caller ID, and other similar services.
- (3) Customer access line charges billed to subscribers for access to the intrastate or interstate interexchange network.
- (4) Charges billed to a pay telephone provider who uses the telecommunications service to provide pay telephone service.

(c) Excluded From Gross Receipts. – Gross receipts derived from telecommunications service do not include any of the following:

- (1) Charges for telecommunications services that are a component part of or are integrated into a telecommunications service that is resold. Examples of services that are resold include carrier charges for access to an intrastate or interstate interexchange network, interconnection charges paid by a provider of mobile telecommunications service, and charges for the sale of unbundled network elements. An unbundled network element is a network element, as defined in 47 U.S.C. § 153(29), to which access is provided on an unbundled basis pursuant to 47 U.S.C. § 251(c)(3).
- (2) Telecommunications services that are resold as part of a prepaid telephone calling arrangement.
- (3) 911 charges imposed under G.S. 62A-4 or G.S. 62A-23 and remitted to the Emergency Telephone System Fund under G.S. 62A-7 or the Wireless Fund under G.S. 62A-24.
- (4) Allowable surcharges imposed to recoup assessments for the Universal Service Fund.
- (5) Receipts of a pay telephone provider from the sale of pay telephone service.

- (7) Paging service, unless the service provides two-way communication.
 - (8) Charges for telephone service made by a hotel, motel, or another entity whose gross receipts are taxable under G.S. 105-164.4(a)(3) when the charges are incidental to the occupancy of the entity's accommodations.

 - (14) Billing and collection services.
 - (15) Charges for bad checks or late payments.
- (d) Bundled Services. – When a taxable telecommunications service is bundled with a service that is not taxable, the tax applies to the gross receipts from the taxable service in the bundle as follows:
- (1) If the service provider offers all the services in the bundle on an unbundled basis, tax is due on the unbundled price of the taxable service, less the discount resulting from the bundling. The discount for a service as the result of bundling is the proportionate price decrease of the service, determined on the basis of the total unbundled price of all the services in the bundle compared to the bundled price of the services.
 - (2) If the service provider does not offer one or more of the services in the bundle on an unbundled basis, tax is due on the taxable service based on a reasonable allocation of revenue to that service. If the service provider maintains an account for revenue from a taxable service, the service provider's allocation of revenue to that service for the purpose of determining the tax due on the service must reflect its accounting allocation of revenue to that service.

(e) Interstate Private Line. – The gross receipts derived from interstate private telecommunications service are taxable as follows:

- (1) One hundred percent (100%) of the charge imposed at each channel termination point in this State.
- (2) One hundred percent (100%) of the charge imposed for the total channel mileage between each channel termination point in this State.

(f) Call Center Cap. – The gross receipts tax on interstate telecommunications service that originates outside this State, terminates in this State, and is provided to a call center that has a direct pay certificate issued by the Department under G.S. 105-164.27A may not exceed fifty thousand dollars (\$50,000) a calendar year. This cap applies separately to each legal entity.

(g) Credit. – A taxpayer who pays a tax legally imposed by another state on a telecommunications service taxable under this section is allowed a credit against the tax imposed in this section.

- (3) Intrastate telecommunications service. – Telecommunications service that both originates and terminates in this State.
- (4) Local telecommunications service. – Telecommunications service that provides access to a local telephone network and enables a user to communicate with substantially everyone who has a telephone or radiotelephone station that is part of the local telephone network.
- (5) Mobile telecommunications service. – Defined in G.S. 105-164.3.
- (6) Private telecommunications service. – Telecommunications service that entitles a subscriber of the service to exclusive or priority use of a communications channel or group of channels.
- (7) Service address. – Defined in G.S. 105-164.3.

A ~~utility-retailer~~ who sells electricity or telecommunications service must report its sales on an accrual basis. A sale ~~by a utility~~ of electricity or ~~intrastate telephone telecommunications~~ service is considered to accrue when the ~~utility~~ retailer bills its customer for the sale."

SECTION 9. G.S. 105-164.27A reads as rewritten:

~~"§ 105-164.27A. Direct pay certificate-permit.~~

(a) ~~Requirements.—Tangible Personal Property.~~ — A direct pay permit for tangible personal property authorizes its holder to purchase any tangible personal property without paying tax to the seller and authorizes the seller to not collect any tax on a sale to the permit holder. A person who purchases tangible personal property under a direct pay permit issued under this subsection is liable for use tax due on the purchase. The tax is payable when the property is placed in use. A direct pay permit issued under this subsection does not apply to taxes imposed under G.S. 105-164.4(a)(1f) or G.S. 105-164.4(a)(4a).

A person who purchases tangible personal property whose tax status cannot be determined at the time of the purchase because of one of the reasons listed below may apply to the Secretary for a ~~direct pay certificate-permit~~ direct pay permit for tangible personal property:

- (1) The place of business where the property will be used is not known at the time of the purchase and a different tax consequence applies depending on where the property is used.
- (2) The manner in which the property will be used is not known at the time of the purchase and one or more of the potential uses is taxable but others are not taxable.

~~(b) Procedure.—An application for a direct pay certificate Secretary and contain the information required by the Secretary. A person who purchases tangible personal property under a direct pay certificate is liable for use tax due on the purchase. The tax is payable when the property is placed in use. A direct pay certificate does not apply to taxes imposed under G.S. 105-164.4(a)(1f) or G.S. 105-164.4(a)(4a).~~

(b) Telecommunications Service. — A direct pay permit for telecommunications service authorizes its holder to purchase telecommunications service without paying tax to the seller and authorizes the seller to not collect any tax on a sale to the permit holder. A direct pay permit issued under this subsection does not apply to any tax other than the tax on telecommunications service.

A call center that purchases interstate telecommunications service that originates outside this State and terminates in this State may apply to the Secretary for a direct pay permit for telecommunications service. A call center is a business that is primarily engaged in providing support services to customers by telephone to support products or services of the business. SECTION 10. Part 8 of Article 5 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-164.44F. *Distribution of part of telecommunications taxes to cities.*

(a) Amount. – The Secretary must distribute to the cities part of the taxes imposed by G.S. 105-164.4(a)(4c) on telecommunications service. The Secretary must make the distribution within 75 days after the end of each calendar quarter. The amount the Secretary must distribute is twenty-four and four-tenths percent (24.4%) of the net proceeds of the taxes collected during the quarter, minus two million six hundred twenty thousand nine hundred forty-eight dollars (\$2,620,948). This deduction is one-fourth of the annual amount by which the distribution to cities of the gross receipts franchise tax on telephone companies, imposed by former G.S. 105-120, was required to be reduced beginning in fiscal year 1995-96 as a result of the 'freeze deduction.' The Secretary must distribute the specified percentage of the proceeds, less the 'freeze deduction' among the cities in accordance with this section.

(b) Share of Cities Incorporated on or After January 1, 2001. – The share of a city incorporated on or after January 1, 2001, is its per capita share of the amount to be distributed to all cities incorporated on or after this date. This amount is the proportion of the total to be distributed under this section that is the same as the proportion of the population of cities incorporated on or after January 1, 2001, compared to the population of all cities. In making the distribution

under this subsection, the Secretary must use the most recent annual population estimates certified to the Secretary by the State Planning Officer.

(c) Share of Cities Incorporated Before January 1, 2001. – The share of a city incorporated before January 1, 2001, is its proportionate share of the amount to be distributed to all cities incorporated before this date. A city's proportionate share for a quarter is based on the amount of telephone gross receipts franchise taxes attributed to the city under G.S. 105-116.1 for the same quarter that was the last quarter in which taxes were imposed on telephone companies under repealed G.S. 105-120. The amount to be distributed to all cities incorporated before January 1, 2001, is the amount determined under subsection (a) of this section, minus the amount distributed under subsection (b) of this section.

The following changes apply when a city incorporated before January 1, 2001, alters its corporate structure. When a change described in subdivision (2) or (3) occurs, the resulting cities are considered to be cities incorporated before January 1, 2001, and the distribution method set out in this subsection rather than the method set out in subsection (b) of this section applies:

- (1) If a city dissolves and is no longer incorporated, the proportional shares of the remaining cities incorporated before January 1, 2001, must be recalculated to adjust for the dissolution of that city.
- (2) If two or more cities merge or otherwise consolidate, their proportional shares are combined.
- (3) If a city divides into two or more cities, the proportional share of the city that divides is allocated among the new cities on a per capita basis.

(d) Ineligible Cities. – An ineligible city is disregarded for all purposes under this section. A city incorporated on or after January 1, 2000, is not eligible for a distribution under this section unless it meets both of the following requirements:

- (1) It is eligible to receive funds under G.S. 136-41.2.
- (2) A majority of the mileage of its streets are open to the public."

SECTION 11. G.S. 105-116.1 reads as rewritten:

"§ 105-116.1. Distribution of gross receipts taxes to cities.

- (a) Definitions. – The following definitions apply in this section:
 - (1) Freeze deduction. – The amount by which the percentage distribution amount of a city was required to be reduced in fiscal year 1995-96 in determining the amount to distribute to the city.
 - (2) Percentage distribution amount. – Three and nine hundredths percent (3.09%) of the gross receipts derived

by an electric power company ~~and a telephone company~~ from sales within a city that are taxable under ~~G.S. 105-116 or G.S. 105-120~~. G.S. 105-116.

(b) Distribution. – The Secretary must distribute to the cities part of the taxes collected under this Article on electric power ~~companies and telephone~~ companies. Each city's share for a calendar quarter is the percentage distribution amount for that city for that quarter minus one-fourth of the city's hold-back amount and one-fourth of the city's proportionate share of the annual cost to the Department of administering the distribution. The Secretary must make the distribution within 75 days after the end of each calendar quarter.

(c) Limited Hold-Harmless Adjustment. – The hold-back amount for a city that, in the 1995-96 fiscal year, received from gross receipts taxes on electric power companies and natural gas companies less than ninety-five percent (95%) of the amount it received in the 1990-91 fiscal year but at least sixty percent (60%) of the amount it received in the 1990-91 fiscal year is the amount determined by the following calculation:

- (1) Adjust the city's 1995-96 distribution by adding the city's freeze deduction attributable to receipts from electric power companies and natural gas companies to the amount distributed to the city for that year.
- (2) Compare the adjusted 1995-96 amount with the city's 1990-91 distribution.
- (3) If the adjusted 1995-96 amount is less than or equal to the city's 1990-91 distribution, the hold-back amount for the city is zero.
- (4) If the adjusted 1995-96 amount is more than the city's 1990-91 distribution, the hold-back amount for the city is the city's freeze deduction attributable to receipts from electric power companies and natural gas companies minus the difference between the city's 1990-91 distribution and the city's 1995-96 distribution.

(c1) Additional Limited Hold-Harmless Adjustment. – The hold-back amount for a city that, in the 1995-96 fiscal year, received from gross receipts taxes on electric power companies and natural gas companies less than sixty percent (60%) of the amount it received in the 1990-91 fiscal year is the amount determined by the following calculation:

- (1) Adjust the city's 1999-2000 distribution by adding the city's freeze deduction attributable to receipts from electric power companies and natural gas companies to the amount distributed to the city for that year.
- (2) Compare the adjusted 1999-2000 amount with the city's 1990-91 distribution.

- (3) If the adjusted 1999-2000 amount is less than or equal to the city's 1990-91 distribution, the hold-back amount for the city is zero.
- (4) If the adjusted 1999-2000 amount is more than the city's 1990-91 distribution, the hold-back amount for the city is the city's freeze deduction attributable to receipts from electric power companies and natural gas companies minus the difference between the city's 1990-91 distribution and the city's 1999-2000 distribution.

(d) Allocation of Hold-Harmless Adjustment. – The hold-back amount for a city that, in the 1995-96 fiscal year, received from gross receipts taxes on electric power companies and natural gas companies at least ninety-five percent (95%) of the amount it received in the 1990-91 fiscal year is the amount determined by the following calculation:

- (1) Determine the amount by which the freeze deduction attributable to receipts from electric power companies and natural gas companies is reduced for all cities whose hold-back amount is determined under subsections (c) and (c1) of this section. This amount is the total hold-harmless adjustment.
- (2) Determine the amount of gross receipts taxes that would be distributed for the quarter to cities whose hold-back amount is determined under this subsection if these cities received their percentage distribution amount minus one-fourth of their freeze ~~deduction~~ deduction attributable to receipts from electric power companies and natural gas companies.
- (3) For each city included in the calculation in subdivision (2) of this subsection, determine that city's percentage share of the amount determined under that subdivision.
- (4) Add to the city's freeze deduction attributable to receipts from electric power companies and natural gas companies an amount equal to the city's percentage share under subdivision (3) of this subsection multiplied by the total hold-harmless adjustment.

(e) Disqualification. – No municipality may receive any funds under this section if it was incorporated with an effective date of on or after January 1, 2000, and is disqualified from receiving funds under G.S. 136-41.2. No municipality may receive any funds under this section, incorporated with an effective date on or after January 1, 2000, unless a majority of the mileage of its streets are open to the public. The previous sentence becomes effective with respect to distribution of funds on or after July 1, 1999."

SECTION 12. G.S. 105-120 is repealed.

SECTION 13. G.S. 105-467 is amended by adding a new subdivision to read:

"(6) The sales price of prepaid telephone calling arrangements taxed as tangible personal property under G.S. 105-164.4(a)(4d)."

