"Article 20.

"North Carolina Uniform Foreign-Country Money Judgments Recognition Act.

"§ 1C-1850. Short title.

This Article may be cited as the North Carolina Uniform Foreign-Country Money Judgments Recognition Act.

"§ 1C-1851. Definitions.

The following definitions apply in this Article:

- (1) Foreign country. – A government other than:
 - a. The United States;
 - b. A state, district, commonwealth, territory, or insular possession of the United States; or
 - c. Any other government with regard to which the decision in this State as to whether to recognize a judgment of that government's courts is initially subject to determination under the Full Faith and Credit Clause of the United States Constitution.
- (2) Foreign-country judgment. – A judgment of a court of a foreign country.

"§ 1C-1852. Applicability; saving clause.

(a) Except as otherwise provided in subsection (b) of this section, this Article applies to a foreign-country judgment to the extent that the judgment:

- (1) Grants or denies recovery of a sum of money; and
- (2) Under the law of the foreign country where rendered, is final, conclusive, and enforceable.

(b) This Article does not apply to a foreign-country judgment, even if the judgment grants or denies recovery of a sum of money, to the extent that the judgment is:

- (1) A judgment for taxes;
- (2) A fine or other penalty; or
- (3) A judgment for alimony, support, or maintenance in matrimonial or family matters.

(c) A party seeking recognition of a foreign-country judgment has the burden of establishing that this Article applies to the foreign-country judgment.

(d) This Article does not prevent the recognition under principles of comity or otherwise of a foreign-country judgment to which this Article does not apply.

"§ 1C-1853. Standards for recognition and nonrecognition of foreign-country judgment.

(a) Except as otherwise provided in this section, a court of this State shall recognize a foreign-country judgment to which this Article applies.

(b) A court of this State shall not recognize a foreign-country judgment if:

- (1) The judgment was rendered under a judicial system that, taken as a whole, does not provide impartial tribunals or procedures compatible with the requirements of due process of law;
- (2) The foreign court did not have personal jurisdiction over the defendant; or
- (3) The foreign court did not have jurisdiction over the subject matter.

(c) If a court of this State finds that any of the following exist with respect to a foreign-country judgment for which recognition is sought, recognition of the judgment shall be denied unless the court determines, as a matter of law, that recognition would nevertheless be reasonable under the circumstances:

- (1) The defendant in the proceeding in the foreign court did not receive notice of the proceeding in sufficient time to enable the defendant to defend.
- (2) The judgment was obtained by fraud that deprived the losing party of an adequate opportunity to present its case.
- (3) The judgment, or the cause of action or claim for relief on which the judgment is based, is repugnant to the public policy of this State or of the United States.
- (4) Reserved for future codification.
- (5) The proceeding in the foreign court was contrary to an agreement between the parties under which the dispute in question was to be determined otherwise than by proceedings in that foreign court.
- (6) In the case of jurisdiction based only on personal service, the foreign court was a seriously inconvenient forum for the trial of the action.
- (7) The judgment was rendered in circumstances that raise substantial doubt about the integrity of the rendering court with respect to the judgment.
- (8) The specific proceeding in the foreign court leading to the judgment was fundamentally unfair.

(d) If a foreign-country judgment for which recognition is sought is otherwise entitled to recognition under this Article but conflicts with a prior final and conclusive judgment, a court of this State shall recognize the judgment for which recognition is sought unless the court determines that nonrecognition would nevertheless be reasonable under the circumstances.

(e) If a foreign-country judgment for which recognition is sought is otherwise entitled to recognition under this Article but conflicts with a subsequent final and conclusive judgment, a court of this State shall deny recognition of the judgment for which recognition is sought unless the court determines that recognition would nevertheless be reasonable under the circumstances.

(f) A party resisting recognition of a foreign-country judgment has the burden of establishing that a ground for nonrecognition stated in subsection (b) of this section exists.

(g) A party resisting recognition of a foreign-country judgment has the burden of establishing that a ground for nonrecognition stated in subsection (c) of this section exists. The

party seeking recognition of the judgment has the burden of establishing that, as a matter of law, recognition would nevertheless be reasonable under the circumstances.

(h) A party resisting recognition of a foreign-country judgment under subsection (d) or (e) of this section has the burden of establishing that another final and conclusive judgment exists and that the other judgment conflicts with the judgment for which recognition is sought. Under subsection (d) of this section, the party resisting recognition also has the burden of establishing that nonrecognition of the judgment for which recognition is sought would be reasonable under the circumstances. Under subsection (e) of this section, the party seeking recognition of the foreign-country judgment has the burden of establishing that recognition would be reasonable under the circumstances.

(i) When a court of this State rules on recognition of a foreign-country judgment, the court shall state the facts specially and state separately its conclusions of law.

"§ 1C-1854. Personal jurisdiction.

(a) A foreign-country judgment shall not be refused recognition for lack of personal jurisdiction if any of the following exist:

- (1) The defendant was served with process personally in the foreign country.
- (2) The defendant voluntarily appeared in the proceeding, other than for the purpose of protecting property seized or threatened with seizure in the proceeding or of contesting the jurisdiction of the court over the defendant.
- (3) The defendant, before the commencement of the proceeding, had agreed to submit to the jurisdiction of the foreign court with respect to the subject matter involved.
- (4) The defendant was domiciled in the foreign country when the proceeding was instituted or was a corporation or other form of business organization that had its principal place of business in, or was organized under the laws of, the foreign country.
- (5) The defendant had a business office in the foreign country and the proceeding in the foreign court involved a cause of action or claim for relief arising out of business done by the defendant through that office in the foreign country.
- (6) The defendant operated a motor vehicle or airplane in the foreign country and the proceeding involved a cause of action or claim for relief arising out of that operation.
- (7) There was any other basis for personal jurisdiction that would be consistent with the Due Process Clause of the Fourteenth Amendment to the United States Constitution.

(b) The list of bases for personal jurisdiction in subsection (a) of this section is not exclusive. The courts of this State may recognize reasonable bases of personal jurisdiction other than those listed in subsection (a) of this section as sufficient to support a foreign-country judgment.

"§ 1C-1855. Procedure for recognition and nonrecognition of foreign-country judgment.

(a) If recognition of a foreign-country judgment is sought as an original matter, the issue of recognition shall be raised by filing an action seeking recognition of the foreign-country judgment.

(b) If recognition or nonrecognition of a foreign-country judgment is sought in some other action, the issue of recognition may be raised by complaint, counterclaim, cross-claim, or affirmative defense.

"§ 1C-1856. Effect of recognition of foreign-country judgment.

(a) If the court in a proceeding under G.S. 1C-1855 finds that the foreign-country judgment is entitled to recognition under this Article then, to the extent that the foreign-country judgment grants or denies recovery of a sum of money, the foreign-country judgment is:

- (1) Conclusive between the parties to the same extent as the judgment of a sister state entitled to full faith and credit in this State would be conclusive; and

(2) Enforceable in the same manner and to the same extent as a judgment rendered in this State.

(b) Article 17 of this Chapter does not apply to the enforcement of foreign-country judgments recognized under this Article.

"§ 1C-1857. Stay of proceedings pending appeal of foreign-country judgment.

If a party establishes that an appeal from a foreign-country judgment is pending or will be taken, the court may stay any proceedings with regard to the foreign-country judgment until the appeal is concluded, the time for appeal expires without an appeal being taken, or the appellant has had sufficient time to prosecute the appeal and has failed to do so.

"§ 1C-1858. Statute of limitations.

An action to recognize a foreign-country judgment must be commenced within the earlier of the time during which the foreign-country judgment is effective in the foreign country or 10 years from the date that the foreign-country judgment became effective in the foreign country.

"§ 1C-1859. Uniformity of interpretation.

In applying and construing this Article, consideration may be given to promoting uniformity of interpretation with respect to its subject matter among states that enact it."

The General Assembly of North Carolina enacts:

PART I: PURCHASING AND CONTRACTING AUTHORITY ON BEHALF OF THE NORTH CAROLINA ZOOLOGICAL PARK

SECTION 1.1. Article 8 of Chapter 143 of the General Statutes is amended by adding a new section to read:

"§ 143-129.8A. Purchase of certain goods and services for the North Carolina Zoological Park.

(a) Exemption. – The North Carolina Zoological Park is a State entity whose primary purpose is the attraction of, interaction with, and education of the public regarding issues of global conservation, ecological preservation, and scientific exploration, and that purpose presents unique challenges requiring greater flexibility and faster responsiveness in meeting the needs of and creating the attractions for the Park. Accordingly, the Department of Environment and Natural Resources may use the procedure set forth in this section, in addition to or instead of any other procedure available under North Carolina law, to contract with a non-State entity on behalf of the Park for the acquisition of goods and services where: (i) the contract directly results in the generation of revenue for the State of North Carolina or (ii) the use of the

acquired goods and services by the Park results in increased revenue or decreased expenditures for the State of North Carolina.

(b) Limitation. – Contracts executed pursuant to the exemption of subsection (a) of this section may be entered into under a request for proposals procedure that satisfies the following minimum requirements:

- (1) Notice of the request for proposals shall be given in accordance with G.S. 143-129(b).
- (2) Contracts shall be awarded to the person or entity that submits the best overall proposal as determined by the awarding authority. Factors to be considered in awarding contracts shall be identified in the request for proposals.

(c) Procurement Methods. – The Department may use procurement methods set forth in G.S. 143-135.9 in developing and evaluating requests for proposals under this section. The Department may negotiate with any proposer in order to obtain a final contract that best meets the needs of the awarding authority. Negotiations allowed under this section shall not alter the contract beyond the scope of the original request for proposals in a manner that: (i) deprives the proposers or potential proposers of a fair opportunity to compete for the contract; and (ii) would have resulted in the award of the contract to a different person or entity if the alterations had been included in the request for proposals.

(d) Promotional Rights. – Subject to the approval of the Department, a non-State entity awarded a contract that results in increased revenue or decreased expenditures for the Park may advertise, announce, or otherwise publicize the provision of services pursuant to award of the contract."

SECTION 1.2. G.S. 143-135.9 reads as rewritten:

"§ 143-135.9. ~~"Best Value" information technology procurements.~~ Best Value procurements.

(a) For purposes of this section: Definitions. – The following definitions apply in this section:

- (1) "Best Value" procurement means the Best Value procurement. – The selection of a contractor based on a determination of which proposal offers the best trade-off between price and performance, where quality is considered an integral performance factor. The award decision is made based on multiple factors, including: total cost of ownership, meaning the cost of acquiring, operating, maintaining, and supporting a product or service over its projected lifetime; the evaluated technical merit of the vendor's proposal; the vendor's past performance; and the evaluated probability of performing the requirements stated in the solicitation on time, with high quality, and in a manner that accomplishes the stated business objectives and maintains industry standards compliance.
- (2) "Government Vendor Partnership" means a Government-Vendor partnership. – A mutually beneficial contractual relationship between State government and a contractor, wherein the two share risk and reward, and value is added to the procurement of ~~complex technology-needed~~ goods or services.
- (3) "Information technology" includes ~~electronic~~ Information technology. – Electronic data processing and telecommunications goods and services, microelectronics, software, information processing, office systems, any services related to the foregoing, and consulting or other services for design and/or redesign of business processes.
- (4) "Solution-Based Solicitation" means a Solution-Based solicitation. – A solicitation in which the requirements are stated in terms of how the product or service being purchased should accomplish the business objectives, rather than in terms of the technical design of the product or service.

(b) Intent. – ~~The intent of "Best Value" Information Technology~~ Best Value procurement is to enable contractors to offer and the agency to select the most appropriate solution to meet the business objectives defined in the solicitation and to keep all parties focused on the desired outcome of a procurement. ~~Business process reengineering, system design, and technology implementation may be combined into a single solicitation.~~

(c) Information Technology. – The acquisition of information technology by the State of North Carolina shall be conducted using the ~~"Best Value"~~ Best Value procurement method. For purposes of this section, business process reengineering, system design, and technology implementation may be combined into a single solicitation. For acquisitions which the procuring agency and the Division of Purchase and Contracts or the Office of Information Technology Services, as applicable, deem to be highly complex or determine that the optimal solution to the business problem at hand is not known, the use of Solution-Based Solicitation and Government-Vendor Partnership is authorized and encouraged. Any county, city, town, or subdivision of the State may acquire information technology pursuant to this section.

~~(d) Any county, city, town or subdivision of the State may acquire information technology pursuant to this section.~~

(e) North Carolina Zoological Park. – The acquisition of goods and services under a contract entered pursuant to the exemption of G.S. 143-129.8A(a) by the Department of Environment and Natural Resources on behalf of the North Carolina Zoological Park may be conducted using the Best Value procurement method. For acquisitions which the procuring agency deems to be highly complex, the use of Government-Vendor partnership is authorized."

PART II: EXPANSION OF UMSTEAD ACT EXEMPTION FOR THE NORTH CAROLINA ZOOLOGICAL PARK

(a) Compensatory Mitigation for Riparian Buffer Loss. – The Commission shall establish a program to provide alternatives for persons who would otherwise be required to maintain riparian buffers and who can demonstrate that they have attempted to avoid and minimize the loss of the riparian buffer and that there is no practical alternative to the loss of the buffer. This program is intended to allow these persons to perform compensatory mitigation in lieu of complying with laws and rules that require that riparian buffers be protected and maintained. ~~Alternatives shall include, but are not limited to:~~ All compensatory mitigation for riparian buffer loss shall be consistent with rules adopted by the Commission for protection and maintenance of riparian buffers.

The Department may approve a donee organization only if the donee agrees to maintain the real property or interest in real property as a riparian buffer. The Department may approve a donation of real property or an interest in real property only if the real property or interest in real property either:
 - a. Is a riparian buffer that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost in the same river basin as the riparian buffer that is ~~lost~~ lost.
 - b. Will be used to restore, create, enhance, or maintain a riparian buffer that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost in the same river basin as the riparian buffer that is lost.
- (3) Restoration or enhancement of an existing riparian buffer that is not otherwise required to be protected, or creation of a new riparian buffer, that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost in the same river basin as the riparian buffer that is lost and that is approved by the Department.
- (4) Construction of an alternative measure that reduces nutrient loading as well or better than the riparian buffer that is lost in the same river basin as the riparian buffer that is lost and that is approved by the Department.

(5) Participation in a compensatory mitigation bank if the Department has approved the bank and the Department approves the use of the bank for the required compensatory mitigation.

(a2) Compensatory Mitigation Options Available to Applicants Other than Government Entities. – An applicant other than a government entity, as defined in G.S. 143-214.11, may satisfy compensatory mitigation requirements by any of the following actions:

The Department may approve a donee organization only if the donee agrees to maintain the real property or interest in real property as a riparian buffer. The Department may approve a donation of real property or an interest in real property only if the real property or interest in real property either:

b. Will be used to restore, create, enhance, or maintain a riparian buffer that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost in the same river basin as the riparian buffer that is lost.

(4) Restoration or enhancement of an existing riparian buffer that is not otherwise required to be protected, or creation of a new riparian buffer, that will provide protection of water quality that is equivalent to or greater than that provided by the riparian buffer that is lost in the same river basin as the riparian buffer that is lost and that is approved by the Department.

(b) Compensatory mitigation is available for loss of a riparian buffer along an intermittent stream, a perennial stream, or a perennial waterbody.

(c) ~~fees.~~ The Commission shall establish a standard schedule of compensatory mitigation ~~fees.~~ for payments to the Riparian Buffer Restoration Fund pursuant to this section. The compensatory mitigation fee schedule shall be based on the area of the riparian buffer that is permitted to be lost and the cost to provide equivalent or greater protection of water quality in the same river basin as that provided by the riparian buffer this is lost by:

(1) Restoration or enhancement of existing riparian buffers.

SECTION 5. The Department of Environment and Natural Resources shall study whether the preference for compensatory wetland and stream mitigation banks established by S.L. 2008-152, as amended by this act, and the preference for riparian buffer mitigation banks and nutrient offset banks established by this act create a likelihood that the Ecosystem Enhancement Program will be unable to recoup investments made in riparian buffer mitigation and nutrient offset projects. The Department shall document the basis for its findings, including the source, nature, and amount of any prior investments, and may make recommendations for facilitating the recovery of such investments if it concludes that doing so would be in the public interest. The Department shall report its findings and recommendations, if any, to the Environmental Review Commission no later than February 1, 2010.

...

- (28) To require, coerce, or attempt to coerce any new motor vehicle dealer to purchase or order any new motor vehicle as a precondition to purchasing,

ordering, or receiving any other new motor vehicle or vehicles. Nothing herein shall prevent a manufacturer from requiring that a new motor vehicle dealer fairly represent and inventory the full line current model year new motor vehicles which are covered by the franchise ~~agreement~~agreement, provided that such inventory representation requirements are not unreasonable under the circumstances."

SECTION 2. G.S. 20-305(30) reads as rewritten:

"§ 20-305. **Coercing dealer to accept commodities not ordered; threatening to cancel franchise; preventing transfer of ownership; granting additional franchises; terminating franchises without good cause; preventing family succession.**

It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or any representative whatsoever of any of them:

...
 (30) To vary the price charged to any of its franchised new motor vehicle dealers located in this State for new motor vehicles based on the dealer's purchase of new facilities, supplies, tools, equipment, or other merchandise from the manufacturer, the dealer's relocation, remodeling, repair, or renovation of existing dealerships or construction of a new facility, the dealer's participation in training programs sponsored, endorsed, or recommended by the manufacturer, whether or not the dealer is dualed with one or more other line makes of new motor vehicles, or the dealer's sales penetration. Except as provided in this subdivision, it shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or any representative whatsoever of any of them to vary the price charged to any of its franchised new motor vehicle dealers located in this State for new motor vehicles based on the dealer's sales volume, the dealer's level of sales or customer service satisfaction, the dealer's purchase of advertising materials, signage, nondiagnostic computer hardware or software, communications devices, or furnishings, or the dealer's participation in used motor vehicle inspection or certification programs sponsored or endorsed by the manufacturer.

The price of the vehicle, for purposes of this subdivision shall include the manufacturer's use of rebates, credits, or other consideration that has the effect of causing a variance in the price of new motor vehicles offered to its franchised dealers located in the State.

Notwithstanding the foregoing, nothing in this subdivision shall be deemed to preclude a manufacturer from establishing sales contests or promotions that provide or award dealers or consumers rebates or incentives; provided, however, that the manufacturer complies with all of the following conditions:

- a. With respect to manufacturer to consumer rebates and incentives, the manufacturer's criteria for determining eligibility shall:
 1. Permit all of the manufacturer's franchised new motor vehicle dealers in this State to offer the rebate or incentive; and
 2. Be uniformly applied and administered to all eligible consumers.
- b. With respect to manufacturer to dealer rebates and incentives, the rebate or incentive program shall:
 1. Be based solely on the dealer's actual or reasonably anticipated sales volume or on a uniform per vehicle sold or leased basis;

2. Be uniformly available, applied, and administered to all of the manufacturer's franchised new motor vehicle dealers in this State; and
3. Provide that any of the manufacturer's franchised new motor vehicle dealers in this State may, upon written request, obtain the method or formula used by the manufacturer in establishing the sales volumes for receiving the rebates or incentives and the specific calculations for determining the required sales volumes of the inquiring dealer and any of the manufacturer's other franchised new motor vehicle dealers located within 75 miles of the inquiring dealer.

Nothing contained in this subdivision shall prohibit a manufacturer from providing assistance or encouragement to a franchised dealer to remodel, renovate, recondition, or relocate the dealer's existing facilities, provided that this assistance, encouragement, or rewards are not determined on a per vehicle basis.

It is unlawful for any manufacturer to charge or include the cost of any program or policy prohibited under this subdivision in the price of new motor vehicles that the manufacturer sells to its franchised dealers or purchasers located in this State.

In the event that as of October 1, 1999, a manufacturer was operating a program that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, or had in effect a documented policy that had been conveyed to its franchised dealers in this State and that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, it shall be lawful for that program or policy, including amendments to that program or policy that are consistent with the purpose and provisions of the existing program or policy, or a program or policy similar thereto implemented after October 1, 1999, to continue in effect as to the manufacturer's franchised dealers located in this State until June 30, ~~2010-2014~~.

In the event that as of June 30, 2001, a manufacturer was operating a program that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, or had in effect a documented policy that had been conveyed to its franchised dealers in this State and that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, and the program or policy was implemented in this State subsequent to October 1, 1999, and prior to June 30, 2001, and provided that the program or policy is in compliance with this subdivision as it existed as of June 30, 2001, it shall be lawful for that program or policy, including amendments to that program or policy that comply with this subdivision as it existed as of June 30, 2001, to continue in effect as to the manufacturer's franchised dealers located in this State until June 30, ~~2010-2014~~.

Any manufacturer shall be required to pay or otherwise compensate any franchise dealer who has earned the right to receive payment or other compensation under a program in accordance with the manufacturer's program or policy.

The provisions of this subdivision shall not be applicable to multiple or repeated sales of new motor vehicles made by a new motor vehicle dealer to a single purchaser under a bona fide fleet sales policy of a manufacturer, factory branch, distributor, or distributor branch."

SECTION 3. G.S. 20-305.1 is amended by adding a new subsection to read:

"(b3) Notwithstanding the terms of any franchise or other agreement, or the terms of any program, policy, or procedure of any manufacturer, it shall be unlawful for a manufacturer to take or threaten to take any adverse action against a dealer located in this State, or to otherwise discriminate against any dealer located in this State, on the basis that the dealer sold or leased a motor vehicle to a customer who either exported the vehicle to a foreign country or who resold the vehicle to a third party, unless the dealer knew or reasonably should have known that the customer intended to export or resell the motor vehicle prior to the customer's purchase of the vehicle from the dealer. The conduct prohibited under this subsection includes, but is not limited to, a manufacturer's actual or threatened: (i) failure or refusal to allocate, sell, or deliver motor vehicles to the dealer; or (ii) discrimination against any dealer in the allocation of vehicles; or (iii) charging back or withholding payments or other compensation or consideration for which a dealer is otherwise eligible for warranty reimbursement or under a sales promotion, incentive program, or contest; or (iv) disqualification of a dealer from participating in or discrimination against any dealer relating to any sales promotion, incentive program, or contest; or (v) termination of a franchise. In any proceeding brought pursuant to this subsection, there shall be a rebuttable presumption that the dealer, prior to the customer's purchase of the vehicle, did not know nor should have reasonably known that the customer intended to export or resell the motor vehicle, if (i) following the sale, the vehicle is titled, registered, and, where applicable, taxes paid in any state or territory within the United States in the name of a customer who was physically present at the dealership at or prior to the time of sale, and (ii) the dealer did not know, prior to the consummation of the sale, that the vehicle would be shipped to a foreign country."

SECTION 4. G.S. 20-305.1 is amended by adding a new subsection to read:

"(f1) The provisions of subsections (a), (b), (b1), (b2), and (c) of this section applicable to a motor vehicle manufacturer shall also apply to a component parts manufacturer. For purposes of this section, a component parts manufacturer means a person, resident, or nonresident of this State who manufactures or assembles new motor vehicle "component parts" and directly warrants the component parts to the consumer. For purposes of this section, component parts means an engine, power train, rear axle, or other part of a motor vehicle that is not warranted by the final manufacturer of the motor vehicle."

SECTION 5. G.S. 20-305(6) reads as rewritten:

"§ 20-305. Coercing dealer to accept commodities not ordered; threatening to cancel franchise; preventing transfer of ownership; granting additional franchises; terminating franchises without good cause; preventing family succession.

It shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or any representative whatsoever of any of them:

- ...
- (6) Notwithstanding the terms, provisions or conditions of any franchise or notwithstanding the terms or provisions of any waiver, to terminate, cancel or fail to renew any franchise with a licensed new motor vehicle dealer unless the manufacturer has satisfied the notice requirements of subparagraph c. and the Commissioner has determined, if requested in writing by the dealer within (i) the time period specified in G.S. 20-305(6)c.1.II., III., or IV., as applicable, or (ii) the effective date of the franchise termination specified or proposed by the manufacturer in the notice of termination, whichever period of time is longer, and after a hearing on the matter, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith as defined in this act regarding the termination, cancellation or nonrenewal. When such a petition is made to the Commissioner by a dealer for determination as to the existence of good cause and good faith for the termination, cancellation or nonrenewal of a franchise, the Commissioner shall promptly inform the manufacturer that a timely petition has been filed,

and the franchise in question shall continue in effect pending the Commissioner's decision. The Commissioner shall try to conduct the hearing and render a final determination within 180 days after a petition has been filed. If the termination, cancellation or nonrenewal is pursuant to G.S. 20-305(6)c.1.III. then the Commissioner shall give the proceeding priority consideration and shall try to render his final determination no later than 90 days after the petition has been filed. Any parties to a hearing by the Commissioner under this section shall have a right of review of the decision in a court of competent jurisdiction pursuant to Chapter 150B of the General Statutes. Any determination of the Commissioner under this section finding that good cause exists for the nonrenewal, cancellation, or termination of any franchise shall automatically be stayed during any period that the affected dealer shall have the right to judicial review or appeal of the determination before the superior court or any other appellate court and during the pendency of any appeal; provided, however, that within 30 days of entry of the Commissioner's order, the affected dealer provide such security as the reviewing court, in its discretion, may deem appropriate for payment of such costs and damages as may be incurred or sustained by the manufacturer by reason of and during the pendency of the stay. Although the right of the affected dealer to such stay is automatic, the procedure for providing such security and for the award of damages, if any, to the manufacturer upon dissolution of the stay shall be in accordance with G.S. 1A-1, Rule 65(d) and (e). No such security provided by or on behalf of any affected dealer shall be forfeited or damages awarded against a dealer who obtains a stay under this subdivision in the event the ownership of the affected dealership is subsequently transferred, sold, or assigned to a third party in accordance with this subdivision or subdivision (4) of this section and the closing on such transfer, sale, or assignment occurs no later than 180 days after the date of entry of the Commissioner's order. Furthermore, unless and until the termination, cancellation, or nonrenewal of a dealer's franchise shall finally become effective, in light of any stay or any order of the Commissioner determining that good cause exists for the termination, cancellation, or nonrenewal of a dealer's franchise as provided in this paragraph, a dealer who receives a notice of termination, cancellation, or nonrenewal from a manufacturer as provided in this subdivision shall continue to have the same rights to assign, sell, or transfer the franchise to a third party under the franchise and as permitted under G.S. 20-305(4) as if notice of the termination had not been given by the manufacturer. Any franchise under notice or threat of termination, cancellation, or nonrenewal by the manufacturer which is duly transferred in accordance with G.S. 20-305(4) shall not be subject to termination by reason of failure of performance or breaches of the franchise on the part of the transferor.

- a. Notwithstanding the terms, provisions or conditions of any franchise or the terms or provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation or nonrenewal when:
 1. There is a failure by the new motor vehicle dealer to comply with a provision of the franchise which provision is both reasonable and of material significance to the franchise relationship provided that the dealer has been notified in writing of the failure within 180 days after the manufacturer first acquired knowledge of such failure;
 2. If the failure by the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales or

- service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer if the new motor vehicle dealer was apprised by the manufacturer in writing of the failure; and
- I. The notification stated that notice was provided of failure of performance pursuant to this section;
 - II. The new motor vehicle dealer was afforded a reasonable opportunity, for a period of not less than 180 days, to comply with the criteria; and
 - III. The new motor vehicle dealer failed to demonstrate substantial progress towards compliance with the manufacturer's performance criteria during such period and the new motor vehicle dealer's failure was not primarily due to economic or market factors within the dealer's relevant market area which were beyond the dealer's control.
- b. The manufacturer shall have the burden of proof under this section.
- c. Notification of Termination, Cancellation and Nonrenewal. –
1. Notwithstanding the terms, provisions or conditions of any franchise prior to the termination, cancellation or nonrenewal of any franchise, the manufacturer shall furnish notification of termination, cancellation or nonrenewal to the new motor vehicle dealer as follows:
 - I. In the manner described in G.S. 20-305(6)c2 below; and
 - II. Not less than 90 days prior to the effective date of such termination, cancellation or nonrenewal; or
 - III. Not less than 15 days prior to the effective date of such termination, cancellation or nonrenewal with respect to any of the following:

 - D. Conviction of a felony involving moral turpitude, under the laws of this State or any other state, or territory, or the District of Columbia.
 - IV. Not less than 180 days prior to the effective date of such termination, cancellation, or nonrenewal which occurs as a result of any change in ownership, operation, or control of all or any part of the business of the manufacturer, factory branch, distributor, or

distributor branch whether by sale or transfer of assets, corporate stock or other equity interest, assignment, merger, consolidation, combination, joint venture, redemption, operation of law or otherwise; or the termination, suspension, or cessation of a part or all of the business operations of the manufacturers, factory branch, distributor, or distributor branch; or discontinuance of the sale of the product line or a change in distribution system by the manufacturer whether through a change in distributors or the manufacturer's decision to cease conducting business through a distributor altogether.

- V. Unless the failure by the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales or service, not more than one year after the manufacturer first acquired knowledge of the basic facts comprising the failure.
2. Notification under this section shall be in writing; shall be by certified mail or personally delivered to the new motor vehicle dealer; and shall contain:
 - I. A statement of intention to terminate, cancel or not to renew the franchise;
 - II. A detailed statement of all of the material reasons for the termination, cancellation or nonrenewal; and
 - III. The date on which the termination, cancellation or nonrenewal takes effect.
 3. Notification provided in G.S. 20-305(6)c1III of 90 days prior to the effective date of such termination, cancellation or renewal may run concurrent with the 180 days designated in G.S. 20-305(6)a2II provided the notification is clearly designated by a separate written document mailed by certified mail or personally delivered to the new motor vehicle dealer.

To the extent and for such uses and purposes as may be consistent with the terms of the lease, a manufacturer who pays facilities assistance to a dealer under this paragraph e. shall be entitled to occupy and use the dealership facilities during the years for which the manufacturer shall have paid rent under sub-subdivisions 1. and 2.
4. In the event the termination relates to fewer than all of the franchises operated by the dealer at a single location, the amount of facilities assistance which the manufacturer or distributor is required to pay the dealer under this sub-subdivision shall be based on the proportion of gross revenue received from the sale and lease of new vehicles by the dealer and from the dealer's parts and service operations during the three years immediately preceding the effective date of the termination (or any shorter period that the dealer may have held these franchises) of the line-makes being terminated, in relation to the gross revenue received from the sale and lease of all line-makes of new vehicles by the dealer

and from the total of the dealer's and parts and service operations from this location during the same three-year period.

5. The compensation required for facilities assistance under this paragraph e. shall be paid by the manufacturer or distributor within 90 days ~~of the effective date of termination, cancellation, or nonrenewal.~~ after the manufacturer or distributor has received notice in writing from, or on behalf of, a new motor vehicle dealer specifying the elements of compensation requested by the dealer.
- f. ~~The provisions of sub-subdivisions d. and e. above shall not be applicable when the termination, nonrenewal or cancellation of the franchise agreement is the result of the voluntary act of the dealer.~~ The provisions of sub-subdivision e. above shall not be applicable when the termination, nonrenewal, or cancellation of the franchise agreement by a new motor vehicle dealer is the result of the sale of assets or stock of the motor vehicle dealership. The provisions of sub-subdivisions d. and e. above shall not be applicable when the termination, nonrenewal, or cancellation of the franchise agreement is at the initiation of a new motor vehicle dealer of recreational vehicle motor homes, as defined in G.S. 20-4.01(32a)a., provided that at the time of the termination, nonrenewal, or cancellation, the recreational vehicle manufacturer or distributor has paid to the dealer all claims for warranty or recall work, including payments for labor, parts, and other expenses, which were submitted by the dealer 30 days or more prior to the date of termination, nonrenewal, or cancellation. ~~Notwithstanding the terms of any contract or agreement, any dealer's termination or resignation shall not be deemed to be voluntary if that termination or resignation occurred under the manufacturer's threat of nonrenewal, cancellation, or termination of the franchise.~~
- g. A franchise shall continue in full force and operation notwithstanding a change, in whole or in part, of an established plan or system of distribution of the motor vehicles offered for sale under the franchise. The appointment of a new manufacturer, factory branch, distributor, or distributor branch for motor vehicles offered for sale under the franchise agreement shall be deemed to be a change of an established plan or system of distribution.

Upon the occurrence of the change, the Division shall deny an application of a manufacturer, factory branch, distributor, or distributor branch for a license or license renewal unless the applicant for a license as a manufacturer, factory branch, distributor, or distributor branch offers to each motor vehicle dealer who is a party to a franchise for that line-make a new franchise agreement containing substantially the same provisions which were contained in the previous franchise agreement or files an affidavit with the Division acknowledging its undertaking to assume and fulfill the rights, duties, and obligations of its predecessor under the previous franchise agreement."

SECTION 6. The terms and provisions of this act shall be applicable to all franchises and other agreements in existence between any new motor vehicle dealer located in this State and a manufacturer or distributor as of the effective date of this act, and to all future franchises and other agreements.

Session Law 2009-339

S.B. 1069

AN ACT TO ESTABLISH THE JOINT LEGISLATIVE JOINING OUR BUSINESSES AND SCHOOLS (JOBS) STUDY COMMISSION.

Whereas, the Innovative Education Initiatives Act became law in 2003; and

Whereas, as a result of this act, 52 Early and Middle College programs have been developed as a collaboration between the public schools, the community colleges, and private business; and

Whereas, these schools have generally evidenced a decrease in their dropout rates and, as a result, have won national awards; and

Whereas, North Carolina has seven identified economic development regions, each with its own challenges in today's changing and demanding job market; and

Whereas, North Carolina has numerous innovative public and private programs based in Science, Technology, Engineering, and Mathematics (STEM); and

Whereas, to be efficient with the taxpayers' dollars, to continue to increase the graduation rate, and to prepare our students for twenty-first century jobs, it would be beneficial to map these innovative education programs, including the development of additional Early and Middle College programs and STEM programs, and other public and private education programs that have instructional programs that prepare students to meet the particular employment and workforce preparation needs of the respective economic development regions. In addition, it would be beneficial to develop curriculum frameworks that reflect innovative design principles in some of these schools that would address both regional and statewide employment needs; and

Whereas, the United States Department of Education has identified 16 career clusters as a tool to connect career technical education (CTE) to education, workforce preparation, and economic development; and

Whereas, the North Carolina STEM Community Collaborative/MCNC is supporting the creation of a replicable community visioning process, engaging business, policy, education, and community stakeholders in mapping their local needs and producing a plan for sustainable, local education innovation based in science, technology, engineering, and mathematics; and

Whereas, it would be beneficial to position each region and the State to compete in the regional, national, and global economy by creating a joint legislative study commission to review the vision plans and overall needs of each economic development region as well as the overall needs of the State; and

Whereas, the Commission should advise the North Carolina Education Cabinet and specifically the Department of Public Instruction as they develop standard instructional programs for twenty-first century career paths in accordance with the Early and Middle College and STEM models and study the implementation of pilot programs in these respective regions that will best suit the potential of the region and better prepare students for the increased academic demands of a global economy; Now, therefore,

In addition to the North Carolina crimes listed in this subdivision, such crimes also include similar crimes under federal law or under the laws of other states.