SECTION 14. The first paragraph of Section 4 of Chapter 1096 of the 1967 Session Laws, as amended, is amended as follows:

- (1) By deleting the word "and" before subdivision (5).
- (2) By changing the period at the end of subdivision (5) to a semicolon and adding the word "and".
- (3) By adding a new subdivision to read:

"(6) The sales price of prepaid telephone calling arrangements taxed as tangible personal property under G.S. 105-164.4(a)(4d)."

SECTION 15. The Department of Revenue must report to the Revenue Laws Study Committee by October 1, 2003, on the amounts collected under this act and on the distributions made to local governments, including the amounts received by them from the sales and use tax on prepaid calling arrangements. On or before October 1, 2007, the Department must report to the Revenue Laws Study Committee any recommendations it has, if any, to adjust the distributions made to local governments. The Department must consult with the North Carolina League of Municipalities in developing its recommendations.

SECTION 16. G.S. 153A-152 reads as rewritten:
 "§ 153A-152. *Privilege license taxes.*

(a) Authority. – A county may levy privilege license taxes on trades, occupations, professions, businesses, and franchises to the extent authorized by Article 2 of Chapter 105 of the General Statutes and any other acts of the General Assembly. S.B. 181 SESSION LAW 2001-431

AN ACT TO ALLOW A PASS-THROUGH ENTITY TO ALLOCATE A HOUSING TAX CREDIT TO ANY OF ITS OWNERS AT THE DISCRETION OF THE PASS-THROUGH ENTITY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-129.15 is amended by adding a new subdivision to read:

"(4a) Pass-through entity. – Defined in G.S. 105-129.35."

SECTION 2. G.S. 105-129.16B reads as rewritten:
 "§ 105-129.16B. Credit for low-income housing.

(a) Credit. – A taxpayer that is allowed for the taxable year a federal income tax credit for low-income housing under section 42 of the Code with respect to a qualified North Carolina low-income building, is allowed a credit under this Article equal to a percentage

of the total federal credit allowed with respect to that building. For the purposes of this section, the total federal credit allowed is the total allowed during the 10-year federal credit period plus the disallowed first-year credit allowed in the 11th year. For the purposes of this section, the total federal credit is calculated based on qualified basis as of the end of the first year of the credit period and is not recalculated to reflect subsequent increases in qualified basis. For buildings that meet condition (c)(1) or (c)(1a) of this section, the credit percentage is seventy-five percent (75%). For other buildings, the credit percentage is twenty-five percent (25%).

(b) Timing. – The credit must be taken in equal installments over the five years beginning in the first taxable year in which the federal credit is claimed for that building. During the first taxable year in which the credit allowed under this section may be taken with respect to a building, the amount of the installment must be multiplied by the applicable fraction under section 42(f)(2)(A) of the Code. Any reduction in the amount of the first installment as a result of this multiplication is carried forward and may be taken in the first taxable year after the fifth installment is allowed under this section.

(b1) Allocation. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for the credit provided in this section may allocate the credit among any of its owners in its discretion as long as the amount of credit allocated to an owner does not exceed the owner's adjusted basis in the pass-through entity, as determined under the Code, at the end of the taxable year in which the federal credit is first claimed. Owners to whom a credit is allocated are allowed the credit as if they had qualified for the credit directly. A pass-through entity and its owners must include with their tax returns for every taxable year in which an allocated credit is claimed a statement of the allocation made by the pass-through entity and the allocation that would have been required under G.S. 105-131.8 or G.S. 105-269.15.

(c) Definitions. – The definitions in section 42 of the Code apply in this section. In addition, as used in this section the term "qualified North Carolina low-income building" means a qualified low-income building that was allocated a federal credit under section 42(h)(1) of the Code, was not allowed a federal credit under section 42(h)(4) of the Code, and meets any of the following conditions:

- (1) It is located in an area that, at the time the federal credit is allocated to the building, is a tier one or two enterprise area, as defined in G.S. 105-129.3.
- (1a) It is located in a county that, at the time the federal credit is allocated to the building, has been designated as having sustained severe or moderate damage from a hurricane or a hurricane-related disaster, according to the

Federal Emergency Management Agency impact map, revised on September 25, 1999. Those counties are Bertie, Beaufort, Bladen, Brunswick, Carteret, Columbus, Craven, Dare, Duplin, Edgecombe, Greene, Halifax, Hertford, Jones, Lenoir, Martin, Nash, New Hanover, Northampton, Onslow, Pasquotank, Pender, Pitt, Washington, Wayne, and Wilson Counties.

- (2) It is located in an area that, at the time the federal credit is allocated to the building, is a tier three or four enterprise area, and forty percent (40%) of its residential units are both rent-restricted and occupied by individuals whose income is fifty percent (50%) or less of area median gross income as defined in the Code.
- (3) It is located in an area that, at the time the federal credit is allocated to the building, is a tier five enterprise area, and forty percent (40%) of its residential units are both rent-restricted and occupied by individuals whose income is thirty-five percent (35%) or less of area median gross income as defined in the Code.

(d) Expiration. – If, in one of the five years in which an installment of the credit under this section accrues, the taxpayer is no longer eligible for the corresponding federal credit with respect to the same qualified North Carolina low-income building, then the credit under this section expires and the taxpayer may not take any remaining installment of the credit. If, in one of the five years in which an installment of the credit under this section accrues, the building no longer qualifies as a low-income building under subdivision (2) or (3) of subsection (c) of this section because less than forty percent (40%) of its residential units are both rent-restricted and occupied by individuals who meet the income requirements, then the credit under this section expires and the taxpayer may not take any remaining installments of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.17.

(e) ~~Forfeiture.~~ Forfeiture for Disposition. – If the taxpayer is required under section 42(j) of the Code to recapture all or part of a federal credit under that section with respect to a qualified North Carolina low-income building, the taxpayer forfeits the corresponding part of the credit allowed under this section with respect to that qualified North Carolina low-income building. ~~A taxpayer that forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited; a taxpayer that fails to~~

pay the past taxes and interest by the due date is subject to the penalties provided in G.S. 105-236. If the credit was allocated among the owners of a pass-through entity, the forfeiture applies to the owners in the same proportion that the credit was allocated.

(f) Forfeiture for Change in Ownership. – If an owner of a pass-through entity that has qualified for the credit allowed under this section disposes of all or a portion of the owner's interest in the pass-through entity within five years from the date the federal credit is first claimed and the owner's interest in the pass-through entity is reduced to less than two-thirds of the owner's interest in the pass-through entity at the time the federal credit is first claimed, the owner forfeits a portion of the credit. The amount forfeited is determined by multiplying the amount of credit by the percentage reduction in ownership and then multiplying that product by the forfeiture percentage. The forfeiture percentage equals the recapture percentage found in the table in section 50(a)(1)(B) of the Code. The remaining allowable credit is allocated equally among the five years in which the credit is claimed. Forfeiture as provided in this subsection is not required if the change in ownership is the result of any of the following:

- (1) The death of the owner.
- (2) A merger, consolidation, or similar transaction requiring approval by the shareholders, partners, or members of the taxpayer under applicable State law, to the extent the taxpayer does not receive cash or tangible property in the merger, consolidation, or other similar transaction.

(g) Liability From Forfeiture. – A taxpayer or an owner of a pass-through entity that forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.1(i), computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited. A taxpayer or owner of a pass-through entity that fails to pay the taxes and interest by the due date is subject to the penalties provided in G.S. 105-236."

SECTION 3. G.S. 105-129.17(a) reads as rewritten:

"(a) Tax Election. – The credits allowed in this Article are allowed against the franchise tax levied in Article 3 of this Chapter or the income taxes levied in Article 4 of this Chapter. In addition, the credit allowed under G.S. 105-129.16B is allowed against the gross premiums tax levied in Article 8B of this Chapter. The taxpayer must elect the tax against which a credit will be claimed when filing the return on which the first installment of the credit is claimed. This election is binding. Any carryforwards of a credit must be claimed against the same tax."

SECTION 4. This act is effective for taxable years beginning on or after January 1, 2001, and applies to buildings that are placed in service on or after January 1, 2001.

In the General Assembly read three times and ratified this the 27th day of September, 2001.

Became law upon approval of the Governor at 3:00 p.m. on the 6th day of October, 2001.

"§ 153A-155. *Uniform provisions for room occupancy taxes.*

(a) Scope. – This section applies only to counties the General Assembly has authorized to levy room occupancy taxes.

(b) Levy. – A room occupancy tax may be levied only by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto. A room occupancy tax shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(c) Collection. – Every operator of a business subject to a room occupancy tax shall, on and after the effective date of the levy of the tax, collect the tax. The tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records and shall be paid by the purchaser to the operator of the business as trustee for and on account of the taxing county. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The taxing county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects a room occupancy tax may deduct from the amount remitted to the taxing county a discount equal to the discount the State allows the operator for State sales and use tax.

(d) Administration. – The taxing county shall administer a room occupancy tax it levies. A room occupancy tax is due and payable to the county finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues.

Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the taxing county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A room occupancy tax return filed with the county finance officer is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

(e) Penalties. – A person, firm, corporation, or association who fails or refuses to file a room occupancy tax return or pay a room occupancy tax as required by law is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing board of the taxing county has the same authority to waive the penalties for a room occupancy tax that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

(f) Repeal or Reduction. – A room occupancy tax levied by a county may be repealed or reduced by a resolution adopted by the governing body of the county. Repeal or reduction of a room occupancy tax shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the resolution was adopted. Repeal or reduction of a room occupancy tax does not affect a liability for a tax that was attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction.

(g) This section applies only to Anson, Avery, Brunswick, Craven, Currituck, Davie, Granville, Madison, Montgomery, Nash, Person, Randolph, Scotland, Stanly, and Transylvania Counties."

The Commissioner may require the applicant to fully disclose the identity of all stockholders, partners, officers, members, and employees; and the Commissioner may refuse to issue a license in the name of a legal entity if not satisfied that any officer, employee, stockholder, partner, or member of the legal entity who may materially influence the applicant's conduct meets the standards of this Part.

(d) When making an examination under this Part, the Commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the reasonable cost of which shall be borne by the licensee that is the subject of the examination.

(3) Other records and documents related to the requirements of this Part.

(b) This section does not relieve a person of the obligation to produce these documents to the Commissioner after the retention period has expired if the person has retained the documents.

- (1) There are possible alternatives to contracts including any accelerated death benefits or policy loans offered under the viator's policy.

If the insured dies during the rescission period, the settlement contract shall be deemed to have been rescinded, subject to repayment of all viatical settlement proceeds and any premiums, loans, and loan interest to the provider or purchaser.
- (6) Funds will be sent to the viator within three business days after the provider has received the insurer or group administrator's acknowledgment that ownership of the policy or interest in the certificate has been transferred and the beneficiary has been designated.
- (7) Entering into a contract may cause other rights or benefits, including conversion rights and waiver of premium benefits that may exist under the policy, to be forfeited by the viator. Assistance should be sought from a financial adviser.
- (8) Disclosure to a viator shall include distribution of a brochure describing the process of viatical settlements. The NAIC's form for the brochure shall be used unless the Commissioner develops one.
- (9) The disclosure document shall contain the following language: 'All medical, financial, or personal

information solicited or obtained by a provider or broker about an insured, including the insured's identity or the identity of family members, a spouse or a significant other may be disclosed as necessary to effect the viatical settlement between the viator and the provider. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share information every two years.'

- (10) The insured may be contacted by either the provider or broker or its authorized representative for the purpose of determining the insured's health status. This contact is limited to once every three months if the insured has a life expectancy of more than one year, and no more than once per month if the insured has a life expectancy of one year or less.

(b) A provider shall provide the viator with at least the following disclosures no later than the date the contract is signed by all parties. - (4) If an insurance policy to be viaticated has been issued as a joint policy or involves family riders or any coverage of a life other than the insured under the policy to be viaticated, the viator shall be informed of the possible loss of coverage on the other lives under the policy and shall be advised to consult with his or her insurance producer or the insurer issuing the policy for advice on the proposed viatical settlement.
- (5) State the dollar amount of the current death benefit payable to the provider under the policy. If known, the provider shall also disclose the availability of any additional guaranteed insurance benefits, the dollar amount of any accidental death and dismemberment

benefits under the policy, and the provider's interest in those benefits.

- (6) State the name, business address, and telephone number of the independent third-party escrow agent and the fact that the viator or owner may inspect or receive copies of the relevant escrow or trust agreements or documents.

(c) If the provider transfers ownership or changes the beneficiary of the insurance policy, the provider shall communicate the change in ownership or beneficiary to the insured within 20 days after the change.

"§ 58-58-250. General rules.

(a) A provider entering into a contract shall first obtain:

- (1) If the viator is the insured, a written statement from a licensed attending physician that the viator is of sound mind and under no constraint or undue influence to enter into a contract.
- (2) A document in which the insured consents to the release of his or her medical records to a provider or broker and, if the policy being viaticated has been in effect for less than five years, to the insurance company that issued the policy covering the life of the insured.

(b) Within 20 days after a viator executes documents necessary to transfer any rights under a policy or within 20 days after entering any agreement, option, promise, or any other form of understanding, expressed or implied, to viaticate the policy, the provider shall give written notice to the insurer that issued that policy that the policy has or will become a viaticated policy. The notice shall be accompanied by the documents required by subsection (c) of this section.

(c) If the policy being viaticated has been in effect for less than five years, the viatical provider shall deliver a copy of the medical release required under subdivision (a)(2) of this section, a copy of the viator's application for the contract, the notice required under subsection (b) of this section, and a request for verification of coverage to the insurer that issued the policy that is the subject of the viatical settlement. The NAIC's form for verification shall be used unless the Commissioner develops standards for verification.