(b) The Board may request that an applicant for licensure, an applicant seeking reinstatement of a license, or a licensee under investigation by the Board for alleged criminal offenses in violation of this Article consent to a criminal history record check. Refusal to consent to a criminal history record check may constitute grounds for the Board to deny licensure to an applicant, deny reinstatement of a license to an applicant, or revoke the license of a licensee. The Board shall ensure that the State and national criminal history of an applicant is checked. The Board shall be responsible for providing to the North Carolina Department of Justice the fingerprints of the applicant or licensee to be checked, a form signed by the applicant or licensee consenting to the criminal record check and the use of fingerprints and other identifying information required by the State or National Repositories of Criminal

- (2) The date of the crime.
- (3) The age of the person at the time of the conviction.
- (4) The circumstances surrounding the commission of the crime, if known.

- (7) The subsequent commission by the person of a crime listed in subdivision (a)(2) of this section.

If, after reviewing these factors, the Board determines that the applicant or licensee's criminal history disqualifies the applicant or licensee for licensure, the Board may deny licensure or reinstatement of the license of the applicant or revoke the license of the licensee. The Board may disclose to the applicant or licensee information contained in the criminal history record check that is relevant to the denial. The Board shall not provide a copy of the criminal history record check to the applicant or licensee. The applicant or licensee shall have the right to appear before the Board to appeal the Board's decision. However, an appearance before the full Board shall constitute an exhaustion of administrative remedies in accordance with Chapter 150B of the General Statutes.

(d) Limited Immunity. – The Board, its officers, and employees, acting in good faith and in compliance with this section, shall be immune from civil liability for denying licensure or reinstatement of a license to an applicant or revoking a licensee's license based on information provided in the applicant or licensee's criminal history record check."

Along with the request, the Board shall provide to the Department of Justice the fingerprints of the applicant or licensee, a form signed by the applicant or licensee consenting to the criminal record check and use of fingerprints and other identifying information required by the State and National Repositories, and any additional information required by the Department of Justice. The applicant or licensee's fingerprints shall be forwarded to the State Bureau of Investigation for a search of the State's criminal history record file, and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check. The Board shall keep all information obtained pursuant to this section confidential. The Department of Justice may charge a fee to offset the cost incurred by it to conduct a criminal record check under this section. The fee shall not exceed the actual cost of locating, editing, researching, and retrieving the information."

- ~~(6) The value of any interest in property, outright or in trust, transferred from the decedent to the surviving spouse during the lifetime of decedent for which (i) a gift tax return is timely filed reporting such gift, or (ii) the surviving spouse signs a statement acknowledging such a gift. For purposes of this subdivision, any gift to the surviving spouse by the decedent of the decedent's interest in any property held by the decedent and the surviving spouse as tenants by the entirety or as joint tenants with right of survivorship shall be valued at one half of the entire value of that interest in property at the time the gift is made;~~
- ~~(7) Notwithstanding any other provision of law related to valuing a partial interest in property, the entire fair market value of any property held in trust for the exclusive benefit of the surviving spouse during the surviving spouse's lifetime, if the terms of the trust meet the following requirements:~~
 - ~~a. During the lifetime of the surviving spouse, the trust is controlled by one or more Nonadverse Trustees;~~
 - ~~b. The trustee is required to distribute to or for the benefit of the surviving spouse either (i) the entire net income of the trust at least~~

~~annually; or (ii) the income of the trust in such amounts and at such times as the trustee, in its discretion, determines necessary for the health, maintenance, and support of the surviving spouse;~~

~~e. The trustee is required to distribute to or for the benefit of the surviving spouse out of the principal of the trust such amounts and at such times as the trustee, in its discretion, determines necessary for the health, maintenance, and support of the surviving spouse; and~~

~~In exercising discretion, the trustee may be authorized or required to take into consideration all other income, assets, and other means of support as are available to the surviving spouse; and~~

~~(8) The net value of the marital estate awarded to the surviving spouse pursuant to G.S. 50-20 subsequent to the death of the decedent.~~

~~(b) Death Taxes.—The value of Property Passing to Surviving Spouse shall be reduced by any death taxes that are a charge against or apportioned against the surviving spouse on property interests included in Property Passing to Surviving Spouse.~~

~~(c) No Duplication.—In case of overlapping application of the same property under more than one provision, the property shall be included only once, under the provision yielding the greatest value.~~

"§ 30-3.3A. Valuation of property.

(a) Basic Principles. – Unless otherwise expressly stated to the contrary in this section, the value of property shall be that property's fair market value, taking into consideration any applicable discounts. The value shall be determined as of the date of death, except for (i) property transferred to persons other than the surviving spouse described in G.S. 30-3.2(3f)g. and (ii) property transferred to the surviving spouse described in G.S. 30-3.2(3c)e. that is not held in trust, that is not life insurance, and that is not held as tenants by the entirety or some other form of ownership that passes to the surviving spouse by reason of survivorship. The value of gift property described in clauses (i) and (ii) shall be determined as the value on the date of transfer; but if the donee proves to the satisfaction of the clerk that the value on the date of disposal of the asset prior to the decedent's death is less than on the original date of transfer or that the value on the date of death is less than on the original date of transfer, then the lesser value shall be used.

(b) Certain Joint Property. – In valuing a partial interest in jointly owned property with right of survivorship, there shall be no discount taken to reflect the decedent's partial interest including, but not limited to, discounts for lack of control, ownership of a fractional interest, or lack of marketability.

(c) Certain Powers of Appointment. – In valuing property over which the decedent held a presently exercisable general power of appointment, the value includes only the property subject to the power that passes at the decedent's death, whether by exercise, release, lapse, default, or otherwise.

(d) Certain Transfers With Retained Interests. – In valuing property transferred by the decedent with a retained right of possession or enjoyment or the right to income described in G.S. 30-3.2(3f)e., only the fraction of the property to which the decedent retained a right shall be included. In valuing property in which the decedent created a power as described in G.S. 30-3.2(3f)f., the value includes, with respect to a power, the value of the property subject to the power, and the amount included in the valuation with respect to a power over the income is the value of the property that produces or produced the income; provided, however, if the power is a power over both income and property and the foregoing produces different amounts, the amount included in the valuation is the greater amount.

(e) Partial or Contingent Interest Property. – The valuation of partial and contingent property interests, outright or in trust, which are limited to commence or terminate upon the death of one or more persons, upon the expiration of a period of time, or upon the occurrence of one or more contingencies, shall be determined by computations based upon the mortality and annuity tables set forth in G.S. 8-46 and G.S. 8-47, and by using a presumed rate of return of

six percent (6%) of the value of the underlying property in which those interests are limited. However, in valuing partial and contingent interests passing to the surviving spouse, the following special rules apply:

- (1) The value of the beneficial interest of a spouse shall be the entire fair market value of any property held in trust if the decedent was the settlor of the trust, if the trust is held for the exclusive benefit of the surviving spouse during the surviving spouse's lifetime, and if the terms of the trust meet the following requirements:
 - a. During the lifetime of the surviving spouse, the trust is controlled by one or more nonadverse trustees.
 - b. The trustee shall distribute to or for the benefit of the surviving spouse either (i) the entire net income of the trust at least annually or (ii) the income of the trust in such amounts and at such times as the trustee, in its discretion, determines necessary for the health, maintenance, and support of the surviving spouse.
 - c. The trustee shall distribute to or for the benefit of the surviving spouse out of the principal of the trust such amounts and at such times as the trustee, in its discretion, determines necessary for the health, maintenance, and support of the surviving spouse.
 - d. In exercising discretion, the trustee may be authorized or required to take into consideration all other income assets and other means of support available to the surviving spouse.
 - (2) To the extent that the partial or contingent interest is dependent upon the occurrence of any contingency that is not subject to the control of the surviving spouse and that is not subject to valuation by reference to the mortality and annuity tables set forth in G.S. 8-46 and G.S. 8-47, the contingency will be conclusively presumed to result in the lowest possible value passing to the surviving spouse. However, a life estate or income interest that will terminate upon the surviving spouse's death or remarriage will be valued without regard to the possibility of termination upon remarriage.
 - (3) To the extent that the valuation of a partial or contingent interest is dependent upon the life expectancy of the surviving spouse, that life expectancy shall be conclusively presumed to be no less than 10 years, regardless of the actual attained age of the surviving spouse at the decedent's death.
- (f) Method for Determining Value. – Unless otherwise stated in this Article, the value of property shall be determined as follows:
- (1) The value of property passing by intestacy described in G.S. 30-3.2(3f)a. and Property Passing to Surviving Spouse, other than property held in a trust, shall be established by the good-faith agreement of the surviving spouse and the personal representative, unless either (i) the surviving spouse is the personal representative or (ii) the clerk determines that the personal representative may not be able to represent the estate adversely to the surviving spouse, in which cases the value of such property shall be determined pursuant to subdivision (4) of this subsection.
 - (2) The value of property constituting an interest in a trust shall be established by good-faith agreement of the surviving spouse, the personal representative, and the trustee, unless either (i) the surviving spouse is both the personal representative and the trustee or (ii) the clerk determines that the trustee or the personal representative may not be able to represent the trust or the estate, respectively, adversely to the surviving spouse, in which cases the

value of such property shall be determined pursuant to subdivision (4) of this subsection.

- (3) The value of all other property shall be established by the good-faith agreement of the surviving spouse, the personal representative, and the responsible person that received, held, or controlled such property on the date used to determine the value of such property for purposes of determining total assets, unless the clerk determines that valuation under subdivision (4) of this subsection is more appropriate.
- (4) If the value of any property is not established by agreement as provided above, the parties may present evidence regarding value, which may include expert testimony, and the clerk may appoint one or more qualified and disinterested persons to help determine the value of such property. After hearing, the clerk shall make a finding of fact of the value of each asset.

"§ 30-3.4. Procedure for determining the elective share.

(a) **Exercisable Only During Lifetime.** – The right of the surviving spouse to file a claim for an elective share must be exercised during the lifetime of the surviving spouse, by the surviving spouse, by the surviving spouse's agent under a attorney-in-fact if the surviving spouse's power of attorney, attorney expressly authorizes the attorney-in-fact to do so or to generally engage in estate transactions, or or, with approval of court, by the guardian of the surviving spouse's estate. estate or general guardian. If a surviving spouse dies before the claim for an elective share has been settled, the surviving spouse's personal representative shall succeed to the surviving spouse's rights to an elective share.

(b) **Time Limitations.** – A claim for an elective share must be made within six months after the issuance of letters testamentary or letters of administration in connection with the will or intestate proceeding with respect to which the surviving spouse claims the elective share by (i) filing a petition with the clerk of superior court of the county in which the primary administration of the decedent's estate lies, and (ii) mailing or delivering a copy of that petition to the personal representative of the decedent's estate. A surviving spouse's incapacity shall not toll the six-month period of limitations.

(c) **Time for Hearing.** – Unless waived by the personal representative and the surviving spouse, the clerk shall set the matter for hearing no earlier than two months and no later than six months after the filing of the petition. However, the clerk may extend the time of hearing as the clerk sees fit. The surviving spouse shall give notice of the hearing to the personal representative, and to any person described in G.S. 30-3.5 who may be required to contribute toward the satisfaction of the elective share.

(d) **Preparation of Tax Form.** ~~In every case in which a petition to determine an elective share has been filed, and within two months of the filing of the petition, the personal representative shall prepare and submit to the clerk a proposed Form 706, federal estate tax return, for the estate, regardless of whether that form is required to be filed with the Internal Revenue Service. The clerk may extend the time for submission of the proposed Form 706 as the clerk sees fit.~~

(e) **Valuation.** ~~The valuation of interests in property for purposes of G.S. 30-3.2 and G.S. 30-3.3 shall be determined as follows:~~

- (1) ~~Basic principles.~~ ~~Each interest shall be valued at its fair market value, reduced by all liens, claims, or encumbrances against the interest. For interests passing at the decedent's death, valuation shall be as of the date of death, and for interests transferred during the decedent's lifetime, valuation shall be as of the date of transfer.~~
- (2) ~~Valuation of partial and contingent interests in property.~~ ~~The valuation of interests in property, outright or in trust, which are limited to commence or terminate upon the death of one or more persons, upon the expiration of a period of time, or upon the occurrence of one or more contingencies, shall be determined by computations based upon the mortuary and annuity tables set~~

forth in G.S. 8-46 and G.S. 8-47, and upon the basis of six percent (6%) of the gross value of the underlying property in which those interests are limited. However, in valuing interests passing to the surviving spouse, the following special rules apply:

- a. ~~An interest described in G.S. 30-3.3(a)(7) that shall be valued as if the underlying property or interest passed outright to the surviving spouse unencumbered by any trust;~~
 - b. ~~To the extent that the interest is dependent upon the occurrence of any contingency that is not subject to the control of the surviving spouse and that is not subject to valuation by reference to the mortuary and annuity tables set forth in G.S. 8-46 and G.S. 8-47, the contingency will be conclusively presumed to result in the lowest possible value passing to the surviving spouse. However, a life estate or income interest that will terminate only upon the earlier of the surviving spouse's death or remarriage will be valued without regard to the possibility of termination upon remarriage; and~~
 - e. ~~To the extent that the valuation of an interest is dependent upon the life expectancy of the surviving spouse, that life expectancy shall be conclusively presumed to be no less than 10 years, regardless of the actual attained age of the surviving spouse at the decedent's death.~~
- (3) ~~Determination of fair market value.—The fair market value of each asset comprising Total Net Assets shall be determined as follows:~~
- a. ~~Probate assets and assets passing to spouse.—The value of each probate asset and Property Passing to Surviving Spouse, other than assets held in trust, shall be established by the good faith agreement of the surviving spouse and the personal representative, unless either (i) the surviving spouse is the personal representative, or (ii) the clerk determines that the personal representative may not be able to represent the estate adversely to the surviving spouse.~~
 - b. ~~Trust assets.—The value of each trust asset shall be established by good faith agreement of the surviving spouse and the trustee, unless either (i) the surviving spouse is the trustee, or (ii) the clerk determines that the trustee may not be able to represent the trust adversely to the surviving spouse.~~
 - e. ~~Other assets.—The value of any other asset shall be established by the good faith agreement of the surviving spouse and each person described in G.S. 30-3.5 who may be required to contribute toward the satisfaction of the elective share because of that person's interest in the asset, unless the clerk determines that valuation under sub-subdivision d. of this subdivision is more appropriate.~~
 - d. ~~Use of disinterested persons.—If the value of any asset is not established by agreement, the clerk shall appoint one or more qualified and disinterested persons to determine a value of each asset. That determination of the value of an asset shall be final for the exclusive purposes of this Article.~~

(d1) Mediation. – The clerk may order mediation as described in G.S. 7A-38.3B of any disputes in connection with an elective share proceeding.

(e1) Procedure. – An elective share proceeding shall be an estate matter and may be appealed pursuant to G.S. 1-301.3.

(e2) Information About Total Net Assets. – In order to assist the clerk in determining whether a surviving spouse is entitled to an elective share, and, if so, the amount thereof, the following provisions apply:

- (1) Submission within two months. – In every case in which a petition to determine an elective share has been filed, within two months of the filing of the petition, the personal representative shall submit sufficient information about the total assets for the clerk to determine the elective share. To fulfill its obligation to provide information, the personal representative may prepare and submit to the clerk a proposed Form 706, United States Estate (and Generation-Skipping Transfer) Tax Return, for the estate, regardless of whether that form is required to be filed with the Internal Revenue Service. The clerk may extend the time for submission of the proposed Form 706 or other information as the clerk sees fit.
- (2) Examination regarding assets. – If the personal representative, the surviving spouse, or a responsible person has reasonable grounds to believe that any person has a claim or has in its possession assets included in Total Net Assets, then the personal representative, surviving spouse, or responsible person may use the procedures set out in G.S. 28A-15-12 to cause the clerk to examine the person believed to have a claim or to possess assets included in Total Net Assets.

(f) Findings and Conclusions. – After notice and hearing, the clerk shall determine whether or not the surviving spouse is entitled to an elective share, and if so, the clerk shall then determine the elective share and shall order the personal representative to transfer that amount to the surviving spouse. The clerk's order shall recite specific findings of fact and conclusions of law in arriving at the decedent's Total Net Assets, Property Passing to Surviving Spouse, and the elective share.

~~(g) Appeals. — Any party in interest may appeal from the decision of the clerk to the superior court. If an appeal is taken from the decision of the clerk, that appeal shall have the effect of staying the judgment and order of the clerk until the cause is heard and determined by the superior court upon the appeal taken. Upon an appeal taken from the clerk to the superior court, the judge may review the findings of fact by the clerk and may find the facts or take other evidence, but the facts found by the judge shall be final and conclusive upon any appeal to the Appellate Division.~~

(h) Expenses. – The expenses (including attorneys' fees) reasonably incurred by the personal representative, other responsible persons, and the surviving spouse in connection with elective share proceedings shall be equitably apportioned by the clerk of court in the clerk's discretion among the personal representative, other responsible persons, and the surviving spouse.

"§ 30-3.5. Recovery of assets by personal representative. Satisfaction of elective share.

~~(a) Recovery of Assets. — The personal representative is entitled to recover proportionately from all persons, other than the surviving spouse, receiving or in possession of any of the decedent's Total Net Assets a sufficient amount to enable the personal representative to pay the elective share. The apportionment shall be made in the proportion that the value of the interest of each person receiving or in possession of any of Total Net Assets bears to Total Net Assets, excluding any Property Passing to Surviving Spouse. The only persons subject to contribution to make up the elective share are (i) original recipients of property comprising the decedent's Total Net Assets, and subsequent gratuitous inter vivos donees or persons claiming by testate or intestate succession to the extent those persons have the property or its proceeds on or after the date of decedent's death, and (ii) a fiduciary, as to the property under the fiduciary's control at or after the time a fiduciary receives notice that a surviving spouse has claimed an elective share. A fiduciary shall not be considered to have notice until it receives notice at its address as shown in the decedent's estate papers in the clerk's office or, if there are no such papers or no such address is shown in those papers, at the fiduciary's residence or the office of its registered agent.~~

~~The personal representative may withhold from any property of the decedent in his possession, distributable to any person subject to apportionment, the amount of the elective~~

~~share apportioned to such person. If the property in possession of the personal representative and distributable to any person subject to apportionment is insufficient to satisfy the proportionate amount of the elective share determined to be due from that person, the personal representative may recover the deficiency from that person. If the property is not in possession of the personal representative, the personal representative may recover from the person the amount of the elective share apportioned to that person in accordance with this Article. If the personal representative cannot reasonably collect from any person subject to apportionment the amount of the elective share apportioned to that person, the amount not reasonably recoverable shall, with the approval of the clerk, be apportioned among the other persons who are subject to apportionment. The apportionment shall be made in the proportion that the value of the interest of each remaining person bears to the total value of the interests of all remaining persons.~~

(a1) Apportionment. – The personal representative shall apportion the liability to the surviving spouse for the amount of the elective share among all responsible persons as follows:

(1) The net value of each nonspousal asset shall be determined by calculating the value of the nonspousal asset under G.S. 30-3.3A and reducing such value by that portion of the claims (including year's allowances to persons other than the surviving spouse) payable out of, charged against, or otherwise properly allocable to the nonspousal asset.

(2) Using the net value of each nonspousal asset as determined under subdivision (1) of this subsection, the personal representative shall determine each responsible person's liability to the surviving spouse by multiplying the amount of the elective share by a fraction, the numerator of which is the net value of the responsible person's nonspousal assets and the denominator of which is the net value of all of the nonspousal assets.

(a2) Recovery From Responsible Persons. – In recovering assets from responsible persons, the following rules apply:

(1) To the extent the personal representative is a responsible person, the personal representative shall satisfy its liability to the surviving spouse out of its nonspousal assets according to the following order of priority:

a. The personal representative shall satisfy its liability out of the net value of the nonspousal assets passing by intestate succession by allocating the liability proportionately among each intestate heir based on the fraction of the net value of the nonspousal assets passing by intestate succession that each intestate heir is entitled to receive.

b. If the net value of the nonspousal assets passing by intestate succession is not sufficient to satisfy the personal representative's liability in full, the personal representative shall satisfy its remaining liability out of the net value of the nonspousal assets passing as part of the decedent's residuary estate by allocating the liability proportionately among each beneficiary of the decedent's residuary estate based on the fraction of the net value of the nonspousal assets passing as part of the decedent's residuary estate that each residuary beneficiary is entitled to receive.

c. If the net value of the nonspousal assets in the residuary estate is not sufficient to satisfy the personal representative's liability in full, the personal representative shall satisfy its remaining liability by allocating the remaining liability proportionately among each other beneficiary of the decedent's will based on the fraction of the net value of the remaining nonspousal assets each other beneficiary is entitled to receive.

(2) The personal representative shall recover from each other responsible person the responsible person's liability to the surviving spouse.

- (3) Each responsible person, including the personal representative in its capacity as a responsible person, may elect to satisfy its liability in full by any of the following methods:
- a. Conveyance of that portion of the responsible person's nonspousal assets (or identical substitute assets), valued on the date of conveyance, sufficient to satisfy the responsible person's liability; or, if the value of the responsible person's nonspousal assets on the date of conveyance is less than the responsible person's liability, conveyance of all of the responsible person's nonspousal assets (or identical substitute assets).
 - b. Payment of the liability in cash.
 - c. Payment of the liability in other property upon written agreement of the surviving spouse at values agreed by the surviving spouse for purposes of determining the extent of the liability satisfied.
 - d. Any combination of the payment methods set forth under sub-subdivision a. through d. of this subdivision, provided that the total value of assets conveyed by the responsible person equals such responsible person's liability.

(a3) Inability or Refusal to Pay. – The personal representative shall be entitled to petition the clerk of court for an order requiring any responsible person to satisfy its liability. Upon refusal of a responsible person to obey such an order, the personal representative shall be entitled to a judgment against such responsible person in the amount of the liability and to any other remedies the clerk deems appropriate. Although the responsible person shall remain primarily liable for such responsible person's liability for the elective share, the following rules apply:

- (1) If the responsible person makes a gratuitous transfer, whether inter vivos or by testate or intestate succession, of all or any part of the responsible person's nonspousal assets or the proceeds thereof after the decedent's death, then the gratuitous transferee shall be liable for the amount transferred, and the personal representative shall be entitled to recover that amount from the transferee as if the transferee were the responsible person.
- (2) If the responsible person is a fiduciary and makes a distribution of all or any part of the responsible person's nonspousal assets or the proceeds thereof after the decedent's death, then the distributee shall be liable for the amount transferred, and the personal representative shall be entitled to recover that amount from the distributee as if the distributee were the responsible person.

If, after exhausting all other remedies in this section, the personal representative cannot reasonably recover a responsible person's liability, then, with the approval of the clerk, the defaulting responsible person's liability shall be apportioned on a pro rata basis among the responsible persons who have not defaulted. Each nondefaulting other responsible person shall be liable for the amount of the liability apportioned to it in the same manner and to the same extent as its original liability for the elective share; provided, that each responsible person's liability shall not exceed the responsible person's proportionate share of the value of the nonspousal assets based on the values used in determining Total Net Assets. Each nondefaulting other responsible person shall be entitled to a proportionate share of any judgment against or subsequent recovery of the liability from the defaulting responsible person.

(b) Standstill Order. – After the filing of the petition demanding an elective share, ~~either the personal representative or surviving spouse~~ the personal representative, surviving spouse, or any responsible person may request the clerk to issue an order that any ~~recipients~~ responsible person not dispose of ~~any~~ all or a portion of the decedent's Total Net Assets or the proceeds thereof pending the ~~hearing~~ payment of the elective share. The decision to issue such an order shall be in the discretion of the clerk. A person who violates the standstill order may be held in civil contempt of court pursuant to Article 5A of Chapter 2 of the General Statutes. The clerk

shall enter an order terminating the standstill order upon the clerk's determination that the standstill order is no longer necessary or desirable.

~~(e) Satisfaction of Liability.—A person receiving or in possession of any of the decedent's Total Net Assets may pay his proportionate elective share liability with respect to that property by any of the following methods:~~

- ~~(1) Conveyance of the property included in the decedent's Total Net Assets;~~
- ~~(2) Payment of the value of his liability in cash or, upon agreement of the surviving spouse, other property; or~~
- ~~(3) Partial conveyance and partial payment under subdivisions (1) and (2) of this subsection, provided the value conveyed and paid is equal to his liability.~~

~~(d) Expenses.—The expenses reasonably incurred by the personal representative in connection with the appraisal or recovery of assets shall be apportioned as provided for the elective share under this Article. If the personal representative finds that it is inequitable to apportion the expenses because those expenses were incurred because of the fault of one or more persons subject to apportionment, the personal representative may direct other more equitable apportionment, with the approval of the clerk.~~

~~(e) Bond. – If property held by the personal representative is distributed~~ If a responsible person distributes or disposes of nonspousal assets prior to final apportionment of the elective share, share and expenses, the personal representative may require the distributee responsible person or the transferee to provide a bond or other security for the apportionment responsible person's liability for payment of the elective share and apportioned expenses in the form and amount prescribed by the personal representative, with the approval of the clerk.

"§ 30-3.6. Waiver of rights.

(a) The right of a surviving spouse to claim an elective share may be waived, wholly or partially, before or after marriage, with or without consideration, by a written waiver signed by the surviving spouse, by the surviving spouse's attorney-in-fact if the surviving spouse's power of attorney expressly authorizes the attorney-in-fact to do so or to generally engage in estate transactions, or, with approval of court, by the guardian of the surviving spouse's estate or general guardian.

(b) A waiver is not enforceable if the surviving spouse proves that:

- (1) The waiver was not executed voluntarily; or
- (2) The surviving spouse or the surviving spouse's representative making the waiver was not provided a fair and reasonable disclosure of the property and financial obligations of the decedent, unless the surviving spouse waived, in writing, the right to that disclosure.

(c) A written waiver that would have been effective to waive a spouse's right to dissent in estates of decedents dying on or before December 31, 2000, under Article 1 of Chapter 30 of the General Statutes is effective to waive that spouse's right of elective share under this Article for estates of decedents dying on or after January 1, 2001."

SECTION 2. This act is effective when it becomes law and applies to decedents dying on or after October 1, 2009.

In the General Assembly read three times and ratified this the 16th day of July, 2009.

Became law upon approval of the Governor at 9:39 a.m. on the 27th day of July, 2009.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-19(c3) reads as rewritten:

"(c3) Restriction; Revocations. – When the Division restores a person's drivers license which was revoked pursuant to G.S. 20-13.2 (a), G.S. 20-23 when the offense involved impaired driving, G.S. 20-23.2, subdivision (2) of G.S. 20-17(a), subdivision (1) or (9) of G.S. 20-17(a) when the offense involved impaired driving, G.S. 20-138.5(d), or this subsection, in addition to any other restriction or condition, it shall place the applicable restriction on the person's drivers license as follows:

- (1) For the first restoration of a drivers license for a person convicted of driving while impaired, G.S. 20-138.1, or a drivers license revoked pursuant to G.S. 20-23 or G.S. 20-23.2 when the offense for which the person's license was revoked prohibits substantially similar conduct which if committed in this State would result in a conviction of driving while impaired under G.S. 20-138.1, that the person not operate a vehicle with an alcohol concentration of 0.04 or more at any relevant time after the driving;
- (2) For the second or subsequent restoration of a drivers license for a person convicted of driving while impaired, G.S. 20-138.1, or a drivers license revoked pursuant to G.S. 20-23 or G.S. 20-23.2 when the offense for which the person's license was revoked prohibits substantially similar conduct which if committed in this State would result in a conviction of driving while impaired under G.S. 20-138.1, that the person not operate a vehicle with an alcohol concentration greater than 0.00 at any relevant time after the driving;
- (3) For any restoration of a drivers license for a person convicted of driving while impaired in a commercial motor vehicle, G.S. 20-138.2, habitual impaired driving, G.S. 20-138.5, driving while less than 21 years old after consuming alcohol or drugs, G.S. 20-138.3, felony death by vehicle, G.S. 20-141.4(a1), manslaughter or negligent homicide resulting from the operation of a motor vehicle when the offense involved impaired driving, or a revocation under this subsection, that the person not operate a vehicle with an alcohol concentration of greater than 0.00 at any relevant time after the driving;
- (4) For any restoration of a drivers license revoked pursuant to G.S. 20-23 or G.S. 20-23.2 when the offense for which the person's license was revoked prohibits substantially similar conduct which if committed in this State would result in a conviction of driving while impaired in a commercial motor vehicle, G.S. 20-138.2, driving while less than 21 years old after consuming alcohol or drugs, G.S. 20-138.3, a violation of G.S. 20-141.4, or manslaughter or negligent homicide resulting from the operation of a motor vehicle when the offense involved impaired driving, that the person not operate vehicle with an alcohol concentration of greater than 0.00 at any relevant time after the driving.

In addition, the person seeking restoration of a license must agree to submit to a chemical analysis in accordance with G.S. 20-16.2 at the request of a law enforcement officer who has reasonable grounds to believe the person is operating a motor vehicle on a highway or public vehicular area in violation of the restriction specified in this subsection. The person must also agree that, when requested by a law enforcement officer, the person will agree to be transported by the law enforcement officer to the place where chemical analysis is to be administered.

The restrictions placed on a license under this subsection shall be in effect (i) seven years from the date of restoration if the person's license was permanently revoked, (ii) until the person's twenty-first birthday if the revocation was for a conviction under G.S. 20-138.3, and (iii) three years in all other cases.

A law enforcement officer who has reasonable grounds to believe that a person has violated a restriction placed on the person's drivers license shall complete an affidavit pursuant to G.S. 20-16.2(c1). On the basis of information reported pursuant to G.S. 20-16.2, the Division shall revoke the drivers license of any person who violates a condition of reinstatement imposed under this subsection. An alcohol concentration report from an ignition interlock system shall not be used as the basis for revocation under this subsection. A violation of a restriction imposed under this subsection or the willful refusal to submit to a chemical analysis shall result in a one-year revocation. If the period of revocation was imposed pursuant to subsection (d) or (e), or G.S. 20-138.5(d), any remaining period of the original revocation, prior to its reduction, shall be reinstated and the one-year revocation begins after all other periods of revocation have terminated."

SECTION 2. G.S. 20-19(e3) reads as rewritten:

When a mortgage loan originator ceases to be employed by a mortgage lender, mortgage broker, or mortgage servicer licensed under this Article, the mortgage loan originator, and the mortgage lender, mortgage broker, or mortgage servicer licensed under this Article by whom that person is employed shall promptly notify the Commissioner in writing. (e) When required by the Commissioner, each person shall furnish to the Commissioner the person's consent to a criminal history record check and a set of the person's fingerprints in a form acceptable to the Commissioner or to the Nationwide Mortgage Licensing System and Registry. Refusal to consent to a criminal history record check shall constitute grounds for the Commissioner to deny renewal of the license of the person as well as the license of any other person by whom the person is employed, over which the person has control, or as to which the person is the current or proposed qualifying individual or current or proposed branch manager.

"§ 53-244.102. Continuing education for mortgage loan originators.

- (2) May not take the same approved course in the same or successive years to meet the annual requirements for continuing education.

(e) A licensed mortgage loan originator who is an approved instructor of an approved continuing education course may receive credit for the licensed mortgage loan originator's own annual continuing education requirement at the rate of two hours credit for every one hour taught.

(f) A licensee having successfully completed the education requirements approved by the Nationwide Mortgage Licensing System and Registry in subdivisions (a)(1), (a)(2), and (a)(3) of this section for any state shall be accepted as credit toward completion of continuing education requirements in North Carolina.

"§ 53-244.103. Surety bond requirements.

(a) Each mortgage loan originator shall be covered by a surety bond through employment with a licensee in accordance with this section. The surety bond shall provide coverage for each mortgage loan originator employed by the licensee in an amount as prescribed by subsection (b) of this section and shall be in a form prescribed by the Commissioner. The Commissioner may adopt rules with respect to the requirements for the surety bonds as needed to accomplish the purposes of the Article.

(b) Licensees shall be required to post a surety bond with the Commissioner at application to be subsequently adjusted as follows:

- (1) A mortgage broker shall post a minimum surety bond of seventy-five thousand dollars (\$75,000). Provided, however, if a mortgage broker has originated mortgage loans in North Carolina in a 12-month period ending December 31 in excess of ten million dollars (\$10,000,000) but less than fifty million dollars (\$50,000,000), then the mortgage broker's minimum bond amount shall be one hundred twenty-five thousand dollars (\$125,000), and if a mortgage broker has originated mortgage loans in North Carolina in a 12-month period ending December 31 of fifty million dollars (\$50,000,000) or more, the mortgage broker's minimum bond shall be two hundred fifty thousand dollars (\$250,000).
- (2) A mortgage lender or mortgage servicer shall post a minimum surety bond of one hundred fifty thousand dollars (\$150,000). Provided, however, if a mortgage lender has originated mortgage loans in North Carolina in a 12-month period ending December 31 in excess of ten million dollars (\$10,000,000) but less than fifty million dollars (\$50,000,000), then the mortgage lender's minimum bond amount shall be two hundred fifty thousand dollars (\$250,000), and if a mortgage lender has originated mortgage loans in North Carolina in a 12-month period ending December 31 of fifty million dollars (\$50,000,000) or more, then the mortgage lender's minimum bond shall be five hundred thousand dollars (\$500,000).
- (3) Any increased surety bond required under subdivision (1) or (2) of this subsection shall be filed with the Commissioner on or before May 31 immediately following the end of the 12-month December 31 period.

(c) The surety bond shall be in a form satisfactory to the Commissioner and shall run to the State for the benefit of any claimants against the licensee to secure the faithful performance of the obligations of the licensee under this Article. The aggregate liability of the surety shall

not exceed the principal sum of the bond. A party having a claim against the licensee may bring suit directly on the surety bond, or the Commissioner may bring suit on behalf of any claimants, either in one action or in successive actions. Consumer claims shall be given priority in recovering from the bond. When an action is commenced on a licensee's bond, the Commissioner may require the filing of a new bond. In this case, the licensee shall file a replacement bond in the required amount within 30 days. Immediately upon recovery upon any action on the bond the licensee shall file a new bond.

(d) In the Commissioner's discretion and upon written request of the licensee, the Commissioner may waive the requirement of the bond for any licensee, if:

- (1) The licensee has been licensed by the Commissioner for at least three years;
- (2) The licensee can demonstrate a net worth, according to the most recent audited financial statement, at least four times the required bond amount, and the licensee certifies that its net worth will be maintained at or above this level at all times and agrees to notify the Commissioner and to secure an appropriate bond in the event the net worth falls below this level;
- (3) The Commissioner believes the licensee has a satisfactory history of resolving complaints from consumers and responding to findings of investigations or examinations by the Commissioner; and
- (4) The Commissioner has no reason to believe the licensee will be unable to resolve complaints, respond to examination or investigative findings, or fulfill financial obligations under this Article.

(e) If the Commissioner has waived the bond requirement of a licensee based on subsection (d) of this section, the Commissioner may summarily reinstate the bond requirement on any licensee if the Commissioner has reason to believe the licensee no longer meets the standards in subsection (d) of this section. In this event, the licensee shall submit a bond, as required in subsection (b) of this section, within 30 days. Failure to submit a bond as directed by the Commissioner shall be grounds for summary suspension.