(d) The insurer shall respond to a request for verification of coverage submitted on an approved form by a provider within 30 days after the date the request is received and shall indicate whether, based on the medical evidence and documents provided, the insurer intends to pursue an investigation at this time regarding the validity of the policy.

(e) Before or at the time of execution of the contract, the provider shall obtain a witnessed document in which the viator consents to the contract, represents that the viator has a full and

complete understanding of the contract, that he or she has a full and complete understanding of the benefits of the policy, acknowledges that he or she is entering into the contract freely and voluntarily and, for persons with a terminal or chronic illness or condition, acknowledges that the insured has a terminal or chronic illness or condition and that the terminal or chronic illness or condition was first diagnosed after the policy was issued.

(f) If a broker performs any of these activities required of the provider, the provider is deemed to have fulfilled the requirements of this section.

(g) All medical information solicited or obtained by any licensee is subject to the applicable provisions of federal and North Carolina law relating to confidentiality of medical information.

(h) All contracts entered into in this State shall provide the viator with an unconditional right to rescind the contract for at least 10 business days after the receipt of the viatical settlement proceeds. If the insured dies during the rescission period, the contract shall be deemed to have been rescinded, subject to repayment to the provider or purchaser of all viatical settlement proceeds, and any premiums, loans, and loan interest that have been paid by the provider or purchaser.

(i) The provider shall instruct the viator to send the executed documents required to effect the change in ownership, assignment, or change in beneficiary directly to the independent escrow agent. Within three business days after the date the escrow agent receives the documents, or from the date the provider receives the documents, if the viator erroneously provides the documents directly to the provider, the provider shall pay or transfer the proceeds of the viatical settlement into an escrow or trust account maintained in a state or federally chartered financial institution, the deposits of which are insured by the Federal Deposit Insurance Corporation (FDIC) or any successor entity. Upon payment of the settlement proceeds into the escrow account, the escrow agent shall deliver the original change in ownership, assignment, or change in beneficiary forms to the provider or related provider trust. Upon the escrow agent's receipt of the acknowledgment of the properly completed transfer of ownership, assignment, or designation of beneficiary from the insurance company, the escrow agent shall pay the settlement proceeds to the viator.

(j) Failure to tender consideration to the viator for the contract within the time required under G.S. 58-58-245(a)(6) renders the contract voidable by the viator for lack of consideration until the time consideration is tendered to and accepted by the viator.

settlement has occurred shall only be made by the provider or broker licensed in this State or its authorized representatives and shall be limited to once every three months for insureds with a life expectancy of more than one year, and to no more than once per month for insureds with a life expectancy of one year or less. The provider or broker shall explain the procedure for these contacts at the time the contract is entered into. The limitations set forth in this subsection shall not apply to any contacts with an insured for reasons other than determining the insured's health status. Providers and brokers shall be responsible for the actions of their authorized representatives.

(l) Every related provider trust shall have a written agreement with the licensed viatical settlement provider under which the licensed viatical settlement provider is responsible for ensuring compliance with all statutory and regulatory requirements and under which the trust agrees to make all records and files related to viatical settlement transactions available to the Commissioner as if those records and files were maintained directly by the licensed viatical settlement provider.

(m) Notwithstanding the manner in which a viatical settlement broker is compensated, a broker is deemed to represent only the viator and owes a fiduciary duty to the viator to act according to the viator's instructions and in the best interest of the viator.

"§ 58-58-255. Prohibited practices.

(a) It is a violation of this Part for any person to enter into a contract within a two-year period commencing with the date of issuance of the policy unless the viator certifies to the provider that one or more of the following conditions have been met within the two-year period:

- (1) The policy was issued upon the viator's exercise of conversion rights arising out of a policy, provided the total time covered under the conversion policy plus the time covered under the prior policy is at least 24 months, or the contestability and suicide time periods have been waived by the insurer. The time covered under a group policy shall be calculated without regard to any change in insurance carriers, provided the coverage has been continuous and under the same group sponsorship.
- (2) The viator is a charitable organization exempt from taxation under 26 U.S.C. § 501(c)(3).
- (3) The viator is not a natural person (e.g., the owner is a corporation, limited liability company, partnership, etc.).
- (4) The viator submits independent evidence to the provider that one or more of the following conditions have been met within the two-year period:
 - a. The viator or insured is terminally or chronically ill.

- b. The viator's spouse dies.
- c. The viator divorces his or her spouse.
- d. The viator retires from full-time employment.
- e. The viator becomes physically or mentally disabled and a physician determines that the disability prevents the viator from maintaining full-time employment.
- f. The viator was the insured's employer at the time the policy was issued and the employment relationship terminated.
- g. A final order, judgment, or decree is entered by a court of competent jurisdiction, on the application of a creditor of the viator, adjudicating the viator bankrupt or insolvent, or approving a petition seeking reorganization of the viator or appointing a receiver, trustee, or liquidator to all or a substantial part of the viator's assets.
- h. The viator experiences a significant decrease in income that is unexpected and that impairs the viator's reasonable ability to pay the policy premium.
- i. The viator or insured disposes of his or her ownership interests in a closely held corporation.

(b) Copies of the independent evidence described in subdivision (a)(4) of this section and documents required by G.S. 58-58-250(a) shall be submitted to the insurer when the provider submits a request to the insurer for verification of coverage. The copies shall be accompanied by a letter of attestation from the provider that the copies are true and correct copies of the documents received by the provider.

(c) If the provider submits to the insurer a copy of the owner or insured's certification described in subdivision (a)(4) and subsection (b) of this section when the provider submits a request to the insurer to effect the transfer of the policy to the provider, the copy shall be deemed to conclusively establish that the contract satisfies the requirements of this section, and the insurer shall timely respond to the request.

"§ 58-58-260. Advertising for viatical settlements.

(a) The purpose of this section is to provide prospective viators with clear and unambiguous statements in the advertisement of viatical settlements and to assure the clear, truthful, and adequate disclosure of the benefits, risks, limitations, and exclusions of any contract. This purpose is intended to be accomplished by the establishment of guidelines and standards of permissible and impermissible conduct in the advertising of viatical settlements to

assure that product descriptions are presented in a manner that prevents unfair, deceptive, or misleading advertising and is conducive to accurate presentation and description of viatical settlements through the advertising media and material used by viatical settlement licensees.

(b) This section shall apply to any advertising of contracts or related products or services intended for dissemination in this State, including Internet advertising viewed by persons located in this State. Where disclosure requirements are established pursuant to federal regulation, this section shall be interpreted so as to minimize or eliminate conflict with federal regulation wherever possible.

(c) Every viatical settlement licensee shall establish and at all times maintain a system of control over the content, form, and method of dissemination of all advertisements of its contracts, products, and services. All advertisements, regardless of by whom written, created, designed, or presented, shall be the responsibility of the viatical settlement licensee, as well as the individual who created or presented the advertisement. A system of control shall include regular routine notification, at least once a year, to agents and others, authorized by the viatical settlement licensee, who disseminate advertisements of the requirements and procedures for approval before the use of any advertisements not furnished by the viatical settlement licensee.

(d) Advertisements shall be truthful and not misleading in fact or by implication. The form and content of an advertisement of a contract shall be sufficiently complete and clear so as to avoid deception. It shall not have the capacity or tendency to mislead or deceive. Whether an advertisement has the capacity or tendency to mislead or deceive shall be determined by the Commissioner from the overall impression that the advertisement may be reasonably expected to create upon a person of average education or intelligence within the segment of the public to which it is directed.

(e) All information required to be disclosed under this Part shall be set out conspicuously and in close conjunction with the statements to which such information relates or under appropriate captions of such prominence that it shall not be minimized, rendered obscure, or presented in an ambiguous fashion or intermingled with the context of the advertisement so as to be confusing or misleading.

(f) An advertisement shall not:

(1) Omit material information or use words, phrases, statements, references, or illustrations if the omission or use has the capacity, tendency, or effect of misleading or deceiving viators as to the nature or extent of any benefit, loss covered, premium payable, or state or federal tax consequence. The fact that the contract offered is made available for inspection before

consummation of the sale, or an offer is made to refund the payment if the viator is not satisfied or that the contract includes a 'free look' period that satisfies or exceeds legal requirements, does not remedy misleading statements.

- (2) Use the name or title of a life insurance company or a policy unless the insurer has approved the advertisement.
- (3) State or imply that interest charged on an accelerated death benefit or a policy loan is unfair, inequitable, or in any manner an incorrect or improper practice.
- (4) State or imply that a contract, benefit, or service has been approved or endorsed by a group of individuals, society, association, or other organization unless that is the fact and unless any relationship between an organization and the viatical settlement licensee is disclosed. If the entity making the endorsement or testimonial is owned, controlled, or managed by the viatical settlement licensee, or receives any payment or other consideration from the viatical settlement licensee for making an endorsement or testimonial, that fact shall be disclosed in the advertisement.
- (5) Contain statistical information unless it accurately reflects recent and relevant facts. The source of all statistics used in an advertisement shall be identified.
- (6) Disparage insurers, providers, brokers, insurance producers, policies, services, or methods of marketing.
- (7) Use a trade name, group designation, name of the parent company of a viatical settlement licensee, name of a particular division of the viatical settlement licensee, service mark, slogan, symbol, or other device or reference without disclosing the name of the viatical settlement licensee, if the advertisement would have the capacity or tendency to mislead or deceive as to the true identity of the viatical settlement licensee, or to create the impression that a company other than the viatical settlement licensee would have any responsibility for the financial obligation under a contract.
- (8) Use any combination of words, symbols, or physical materials that by their content, phraseology, shape, color, or other characteristics are so similar to a combination of words, symbols, or physical materials used by a government program or agency or otherwise appear to be of such a nature that they tend to mislead prospective viators into believing that the solicitation is

in some manner connected with a government program or agency.

- (9) Create the impression that the provider, its financial condition or status, the payment of its claims, or the merits, desirability, or advisability of its contracts are recommended or endorsed by any government entity.

(g) The words 'free', 'no cost', 'without cost', 'no additional cost', 'at no extra cost', or words of similar import shall not be used with respect to any benefit or service unless true. An advertisement may specify the charge for a benefit or a service, may state that a charge is included in the payment, or use other appropriate language.

(h) Testimonials, appraisals, or analyses used in advertisements must be genuine; represent the current opinion of the author; be applicable to the contract, product, or service advertised, if any; and be accurately reproduced with sufficient completeness to avoid misleading or deceiving prospective viators as to the nature or scope of the testimonials, appraisals, analyses, or endorsements. In using testimonials, appraisals, or analyses, the viatical settlement licensee makes as its own all the statements contained therein, and the statements are subject to all the provisions of this section.

(i) If the individual making a testimonial, appraisal, analysis, or an endorsement has a financial interest in the provider or related entity as a stockholder, director, officer, employee, or otherwise, or receives any benefit directly or indirectly other than required union scale wages, that fact shall be prominently disclosed in the advertisement.

(j) When an endorsement refers to benefits received under a contract, all pertinent information shall be retained for a period of five years after its use.

(k) The name of the viatical settlement licensee shall be clearly identified in all advertisements about the licensee or its contracts, products, or services, and if any specific contract is advertised, the contract shall be identified either by form number or some other appropriate description. If an application is part of the advertisement, the name of the provider or broker shall be shown on the application.

(l) An advertisement may state that a viatical settlement licensee is licensed in the state where the advertisement appears, provided it does not exaggerate that fact or suggest or imply that a competing viatical settlement licensee may not be so licensed. The advertisement may ask the audience to consult the licensee's web site or contact the Department to find out if the state requires licensing and, if so, whether the provider or broker is licensed.

(m) The name of the actual licensee shall be stated in all of its advertisements. An advertisement shall not use a trade name, any group designation, name of any affiliate or controlling entity of the

licensee, service mark, slogan, symbol, or other device in a manner that would have the capacity or tendency to mislead or deceive as to the true identity of the actual licensee or create the false impression that an affiliate or controlling entity would have any responsibility for the financial obligation of the licensee.

(n) An advertisement shall not directly or indirectly create the impression that any state or federal governmental agency endorses, approves, or favors:

- (1) Any viatical settlement licensee or its business practices or methods of operation;
- (2) The merits, desirability, or advisability of any contract;
- (3) Any contract; or
- (4) Any policy or life insurance company.

(o) If the advertiser emphasizes the speed with which the viatication will occur, the advertising must disclose the average time frame from completed application to the date of offer and from acceptance of the offer to receipt of the funds by the viator.

(p) If the advertising emphasizes the dollar amounts available to viators, the advertising shall disclose the average purchase price as a percent of face value obtained by viators contracting with the licensee during the past six months.

(b) The lack of a statement as required in subsection (a) of this section does not constitute a defense in any prosecution for a fraudulent viatical settlement act.

"§ 58-58-268. Viatical settlement antifraud initiatives.

(a) Viatical settlement providers and viatical settlement brokers shall have in place antifraud initiatives reasonably calculated to detect, prosecute, and prevent fraudulent viatical settlement acts. At the discretion of the Commissioner, the Commissioner may order, or a licensee may request and the Commissioner may grant, such modifications of the following required initiatives as necessary to ensure an effective antifraud program. The modifications may be more or less restrictive than the required initiatives so long as the modifications may reasonably be expected to accomplish the purpose of this section.

(b) Antifraud initiatives shall include:

(1) Fraud investigators, who may be viatical settlement provider employees or viatical settlement broker employees or independent contractors; and

(c) Antifraud plans submitted to the Commissioner are privileged and confidential, are not public records, and are not subject to discovery or subpoena in a civil or criminal action.

"§ 58-58-270. Report to Commissioner.

Whenever any person licensed under this Part knows or has reasonable cause to believe that any other person has violated any provision of this Part, it is the duty of that person, upon acquiring the knowledge, to notify the Commissioner and provide the Commissioner with a complete statement of all of the relevant facts

and circumstances. The report is a privileged communication and when made without actual malice does not subject the person making the report to any liability whatsoever. The Commissioner may suspend, revoke, or refuse to renew the license of any person who willfully fails to comply with this section.

"§ 58-58-275. Reporting and investigation of suspected viatical settlement fraudulent acts; immunity from liability.

(a) As used in this section, 'Commissioner' includes an employee, agent, or designee of the Commissioner. A person, or an employee or agent of that person, acting without actual malice, is not subject to civil liability for libel, slander, or any other cause of action by virtue of furnishing to the Commissioner, under the requirements of law or at the direction of the Commissioner, reports or other information relating to any known or suspected viatical settlement fraudulent act.

(b) The Commissioner, acting without actual malice, is not subject to civil liability for libel or slander by virtue of an investigation of any known or suspected viatical settlement fraudulent act; or by virtue of the publication or dissemination of any official report related to any such investigation, which report is published or disseminated in the absence of fraud, bad faith, or actual malice on the part of the Commissioner.

(c) During the course of an investigation of a known or suspected viatical settlement fraudulent act, the Commissioner may request any person to furnish copies of any information relative to the known or suspected viatical settlement fraudulent act. The person shall release the information requested and cooperate with the Commissioner under this section.

"§ 58-58-280. Confidentiality.

(a) Information and evidence provided under G.S. 58-58-270 or G.S. 58-58-275 or obtained by the Commissioner in an investigation of suspected or actual fraudulent viatical settlement acts shall be privileged and confidential, is not a public record, and is not subject to discovery or subpoena in a civil or criminal action.

(b) Subsection (a) of this section does not prohibit release by the Commissioner of documents and evidence obtained in an investigation of suspected or actual fraudulent viatical settlement acts:

- (1) In administrative or judicial proceedings to enforce laws administered by the Commissioner;
- (2) To federal, state, or local law enforcement or regulatory agencies, to an organization established for the purpose of detecting and preventing fraudulent viatical settlement acts, or to the NAIC; or
- (3) At the discretion of the Commissioner, to a person in the business of viatical settlements that is aggrieved by a fraudulent viatical settlement act.

(c) Release of documents and evidence under subsection (b) of this section does not abrogate or modify the privilege granted in subsection (a) of this section.

"§ 58-58-285. Other law enforcement or regulatory authority.

This Part does not:

- (1) Preempt the authority or relieve the duty of other law enforcement or regulatory agencies to investigate, examine, and prosecute suspected violations of law.
- (2) Prevent or prohibit a person from disclosing voluntarily information concerning viatical settlement fraud to a law enforcement or regulatory agency other than the Commissioner.
- (3) Limit the powers granted elsewhere by the laws of this State to the Commissioner to investigate and examine possible violations of law and to take appropriate action against wrongdoers.

"§ 58-58-290. Injunctions; civil remedies; cease and desist orders.

(a) In addition to the penalties and other enforcement provisions of this Part, if any person violates this Part or any rule implementing this Part, the Commissioner may seek an injunction in a court of competent jurisdiction and may apply for temporary and permanent orders that the Commissioner determines are necessary to restrain the person from committing the violation.

(c) The Commissioner may issue, in accordance with G.S. 58-63-32, a cease and desist order upon a person that violates any provision of this Part, any rule or order adopted by the Commissioner, or any written agreement entered into with the Commissioner. The cease and desist order may be subject to judicial review under G.S. 58-63-35.

(d) When the Commissioner finds that an activity in violation of this Part presents an immediate danger to the public that requires an immediate final order, the Commissioner may issue an emergency cease and desist order reciting with particularity the facts underlying the findings. The emergency cease and desist order is effective immediately upon service of a copy of the order on the respondent and remains effective for 90 days. If the Commissioner begins nonemergency cease and desist proceedings, the emergency cease and desist order remains effective, absent an order by a court of competent jurisdiction in accordance with G.S. 58-63-35.

(e) In addition to the penalties and other enforcement provisions of this Part, any person who violates this Part is subject to G.S. 58-2-70.

If the application is disapproved, then the provider or broker shall cease transacting viatical business in this State."

SECTION 4. G.S. 58-33-32(e) reads as rewritten:

 1. The purchaser will receive no returns (i.e., dividends and interest) until the insured dies.
 2. The actual annual rate of return on a viatical settlement contract is dependent upon an accurate projection of the insured's life expectancy, and the actual date of the insured's death. An annual 'guaranteed' rate of return is not determinable.
 3. The viaticated life insurance contract should not be considered a liquid purchase since it is impossible to predict the exact timing of its maturity and the funds probably are not available until the death of the insured. There is no established secondary market for resale of these products by the purchaser.
 4. The purchaser may lose all benefits or may receive substantially reduced benefits if the insurer goes out of business during the term of the viatical investment.
 5. The purchaser is responsible for payment of the insurance premium or other costs related to the policy, if required by the terms of the viatical purchase agreement. These payments may reduce the purchaser's return. If a party other than the purchaser is responsible for the payment, the name and address of that party also shall be disclosed.

11. A disclosure of the risks associated with policy contestability including, but not limited to, the risk that the purchaser will have no claim or only a partial claim to death benefits should the insurer rescind the policy within the contestability period.
12. A disclosure of whether the purchaser will be the owner of the policy in addition to being the beneficiary, and if the purchaser is the beneficiary only and not also the owner, the special risks associated with that status, including, but not limited to, the risk that the beneficiary may be changed or the premium may not be paid.
13. The experience and qualifications of the person who determines the life expectancy of the insured, i.e., in-house staff, independent physicians, and specialty firms that weigh medical and actuarial data; the information this projection is based on; and the relationship of the projection maker to the viatical settlement provider, if any.

14. Disclosure to an investor shall include distribution of a brochure describing the process of investment in viatical settlements. The NAIC's form for the brochure shall be used unless the Administrator prescribes one by rule or order.

1. Any other information as may be prescribed by rule or order of the Administrator.

(b) Disclosures Required Upon Assignment or Sale of Underlying Insurance Policy. – The issuer shall provide the viatical settlement purchaser with at least the following disclosures no later than at the time of the assignment, transfer, or sale of all or a portion of an insurance policy underlying the viatical settlement contract, and the disclosure shall be contained in a document signed by the viatical settlement purchaser and by the issuer or its sales agent:

- (1) Disclose all the life expectancy certifications obtained by the provider in the process of determining the price paid to the viator.
- (2) State whether premium payments or other costs related to the policy have been escrowed. If escrowed, state the date upon which the escrowed funds will be depleted; whether the purchaser will be responsible for payment of premiums thereafter and, if so, the amount of the premiums; and the name and address of the escrow agent.
- (3) State whether premium payments or other costs related to the policy have been waived. If waived, disclose whether the investor will be responsible for payment of the premiums if the insurer that wrote the policy terminates the waiver after purchase and the amount of those premiums.
- (4) Disclose the type of policy offered or sold, i.e., whole life, term life, universal life, or a group policy certificate, any additional benefits contained in the policy, and the current status of the policy.
- (5) If the policy is term insurance, disclose the special risks associated with term insurance including, but not limited to, the purchaser's responsibility for additional premiums if the viator continues the term policy at the end of the current term.
- (6) State whether the policy is contestable.
- (7) State whether the insurer that wrote the policy has any additional rights that could negatively affect or extinguish the purchaser's rights under the viatical

settlement contract, what these rights are, and under what conditions these rights are activated.

- (8) State the name and address of the person responsible for monitoring the insured's condition. Describe how often the monitoring of the insured's condition is done, how the date of death is determined, and how and when this information will be transmitted to the purchaser."

"§ 78A-14. Advertising of Viatical Settlement Contracts.

(a) The purpose of this section is to provide prospective viatical settlement purchasers with clear and unambiguous statements in the advertisement of viatical settlement contracts and to assure the clear, truthful, and adequate disclosure of the benefits, risks, limitations, and exclusions of any contract or purchase agreement offered or sold. This purpose is intended to be accomplished by the establishment of guidelines and standards of permissible and impermissible conduct in the advertising of viatical settlement contracts to assure that product descriptions are presented in a manner that prevents unfair, deceptive, or misleading advertising and is conducive to accurate presentation and description of viatical settlement contracts through the advertising media and material used by issuers of viatical settlement contracts and their sales agents.

(b) This section shall apply to any advertising of viatical settlement contracts intended for dissemination in this State, including Internet advertising viewed by persons located in this State. Where disclosure requirements are established pursuant to federal regulation, this section shall be interpreted so as to minimize or eliminate conflict with federal regulation wherever possible.

(c) Every person offering or selling viatical settlement contracts shall establish and, at all times, maintain a system of control over the content, form, and method of dissemination of all advertisements of these securities. All advertisements, regardless of by whom written, created, designed, or presented, shall be the responsibility of the issuer. A system of control shall include regular routine notification, at least once a year, to agents and others authorized by the issuer who disseminate advertisements of the requirements and procedures for approval before the use of any advertisements not furnished by the issuer.

(d) Advertisements shall be truthful and not misleading in fact or by implication. The form and content of an advertisement of a contract or purchase agreement, product, or service shall be sufficiently complete and clear so as to avoid deception. It shall not have the capacity or tendency to mislead or deceive. Whether an advertisement has the capacity or tendency to mislead or deceive shall be determined by the Administrator from the overall impression that the advertisement may be reasonably expected to create upon a

person of average education or intelligence within the segment of the public to which it is directed.

(e) Certain viatical settlement contract advertisements are deemed false and misleading on their face and are prohibited. False and misleading viatical settlement advertisements include, but are not limited to, the following representations:

- (1) 'Guaranteed', 'fully secured', '100 percent secured', 'fully insured', 'secure', 'safe', 'backed by rated insurance companies', 'backed by federal law', 'backed by state law', or 'state guaranty funds', or similar representations;
- (2) 'No risk', 'minimal risk', 'low risk', 'no speculation', 'no fluctuation', or similar representations;
- (3) 'Qualified or approved for individual retirement accounts (IRAs), Roth IRAs, 401(k) plans, simplified employee pensions (SEP), 403(b), Keogh plans, TSA, other retirement account rollovers', 'tax deferred', or similar representations;
- (4) Utilization of the word 'guaranteed' to describe the fixed return, annual return, principal, earnings, profits, investment, or similar representations;
- (5) 'No sales charges or fees' or similar representations;
- (6) 'High yield', 'superior return', 'excellent return', 'high return', 'quick profit', or similar representations;
- (7) Purported favorable representations or testimonials about the benefits of contracts or purchase agreements as an investment, taken out of context from newspapers, trade papers, journals, radio and television programs, and all other forms of print and electronic media.

(f) All information required to be disclosed under this section shall be set out conspicuously and in close conjunction with the statements to which such information relates or under appropriate captions of such prominence that it shall not be minimized, rendered obscure or presented in an ambiguous fashion, or intermingled with the context of the advertisement so as to be confusing or misleading.

(g) An advertisement shall not:

- (1) Omit material information or use words, phrases, statements, references, or illustrations if the omission or use has the capacity, tendency, or effect of misleading or deceiving purchasers or prospective purchasers as to the nature or extent of any benefit, loss covered, premium payable, or state or federal tax consequence. The fact that the contract or purchase agreement offered is made available for inspection before consummation of the sale, or an offer is made to refund the payment if the purchaser is not satisfied or that the contract or purchase

agreement includes a 'free look' period that satisfies or exceeds legal requirements, does not remedy misleading statements.

- (2) Use the name or title of a life insurance company or a policy unless the insurer has approved the advertisement.
- (3) Represent that premium payments will not be required to be paid on the policy that is the subject of a contract or purchase agreement in order to maintain that policy, unless that is the fact.
- (4) State or imply that interest charged on an accelerated death benefit or a policy loan is unfair, inequitable, or in any manner an incorrect or improper practice.
- (5) State or imply that a contract or purchase agreement, benefit, or service has been approved or endorsed by a group of individuals, society, association, or other organization unless that is the fact and unless any relationship between an organization and the seller or its agents is disclosed. If the entity making the endorsement or testimonial is owned, controlled, or managed by the seller or its agents, or receives any payment or other consideration from the seller or its agents for making an endorsement or testimonial, that fact shall be disclosed in the advertisement.
- (6) Contain statistical information unless it accurately reflects recent and relevant facts. The source of all statistics used in an advertisement shall be identified.
- (7) Disparage insurers, providers, brokers, dealers, salesmen, insurance producers, policies, services, or methods of marketing.
- (8) Use a trade name, group designation, name of the parent company of an issuer, name of a particular division of the issuer, service mark, slogan, symbol, or other device or reference without disclosing the name of the issuer, if the advertisement would have the capacity or tendency to mislead or deceive as to the true identity of the issuer, or to create the impression that a company other than the issuer would have any responsibility for the financial obligation under a contract or purchase agreement.
- (9) Use any combination of words, symbols, or physical materials that by their content, phraseology, shape, color, or other characteristics are so similar to a combination of words, symbols, or physical materials used by a government program or agency or otherwise appear to be of such a nature that they tend to mislead prospective purchasers into believing that the solicitation

is in some manner connected with a government program or agency.

(10) Create the impression that the issuer, its financial condition or status, the payment of its claims, or the merits, desirability, or advisability of its contracts or purchase agreement forms are recommended or endorsed by any government entity.