"§ 53-244.104. Minimum net worth requirements.

(a) A minimum net worth shall be continuously maintained for licensees in accordance with this section. In the event that the mortgage loan originator is an employee or exclusive agent of a person subject to this Article, the net worth of the person subject to this Article can be used in lieu of the mortgage loan originator's minimum net worth requirement. The minimum net worth to be maintained for each license is as follows:

- (1) If the licensee is a mortgage lender, it shall maintain a net worth of at least one hundred thousand dollars (\$100,000), including evidence of liquidity of one million dollars (\$1,000,000), which may include a warehouse line of credit of one million dollars (\$1,000,000) or other evidence of funding capacity to conduct mortgage originations as documented by an unqualified audited statement of financial condition.

(b) No person shall make any false statement or knowingly and willfully make any omission of a material fact in connection with any information or reports filed with the Commissioner, a governmental agency, or the Nationwide Mortgage Licensing System and Registry or in connection with any oral or written communication with the Commissioner or another governmental agency. If the information contained in any document filed with the Commissioner or the Nationwide Mortgage Licensing System and Registry is or becomes inaccurate or incomplete in any material respect, the licensee or exempt entity shall within 30 days file a correcting amendment to the information contained in the document.

(c) Each mortgage broker licensee shall maintain and transact business from a principal place of business in this State. The Commissioner may, by rule, impose terms and conditions under which the records and files of a mortgage lender or mortgage servicer may be maintained outside of this State. A principal place of business shall not be located at an individual's home or residence. A mortgage lender, mortgage broker, or mortgage servicer licensee shall maintain a record of the principal place of business with the Commissioner and report any change of address of the principal place of business or any branch office within 15 days after the change.

(d) A licensee shall maintain in a segregated escrow fund or trust account any funds which come into the licensee's possession but which are not the licensee's property and which the licensee is not entitled to retain under the circumstances. The escrow fund or trust account shall be held on deposit in a federally insured financial institution. Individual loan applicants' or borrowers' accounts may be aggregated into a common trust fund so long as (i) interests in the common fund can be individually tracked and accounted for and (ii) the common fund is kept separate from and is not commingled with the licensee's own funds.

"§ 53-244.108. Reports.

Each mortgage lender, mortgage broker, or mortgage servicer licensee shall submit to the Commissioner and to the Nationwide Mortgage Licensing System and Registry reports of condition and any other reports requested by the Commissioner pursuant to G.S. 53-244.115(d). (b) Every insurer, as defined in G.S. 58-10-190, shall be subject to this Part. Insurers having direct premiums written in this State of less than one million dollars (\$1,000,000) in any

calendar year and fewer than 1,000 policyholders or certificate holders of direct written policies nationwide at the end of the calendar year shall be exempt from this Part for the year, unless the Commissioner makes a specific finding that compliance is necessary for the Commissioner to carry out statutory responsibilities, except that insurers having assumed premiums pursuant to contracts of reinsurance of one million dollars (\$1,000,000) or more will not be exempt.

(c) Foreign or alien insurers filing the audited financial report in another state, pursuant to that state's requirement for filing of audited financial reports, which has been found by the Commissioner to be substantially similar to the requirements in this Part, are exempt from G.S. 58-10-195 through G.S. 58-10-240 if:

- (1) A copy of the audited financial report, communication of internal control related matters noted in an audit, and the accountant's letter of qualifications that are filed with the other state are filed with the Commissioner in accordance with the filing dates specified in G.S. 58-10-195, 58-10-230, and 58-10-235, respectively. Canadian insurers may submit accountants' reports as filed with the Office of the Superintendent of Financial Institutions, Canada.
- (2) A copy of any notification of adverse financial condition report filed with the other state is filed with the Commissioner within the time specified in G.S. 58-10-225.

(d) Foreign or alien insurers required to file management's report of internal control over financial reporting in another state are exempt from filing the report in this State provided the other state has substantially similar reporting requirements and the report is filed with the Commissioner of the other state within the time specified.

(e) This Part shall not prohibit, preclude, or in any way limit the Commissioner from ordering, conducting, or performing examinations of insurers in accordance with G.S. 58-2-131 through G.S. 58-2-134, known as the Examination Law.

"§ 58-10-195. General requirements related to filing and extensions for filing of annual audited financial reports and audit committee appointment.

(a) All insurers shall have an annual audit by an independent certified public accountant and shall file an audited financial report with the Commissioner on or before June 1 for the year ended December 31 immediately preceding. The Commissioner may require an insurer to file an audited financial report earlier than June 1 with 90 days' advance notice to the insurer.

(b) Extensions of the June 1 filing date may be granted by the Commissioner for 30-day periods upon a showing by the insurer and its independent certified public accountant of the reasons for requesting an extension and determination by the Commissioner of good cause for an extension. The request for extension must be received in writing not less than 10 days before the due date and in sufficient detail to permit the Commissioner to make an informed decision with respect to the requested extension.

(c) If an extension is granted in accordance with the provisions in subsection (b) of this section, a similar extension of 30 days is granted to the filing of management's report of internal control over financial reporting.

(d) Every insurer required to file an annual audited financial report pursuant to this Part shall designate a group of individuals as constituting its audit committee, as defined in G.S. 58-10-190. The audit committee of an entity that controls an insurer may be deemed to be the insurer's audit committee at the election of the controlling person.

"§ 58-10-200. Contents of annual audited financial report.

(a) The annual audited financial report shall report the financial position of the insurer as of the end of the most recent calendar year and the results of its operations, cash flows, and changes in capital and surplus for the year then ended in conformity with G.S. 58-2-165(c). The financial statements included in the audited financial report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the annual statement of the insurer filed with the Commissioner, and the financial statement shall be comparative, presenting the amounts as of December 31 of the current year and the amounts as of the immediately preceding December 31. However, in the first year in which an insurer is required to file an audited financial report, the comparative data may be omitted.

(b) The annual audited financial report shall include the following:

- (1) Report of independent certified public accountant.
- (2) Balance sheet reporting admitted assets, liabilities, capital, and surplus.
- (3) Statement of operations.
- (4) Statement of cash flows.
- (5) Statement of changes in capital and surplus.
- (6) Notes to financial statements, which shall be those required by the appropriate NAIC Annual Statement Instructions and the NAIC Accounting Practices and Procedures Manual. The notes shall include a reconciliation of differences, if any, between the audited statutory financial statements and the annual statement filed pursuant to G.S. 58-2-165(c) with a written description of the nature of these differences.

"§ 58-10-205. Designation of independent certified public accountant.

(a) Each insurer required by this Part to file an annual audited financial report must, within 60 days after becoming subject to the requirement, register with the Commissioner in writing the name and address of the independent certified public accountant or accounting firm retained to conduct the annual audit. Insurers not retaining an independent certified public accountant on the effective date of this Part shall register the name and address of their retained independent certified public accountant not less than six months before the date when the first audited financial report is to be filed.

(b) The insurer shall obtain a letter from the accountant and file a copy with the Commissioner stating that the accountant is aware of the provisions of the insurance laws and the regulations of the State of North Carolina that relate to accounting and financial matters and affirming that the accountant will express his or her opinion on the financial statement in terms of its conformity to the statutory accounting practices prescribed or otherwise permitted by the Commissioner, specifying such exceptions as he or she may believe appropriate.

(c) If an accountant for the immediately preceding filed audited financial report is dismissed or resigns, the insurer shall within five business days notify the Commissioner of this event. The insurer shall also furnish the Commissioner with a separate letter within 10 business days after the notification stating whether in the 24 months preceding such event there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure; which disagreements, if not resolved to the satisfaction of the former accountant, would have caused him or her to make reference to the subject matter of the disagreement in connection with his or her opinion. The disagreements required to be reported in response to this section include both those resolved to the former accountant's satisfaction and those not resolved to the former

accountant's satisfaction. Disagreements contemplated by this section could include, but are not limited to, disagreements between personnel of the insurer responsible for presentation of its financial statements and personnel of the accounting firm responsible for rendering its report. The insurer shall also in writing request the former accountant to furnish a letter addressed to the insurer stating whether the accountant agrees with the statements contained in the insurer's letter and, if not, stating the reasons for which he or she does not agree; and the insurer shall furnish the responsive letter from the former accountant to the Commissioner together with its own.

"§ 58-10-210. Qualifications of independent certified public accountant.

(a) The Commissioner shall not recognize a person or firm as a qualified independent certified public accountant if the person or firm:

- (1) Is not in good standing with the North Carolina State Board of Certified Public Accountant Examiners and in all other states in which the accountant is licensed to practice, or, for a Canadian or British company, that is not a chartered accountant; or
- (2) Has either directly or indirectly entered into an agreement of indemnity or release from liability, collectively referred to as indemnification, with respect to the audit of the insurer.

(b) Except as otherwise provided in this Part, the Commissioner shall recognize an independent certified public accountant as qualified as long as he or she conforms to the standards of his or her profession, as contained in the Code of Professional Ethics of the AICPA and Rules and Regulations and Code of Ethics and Rules of Professional Conduct of the North Carolina State Board of Certified Public Accountant Examiners or similar code.

(c) A qualified independent certified public accountant may enter into an agreement with an insurer to have disputes relating to an audit resolved by mediation or arbitration. However, in the event of a delinquency proceeding commenced against the insurer under Article 30 of this Chapter, the mediation or arbitration provisions shall operate at the option of the statutory successor.

(d) Lead Audit Partner Rotation Required.

- (1) The lead or coordinating audit partner, having primary responsibility for the audit, may not act in that capacity for more than five consecutive years. The person shall be disqualified from acting in that or a similar capacity for the same company or its insurance subsidiaries or affiliates for a period of five consecutive years. An insurer may apply to the Commissioner for relief from the rotation requirement on the basis of unusual circumstances. This application shall be made at least 30 days before the end of the calendar year. The Commissioner may consider any of the following factors in determining if the relief should be granted:

 - a. The number of partners, expertise of the partners, or the number of insurance clients in the currently registered firm.
 - b. The premium volume of the insurer.
 - c. The number of jurisdictions in which the insurer transacts business.
- (2) The insurer shall file, with its annual statement filing, the approval for relief granted pursuant to subdivision (1) of this subsection with the states in which it is licensed or doing business and with the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format.

(e) The Commissioner shall neither recognize as a qualified independent certified public accountant, nor accept an annual audited financial report prepared, in whole or in part, by a natural person who meets any of the following criteria:

- (1) The person has been convicted of fraud, bribery, a violation of the Racketeer Influenced and Corrupt Organizations Act, 18 U.S.C. §§ 1961 to 1968k, or any dishonest conduct or practices under federal or state law.

- (2) The person has been found to have violated the insurance laws of this State with respect to any previous reports submitted under this Part.
- (3) The person has demonstrated a pattern or practice of failing to detect or disclose material information in previous reports filed under the provisions of this Part.

(f) The Commissioner may, as provided in G.S. 58-2-50, hold a hearing to determine whether an independent certified public accountant is qualified and, considering the evidence presented, may rule that the accountant is not qualified for purposes of expressing his or her opinion on the financial statements in the annual audited financial report made pursuant to this Part and require the insurer to replace the accountant with another whose relationship with the insurer is qualified within the meaning of this Part.

(g) Independence of Services.

(1) The Commissioner shall not recognize as a qualified independent certified public accountant nor accept an annual audited financial report prepared, in whole or in part, by an accountant who provides to an insurer, contemporaneously with the audit, any of the following nonaudit services:

- a. Bookkeeping or other services related to the accounting records or financial statements of the insurer.
- b. Financial information systems design and implementation.
- c. Appraisal or valuation services, fairness opinions, or contribution-in-kind reports.
- d. Actuarially oriented advisory services involving the determination of amounts recorded in the financial statements. The accountant may assist an insurer in understanding the methods, assumptions, and inputs used in the determination of amounts recorded in the financial statement only if it is reasonable to conclude that the services provided will not be subject to audit procedures during an audit of the insurer's financial statements. An accountant's actuary may also issue an actuarial opinion or certification on an insurer's reserves if all of the following conditions have been met:
 - 1. Neither the accountant nor the accountant's actuary has performed any management functions or made any management decisions.
 - 2. The insurer has competent personnel, or engages a third-party actuary to estimate the reserves for which management takes responsibility.
 - 3. The accountant's actuary tests the reasonableness of the reserves after the insurer's management has determined the amount of the reserves.
- e. Internal audit outsourcing services.
- f. Management functions or human resources.
- g. Broker or dealer, investment adviser, or investment banking services.
- h. Legal services or expert services unrelated to the audit.
- i. Any other services that the Commissioner determines, by administrative rule, are impermissible.

(2) In general, the principles of independence with respect to services provided by the qualified independent certified public accountant are largely predicated on three basic principles, violations of which would impair the accountant's independence. The principles are that the accountant cannot function in the role of management, cannot audit his or her own work, and cannot serve in an advocacy role for the insurer.

(h) Insurers having direct written and assumed premiums of less than one hundred million dollars (\$100,000,000) in any calendar year may request an exemption from

subdivision (1) of subsection (g) of this section. The insurer shall file with the Commissioner a written statement discussing the reasons why the insurer should be exempt from these provisions. If the Commissioner finds, upon review of this statement, that compliance with this Part would constitute a financial or organizational hardship upon the insurer, an exemption may be granted.

(i) A qualified independent certified public accountant who performs the audit may engage in other nonaudit services, including tax services, that are not described in subdivision (1) of subsection (g) of this section or that do not conflict with the principles set forth in subdivision (2) of subsection (g) of this section, only if the activity is approved in advance by the audit committee, in accordance with subsection (j) of this section.

(j) All auditing services and nonaudit services provided to an insurer by the qualified independent certified public accountant of the insurer shall be preapproved by the audit committee. The preapproval requirement is waived with respect to nonaudit services if the insurer is a SOX-compliant entity or is a direct or indirect wholly owned subsidiary of a SOX-compliant entity or all of the following apply:

- (1) The aggregate amount of all such nonaudit services provided to the insurer constitutes not more than five percent (5%) of the total amount of fees paid by the insurer to its qualified independent certified public accountant during the fiscal year in which the nonaudit services are provided.
- (2) The services were not recognized by the insurer at the time of the engagement to be nonaudit services.
- (3) The services are promptly brought to the attention of the audit committee and approved before the completion of the audit by the audit committee or by one or more members of the audit committee who are the members of the board of directors to whom authority to grant such approvals has been delegated by the audit committee.

(k) The audit committee may delegate to one or more designated members of the audit committee the authority to grant the preapprovals required by subsection (j) of this section. The decisions of any member to whom this authority is delegated shall be presented to the full audit committee at each of its scheduled meetings.

(l) Cooling-Off Period.

- (1) The Commissioner shall not recognize an independent certified public accountant as qualified for a particular insurer if a member of the board, president, chief executive officer, controller, chief financial officer, chief accounting officer, or any person serving in an equivalent position for that insurer was employed by the independent certified public accountant and participated in the audit of that insurer during the one-year period preceding the date that the most current statutory opinion is due. This section shall only apply to partners and senior managers involved in the audit. An insurer may apply to the Commissioner for relief from this requirement on the basis of unusual circumstances.
- (2) The insurer shall file, with its annual statement filing, the approval for relief granted pursuant to subdivision (1) of this subsection with the states in which it is licensed or doing business and the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format.

"§ 58-10-215. Consolidated or combined audits.

An insurer may make written application to the Commissioner for approval to file audited consolidated or combined financial statements in lieu of separate annual audited financial statements if the insurer is part of a group of insurance companies that utilizes a pooling or one hundred percent (100%) reinsurance agreement that affects the solvency of the insurer and affects the integrity of the insurer's reserves and the insurer cedes all of its direct and assumed

business to the pool. In such cases, a columnar consolidating or combining worksheet that meets all of the following criteria shall be filed with the report:

- (1) Amounts shown on the consolidated or combined audited financial report shall be shown on the worksheet.
- (2) Amounts for each insurer subject to this section shall be stated separately.
- (3) Noninsurance operations may be shown on the worksheet on a combined or individual basis.
- (4) Explanations of consolidating and eliminating entries shall be included.
- (5) A reconciliation shall be included of any differences between the amounts shown in the individual insurer columns of the worksheet and comparable amounts shown on the annual statements of the insurers.

"§ 58-10-220. Scope of audit and report of independent certified public accountant.

Financial statements furnished pursuant to G.S. 58-10-200 shall be examined by the independent certified public accountant. The audit of the insurer's financial statements shall be conducted in accordance with generally accepted auditing standards. In accordance with AU Section 319 of the Professional Standards of the AICPA, Consideration of Internal Control in a Financial Statement Audit, the independent certified public accountant should obtain an understanding of internal control sufficient to plan the audit. To the extent required by AU Section 319, for those insurers required to file a management's report of internal control over financial reporting pursuant to G.S. 58-10-255, the independent certified public accountant should consider, as that term is defined in "Statement on Auditing Standards No. 102 of the AICPA Professional Standards, Defining Professional Requirements in Statements on Auditing Standards" or its replacement, the most recently available report in planning and performing the audit of the statutory financial statements. Consideration shall be given to the procedures illustrated in the Financial Condition Examiners Handbook promulgated by the NAIC as the independent certified public accountant deems necessary.

"§ 58-10-225. Notification of adverse financial condition.