(h) The words 'free', 'no cost', 'without cost', 'no additional cost', 'at no extra cost', or words of similar import shall not be used with respect to any benefit or service unless true. An advertisement may specify the charge for a benefit or a service, may state that a charge is included in the payment, or use other appropriate language.

(i) Testimonials, appraisals, or analysis used in advertisements must be genuine; represent the current opinion of the author; be applicable to the contract or purchase agreement, product, or service advertised, if any; and be accurately reproduced with sufficient completeness to avoid misleading or deceiving prospective purchasers as to the nature or scope of the testimonials, appraisals, analysis, or endorsement. In using testimonials, appraisals, or analysis, the issuer makes as its own all the statements contained therein, and the statements are subject to all the provisions of this section.

(j) If the individual making a testimonial, appraisal, analysis, or an endorsement has a financial interest in the issuer or related entity as a stockholder, director, officer, employee, or otherwise, or receives any benefit directly or indirectly other than required union scale wages, that fact shall be prominently disclosed in the advertisement.

(k) When an endorsement refers to benefits received under a contract or purchase agreement, all pertinent information shall be retained for a period of five years after its use.

(l) The name of the issuer shall be clearly identified in all advertisements about the issuer or its contract or purchase agreements, products, or services, and if any specific contract or purchase agreement is advertised, the contract or purchase agreement shall be identified either by form number or some other appropriate description. If an application is part of the advertisement, the name of the issuer shall be shown on the application.

(m) An advertisement may state that issuer is registered in the state where the advertisement appears, provided it does not exaggerate that fact or suggest or imply that a competing issuer may not be so licensed. The advertisement may ask the audience to consult the issuer's web site or contact the department of insurance and/or the state securities regulatory agency to find out if the state requires licensing or registration and, if so, whether the issuer or its sales agents are licensed.

(n) The name of the actual issuer shall be stated in all of its advertisements. An advertisement shall not use a trade name, any group designation, name of any affiliate or controlling entity of the issuer, service mark, slogan, symbol, or other device in a manner that would have the capacity or tendency to mislead or deceive as to the true identity of the actual issuer or create the false impression that an affiliate or controlling entity would have any responsibility for the financial obligation of the issuer.

(o) An advertisement shall not directly or indirectly create the impression that any state or federal governmental agency endorses, approves, or favors:

- (1) Any issuer or its business practices or methods of operation;
- (2) The merits, desirability, or advisability of any contract or purchase agreement;
- (3) Any contract or purchase agreement; or
- (4) Any policy or life insurance company.

(p) If the advertiser emphasizes the speed with which the viatication will occur, the advertising must disclose the average time frame from completed application to the date of offer and from acceptance of the offer to receipt of the funds by the viator."

SECTION 8. G.S. 78A-17 reads as rewritten:

"§ 78A-17. *Exempt transactions.*

Except as otherwise provided in this Chapter, the following transactions are exempt from G.S. 78A-24 and G.S. 78A-49(d):

SECTION 10. G.S. 78A-49 reads as rewritten:

"§ 78A-49. *Rules, forms, orders, and hearings.*

(a) The Administrator may from time to time make, amend, and rescind such rules, forms, and orders as are necessary to carry out the provisions of this Chapter, including rules and forms governing registration statements, applications, and reports, and defining any terms, whether or not used in this Chapter, insofar as the definitions are not inconsistent with the provisions of this Chapter. For the purpose of rules and forms the Administrator may classify securities, persons, and matters within his jurisdiction, and prescribe different requirements for different classes. In order to protect the investing public, the Administrator may by rule or order prescribe suitability standards for investments in viatical settlement contracts.

(b) No rule, form, or order may be made, amended, or rescinded unless the Administrator finds that the action is necessary or appropriate in the public interest or for the protection of investors and consistent with the purposes fairly intended by the policy and provisions of this Chapter. In prescribing rules and forms the Administrator may cooperate with the securities administrators of the other states and the Securities and Exchange Commission with a view to effectuating the policy of this statute to achieve maximum uniformity in the form and content of registration statements, applications, and reports wherever practicable.

(c) The Administrator may by rule or order prescribe (i) the form and content of financial statements required under this Chapter, (ii) the circumstances under which consolidated financial statements shall be filed, and (iii) whether any required financial statements shall be certified by independent or certified public accountants. (g) Every hearing in an administrative proceeding shall be public unless the Administrator in his discretion grants a request joined in by all the respondents that the hearing be conducted privately."

SECTION 11. G.S. 78A-56 reads as rewritten:

"§ 78A-56. *Civil liabilities.*

(a) Any person who:

- (1) Offers or sells a security in violation of G.S. 78A-8(1), 78A-8(3), 78A-10(b), 78A-12, 78A-13, 78A-14, 78A-24, or 78A-36(a), or of any rule or order under G.S. 78A-49(d) which requires the affirmative approval of sales literature before it is used, or of any condition imposed under G.S. 78A-27(d) or 78A-28(g), or
- (2) Offers or sells a security by means of any untrue statement of a material fact or any omission to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading (the purchaser not knowing of the untruth or omission), and who does not sustain the burden of proof that he did not know, and in the exercise of reasonable care could not have known, of the untruth or omission,

is liable to the person purchasing the security from him, who may sue either at law or in equity to recover the consideration paid for the security, together with interest at the legal rate from the date of payment, costs, and reasonable attorneys' fees, less the amount of any income received on the security, upon the tender of the security, or for damages if he no longer owns the security. Damages are the amount that would be recoverable upon a tender less the value of the security when the purchaser disposed of it and interest at the legal rate as provided by G.S. 24-1 from the date of disposition.

...

(k) The purchaser of a viatical settlement contract may rescind or cancel the purchase agreement for any reason by providing written notice of rescission or cancellation to the issuer or the issuer's agent, by certified mail, return receipt requested, within 10 business days

after each of the following: (i) the date on which the purchase agreement for the viatical settlement contract is signed by the purchaser, and (ii) the date of actual notice to the purchaser of the assignment, transfer, or sale of all or a portion of an insurance policy on which the viatical settlement contract is based. Notice of rescission is effective upon deposit in the United States mail. The notice of rescission need not take a particular form and is sufficient if it expresses the intention of the purchaser to rescind the transaction. For purposes of this subsection and subsection (k1) of this section only, the rescission period of 10 business days following the purchaser's signing of the purchase agreement shall also be known as the "initial 10-day rescission period."

For purposes of this section, 'domestic independent escrow agent' means an escrow agent, located in this State, and not affiliated with the issuer, its affiliate, its officers or directors, or its promoter, or any agents thereof. The domestic independent escrow agent shall maintain the funds received, in their entirety, in an escrow account or trust account located in this State, for the initial 10-day rescission period following the signing of the purchase agreement, as provided in subsection (k) of this section, unless the domestic independent escrow agent, prior to the completion of the initial 10-day rescission period, receives notice of the purchaser's cancellation or rescission of the purchase agreement in accordance with this section. If the purchase agreement is rescinded or cancelled within the initial 10-day rescission period, the domestic independent escrow agent shall immediately deliver the funds, in their entirety along with any interest earned on the funds during the time in which the funds were held in escrow, to the purchaser upon receiving notice, by certified mail, from the issuer or its agent that the purchase agreement has been rescinded or cancelled by the purchaser. If the purchase agreement has not been rescinded or cancelled within the initial 10-day rescission period, the domestic independent escrow agent shall release the funds to the issuer or its agent in a manner to be determined by agreement between the issuer and the domestic independent escrow agent. Until the funds become available for release by the domestic independent escrow agent to the issuer upon the expiration of the initial 10-day rescission period without rescission or cancellation by the purchaser, the funds are not subject to claims by creditors of the issuer, its affiliates, or associates.

(l) Within 90 days after the sale or execution of a contract of sale for an investment of funds intended to be used to purchase a viatical settlement contract or contracts, the seller shall provide the purchaser

with a rescission offer in accordance with rules prescribed by the Administrator, if, within that period, there has not been the identification of each and every viatical settlement contract acceptable to the purchaser which has been or shall be purchased for the investment. The purchaser may accept the rescission offer within 10 business days after receiving it. Acceptance of the rescission offer is effective upon compliance by the purchaser with the procedural requirements for notice of rescission or cancellation by a viatical settlement purchaser set forth in subsection (k) of this section. The seller shall keep a record of the rescission offer and its acceptance or rejection for at least three years after providing that offer and shall provide that record to the Administrator at the Administrator's request. For purposes of this subsection only, "purchaser" means a person who executes a contract of sale, with a seller, for an investment of funds to be used to purchase a viatical settlement contract or viatical settlement contracts when, at the time of execution of the contract, each and every viatical settlement contract to be purchased pursuant to the investment has not been identified."

In the case of an applicant which engages in business under this Article, but has no locations or authorized delegates in this State, the amount of the security bond may be increased at the Commissioner's discretion to a maximum of two hundred fifty thousand dollars (\$250,000). The surety bond shall be in a form satisfactory to the Commissioner and shall run to the State for the benefit of any claimants against the licensee to secure the faithful performance of the obligations of the licensee with respect to the receipt, handling, transmission, and payment of money or monetary value in connection with the sale and issuance of payment instruments, stored value, or transmission of money. The aggregate liability of the surety in no event shall exceed the principal sum of the bond. Claimants against the licensee may themselves bring suit directly on the security bond, or the Commissioner may bring suit on behalf of claimants, either in one action or in successive actions.

(b) In lieu of a surety bond, the licensee may deposit with the Commissioner, or with any bank in this State designated by the licensee and approved by the Commissioner, to an aggregate amount, based upon principal amount or market value, whichever is lower, of not less than the amount of the surety bond or portion thereof, the following:

The securities or cash shall be deposited as aforesaid and held to secure the same obligations as would the surety bond, but the depositor shall be entitled to receive all interest and dividends thereon, shall have the right, with the approval of the Commissioner, to substitute other securities for those deposited, and shall be required to do so on written order of the Commissioner made for good cause shown.

(c) The surety bond shall remain in effect until cancellation, which may occur only after 90 days' written notice to the Commissioner. Cancellation shall not affect any liability incurred or accrued during that period.

(d) The surety bond shall remain in place for no longer than five years after the licensee ceases money transmission operations in the State. However, notwithstanding this provision, the Commissioner

may permit the surety bond to be reduced or eliminated prior to that time to the extent that the amount of the licensee's outstanding payment instruments, stored value obligations, and money transmitted in this State is reduced.

(e) The surety bond proceeds and any cash or other collateral posted as security by a licensee shall be deemed by operation of law to be held in trust for the benefit of the purchasers and holders of the licensee's outstanding payment instruments, stored value obligations, and money transmissions in the event of the bankruptcy of the licensee.

"§ 53-208.9. Fees.

(a) Investigation and License Fees. – Each application for a license shall be accompanied by a nonrefundable investigation fee of five hundred dollars (\$500.00), together with the initial license fee of one thousand dollars (\$1,000) plus ten dollars (\$10.00) per location within this State at which a money transmission business is to be conducted by the applicant or an authorized delegate.

(b) Annual License Fee. – On or before December 31 of each year, each licensee under this Article shall pay to the Commissioner a license fee in the amount of one thousand dollars (\$1,000) plus ten dollars (\$10.00) per location in this State at which the licensee or an authorized delegate is conducting a money transmitter business.

(c) Location Fee. – Notwithstanding the number of locations within this State at which a licensee or authorized delegate conducts a money transmitter business, the per location fee provided in subsections (a) and (b) of this section shall not exceed five thousand dollars (\$5,000) per licensee per year. The per year location fee shall be based on the number of locations set forth in the annual report required by G.S. 53–208.11.

"§ 53-208.10. Issuance of license.

(a) Upon the filing of a complete application, the Commissioner shall investigate the financial condition and responsibility, financial and business experience, and the character and general fitness of the applicant. The Commissioner may conduct an on-site investigation of the applicant, the reasonable cost of which shall be borne by the applicant. If the Commissioner finds that the applicant's business will be conducted honestly, fairly, and in a manner commanding the confidence and trust of the community and that the applicant has fulfilled the requirements imposed by this Article and has paid the required license fee, the Commissioner shall issue a license to the applicant authorizing the applicant to engage in the licensed activities in this State. If these requirements have not been met, the Commissioner shall deny the application in a written statement setting forth the reasons for the denial.

(b) The Commissioner shall approve or deny every application for an original license within 120 days from the date a complete application is submitted, which period may be extended by the written consent of the applicant. The Commissioner shall notify the applicant of the date when the application is deemed complete. In the absence of approval or denial of the application, or consent to the extension of the 120-day period, the application is deemed approved and the Commissioner shall issue the license effective as of the first day after the 120-day or extended period has elapsed.

(c) No license shall be denied except on 10 days' notice to the applicant. Any applicant aggrieved by a denial issued by the Commissioner under this section may at any time within five days from the date of receipt of written notice of the denial, contest the denial by serving a written demand for a hearing on the Commissioner. The serving of a written demand on the Commissioner shall automatically stay the denial until a ruling is issued. The Commissioner shall set a date for a hearing not later than 30 days after service of the response, unless a later date is set with the consent of the applicant. The hearing authorized by this subsection shall be an informal hearing.

"§ 53-208.11. *Renewal of license and annual report.*

(a) The annual license fee shall be accompanied by a report, in a form prescribed by the Commissioner, to be filed by the licensee on or before December 31 of each year. The licensee shall include all of the following in its annual renewal report:

- (1) A copy of its most recent audited consolidated annual financial statement, including balance sheet, statement of income or loss, statement of changes in shareholder's equity, and statement of changes in financial position, or, in the case of a licensee that is a wholly owned subsidiary of another corporation, the consolidated audited annual financial statement of the parent corporation may be filed in lieu of the licensee's audited financial statement.
- (2) For the most recent quarter for which data is available prior to the date of the filing of the renewal application, but in no event more than 120 days prior to the renewal date, the licensee shall provide the number of payment instruments sold by the licensee in the State, the dollar amount of those instruments, and the dollar amount of those instruments currently outstanding.

Commissioner on any other report required to be filed under this Article.

"§ 53-208.14. Changes in control of a license.

Within 15 days of a change or acquisition of control of a licensee, the licensee shall provide notice of the event to the Commissioner in writing and in a form prescribed by the Commissioner. The notice

shall be accompanied by any information, data, and records required by the Commissioner. Notwithstanding the foregoing, the Commissioner may waive this notification requirement if, in the Commissioner's discretion, the change in control does not pose any risk to the interests of the public.

"§ 53-208.15. Examinations.

(a) The Commissioner may conduct an annual on-site examination of a licensee. Should the Commissioner conclude that an on-site examination of a licensee is necessary, the licensee shall pay all reasonably incurred costs of the examination. If the Commissioner determines, based on the licensee's financial statements and past history of operations in the State, that an on-site examination is unnecessary, then the on-site examination may be waived by the Commissioner. An on-site examination may be conducted in conjunction with examinations to be performed by representatives of agencies of another state or states. The Commissioner, in lieu of an on-site examination, may accept the examination report of an agency of another state, or a report prepared by an independent accounting firm, and reports so accepted are considered for all purposes as an official report of the Commissioner. The Commissioner may examine a licensee without prior notice if the Commissioner has a reasonable basis to believe that the licensee is not in compliance with this Article.

(b) If the Commissioner has a reasonable basis to believe that the licensee or authorized delegate is not in compliance with this Article, the Commissioner may (i) request financial data from a licensee in addition to that required under G.S. 53-208.11, or (ii) conduct an on-site examination of any authorized delegate or of any location of a licensee within this State without prior notice to the authorized delegate or licensee. When the Commissioner examines an authorized delegate's operations, the authorized delegate shall pay all reasonably incurred costs of the examination. When the Commissioner examines a licensee's location within the State, the licensee shall pay all reasonably incurred costs of the examination.

(a) Each licensee shall make, keep, and preserve the following books, accounts, and other records for a period of three years:

(c) Records may be maintained at a location other than within this State so long as they are made accessible to the Commissioner on seven days' written notice.

"§ 53-208.17. Confidentiality of data submitted to the Commissioner.

(a) Notwithstanding any other provision of law, all information or reports obtained by the Commissioner from an applicant, licensee, or authorized delegate, whether obtained through reports, applications, examination, audits, investigation, or otherwise, including (i) all information contained in or related to examination, investigation, operating, or condition reports prepared by, on behalf of, or for the use of the Commissioner; and (ii) financial statements, balance sheets, or authorized delegate information are confidential and may not be disclosed by the Commissioner or any officer or employee of the Commissioner. The Commissioner, however, may provide for the release of information to representatives of State or federal agencies who state in writing under oath that they will maintain the confidentiality of the information if: (i) the licensee provides consent prior to the release; or (ii) the Commissioner finds that the release is reasonably necessary for the protection of the public or in the interests of justice.

(b) Nothing in this section shall prohibit the Commissioner from releasing to the public a list of persons licensed under this Article or aggregated financial data on those licenses.

"§ 53-208.18. Suspension or revocation of licenses.

After notice and hearing, the Commissioner may suspend or revoke a license issued under this Article if the Commissioner finds any of the following:

(1) Any fact or condition exists that, if it had existed at the time when the licensee applied for its license, would have been grounds for denying the application.

(2) The licensee's net worth becomes inadequate and the licensee, after 10 days' written notice from the Commissioner, fails to take such steps as the Commissioner deems necessary to remedy the deficiency.

(3) The licensee knowingly violates any material provision of this Article or any rule or order validly adopted by the Commissioner under authority of this title.

- (4) The licensee is conducting its business in an unsafe or unsound manner.
- (5) The licensee is insolvent.
- (6) The licensee has suspended payment of its obligations, has made an assignment for the benefit of its creditors, or has admitted in writing its inability to pay its debts as they become due.
- (7) The licensee has applied for an adjudication for bankruptcy, reorganization, arrangement, or other relief under any bankruptcy.
- (8) The licensee refuses to permit the Commissioner to make any examination authorized by this Article.
- (9) The licensee willfully fails to make any report required by this Article.

"§ 53-208.19. Authorized delegate contracts.

Licensees desiring to conduct licensed activities through authorized delegates in this State shall authorize each delegate to operate pursuant to an express written contract, which shall provide the following:

- (1) That the licensee appoints the person as its delegate with authority to engage in money transmission on behalf of the licensee.
- (2) That neither a licensee nor an authorized delegate may authorize subdelegates without the written consent of the Commissioner.
- (3) That licensees are subject to supervision and regulation by the Commissioner.
- (4) A licensee shall issue a certificate of authority for each location at which it conducts licensed activities in this State through authorized delegates. The certificate shall be posted in public view at each location and shall state as follows: "Money transmission on behalf of (licensee) is conducted at this location pursuant to the Money Transmitters Act."

"§ 53-208.20. Authorized delegate conduct.

(a) An authorized delegate shall not make any fraudulent or false statement or misrepresentation to a licensee or to the Commissioner.

(b) All money transmission or sale or issuance of payment instrument activities conducted by authorized delegates shall be strictly in accordance with the licensee's written procedures provided to the authorized delegates.

(c) An authorized delegate shall remit all money owing to the licensee in accordance with the terms of the contract between the licensee and the authorized delegate. The failure of an authorized delegate to remit all money owing to a licensee within the time

presented shall result in liability of the authorized delegates to the licensee for three times the licensee's actual damages. The Commissioner may set, by regulation, the maximum remittance time.

(d) An authorized delegate is deemed to consent to the Commissioner's inspection, with or without prior notice to the licensee or authorized delegate, of the books and records of the authorized delegate of the licensee when the Commissioner has a reasonable basis to believe that the licensee or authorized delegate is not in compliance with this Article.

(e) An authorized delegate is under a duty to act only as authorized under the contract with the licensee. An authorized delegate who exceeds its authority is subject to cancellation of its contract and further disciplinary action by the Commissioner.

(f) All funds, less fees, received by an authorized delegate of a licensee from the sale or delivery of a payment instrument or stored value issued by a licensee or received by an authorized delegate for transmission shall constitute trust funds owned by and belonging to the licensee from the time the funds are received by the authorized delegate until the time when the funds or an equivalent amount are remitted by the authorized delegate to the licensee. If an authorized delegate commingles any funds with any other funds or property owned or controlled by the authorized delegate, all commingled proceeds and other property shall be impressed with a trust in favor of the licensee in an amount equal to the amount of the proceeds due the licensee.

(g) An authorized delegate shall report to the licensee the theft or loss of payment instruments within 24 hours from the time it knew or should have known of the theft or loss.

(h) An authorized delegate shall prominently post the certificate of authority specified in G.S. 53-208.19 at each location at which it conducts licensed activities in this State.

"§ 53-208.21. Revocation or suspension of authorized delegates.

(a) If, after notice and a hearing, the Commissioner finds that any authorized delegate of a licensee or any director, officer, employee, or controlling person of the authorized delegate: (i) has violated any provision of this Article or of any rule or regulation or order issued under this Article; (ii) has engaged or participated in any unsafe or unsound act with respect to the business of selling or issuing payment instruments of the licensee or the business of money transmission; or (iii) has made or caused to be made in any application or report filed with the Commissioner or in any proceeding before the Commissioner, any statement which was at the time and in the circumstances under which it was made, false or misleading with respect to any material fact, or has omitted to state in any application or report any material fact which is required to be stated therein, the

Commissioner may issue an order suspending or barring the authorized delegate from continuing to be or becoming an authorized delegate of any licensee during the period for which the order is in effect. Upon issuance of the order, the licensee shall terminate its relationship with the authorized delegate according to the terms of the order.

(b) Any authorized delegate to whom an order is issued under this section may apply to the Commissioner to modify or rescind the order. The Commissioner shall not grant the application unless the Commissioner finds that (i) it is in the public interest to do so, and (ii) it is reasonable to believe that the person will comply with all applicable provisions of this Article and of any regulation and order issued under this Article if and when that person is permitted to resume being an authorized delegate of a licensee. The right of any authorized delegate to whom an order is issued under this section to petition for judicial review of the order shall not be affected by the failure of the person to apply to the Commissioner to modify or rescind the order.

"§ 53-208.22. Licensee liability.

A licensee's responsibility to any person for a money transmission conducted on that person's behalf by the licensee or the licensee's authorized delegate shall be limited to the amount of money transmitted or the face amount of the payment instrument purchased.

"§ 53-208.23. Hearings; procedures.

Except as provided by G.S. 53-208.10(c), hearings conducted pursuant to this Article shall proceed in accordance with Article 3A of Chapter 150B of the General Statutes.

"§ 53-208.24. Civil penalties.

(a) If, after notice and hearing, the Commissioner finds that a person has intentionally violated this Article or a rule adopted under this Article, the Commissioner may order the person to pay to the Commissioner a civil penalty in an amount specified by the Commissioner, not to exceed one thousand dollars (\$1,000) for each violation or, in the case of a continuing violation, one thousand dollars (\$1,000) for each day that the violation continues. No proceeding shall be initiated and no penalty shall be assessed pursuant to this section until after the person has been notified in writing of the nature of the violation and has been afforded a reasonable period of time, as set forth in the notice, to correct the violation and has failed to do so.

(b) The Commissioner, in the exercise of the Commissioner's reasonable judgment, may compromise, settle, and collect civil penalties with any person for violations of any provision of this Article, or of any rule, regulation, or order issued or promulgated to this Article.

"§ 53-208.25. Enforcement.

(a) If it appears to the Commissioner that any person has committed or is about to commit a violation of any provision of this Article or of any rule or order of the Commissioner, the Commissioner may apply to the Wake County Superior Court for an order enjoining the person from violating or continuing to violate this Article or any rule, regulation, or order and for injunctive or such other relief as the nature of the case may require.

(b) The Commissioner may enter into consent orders at any time with any person to resolve any matter arising under this Article. A consent order shall be signed by the person to whom it is issued or a duly authorized representative and shall indicate agreement to the terms contained therein. A consent order need not constitute an admission by any person that any provision of this Article, or any rule, regulation, or order promulgated or issued thereunder has been violated, nor need it constitute a finding by the Commissioner that the person has violated any provision of this Article or any rule, regulation, or order promulgated or issued thereunder.

This section does not prohibit a physician in a health care facility from issuing a written order, other than a portable DNR order, not to resuscitate a patient in the event of cardiac or respiratory arrest, in accordance with acceptable medical practice and the facility's policies.

 - (3) 'Insurer' is defined by G.S. 58-3-167.

(b) Each health benefit plan shall provide coverage for participation in phase II, phase III, and phase IV covered clinical trials by its insureds or enrollees who meet protocol requirements of the trials and provide informed consent.

(c) Only medically necessary costs of health care services, as defined in G.S. 58-50-61, associated with participation in a covered clinical trial, including those related to health care services typically provided absent a clinical trial, the diagnosis and treatment of complications, and medically necessary monitoring, are required to be covered by the health benefit plan and only to the extent that such costs have not been or are not funded by national agencies, commercial manufacturers, distributors, or other research sponsors of participants in clinical trials. Nothing in this section shall be construed to require a health benefit plan to pay or reimburse for non-FDA approved drugs provided or made available to a patient who received the drug during a covered clinical trial after the clinical trial has been discontinued.

(d) Clinical trial costs not required to be covered by a health benefit plan include the costs of services that are not health care services, those provided solely to satisfy data collection and analysis needs, those related to investigational drugs and devices, and those that are not provided for the direct clinical management of the patient. In the event a claim contains charges related to services for which coverage is required under this section, and those charges have not been or cannot be separated from costs related to services for which coverage is not required under this section, the health benefit plan may deny the claim."

SECTION 4.5. Article 50 of Chapter 58 of the General Statutes is amended by adding a new Part to read:

"Part 4. Health Benefit Plan External Review.

"§ 58-50-75. Purpose, scope, and definitions.

(a) The purpose of this Part is to provide standards for the establishment and maintenance of external review procedures to assure that covered persons have the opportunity for an independent review of an appeal decision upholding a noncertification or a second-level grievance review decision upholding a noncertification, as defined in this Part.

(b) This Part applies to all insurers that offer a health benefit plan and that provide or perform utilization review pursuant to G.S. 58-50-61, the Teachers' and State Employees' Comprehensive Major Medical Plan, and the Health Insurance Program for Children. With respect to second-level grievance review decisions, this Part applies only to second-level grievance review decisions involving noncertification decisions.

(c) In addition to the definitions in G.S. 58-50-61(a), as used in this Part:

- (1) 'Covered benefits' or 'benefits' means those benefits consisting of medical care, provided directly through insurance or otherwise and including items and services paid for as medical care, under the terms of a health benefit plan.
- (2) 'Covered person' means a policyholder, subscriber, enrollee, or other individual covered by a health benefit plan. 'Covered person' includes another person, including the covered person's health care provider, acting on behalf of the covered person. Nothing in this subdivision shall require the covered person's health care provider to act on behalf of the covered person.
- (3) 'Independent review organization' or 'organization' means an entity that conducts independent external reviews of appeals of noncertifications and second-level grievance review decisions.