(a) The insurer required to furnish the annual audited financial report shall require the independent certified public accountant to report, in writing, within five business days to the board of directors or its audit committee any determination by the independent certified public accountant that the insurer has materially misstated its financial condition as reported to the Commissioner as of the balance sheet date currently under audit or that the insurer does not meet the minimum capital and surplus requirement of G.S. 58-7-75 as of that date. An insurer that has received a report pursuant to this subsection shall forward a copy of the report to the Commissioner within five business days after receipt of the report and shall provide the independent certified public accountant making the report with evidence of the report being furnished to the Commissioner. If the independent certified public accountant fails to receive the evidence within the required five-business-day period, the independent certified public accountant shall furnish to the Commissioner a copy of its report within the next five business days.

(b) No independent certified public accountant shall be liable in any manner to any person for any statement made in connection with subsection (a) of this section if the statement is made in good faith in compliance with that subsection.

(c) If the accountant, subsequent to the date of the audited financial report filed pursuant to this Part, becomes aware of facts that might have affected his or her report, the Commissioner notes the obligation of the accountant to take such action as prescribed in Volume 1, Section AU 561 of the Professional Standards of the AICPA.

"§ 58-10-230. Communication of internal control related matters noted in an audit.

(a) In addition to the annual audited financial report, each insurer shall furnish the Commissioner with a written communication as to any unremediated material weaknesses in its internal control over financial reporting noted during the audit. Such communication shall be prepared by the accountant within 60 days after the filing of the annual audited financial report and shall contain a description of any unremediated material weakness, as the term "material

weakness" is defined by "Statement on Auditing Standards No. 112 of the AICPA Professional Standards, Communication of Internal Control Related Matters Noted in an Audit," or its replacement, as of December 31 immediately preceding, so as to coincide with the audited financial report described in G.S. 58-10-195(a) in the insurer's internal control over financial reporting noted by the accountant during the course of their audit of the financial statements. If no unremediated material weaknesses are noted, the communication should so state.

(b) The insurer shall provide a description of remedial actions taken or proposed to correct unremediated material weaknesses, if the actions are not described in the accountant's communication.

"§ 58-10-235. Accountant's letter of qualifications.

The accountant shall furnish the insurer, in connection with, and for inclusion in, the filing of the annual audited financial report, a letter stating all of the following:

- (1) That the accountant is independent with respect to the insurer and conforms to the standards of his or her profession as contained in the Code of Professional Ethics and pronouncements of the AICPA and the Rules of Professional Conduct of the North Carolina State Board of Certified Public Accountant Examiners Board of Public Accountancy, or similar code.
- (2) The background and experience in general and the experience in audits of insurers of the staff assigned to the engagement and whether each is an independent certified public accountant. Nothing within this Part shall be construed as prohibiting the accountant from utilizing such staff as he or she deems appropriate where their use is consistent with the standards prescribed by generally accepted auditing standards.
- (3) That the accountant understands the annual audited financial report and his opinion thereon will be filed in compliance with this Part and that the Commissioner will be relying on this information in the monitoring and regulation of the financial position of insurers.
- (4) That the accountant consents to the requirements of G.S. 58-10-240 and that the accountant consents and agrees to make available for review by the Commissioner, or the Commissioner's designee or appointed agent, the work papers, as described in G.S. 58-10-240.
- (5) A representation that the accountant is properly licensed by an appropriate state licensing authority and is a member in good standing in the AICPA.
- (6) A representation that the accountant is in compliance with the requirements of G.S. 58-10-210.

"§ 58-10-240. Definition, availability, and maintenance of independent certified public accountants' work papers.

(a) Work papers are the records kept by the independent certified public accountant of the procedures followed, the tests performed, the information obtained, and the conclusions reached pertinent to the accountant's audit of the financial statements of an insurer. Work papers, accordingly, may include audit planning documentation, work programs, analyses, memoranda, letters of confirmation and representation, abstracts of company documents, and schedules or commentaries prepared or obtained by the independent certified public accountant in the course of his or her audit of the financial statements of an insurer and which support the accountant's opinion.

(b) Every insurer required to file an audited financial report pursuant to this Part shall require the accountant to make available for review by the Commissioner all work papers prepared in the conduct of the accountant's audit and any communications related to the audit between the accountant and the insurer at the offices of the insurer, at the offices of the Commissioner, or at any other reasonable place designated by the Commissioner. The insurer shall require that the accountant retain the audit work papers and communications until the Commissioner has filed a report on examination covering the period of the audit but no longer than seven years after the date of the audit report.

(c) In the conduct of the periodic review by the Commissioner's examiners in subsection (b) of this section, copies of pertinent audit work papers may be made and retained by the Commissioner. Such reviews by the Commissioner's examiners shall be considered investigations, and all working papers and communications obtained during the course of such investigations shall be confidential.

"§ 58-10-245. Requirements for audit committees.

(a) This section shall not apply to foreign or alien insurers licensed in this State or an insurer that is a SOX-compliant entity or a direct or indirect wholly owned subsidiary of a SOX-compliant entity.

(b) The audit committee shall be directly responsible for the appointment, compensation, and oversight of the work of any accountant, including resolution of disagreements between management and the accountant regarding financial reporting, for the purpose of preparing or issuing the audited financial report or related work. Each accountant shall report directly to the audit committee.

(c) Each member of the audit committee shall be a member of the board of directors of the insurer or a member of the board of directors of an entity elected pursuant to subsection (f) of this section and G.S. 58-10-190(3).

(d) In order to be considered independent for purposes of this section, a member of the audit committee shall not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee, accept any consulting, advisory, or other compensatory fee from the entity or be an affiliated person of the entity or any subsidiary of the entity. However, if North Carolina law requires board participation by otherwise nonindependent members, that law shall prevail and such members may participate in the audit committee and be designated as independent for audit committee purposes, unless they are an officer or employee of the insurer or one of its affiliates.

(e) If a member of the audit committee ceases to be independent for reasons outside the member's reasonable control, that person, with notice by the responsible entity to the Commissioner, may remain an audit committee member of the responsible entity until the earlier of the next annual meeting of the responsible entity or one year from the occurrence of the event that caused the member to be no longer independent.

(f) To exercise the election of the controlling person to designate the audit committee, the ultimate controlling person shall provide written notice of the affected insurers to the Commissioner. Notification shall be made timely before the issuance of the statutory audit report and include a description of the basis for the election. The election can be changed through notice to the Commissioner by the insurer, which shall include a description of the basis for the change. The election shall remain in effect for perpetuity, until rescinded.

(g) Reports From Accountant.

(1) The audit committee shall require the accountant that performs for an insurer any audit required by this Part to timely report to the audit committee in accordance with the requirements of "Statement on Auditing Standards No. 61 of the AICPA Professional Standards, Communication with Audit Committees," or its replacement, including all of the following:

- a. All significant accounting policies and material permitted practices.
- b. All material alternative treatments of financial information within statutory accounting principles that have been discussed with management officials of the insurer, ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the accountant.
- c. Other material written communications between the accountant and the management of the insurer, such as any management letter or schedule of unadjusted differences.

(2) If an insurer is a member of an insurance holding company system, the reports required by subdivision (1) of subsection (g) of this section may be

provided to the audit committee on an aggregate basis for insurers in the holding company system, provided that any substantial differences among insurers in the system are identified to the audit committee.

(h) The proportion of independent audit committee members shall meet or exceed the following criteria:

<u>Prior Calendar Year Direct Written and Assumed Premiums</u>		
<u>\$0 – \$300,000,000</u>	<u>Over \$300,000,000 – \$500,000,000</u>	<u>Over \$500,000,000</u>
<u>No minimum requirements.</u>	<u>Majority (50% or more) of members shall be independent.</u>	<u>Supermajority of members (75% or more) shall be independent.</u>

The Commissioner shall require the entity's board to enact improvements to the independence of the audit committee membership if the insurer is in a risk-based capital action level event, meets one or more of the standards of an insurer deemed to be in hazardous financial condition, or otherwise exhibits qualities of a troubled insurer. The Commissioner may order any insurer with less than five hundred million dollars (\$500,000,000) in prior year direct written and assumed premiums to structure its audit committee with at least a supermajority of independent audit committee members. Prior calendar year direct written and assumed premiums shall be the combined total of direct premiums and assumed premiums from nonaffiliates for the reporting entities.

(i) An insurer with direct written and assumed premiums, excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than five hundred million dollars (\$500,000,000) may apply to the Commissioner for a waiver from the requirements in this section based upon hardship. The insurer shall file, with its annual statement filing, the approval for relief from this section with the states in which it is licensed or doing business and with the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format.

"§ 58-10-250. Conduct of insurer in connection with the preparation of required reports and documents.

(a) No director or officer of an insurer shall, directly or indirectly, do any of the following:

- (1) Make or cause to be made a materially false or misleading statement to an accountant in connection with any audit, review, or communication required under this Part.
- (2) Omit to state, or cause another person to omit to state, any material fact necessary in order to make statements made, in light of the circumstances under which the statements were made, not misleading to an accountant in connection with any audit, review, or communication required under this Part.

(b) No officer or director of an insurer, or any other person acting under the direction thereof, shall directly or indirectly take any action to coerce, manipulate, mislead, or fraudulently influence any accountant engaged in the performance of an audit pursuant to this Part if that person knew or should have known that the action, if successful, could result in rendering the insurer's financial statements materially misleading.

Whereas, in a 2006 opinion in Cockerham-Ellerbee v. The Town of Jonesville, the North Carolina Court of Appeals interpreted G.S. 50B-4.1(b) to be a discretionary provision rather than a mandatory one; and

Whereas, the intent of the North Carolina General Assembly in enacting G.S. 50B-4.1(b) was to create a mandatory provision; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding the holding by the North Carolina Court of Appeals in Cockerham-Ellerbee v. The Town of Jonesville, 176 N.C. App. 372, 626 S.E.2d 685 (2006), G.S. 50B-4.1(b) creates a mandatory provision requiring a law enforcement officer to arrest and take a person into custody without a warrant or other process if the requirements set forth in the subsection are met.

S.B. 1004

AN ACT TO PROVIDE FOR RETENTION OF FUEL AND FUEL-RELATED COST SAVINGS ASSOCIATED WITH THE PURCHASE OR CONSTRUCTION OF A CARBON OFFSET FACILITY, TO BRING CERTAIN DAMS USED IN CONNECTION WITH ELECTRIC GENERATING FACILITIES UNDER THE DAM SAFETY ACT, AND TO MAKE OTHER CHANGES TO LAWS GOVERNING THE GENERATION OF ELECTRICITY.

The General Assembly of North Carolina enacts:

SECTION 1.(a) The General Assembly makes the following findings:

- (1) In 2002, North Carolina enacted S.L. 2002-4, the Clean Smokestacks Act, with the goal of improving air quality in the State.
- (2) With the enactment of the Clean Smokestacks Act, North Carolina became a national leader in multipollutant air emissions reduction strategies and has experienced significant reductions in oxides of nitrogen (NOx) and sulfur dioxide (SO2), and, as a co-benefit, mercury.
- (3) Duke Energy and Progress Energy, the investor-owned public utilities governed by the Clean Smokestacks Act, actively participated in the negotiations that led to the enactment of the Clean Smokestacks Act and recommended substantial emissions reductions requirements and an aggressive timeline for achieving compliance with those requirements.
- (4) Both Duke Energy and Progress Energy have produced emissions reductions greater than and sooner than required by the Clean Smokestacks Act.
- (5) The retirement of coal-fired generating units and installation of generating units that use natural gas as the primary fuel will reduce emissions of oxides of nitrogen (NOx) and sulfur dioxide (SO2) more than would the installation of sulfur dioxide (SO2) emissions controls on the coal-fired generating units.
- (6) The retirement of coal-fired generating units and installation of generating units that use natural gas as the primary fuel will reduce emissions of carbon dioxide (CO2) and mercury (Hg) significantly more than would the installation of sulfur dioxide (SO2) emissions controls on the coal-fired generating units.
- (7) The retirement of coal-fired generating units that are owned and operated by Progress Energy and located in eastern North Carolina and the installation of generating units that use natural gas as their primary fuel to replace them will reduce emissions of oxides of nitrogen (NOx), sulfur dioxide (SO2), carbon dioxide (CO2), and mercury (Hg) more than would the installation of sulfur dioxide (SO2) emissions controls on the older coal-fired generating units.

SECTION 1.(b) G.S. 62-110.1 is amended by adding a new subsection to read:

"(h) Notwithstanding any other subsections of this section to the contrary, the Commission shall render its decision on an application for a certificate within 45 days of the date the application is filed if (i) the public utility that has applied for the certificate is subject to the provisions of subsection (e) of G.S. 143-215.107D; (ii) the application involves a request by the public utility to construct a generating unit that uses natural gas as the primary fuel at a specific coal-fired generating site that the public utility owns or operates on July 1, 2009; (iii) the coal-fired generating units at the site are not operated with flue gas desulfurization devices;

(iv) the public utility will permanently cease operations of all of the coal-fired generating units at the site on or before the completion of the generating unit that is the subject of the certificate application; and (v) the installation of the generating unit that uses natural gas as the primary fuel allows the public utility to meet the requirements of subsection (e) of G.S. 143-215.107D. When the public utility applies for a certificate as provided in this subsection, it shall submit to the Commission and the Department of Environment and Natural Resources a revised verified statement required pursuant to subsection (i) of G.S. 62-133.6 and to the Commission an estimate of the costs of construction of the generating unit that uses natural gas as the primary fuel in such detail as the Commission may require. The provisions of G.S. 62-82 and subsection (e) of this section shall not apply to a certificate applied for pursuant to this subsection. The authority granted pursuant to this subsection expires January 1, 2011."

SECTION 2. Article 7 of Chapter 62 of the General Statutes is amended by adding a new section to read:

"§ 62-133.10. Retention of fuel and fuel-related cost savings associated with the purchase or construction of a carbon offset facility.

(a) The Commission shall permit an electric public utility that purchases or constructs a carbon offset facility to adjust its fuel and fuel-related costs in G.S. 62-133.2 to retain the North Carolina retail allocation of the system fuel and fuel-related cost savings resulting from the purchase or construction of the facility, not to exceed the annual revenue requirement associated with the allocated North Carolina retail portion of the facility as determined using the cost of service methodology approved by the Commission in the utility's last general rate case.

(b) For purposes of this section, "carbon offset facility" means a facility in this State that meets all of the following:

- (1) The facility is purchased or constructed by an electric public utility between July 1, 2009, and July 1, 2014.
- (2) The facility uses solar electric, solar thermal, wind, hydropower, geothermal, or ocean current or wave energy to generate electricity or equivalent BTUs.
- (3) The electricity or equivalent BTUs produced by the facility will displace electric generation so as to reduce greenhouse gas emissions from existing fossil fuel fired generating facilities used by the utility to meet the electricity needs of its North Carolina customers.

(c) An electric public utility seeking the adjustment authorized by this section first shall file with the Commission a petition requesting a determination that the facility the utility proposes to purchase or construct is a carbon offset facility. The utility shall include in its petition all of the following information in such form and detail as the Commission may require:

- (1) Description and location of the facility.
- (2) The benefit of the facility.
- (3) A list of all necessary permitting and approvals and their status.
- (4) Purchase or construction schedule, with in-service or completion date.
- (5) Projected costs to purchase or construct and the annual revenue requirement for the facility.
- (6) Projected annual generation output of the facility and information detailing how the generation projections were calculated.
- (7) Information demonstrating that the operation of the facility will displace electric generation resulting in a reduction of greenhouse gas emissions from existing fossil fuel fired facilities used by the utility to meet the electricity needs of its North Carolina customers.
- (8) The projected fuel and fuel-related cost savings the utility seeks to retain and how the savings were calculated.

(d) Upon the filing of the petition, the Public Staff shall conduct an investigation and shall file a report with the Commission setting forth the results of its investigation and stating

whether the facility is a carbon offset facility. The Public Staff's report shall be filed not later than 45 days after the date the petition was filed, unless the Commission grants an extension of time not to exceed 15 days for good cause shown. Other interested persons may file comments in response to the utility's petition and the Public Staff's report not later than 15 days after the Public Staff files its report. The Commission shall enter an order either granting or denying the petition not later than 105 days after the date the petition was filed. A finding by the Commission that the facility is a carbon offset facility shall establish that the utility's decision to purchase or construct the facility is reasonable and prudent.

(e) Nothing in this section shall be construed to exempt an electric public utility from obtaining all applicable permits and certificates, including a certificate of public convenience and necessity required by G.S. 62-110.1. An electric public utility shall file annual cost and schedule updates with the Commission until the purchase or construction of an approved carbon offset facility is completed.

(f) Upon placement into service of an approved carbon offset facility, the electric public utility shall, in addition to the information and data provided under G.S. 62-133.2, submit the following in conjunction with its application for a fuel and fuel-related charge adjustment:

- (1) A calculation of the annual revenue requirement associated with the carbon offset facility.
- (2) Information demonstrating the specific items of costs associated with the carbon offset facility's annual revenue requirement are reasonable and prudent.
- (3) The fuel and fuel-related cost savings resulting from operation of the carbon offset facility.
- (4) Actual generation output of the carbon offset facility, including a demonstration and quantification of how this generation displaced electric generation resulting in reduced greenhouse gas emissions from existing fossil fuel fired facilities used by the utility to meet the electricity needs of its North Carolina customers during the test year.

(g) The Commission shall approve an estimate of the projected fuel and fuel-related cost savings and an annual revenue requirement for an approved facility, as appropriate, in each G.S. 62-133.2 proceeding. The Commission also may approve a true-up procedure for the projected fuel and fuel-related cost savings. In the first G.S. 62-133.2 proceeding conducted after the approved facility is placed in service, the Commission shall determine the reasonable and prudent cost of the facility for ratemaking purposes. The revenue requirement associated with the facility shall include but not be limited to: depreciation; operating and maintenance costs; applicable taxes; and a return on investment, net of accumulated depreciation, accumulated deferred income taxes, and other applicable savings or adjustments. The rate of return on investment shall be based on the then current capital structure, embedded cost of preferred stock, and embedded cost of debt of the public utility net of appropriate income taxes, and the cost of common equity approved in the public utility's then most recent general rate case.