"§ 58-50-76: Reserved.

"§ 58-50-77. Notice of right to external review.

(a) An insurer shall notify the covered person in writing of the covered person's right to request an external review and include the appropriate statements and information set forth in this section at the time the insurer sends written notice of:

- (1) A noncertification decision under G.S. 58-50-61;
- (2) An appeal decision under G.S. 58-50-61 upholding a noncertification; and
- (3) A second-level grievance review decision under G.S. 58-50-62 upholding the original noncertification.

(b) The insurer shall include in the notice required under subsection (a) of this section for a notice related to a noncertification decision under G.S. 58-50-61, a statement informing the covered

person that if the covered person has a medical condition where the time frame for completion of an expedited review of an appeal decision involving a noncertification decision under G.S. 58-50-61 would reasonably be expected to seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function, then the covered person may file a request for an expedited external review under G.S. 58-50-82 at the same time the covered person files a request for an expedited review of an appeal involving a noncertification decision under G.S. 58-50-61, but that the Commissioner will determine whether the covered person shall be required to complete the expedited review of the grievance before conducting the expedited external review.

(c) The insurer shall include in the notice required under subsection (a) of this section for a notice related to an appeal decision under G.S. 58-50-61, a statement informing the covered person that:

- (1) If the covered person has a medical condition where the time frame for completion of an expedited review of a grievance involving an appeal decision under G.S. 58-50-61 would reasonably be expected to seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function, the covered person may file a request for an expedited external review under G.S. 58-50-82 at the same time the covered person files a request for an expedited review of a grievance involving an appeal decision under G.S. 58-50-62, but that the Commissioner will determine whether the covered person shall be required to complete the expedited review of the grievance before conducting the expedited external review.
- (2) If the covered person has not received a written decision from the insurer within 60 days after the date the covered person files the second-level grievance with the insurer pursuant to G.S. 58-50-62 and the covered person has not requested or agreed to a delay, the covered person may file a request for external review under G.S. 58-50-80 and shall be considered to have exhausted the insurer's internal grievance process for purposes of G.S. 58-50-79.

(d) The insurer shall include in the notice required under subsection (a) of this section for a notice related to a final second-level grievance review decision under G.S. 58-50-62, a statement informing the covered person that:

- (1) If the covered person has a medical condition where the time frame for completion of a standard external review

under G.S. 58-50-80 would reasonably be expected to seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function, the covered person may file a request for an expedited external review under G.S. 58-50-82; or

- (2) If the second-level grievance review decision concerns an admission, availability of care, continued stay, or health care service for which the covered person received emergency services but has not been discharged from a facility, the covered person may request an expedited external review under G.S. 58-50-82.

(e) In addition to the information to be provided under this section, the insurer shall include a copy of the description of both the standard and expedited external review procedures the insurer is required to provide under G.S. 58-50-93, including the provisions in the external review procedures that give the covered person the opportunity to submit additional information.

"§ 58-50-78: Reserved.

"§ 58-50-79. Exhaustion of internal grievance process.

(a) Except as provided in G.S. 58-50-82, a request for an external review under G.S. 58-50-80 or G.S. 58-50-82 shall not be made until the covered person has exhausted the insurer's internal appeal and grievance processes under G.S. 58-50-61 and G.S. 58-50-62.

(b) A covered person shall be considered to have exhausted the insurer's internal grievance process for purposes of this section, if the covered person:

- (1) Has filed a second-level grievance involving a noncertification appeal decision under G.S. 58-50-61 and G.S. 58-50-62, and
- (2) Except to the extent the covered person requested or agreed to a delay, has not received a written decision on the grievance from the insurer within 60 days since the date the covered person filed the grievance with the insurer.

(c) Notwithstanding subsection (b) of this section, a covered person may not make a request for an external review of a noncertification involving a retrospective review determination made under G.S. 58-50-61 until the covered person has exhausted the insurer's internal grievance process.

(d) A request for an external review of a noncertification may be made before the covered person has exhausted the insurer's internal grievance and appeal procedures under G.S. 58-50-61 and G.S. 58-50-62 whenever the insurer agrees to waive the exhaustion requirement. If the requirement to exhaust the insurer's internal

grievance procedures is waived, the covered person may file a request in writing for a standard external review as set forth in G.S. 58-50-80 or may make a request for an expedited external review as set forth in G.S. 58-50-82. In addition, the insurer may choose to eliminate the second-level grievance review under G.S. 58-50-62. In such case, the covered person may file a request in writing for a standard external review under G.S. 58-50-80 or may make a request for an expedited external review as set forth in G.S. 58-50-82 within 60 days after receiving notice of an appeal decision upholding a noncertification.
"§ 58-50-80. Standard external review.

(a) Within 60 days after the date of receipt of a notice under G.S. 58-50-77, a covered person may file a request for an external review with the Commissioner.

(b) Upon receipt of a request for an external review under subsection (a) of this section, the Commissioner shall, within 10 business days, complete all of the following:

- (1) Notify and send a copy of the request to the insurer that made the decision which is the subject of the request. The notice shall include a request for any information that the Commissioner requires to conduct the preliminary review under subdivision (2) of this subsection and require that the insurer deliver the requested information to the Commissioner within three business days of receipt of the notice.
- (2) Conduct a preliminary review of the request to determine whether:
 - a. The individual is or was a covered person in the health benefit plan at the time the health care service was requested or, in the case of a retrospective review, was a covered person in the health benefit plan at the time the health care service was provided.
 - b. The health care service that is the subject of the noncertification appeal decision or the second-level grievance review decision upholding a noncertification reasonably appears to be a covered service under the covered person's health benefit plan.
 - c. The covered person has exhausted the insurer's internal appeal and grievance processes under G.S. 58-50-61 and G.S. 58-50-62, unless the covered person is considered to have exhausted the insurer's internal appeal or grievance process under G.S. 58-50-79, or unless the insurer has waived its right

- to conduct an expedited review of the appeal decision.
- d. The covered person has provided all the information and forms required by the Commissioner that are necessary to process an external review.
- (3) Notify in writing the covered person and the covered person's provider who performed or requested the service whether the request is complete and whether the request has been accepted for external review. If the request is complete and accepted for external review, the notice shall include a copy of the information that the insurer provided to the Commissioner pursuant to subdivision (b)(1) of this section, and inform the covered person that the covered person may submit to the assigned independent review organization in writing, within seven days after the date of the notice, additional information and supporting documentation relevant to the initial denial for the organization to consider when conducting the external review. If the covered person chooses to send additional information to the assigned independent review organization, then the covered person shall at the same time and by the same means, send a copy of that information to the insurer.
- (4) Notify the insurer in writing whether the request for external review has been accepted. If the request has been accepted, the notice shall direct the insurer or its designee utilization review organization to provide to the assigned organization, within seven days of receipt of the notice, the documents and any information considered in making the noncertification appeal decision or the second-level grievance review decision.
- (5) Assign the review to an independent review organization approved under G.S. 58-50-85. The assignment shall be made using an alphabetical list of the independent review organizations, systematically assigning reviews on a rotating basis to the next independent review organization on that list capable of performing the review to conduct the external review. After the last organization on the list has been assigned a review, the Commissioner shall return to the top of the list to continue assigning reviews.
- (6) Forward to the review organization that was assigned by the Commissioner any documents that were received relating to the request for external review.

(c) If the finding of the preliminary review under subdivision (b)(2) of this section is that the request is not complete, the Commissioner shall request from the covered person the information or materials needed to make the request complete. The covered person shall furnish the Commissioner with the requested information or materials within 90 days after the date of the insurer's decision for which external review is requested.

(d) If the finding of the preliminary review under subdivision (b)(2) of this section is that the request is not accepted for external review, the Commissioner shall inform the covered person, the covered person's provider who performed or requested the service, and the insurer in writing of the reasons for its nonacceptance.

(e) Failure by the insurer or its designee utilization review organization to provide the documents and information within the time specified in this subsection shall not delay the conduct of the external review. However, if the insurer or its utilization review organization fails to provide the documents and information within the time specified in subdivision (b)(4) of this section, the assigned organization may terminate the external review and make a decision to reverse the noncertification appeal decision or the second-level grievance review decision. Within one business day of making the decision under this subsection, the organization shall notify the covered person, the insurer, and the Commissioner.

(f) If the covered person submits additional information to the Commissioner pursuant to subdivision (b)(3) of this section, the Commissioner shall forward the information to the assigned review organization within two business days of receiving it and shall forward a copy of the information to the insurer.

(g) Upon receipt of the information required to be forwarded under subsection (f) of this section, the insurer may reconsider its noncertification appeal decision or second-level grievance review decision that is the subject of the external review. Reconsideration by the insurer of its noncertification appeal decision or second-level grievance review decision under this subsection shall not delay or terminate the external review. The external review shall be terminated if the insurer decides, upon completion of its reconsideration, to reverse its noncertification appeal decision or second-level grievance review decision and provide coverage or payment for the requested health care service that is the subject of the noncertification appeal decision or second-level grievance review decision.

(h) Upon making the decision to reverse its noncertification appeal decision or second-level grievance review decision under subsection (g) of this section, the insurer shall notify the covered person, the organization, and the Commissioner in writing of its

decision. The organization shall terminate the external review upon receipt of the notice from the insurer sent under this subsection.

(i) The assigned organization shall review all of the information and documents received under subsections (b) and (f) of this section that have been forwarded to the organization by the Commissioner and the insurer. In addition, the assigned review organization, to the extent the documents or information are available, shall consider the following in reaching a decision:

- (1) The covered person's medical records.
- (2) The attending health care provider's recommendation.
- (3) Consulting reports from appropriate health care providers and other documents submitted by the insurer, covered person, or the covered person's treating provider.
- (4) The most appropriate practice guidelines that are based on sound clinical evidence and that are periodically evaluated to assure ongoing efficacy.
- (5) Any applicable clinical review criteria developed and used by the insurer or its designee utilization review organization.
- (6) Medical necessity, as defined in G.S. 58-3-200(b).
- (7) Any documentation supporting the medical necessity and appropriateness of the provider's recommendation.

The assigned organization shall review the terms of coverage under the covered person's health benefit plan to ensure that the organization's decision shall not be contrary to the terms of coverage under the covered person's health benefit plan with the insurer.

The assigned organization's determination shall be based on the covered person's medical condition at the time of the initial noncertification decision.

(j) Within 45 days after the date of receipt by the Commissioner of the request for external review, the assigned organization shall provide written notice of its decision to uphold or reverse the noncertification appeal decision or second-level grievance review decision to the covered person, the insurer, the covered person's provider who performed or requested the service, and the Commissioner. In reaching a decision, the assigned review organization is not bound by any decisions or conclusions reached during the insurer's utilization review process or the insurer's internal grievance process under G.S. 58-50-61 and G.S. 58-50-62.

(k) The organization shall include in the notice sent under subsection (j) of this section:

- (1) A general description of the reason for the request for external review.

- (2) The date the organization received the assignment from the Commissioner to conduct the external review.
- (3) The date the organization received information and documents submitted by the covered person and by the insurer.
- (4) The date the external review was conducted.
- (5) The date of its decision.
- (6) The principal reason or reasons for its decision.
- (7) The clinical rationale for its decision.
- (8) References to the evidence or documentation, including the practice guidelines, considered in reaching its decision.
- (9) The professional qualifications and licensure of the clinical peer reviewers.
- (10) Notice to the covered person that he or she is not liable for the cost of the external review.

(l) Upon receipt of a notice of a decision under subsection (k) of this section reversing the noncertification appeal decision or second-level grievance review decision, the insurer shall within three business days reverse the noncertification appeal decision or second-level grievance review decision that was the subject of the review and shall provide coverage or payment for the requested health care service or supply that was the subject of the noncertification appeal decision or second-level grievance review decision. In the event the covered person is no longer enrolled in the health benefit plan when the insurer receives notice of a decision under subsection (k) of this section reversing the noncertification appeal decision or second-level grievance review decision, the insurer that made the noncertification appeal decision or second-level grievance review decision shall be responsible under this section only for the costs of those services or supplies the covered person received or would have received prior to disenrollment if the service had not been denied when first requested.

"§ 58-50-81: Reserved.

"§ 58-50-82. Expedited external review.

(a) Except as provided in subsection (g) of this section, a covered person may make a written or oral request for an expedited external review with the Commissioner at the time the covered person receives:

- (1) A noncertification decision under G.S. 58-50-61(f) if:
 - a. The covered person has a medical condition where the time frame for completion of an expedited review of an appeal involving a noncertification set forth in G.S. 58-50-61(l) would be reasonably expected to seriously jeopardize the life or health of

- the covered person or would jeopardize the covered person's ability to regain maximum function; and
- b. The covered person has filed a request for an expedited appeal under G.S. 58-50-61(l).
- (2) An appeal decision under G.S. 58-50-61(k) or (l) upholding a noncertification if:
- a. The noncertification appeal decision involves a medical condition of the covered person for which the time frame for completion of an expedited second-level grievance review of a noncertification set forth in G.S. 58-50-62(i) would reasonably be expected to seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function; and
 - b. The covered person has filed a request for an expedited second-level review of a noncertification as set forth in G.S. 58-50-61(i); or
- (3) A second-level grievance review decision under G.S. 58-60-62(h) or (i) upholding a noncertification:
- a. If the covered person has a medical condition where the time frame for completion of a standard external review under G.S. 58-50-80 would reasonably be expected to seriously jeopardize the life or health of the covered person or jeopardize the covered person's ability to regain maximum function; or
 - b. If the second-level grievance concerns a noncertification of an admission, availability of care, continued stay, or health care service for which the covered person received emergency services, but has not been discharged from a facility.
- (b) Within three days of receiving a request for an expedited external review, the Commissioner shall complete all of the following:
- (1) Notify the insurer that made the noncertification, noncertification appeal decision, or second-level grievance review decision which is the subject of the request that the request has been received and provide a copy of the request or verbally convey all of the information included in the request. The Commissioner shall also request any information from the insurer necessary to make the preliminary review set forth in G.S. 58-50-80(b)(2) and require the insurer to deliver the information not later than one day after the request was made.