(h) The Commission shall authorize the electric public utility to utilize deferral accounting for the fuel and fuel-related cost savings realized in conjunction with the operation of an approved facility. The Commission shall, by rule or order, approve the terms and conditions of the deferral accounting.

(i) The annual revenue requirement of the approved facility in excess of the annual fuel and fuel-related cost savings shall be deemed recovered through the utility's then current base rates.

(j) The adjustment authorized by this section shall terminate upon the establishment of new rates in the electric public utility's next general rate case following the placement into service and inclusion into base rates of the approved facility."

SECTION 3.(a) G.S. 143-215.25A reads as rewritten:

"§ 143-215.25A. Exempt dams.

- (a) Except as otherwise provided in this Part, this Part does not apply to any dam:
- (1) Constructed by the United States Army Corps of Engineers, the Tennessee Valley Authority, or another agency of the United States government, when the agency designed or approved plans for the dam and supervised its construction.
 - (2) Constructed with financial assistance from the United States Soil Conservation Service, when that agency designed or approved plans for the dam and supervised its construction.
 - (3) Licensed by the Federal Energy Regulatory Commission, or for which a license application is pending with the Federal Energy Regulatory Commission.
 - (4) For use in connection with electric generating facilities regulated by the Nuclear Regulatory Commission, ~~under the jurisdiction of the North Carolina Utilities Commission, except that a dam operated by a small power producer, as defined in G.S. 62-3(27a), shall be subject to the provisions of this Part even though the dam is constructed pursuant to a certificate of public convenience and necessity issued by the North Carolina Utilities Commission.~~
 - (5) Under a single private ownership that provides protection only to land or other property under the same ownership and that does not pose a threat to human life or property below the dam.
 - (6) That is less than 15 feet in height or that has an impoundment capacity of less than 10 acre-feet, unless the Department determines that failure of the dam could result in loss of human life or significant damage to property below the dam.

(b) The exemption from this Part for a dam described in subdivisions (1) and (2) of subsection (a) of this section does not apply after the supervising federal agency relinquishes authority for the operation and maintenance of the dam to a local entity."

SECTION 3.(b) Any impoundments or other facilities that were in use on the effective date of this section in connection with nonnuclear electric generating facilities under the jurisdiction of the North Carolina Utilities Commission, and that had been exempted under the provisions of G.S. 143-215.25A(4), prior to amendment by Section 3(a) of this act, shall be deemed to have received all of the necessary approvals from the Department of Environment and Natural Resources and the Commission for Dam Safety, and shall not be required to submit application, certificate, or other materials in connection with the continued normal operation and maintenance of those facilities.

(b) The Board may request that an applicant for licensure, an applicant seeking reinstatement of a license, or a licensee under investigation by the Board for alleged criminal offenses in violation of this Article consent to a criminal history record check. The Board shall ensure that the State and national criminal history of an applicant is checked. The Board shall be responsible for providing to the North Carolina Department of Justice the fingerprints of the applicant or licensee to be checked, a form signed by the applicant or licensee consenting to the criminal history record check and the use of fingerprints and other identifying information required by the State or National Repositories of Criminal Histories, and any additional information required by the Department of Justice in accordance with G.S. 114-19.26. - (2) The date of the crime.
- (3) The age of the person at the time of the conviction.
- (4) The circumstances surrounding the commission of the crime, if known.

If, after reviewing these factors, the Board determines that the applicant's or licensee's criminal history disqualifies the applicant or licensee for licensure, the Board may deny licensure or reinstatement of the license of the applicant or revoke the license of the licensee. The Board may disclose to the applicant or licensee information contained in the criminal history record check that is relevant to the denial. The Board shall not provide a copy of the criminal history record check to the applicant or licensee. The applicant or licensee shall have the right to appear before the Board to appeal the Board's decision. However, an appearance before the full Board shall constitute an exhaustion of administrative remedies in accordance with Chapter 150B of the General Statutes.

(d) The Board, its officers, and employees, acting in good faith and in compliance with this section, shall be immune from civil liability for denying licensure or reinstatement of a license to an applicant or revoking a licensee's license based on information provided in the applicant's or licensee's criminal history record check."

The fee shall not exceed the actual cost of locating, editing, researching, and retrieving the information."

S.B. 831

AN ACT TO EXTEND CERTAIN GOVERNMENT APPROVALS AFFECTING THE DEVELOPMENT OF REAL PROPERTY WITHIN THE STATE.

The General Assembly of North Carolina enacts:

SECTION 1. This act shall be known and may be cited as the "Permit Extension Act of 2009."

SECTION 2. The General Assembly makes the following findings:

- (1) There exists a state of economic emergency in the State of North Carolina and the nation, which has drastically affected various segments of the North Carolina economy, but none as severely as the State's banking, real estate, and construction sectors.
- (2) The real estate finance sector of the economy is in severe decline due to the creation, bundling, and widespread selling of leveraged securities, such as credit default swaps, and due to excessive defaults on sub-prime mortgages and the resultant foreclosures on a vast scale, thereby widening the mortgage finance crisis. The extreme tightening of lending standards for home buyers and other real estate borrowers has reduced access to the capital markets.
- (3) As a result of the crisis in the real estate finance sector of the economy, real estate developers and redevelopers, including home builders, and commercial, office, and industrial developers, have experienced an industry-wide decline, including reduced demand, cancelled orders, declining sales and rentals, price reductions, increased inventory, fewer buyers who qualify to purchase homes, layoffs, and scaled back growth plans.
- (4) The process of obtaining planning board and zoning board of adjustment approvals for subdivisions, site plans, and variances can be difficult, time consuming, and expensive, both for private applicants and government bodies.
- (5) The process of obtaining the myriad of other government approvals, such as wetlands permits, treatment works approvals, on-site wastewater disposal permits, stream encroachment permits, flood hazard area permits, highway access permits, and numerous waivers and variances, can be difficult and expensive; further, changes in the law can render these approvals, if expired or lapsed, difficult to renew or reobtain.

- (6) County and municipal governments, including local sewer and water authorities, obtain permits and approvals from State government agencies, particularly the Department of Environment and Natural Resources, which permits and approvals may expire or lapse due to the state of the economy and the inability of both the public sector and the private sector to proceed with projects authorized by the permit or approval.
- (7) County and municipal governments also obtain determinations of master plan consistency, conformance, or endorsement with State or regional plans, from State and regional government entities that may expire or lapse without implementation due to the state of the economy.
- (8) The current national recession has severely weakened the building industry, and many landowners and developers are seeing their life's work destroyed by the lack of credit and dearth of buyers and tenants due to the crisis in real estate financing and the building industry, uncertainty over the state of the economy, and increasing levels of unemployment in the construction industry.
- (9) The construction industry and related trades are sustaining severe economic losses, and the lapsing of government development approvals would exacerbate, if not addressed, those losses.
- (10) Financial institutions that lent money to property owners, builders, and developers are experiencing erosion of collateral and depreciation of their assets as permits and approvals expire, and the extension of these permits and approvals is necessary to maintain the value of the collateral and the solvency of financial institutions throughout the State.
- (11) Due to the current inability of builders and their purchasers to obtain financing under existing economic conditions, more and more once-approved permits are expiring or lapsing, and, as these approvals lapse, lenders must reappraise and thereafter substantially lower real estate valuations established in conjunction with approved projects, thereby requiring the reclassification of numerous loans, which, in turn, affects the stability of the banking system and reduces the funds available for future lending, thus creating more severe restrictions on credit and leading to a vicious cycle of default.
- (12) As a result of the continued downturn of the economy and the continued expiration of approvals that were granted by State and local governments, it is possible that thousands of government actions will be undone by the passage of time.
- (13) Obtaining an extension of an approval pursuant to existing statutory or regulatory provisions can be both costly in terms of time and financial resources and insufficient to cope with the extent of the present financial conditions; moreover, the costs imposed fall on the public as well as the private sector.
- (14) It is the purpose of this act to prevent the wholesale abandonment of already approved projects and activities due to the present unfavorable economic conditions by tolling the term of these approvals for a finite period of time as the economy improves, thereby preventing a waste of public and private resources.

SECTION 3. Definitions. – As used in this act, the following definitions apply:

SECTION 5. This act shall not be construed or implemented to:

- (1) Extend any permit or approval issued by the United States or any of its agencies or instrumentalities.
- (2) Extend any permit or approval for which the term or duration of the permit or approval is specified or determined pursuant to federal law.

- (3) Shorten the duration that any development approval would have had in the absence of this act.

AN ACT AMENDING THE POLICY OF NORTH CAROLINA REGARDING THE PROTECTION OF CHILDREN'S WELFARE UNDER THE LAWS PERTAINING TO CHILD PLACING AND CARE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 131D-10.1 reads as rewritten:

"§ 131D-10.1. **Purpose.**

It is the policy of this State to strengthen and preserve the family as a ~~unit~~unit consistent with a high priority of protecting children's welfare. When a child requires care outside the family unit, it is the duty of the State to assure that the quality of substitute care is as close as possible to the care and nurturing that society expects of a family. However, the State recognizes there are instances when protecting a child's welfare outweighs reunifying the family unit, and as such, the care of residential care facilities providing high quality services that include meeting the children's educational needs as determined by the Department of Health and Human Services, Division of Social Services can satisfy the standard of protecting a child's welfare, regardless of the child's age, particularly when the sibling groups can be kept intact.

The purpose of this Article is to assign the authority to protect the health, safety and well-being of children separated from or being cared for away from their families."

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 15A-534 is amended by adding a new subsection to read:

"(d2) When conditions of pretrial release are being determined for a defendant who is charged with a felony offense and the defendant is currently on probation for a prior offense, a judicial official shall determine whether the defendant poses a danger to the public prior to imposing conditions of pretrial release and must record that determination in writing. - (2) If the judicial official finds that the defendant does not pose a danger to the public, then conditions of pretrial release shall be imposed as otherwise provided in this Article.
- (3) If there is insufficient information to determine whether the defendant poses a danger to the public, then the defendant shall be retained in custody until a determination of pretrial release conditions is made pursuant to this subdivision. The judicial official that orders that the defendant be retained in custody shall set forth, in writing, the following at the time that the order is entered:
 - a. The defendant is being held pursuant to this subdivision.
 - b. The basis for the judicial official's decision that additional information is needed to determine whether the defendant poses a danger to the public and the nature of the necessary information.

If the necessary information is provided to the court at any time prior to the first appearance, the first available judicial official shall set the conditions of pretrial release. The judge who reviews the defendant's eligibility for release at the first appearance shall determine the conditions of pretrial release as provided in this Article."

SECTION 2. G.S. 15A-1345 reads as rewritten:

"§ **15A-1345. Arrest and hearing on probation violation.**

(a) **Arrest for Violation of Probation.** – A probationer is subject to arrest for violation of conditions of probation by a law-enforcement officer or probation officer upon either an order for arrest issued by the court or upon the written request of a probation officer, accompanied by a written statement signed by the probation officer that the probationer has violated specified conditions of his probation. However, a probation revocation hearing under subsection (e) may be held without first arresting the probationer.

(b) **Bail Following Arrest for Probation Violation.** – If at any time during the period of probation the probationer is arrested for a violation of any of the conditions of probation, he must be taken without unnecessary delay before a judicial official to have conditions of release pending a revocation hearing set in the same manner as provided in G.S. 15A-534. If the probationer has been convicted of an offense at any time that requires registration under Article 27A of Chapter 14 of the General Statutes or an offense that would have required registration but for the effective date of the law establishing the Sex Offender and Public Protection Registration Program, the court must make a finding that the probationer is not a danger to the public prior to release with or without bail.

(b1) If the probationer is arrested for a violation of any of the conditions of probation and (i) has a pending charge for a felony offense or (ii) has been convicted of an offense at any time that requires registration under Article 27A of Chapter 14 of the General Statutes or an offense that would have required registration but for the effective date of the law establishing the Sex Offender and Public Protection Registration Program, ~~the court must make a finding that the probationer is not a danger to the public prior to release with or without bail.~~ the judicial official shall determine whether the probationer poses a danger to the public prior to imposing conditions of release and must record that determination in writing.

- (1) If the judicial official determines that the probationer poses a danger to the public, the probationer shall be denied release pending a revocation hearing.
- (2) If the judicial official finds that the defendant does not pose a danger to the public, then conditions of release shall be imposed as otherwise provided in Article 26 of this Chapter.
- (3) If there is insufficient information to determine whether the defendant poses a danger to the public, then the defendant shall be retained in custody for not more than seven days from the date of the arrest in order for the judicial official, or a subsequent reviewing judicial official, to obtain sufficient information to determine whether the defendant poses a danger to the public.
- (4) If the defendant has been held seven days from the date of arrest pursuant to subdivision (3) of this subsection, and the court has been unable to obtain sufficient information to determine whether the defendant poses a danger to the public, then the defendant shall be brought before any judicial official, who shall record that fact in writing and shall impose conditions of pretrial release as otherwise provided in this section.

(c) **When Preliminary Hearing on Probation Violation Required.** – Unless the hearing required by subsection (e) is first held or the probationer waives the hearing, a preliminary hearing on probation violation must be held within seven working days of an arrest of a probationer to determine whether there is probable cause to believe that he violated a condition of probation. Otherwise, the probationer must be released seven working days after his arrest to continue on probation pending a ~~hearing~~ hearing, unless the probationer has been denied

release pursuant to subdivision (1) of subsection (b1) of this section, in which case the probationer shall be held until the revocation hearing date.

(d) Procedure for Preliminary Hearing on Probation Violation. – The preliminary hearing on probation violation must be conducted by a judge who is sitting in the county where the probationer was arrested or where the alleged violation occurred. If no judge is sitting in the county where the hearing would otherwise be held, the hearing may be held anywhere in the district court district as defined in G.S. 7A-133 or superior court district or set of districts as defined in G.S. 7A-41.1, as the case may be. The State must give the probationer notice of the hearing and its purpose, including a statement of the violations alleged. At the hearing the probationer may appear and speak in his own behalf, may present relevant information, and may, on request, personally question adverse informants unless the court finds good cause for not allowing confrontation. Formal rules of evidence do not apply at the hearing. If probable cause is found or if the probable cause hearing is waived, the probationer may be held for a revocation hearing, subject to release under the provisions of subsection (b). If the hearing is held and probable cause is not found, the probationer must be released to continue on probation.

(e) Revocation Hearing. – Before revoking or extending probation, the court must, unless the probationer waives the hearing, hold a hearing to determine whether to revoke or extend probation and must make findings to support the decision and a summary record of the proceedings. The State must give the probationer notice of the hearing and its purpose, including a statement of the violations alleged. The notice, unless waived by the probationer, must be given at least 24 hours before the hearing. At the hearing, evidence against the probationer must be disclosed to him, and the probationer may appear and speak in his own behalf, may present relevant information, and may confront and cross-examine adverse witnesses unless the court finds good cause for not allowing confrontation. The probationer is entitled to be represented by counsel at the hearing and, if indigent, to have counsel appointed. Formal rules of evidence do not apply at the hearing, but the record or recollection of evidence or testimony introduced at the preliminary hearing on probation violation are inadmissible as evidence at the revocation hearing. When the violation alleged is the nonpayment of fine or costs, the issues and procedures at the hearing include those specified in G.S. 15A-1364 for response to nonpayment of fine."

AN ACT TO CONTINUALLY APPLY THE SPECIAL RULES FOLLOWING A FEDERAL DECENNIAL CENSUS TO MUNICIPAL REDISTRICTING AFTER THAT CENSUS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-23.1 reads as rewritten:

"§ **160A-23.1. Special rules for redistricting after 2000 a federal decennial census.**

(a) As soon as possible after receipt of federal decennial census information ~~in 2001 information~~, the council of any city which elects the members of its governing board on a district basis, or where candidates for such office must reside in a district in order to run, shall evaluate the existing district boundaries to determine whether it would be lawful to hold the next election without revising districts to correct population imbalances. If such revision is necessary, the council shall consider whether it will be possible to adopt the changes (and obtain approval from the United States Department of Justice, if necessary) before the third day before opening of the filing period for the municipal election. The council shall take into consideration the time that will be required to afford ample opportunities for public input. If the council determines that it most likely will not be possible to adopt the changes (and obtain federal approval, if necessary) before the third business day before opening of the filing period, and determines further that the population imbalances are so significant that it would not be lawful to hold the next election using the current electoral districts, it may adopt a resolution delaying the election so that it will be held on the timetable provided by subsection (d) of this section. Before adopting such a resolution, the council shall hold a public hearing on it. The notice of public hearing shall summarize the proposed resolution and shall be published at least once in a newspaper of general circulation, not less than seven days before the date fixed for the hearing. Notwithstanding adoption of such a resolution, if the council proceeds to adopt the changes, (and federal approval is obtained, if necessary) by the end of the third business day before the opening of the filing period, the election shall be held on the regular schedule under the revised electoral districts. Any resolution adopted under this subsection, and any changes in electoral district boundaries made under this section shall be submitted to the United States Department of Justice (if the city is covered under Section 5 of the Voting Rights Act of 1965), the State Board of Elections, and to the board conducting the elections for that city.

(b) In adopting any revisal under this section, if the council determines that in order for the plan to conform to the Voting Rights Act of 1965, the number of district seats needs to be increased or decreased, it may do so by following the procedures set forth in Part 4 of Article 5 of Chapter 160A of the General Statutes, except that the ordinance under G.S. 160A-102 may be adopted at the same meeting as the public hearing, and any referendum on the change under G.S. 160A-103 shall not apply to the municipal election in ~~2001 or 2002~~ the two years following a federal decennial census.