- (2) Determine whether the request is eligible for external review and, if it is eligible, determine whether it is eligible for expedited review.
- a. For a request made pursuant to subdivision (a)(1) of this section that the Commissioner has determined meets the reviewability requirements set forth in G.S. 58-50-80(b)(2), determine, based on medical advice from a medical professional who is not affiliated with the organization that will be assigned to conduct the external review of the request, whether the request should be reviewed on an expedited basis because the time frame for completion of an expedited review under G.S. 58-50-61(1) would reasonably be expected to seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function. The Commissioner shall then inform the covered person, the covered person's provider who performed or requested the service, and the insurer whether the Commissioner has accepted the covered person's request for an expedited external review. If the Commissioner has accepted the covered person's request for an expedited external review, then the Commissioner shall, in accordance with G.S. 58-50-80, assign an organization to conduct the review within the appropriate time frame. If the Commissioner has not accepted the covered person's request for an expedited external review, then the covered person shall be informed by the Commissioner that the covered person must exhaust, at a minimum, the insurer's internal appeal process under G.S. 58-50-61(1) before making another request for an external review with the Commissioner.
- b. For a request made pursuant to subdivision (a)(2) of this section that the Commissioner has determined meets the reviewability requirements set forth in G.S. 58-50-80(b)(2), the Commissioner shall determine, based on medical advice from a medical professional who is not affiliated with the organization that will be assigned to conduct the external review of the request, whether the request should be reviewed on an expedited basis because the time frame for completion of an expedited

review under G.S. 58-50-62 would reasonably be expected to seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function. The Commissioner shall then inform the covered person, the covered person's provider who performed or requested the service, and the insurer whether the Commissioner has accepted the covered person's request for an expedited external review. If the Commissioner has accepted the covered person's request for an expedited external review, then the Commissioner shall, in accordance with G.S. 58-50-80, assign an organization to conduct the review within the appropriate time frame. If the Commissioner has not accepted the covered person's request for an expedited external review, then the covered person shall be informed by the Commissioner that the covered person must exhaust the insurer's internal grievance process under G.S. 58-50-62 before making another request for an external review with the Commissioner.

- c. For a request made pursuant to sub-subdivision (a)(3)a. of this section that the Commissioner has determined meets the reviewability requirements set forth in G.S. 58-50-80(b)(2), the Commissioner shall determine, based on medical advice from a medical professional who is not affiliated with the organization that will be assigned to conduct the external review of the request, whether the request should be reviewed on an expedited basis because the time frame for completion of a standard external review under G.S. 58-50-80 would reasonably be expected to seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function. The Commissioner shall then inform the covered person, the covered person's provider who performed or requested the service, and the insurer whether the review will be conducted using an expedited or standard time frame and shall, in accordance with G.S. 58-50-80, assign an organization to conduct the review within the appropriate time frame.
- d. For a request made pursuant to sub-subdivision (a)(3)b. of this section, that the Commissioner has

determined meets the reviewability requirements set forth in G.S. 58-50-80(b)(2), the Commissioner shall, in accordance with G.S. 58-50-80, assign an organization to conduct the expedited review and inform the covered person, the covered person's provider who performed or requested the service, and the insurer of its decision.

(c) As soon as possible, but within the same day of receiving notice under subdivision (b)(2) of this section that the request has been assigned to a review organization, the insurer or its designee utilization review organization shall provide or transmit all documents and information considered in making the noncertification appeal decision or the second-level grievance review decision to the assigned review organization electronically or by telephone or facsimile or any other available expeditious method.

(d) In addition to the documents and information provided or transmitted under subsection (c) of this section, the assigned organization, to the extent the information or documents are available, shall consider the following in reaching a decision:

- (1) The covered person's pertinent medical records.
- (2) The attending health care provider's recommendation.
- (3) Consulting reports from appropriate health care providers and other documents submitted by the insurer, covered person, or the covered person's treating provider.
- (4) The most appropriate practice guidelines that are based on sound clinical evidence and that are periodically evaluated to assure ongoing efficacy.
- (5) Any applicable clinical review criteria developed and used by the insurer or its designee utilization review organization in making noncertification decisions.
- (6) Medical necessity, as defined in G.S. 58-3-200(b).
- (7) Any documentation supporting the medical necessity and appropriateness of the provider's recommendation.

The assigned organization shall review the terms of coverage under the covered person's health benefit plan to ensure that the organization's decision shall not be contrary to the terms of coverage under the covered person's health benefit plan.

The assigned organization's determination shall be based on the covered person's medical condition at the time of the initial noncertification decision.

(e) As expeditiously as the covered person's medical condition or circumstances require, but not more than four days after the date of receipt of the request for an expedited external review, the assigned organization shall make a decision to uphold or reverse the

noncertification, noncertification appeal decision, or second-level grievance review decision and notify the covered person, the covered person's provider who performed or requested the service, the insurer, and the Commissioner of the decision. In reaching a decision, the assigned organization is not bound by any decisions or conclusions reached during the insurer's utilization review process or internal grievance process under G.S. 58-50-61 and G.S. 58-50-62.

(f) If the notice provided under subsection (e) of this section was not in writing, within two days after the date of providing that notice, the assigned organization shall provide written confirmation of the decision to the covered person, the covered person's provider who performed or requested the service, the insurer, and the Commissioner and include the information set forth in G.S. 58-50-80(m). Upon receipt of the notice of a decision under subsection (e) of this section that reverses the noncertification, noncertification appeal decision, or second-level grievance review decision, the insurer shall within one day reverse the noncertification, noncertification appeal decision, or second-level grievance review decision that was the subject of the review and shall provide coverage or payment for the requested health care service or supply that was the subject of the noncertification, noncertification appeal decision, or second-level grievance review decision.

(g) An expedited external review shall not be provided for retrospective noncertifications.

"§ 58-50-83: Reserved.

"§ 58-50-84. Binding nature of external review decision.

(a) An external review decision is binding on the insurer.

(b) An external review decision is binding on the covered person except to the extent the covered person has other remedies available under applicable federal or State law.

(c) A covered person may not file a subsequent request for external review involving the same noncertification appeal decision or second-level grievance review decision for which the covered person has already received an external review decision under this Part.

"§ 58-50-85. Approval of independent review organizations.

(a) The Commissioner shall approve independent review organizations eligible to be assigned to conduct external reviews under this Part to ensure that an organization satisfies the minimum qualifications established under G.S. 58-50-87. The Commissioner shall develop an application form for initially approving and for reapproving organizations to conduct external reviews.

(b) Any organization wishing to be approved to conduct external reviews under this Part shall submit the application form and include with the form all documentation and information necessary for the

Commissioner to determine if the organization satisfies the minimum qualifications established under G.S. 58-50-87. Applicants must submit pricing information sufficient to demonstrate that if selected, the applicant's total fee per review will not exceed commercially reasonable fees charged for similar services in the industry. The Commissioner shall not approve any independent review organization that either fails to provide sufficient pricing information or has fees that do not meet the guidelines established under this subsection.

(c) The Commissioner may determine that accreditation by a nationally recognized private accrediting entity with established and maintained standards for independent review organizations that meet the minimum qualifications established under G.S. 58-50-87 will cause an independent review organization to be deemed to have met, in whole or in part, the requirements of this section and G.S. 58-50-87. A decision by the Commissioner to recognize an accreditation program for the purpose of granting deemed status may be made only after reviewing the accreditation standards and program information submitted by the accrediting body. An independent review organization seeking deemed status due to its accreditation shall submit original documentation issued by the accrediting body to demonstrate its accreditation.

(d) An approval is effective for two years, unless the Commissioner determines before expiration of the approval that the independent review organization is not satisfying the minimum qualifications established under G.S. 58-50-87.

(e) Whenever the Commissioner determines that an independent review organization no longer satisfies the minimum requirements established under G.S. 58-50-87, the Commissioner shall terminate the approval of the independent review organization.

"§ 58-50-88: Reserved.

"§ 58-50-89. Hold harmless for Commissioner and independent review organizations.

The insurer shall retain the written records required under this section for at least three years.

"§ 58-50-91. Reserved.

"§ 58-50-92. Funding of external review.

The insurer against which a request for a standard external review or an expedited external review is filed shall reimburse the Department of Insurance for the fees charged by the organization in conducting the external review, including work actually performed by the organization for a case that was terminated due to the insurer's decision to reconsider a request and reverse its noncertification decision, prior to the insurer notifying the organization of the reversal pursuant to G.S. 58-50-80(j), or when a review is terminated pursuant to G.S. 58-50-80(h) because the insurer failed to provide information to the review organization.

(a) At least every two years, or more frequently if the Commissioner determines is needed to secure adequate selection of independent review organizations, the Commissioner shall prepare and publish requests for proposals from independent review organizations that want to be approved under G.S. 58-50-85. All proposals shall be sealed. The Commissioner shall open all proposals in public.

(b) After the public opening, the Commissioner shall review the proposals, examining the costs and quality of the services offered by the independent review organizations, the reputation and capabilities of the independent review organizations submitting the proposals, and the provisions in G.S. 58-50-85 and G.S. 58-50-87. The Commissioner shall determine which proposal or proposals would satisfy the provisions of this Part. (c) An independent review organization may seek to modify or withdraw a proposal only after the public opening and only on the basis that the proposal contains an unintentional clerical error as opposed to an error in judgment. An independent review organization seeking to modify or withdraw a proposal shall submit to the Commissioner a written request, with facts and evidence in support of its position, before the determination made by the Commissioner under subsection (b) of this section, but not later than two days after the public opening of the proposals. SECTION 4.6A. G.S. 143-64.24 reads as rewritten:

(a) Each managed care entity for a health benefit plan has the duty to exercise ordinary care when making health care decisions and is liable for damages for harm to an insured or enrollee proximately caused by its failure to exercise ordinary care.

(b) In addition to the duty imposed under subsection (a) of this section, each managed care entity for a health benefit plan is liable for damages for harm to an insured or enrollee proximately caused by decisions regarding whether or when the insured or enrollee would receive a health care service made by:

- (1) Its agents or employees; or
- (2) Representatives that are acting on its behalf and over whom it has exercised sufficient influence or control to reasonably affect the actual care and treatment of the

(e) An action brought under this Article is not a medical malpractice action as defined in Article 1B of this Chapter. A managed care entity may not use as a defense in an action brought under this Article any law that prohibits the corporate practice of medicine.

(f) A managed care entity shall not be liable for the independent actions of a health care provider, who is not an agent or employee of the managed care entity, when that health care provider fails to exercise the standard of care required by G.S. 90-21.12. (h) A managed care entity shall not enter into a contract with a health care provider, or with an employer or employer group organization, that includes an indemnification or hold harmless clause for the acts or conduct of the managed care entity. coverage or assumes risk on behalf of its employees or a physician or health care provider; liability of State Health Plan under State Tort Claims Act.

(b) Liability in tort of the Teachers' and State Employees' Comprehensive Major Medical Plan for its health care decisions shall be under Article 31 of Chapter 143 of the General Statutes.

(c) This Article does not create any liability on the part of a physician or health care provider in addition to that otherwise imposed under existing law. No managed care entity held liable under this Article shall be entitled to contribution under Chapter 1B of the General Statutes. No managed care entity held liable under this Article shall have a right to indemnity against physicians, health care providers, or entities wholly owned by physicians or health care providers or any combination thereof, except when:

(1) The liability of the managed care entity is based on a decision to approve or disapprove payment or reimbursement for a health care service and the physicians, health care providers, or entities wholly owned by physicians or health care providers or any combination thereof, have agreed in a written contract with the managed care entity to assume responsibility for these specific decisions; and

(2) The managed care entity has not controlled or influenced or advocated for the decision regarding whether or when payment or reimbursement should be made or whether or when the insured or enrollee should receive a health care service.

(b) Any information, documents, or other records or materials considered by the Independent Review Organization licensed under Part 4 of Article 50 of Chapter 58 of the General Statutes, or the successor review process, in conducting its review shall be admissible in any action commenced under this Article in accordance with Chapter 8 of the General Statutes and the North Carolina Rules of Evidence.

"§ 90-21.56. Remedies.

(a) Except as provided in G.S. 90-21.52(b), an insured or enrollee who has been found to have been harmed by the managed care entity pursuant to an action brought under this Article may recover actual or nominal damages and, subject to the provisions and limitations of Chapter 1D of the General Statutes, punitive damages.

(b) This Article does not limit a plaintiff from pursuing any other remedy existing under the law or seeking any other relief that may be available outside of the cause of action and relief provided under this Article.

(c) The rights conferred under this Article as well as any rights conferred by the Constitution of North Carolina or the Constitution of the United States may not be waived, deferred, or lost pursuant to any contract between the insured or enrollee and the managed care entity that relates to a dispute involving a health care decision. Arbitration or mediation may be used to settle the controversy if, after the controversy arises, the insured or enrollee, or the estate of the insured or enrollee, voluntarily and knowingly consents in writing to use arbitration or mediation to settle the controversy."