(c) If the resolution provided for in subsection (a) of this section is not adopted and:

- (1) Proposed changes to the electoral districts are not adopted, or
- (2) Such changes are adopted, but approval under the Voting Rights Act of 1965, as amended, is required, and notice of such approval is not received,

by the end of the third business day before the opening of the filing period, the election shall be held on the regular schedule using the current electoral districts.

(d) If the council adopts the resolution provided for in subsection (a) of this section and does not adopt the changes, or does adopt the changes, but approval under the Voting Rights Act of 1965, as amended, is required, and notice of such approval is not received, by the end of

the third day before the opening of the filing period, the municipal election shall be rescheduled as provided in this subsection and current officeholders shall hold over until their successors are elected and qualified. For cities using the:

- (1) Partisan primary and election method under G.S. 163-291, the primary shall be held on the primary election date for county officers in ~~2002~~the second year following a federal decennial census, the second primary, if necessary, shall be held on the second primary election date for county officers in ~~2002~~that year, and the general election shall be held on the general election date for county officers in ~~2002~~that year.

- (4) Election and runoff method under G.S. 163-293, the election shall be held on the primary election date for county officers in ~~2002~~the second year following a federal decennial census, and the runoffs, if necessary, shall be held on the date for the second primary for county officers in ~~2002~~that year.

The organizational meeting of the new council may be held at any time after the results of the election have been officially determined and published, but not later than the time and date of the first regular meeting of the council in November ~~2002~~of the second year following a federal decennial census, except in the case of partisan municipal elections, when the organizational meeting shall be held not later than the time and date of the first regular meeting of the council in December of ~~2002~~the second year following a federal decennial census.

No person may file a notice of candidacy for more than one municipal office at the same election. If a person has filed a notice of candidacy for one office with the county board of elections under this section, then a notice of candidacy may not later be filed for any other municipal office for that election unless the notice of candidacy for the first office is withdrawn first."

SECTION 3. G.S. 163-294.2(c) reads as rewritten:

"(c) Candidates seeking municipal office shall file their notices of candidacy with the board of elections no earlier than 12:00 noon on the first Friday in July and no later than 12:00 noon on the third Friday in July preceding the election, except:

Quasi-judicial decisions include decisions involving variances, special and conditional use permits, and appeals of administrative determinations. Decisions on the approval of site plans are quasi-judicial in nature if the ordinance authorizes a decision-making board to approve or deny the site plan based not only upon whether the application complies with the specific requirements set forth in the ordinance, but also on whether the application complies with one or more generally stated standards requiring a discretionary decision on the findings of fact to be made by the decision-making board.

(c) Filing the Petition. – An appeal in the nature of certiorari shall be initiated by filing with the superior court a petition for writ of certiorari. The petition shall:

(1) State the facts that demonstrate that the petitioner has standing to seek review.

- (4) A city whose decision-making board has made a decision that the council believes improperly grants a variance from or is otherwise inconsistent with the proper interpretation of an ordinance adopted by that council.

(e) Respondent. – The respondent named in the petition shall be the city whose decision-making board made the decision that is being appealed, except that if the petitioner is a city that has filed a petition pursuant to subdivision (4) of subsection (d) of this section, then the respondent shall be the decision-making board. If the petitioner is not the applicant before the decision-making board whose decision is being appealed, the petitioner shall also name that applicant as a respondent. Any petitioner may name as a respondent any person with an ownership or leasehold interest in the property that is the subject of the decision being appealed who participated in the hearing, or was an applicant, before the decision-making board.

(f) Writ of Certiorari. – Upon filing the petition, the petitioner shall present the petition and a proposed writ of certiorari to the clerk of superior court of the county in which the matter arose. The writ shall direct the respondent city, or the respondent decision-making board if the petitioner is a city that has filed a petition pursuant to subdivision (4) of subsection (d) of this section, to prepare and certify to the court the record of proceedings below within a specified date. The writ shall also direct that the petitioner shall serve the petition and the writ upon each respondent named therein in the manner provided for service of a complaint under Rule 4(j) of the Rules of Civil Procedure, except that, if the respondent is a decision-making board, the petition and the writ shall be served upon the chair of that decision-making board. Rule 4(j)(5)d. of the Rules of Civil Procedure shall apply in the event the chair of a decision-making board cannot be found. No summons shall be issued. The clerk shall issue the writ without notice to the respondent or respondents if the petition has been properly filed and the writ is in proper form. A copy of the executed writ shall be filed with the court.

(g) Answer to the Petition. – The respondent may, but need not, file an answer to the petition, except that, if the respondent contends that any petitioner lacks standing to bring the appeal, that contention must be set forth in an answer served on all petitioners at least 30 days prior to the hearing on the petition.

(h) Intervention. – Rule 24 of the Rules of Civil Procedure shall govern motions to intervene as a petitioner or respondent in an action initiated under this section with the following exceptions:

- (1) Any person described in subdivision (1) of subsection (d) of this section shall have standing to intervene and shall be allowed to intervene as a matter of right.
- (2) Any person, other than one described in subdivision (1) of subsection (d) of this section, who seeks to intervene as a petitioner must demonstrate that the person would have had standing to challenge the decision being appealed in accordance with subdivisions (2) through (4) of subsection (d) of this section.
- (3) Any person, other than one described in subdivision (d)(1) of this section, who seeks to intervene as a respondent must demonstrate that the person would have had standing to file a petition in accordance with subdivisions (2) through (4) of subsection (d) of this section if the decision-making board had made a decision that is consistent with the relief sought by the petitioner.

(i) The Record. – The record shall consist of all documents and exhibits submitted to the decision-making board whose decision is being appealed, together with the minutes of the meeting or meetings at which the decision being appealed was considered. Upon request of any party, the record shall also contain an audio or videotape of the meeting or meetings at which the decision being appealed was considered if such a recording was made. Any party may also include in the record a transcript of the proceedings, which shall be prepared at the cost of the party choosing to include it. The parties may agree, or the court may direct, that matters unnecessary to the court's decision be deleted from the record or that matters other than those specified herein be included. The record shall be bound and paginated or otherwise organized for the convenience of the parties and the court. A copy of the record shall be served by the municipal respondent, or the respondent decision-making board, upon all petitioners within three days after it is filed with the court.

(j) Hearing on the Record. – The court shall hear and decide all issues raised by the petition by reviewing the record submitted in accordance with subsection (h) of this section. Except that the court may, in its discretion, allow the record to be supplemented with affidavits, testimony of witnesses, or documentary or other evidence if, and to the extent that, the record is not adequate to allow an appropriate determination of the following issues:

- (1) Whether a petitioner or intervenor has standing.
- (2) Whether, as a result of impermissible conflict as described in G.S. 160A-388(e1), or locally adopted conflict rules, the decision-making body was not sufficiently impartial to comply with due process principles.
- (3) Whether the decision-making body erred for the reasons set forth in sub-subdivisions a. and b. of subdivision (1) of subsection (k) of this section.

(k) Scope of Review. –

- (1) When reviewing the decision of a decision-making board under the provisions of this section, the court shall ensure that the rights of petitioners have not been prejudiced because the decision-making body's findings, inferences, conclusions, or decisions were:
 - a. In violation of constitutional provisions, including those protecting procedural due process rights.
 - b. In excess of the statutory authority conferred upon the city or the authority conferred upon the decision-making board by ordinance.
 - c. Inconsistent with applicable procedures specified by statute or ordinance.
 - d. Affected by other error of law.
 - e. Unsupported by substantial competent evidence in view of the entire record.
 - f. Arbitrary or capricious.

- (2) When the issue before the court is whether the decision-making board erred in interpreting an ordinance, the court shall review that issue de novo. The court shall consider the interpretation of the decision-making board, but is not bound by that interpretation, and may freely substitute its judgment as appropriate.
- (3) The term "competent evidence," as used in this subsection, shall not preclude reliance by the decision-making board on evidence that would not be admissible under the rules of evidence as applied in the trial division of the General Court of Justice if (i) the evidence was admitted without objection or (ii) the evidence appears to be sufficiently trustworthy and was admitted under such circumstances that it was reasonable for the decision-making board to rely upon it. The term "competent evidence," as used in this subsection, shall not be deemed to include the opinion testimony of lay witnesses as to any of the following:
- a. The use of property in a particular way would affect the value of other property.
 - b. The increase in vehicular traffic resulting from a proposed development would pose a danger to the public safety.
 - c. Matters about which only expert testimony would generally be admissible under the rules of evidence.
- (l) Decision of the Court. – Following its review of the decision-making board in accordance with subsection (k) of this section, the court may affirm the decision, reverse the decision and remand the case with appropriate instructions, or remand the case for further proceedings. If the court does not affirm the decision below in its entirety, then the court shall be guided by the following in determining what relief should be granted to the petitioners:
- (1) If the court concludes that the error committed by the decision-making board is procedural only, the court may remand the case for further proceedings to correct the procedural error.
 - (2) If the court concludes that the decision-making board has erred by failing to make findings of fact such that the court cannot properly perform its function, then the court may remand the case with appropriate instructions so long as the record contains substantial competent evidence that could support the decision below with appropriate findings of fact. However, findings of fact are not necessary when the record sufficiently reveals the basis for the decision below or when the material facts are undisputed and the case presents only an issue of law.
 - (3) If the court concludes that the decision by the decision-making board is not supported by substantial competent evidence in the record or is based upon an error of law, then the court may remand the case with an order that directs the decision-making board to take whatever action should have been taken had the error not been committed or to take such other action as is necessary to correct the error. Specifically:
 - a. If the court concludes that a permit was wrongfully denied because the denial was not based on substantial competent evidence or was otherwise based on an error of law, the court may remand with instructions that the permit be issued, subject to reasonable and appropriate conditions.
 - b. If the court concludes that a permit was wrongfully issued because the issuance was not based on substantial competent evidence or was otherwise based on an error of law, the court may remand with instructions that the permit be revoked.
- (m) Ancillary Injunctive Relief. – Upon motion of a party to a proceeding under this section, and under appropriate circumstances, the court may issue an injunctive order requiring

any other party to that proceeding to take certain action or refrain from taking action that is consistent with the court's decision on the merits of the appeal."

Such an action must be filed within the time frame specified in G.S. 160A-381(c) for petitions in the nature of certiorari.

(c) For purposes of this section, an ordinance shall be deemed to authorize a quasi-judicial decision if the city council or planning board is authorized to decide whether to approve or deny the plat based not only upon whether the application complies with the specific requirements set forth in the ordinance, but also on whether the application complies with one or more generally stated standards requiring a discretionary decision to be made by the city council or planning board."

In order to assure the public that some waters will remain open and free from shellfish cultivation activities, the Marine Fisheries Commission may limit the number of acres in any area that may be granted as shellfish cultivation leases.

(c) The Marine Fisheries Commission shall adopt rules to establish training requirements for persons applying for new shellfish cultivation ~~leases~~ leases and for persons acquiring shellfish cultivation leases by lawful transfer. These training requirements shall be designed to encourage the productive use of shellfish cultivation leases. Training requirements established pursuant to this subsection shall not apply ~~to~~ to either:

- (1) An applicant who applies for a new shellfish cultivation lease if, at the time of the application, the applicant holds one or more shellfish cultivation leases and all of the leases meet the shellfish production requirements established by the Marine Fisheries Commission.

"(c) No person, including a corporate entity, or single family unit may acquire and hold by lease, lease renewal, or purchase more than 50 acres of public bottoms under shellfish cultivation leases. For purposes of this subsection, the number of acres of leases held by a person includes acres held by a corporation in which the person holds an interest. The Marine Fisheries Commission may adopt rules to require the submission of information necessary to ensure compliance with this subsection."

SECTION 5. Subsection (j) of G.S. 113-202 reads as rewritten:

"(j) Initial leases begin upon the issuance of the lease by the Secretary and expire at noon on the first day of July following the ~~tenth~~ fifth anniversary of the granting of the lease. The rates, fees, and charges established under this subsection are not subject to supervision or regulation by any bureau, board, commission, or other agency of the State or of any political subdivision.

Before an authority sets or revises rates, fees, or other charges for stormwater management programs and structural or natural stormwater and drainage system service, the authority shall hold a public hearing on the matter. At least seven days before the hearing, the authority shall publish notice of the public hearing in a newspaper having general circulation in the area. An authority may impose rates, fees, or other charges for stormwater management programs and stormwater and drainage system service on a person even though the person has not entered into a contract to receive the service.

Rates, fees, and charges imposed under this subsection for stormwater management programs and stormwater and drainage system service may not exceed the authority's cost of providing a stormwater management program and a structural and natural stormwater and drainage system. The authority's cost of providing a stormwater management program and a structural and natural stormwater and drainage system includes any costs necessary to assure that all aspects of stormwater quality and quantity are managed in accordance with federal and State laws, regulations, and rules.

No stormwater utility fee may be levied under this subsection whenever two or more units of local government operate separate stormwater management programs or separate structural and natural stormwater and drainage system services in the same area within a county. However, two or more units of local government may allocate among themselves the functions, duties, powers, and responsibilities for jointly operating a stormwater management program and structural and natural stormwater and drainage system service in the same area within a county, provided that only one unit may levy a fee for the service within the joint service area. (a1) If an authority has a Web site maintained by one or more of its employees, the authority shall provide notice of the imposition of or increase in rates, fees, and charges under subsection (a) of this section applicable solely to the construction of development subject to Part 2 of Article 19 of Chapter 160A or Part 2 of Article 18 of Chapter 153A on the authority's Web site at least seven days prior to the first meeting where the imposition of or increase in the rates, fees, and charges is on the agenda for consideration. During the consideration of the imposition of or increase in rates, fees, or charges under this subsection, the authority shall permit a period of public comment. (b) Notwithstanding any of the foregoing provisions of this section, the authority may enter into contracts relating to the collection, treatment or disposal of sewage or the purchase or sale of water which shall not be subject to revision except in accordance with their terms.

(c) In order to insure the payment of such rates, fees and charges as the same shall become due and payable, the authority may do the following in addition to exercising any other remedies which it may have:

- (1) Require reasonable advance deposits to be made with it to be subject to application to the payment of delinquent rates, fees and charges.

AN ACT TO REQUIRE A DEMONSTRATION OF LACK OF PRUDENT AND FEASIBLE ALTERNATIVE IN ORDER FOR PUBLIC CONDEMNORS TO CONDEMN PROPERTY ENCUMBERED BY A CONSERVATION EASEMENT.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 40A of the General Statutes is amended by adding a new Article to read as follows:

"Article 6.

"Condemnation of Property Encumbered by a Conservation Easement.

"§ 40A-80. Applicability of Article; definition.

(a) Applicability. –

- (1) The provisions of this Article shall apply only to a condemnation action initiated by a public condemner, which for purposes of this Article shall be any entity exercising the power of eminent domain under any authority except G.S. 40A-3(a).
- (2) Except with respect to G.S. 40A-84, the provisions of this Article shall not apply to those circumstances in which: (i) the terms of the conservation easement provide an express exception for uses, purposes, and rights that may be subject to condemnation in the future, or circumstances in which the condemnation action to be taken would not extinguish, restrict, or impair the property rights of the holder of the conservation easement. "Property rights" as used herein shall include the purposes for which the easement was created; and (ii) a local public condemner or other public condemner under G.S. 40A-3 is constructing, enlarging, or improving electric distribution systems; gas production, storage, transmission, and distribution systems; water supply and distribution systems; wastewater collection, treatment, and disposal systems of all types; storm sewer and drainage systems; or trails associated with greenways. In condemnation actions exempt pursuant to this subdivision, a condemner shall make reasonable efforts, after completion of the project for which the condemnation was undertaken, to return the property to the condition that the property existed in prior to condemnation to the extent practicable.

(b) Definition. – As used in this Article, the term "conservation easement" means a conservation or historic preservation easement that meets all of the following criteria, as each of the criteria are defined under 26 U.S.C. § 170(h): (i) a qualified real property interest, (ii) held by a qualified organization, and (iii) exclusively for conservation purposes.

"§ 40A-81. Additional information required in petition or complaint filed.

Any public entity that acts to exercise the power of eminent domain on property encumbered by a conservation easement shall initiate the action as required by this Chapter or Chapter 136 of the General Statutes as applicable. The complaint filed as required by those Chapters also shall include a statement that alleges that there is no prudent and feasible alternative to condemnation of the property encumbered by the conservation easement.

"§ 40A-82. Demonstration of no prudent and feasible alternative required in certain actions; judicial determination.

(a) If a holder of a conservation easement contests an action to condemn property encumbered by a conservation easement on the basis that the condemner failed to sufficiently consider alternatives to the action or that a prudent and feasible alternative exists to the action, the holder of the conservation easement may file an answer to the complaint within 30 days from the date of service of the complaint as to that issue. If the holder of the conservation easement does not assert that the condemner failed to sufficiently consider alternatives to the action or that a prudent and feasible alternative exists to the action, the holder of the conservation easement may file an answer within 120 days from the date of service of the complaint.

(b) If the holder of a conservation easement contests an action pursuant to subsection (a) of this section, the judge shall hear and determine whether or not a prudent and feasible alternative exists to condemnation of the property. The burden of persuasion on this issue is on the condemner if the holder of the conservation easement, after discovery, has identified at

least one alternative. If no alternative identified by the holder of the conservation easement is adjudged prudent and feasible, then the condemnation action shall proceed under the provisions of Article 3 of this Chapter, or Article 9 of Chapter 136 of the General Statutes, as applicable. If the judge determines that a prudent and feasible alternative does exist to condemnation of the property, the court shall dismiss the action and award the holder of the conservation easement costs, disbursements, and expenses in accordance with G.S. 40A-8(b) or G.S. 136-119, as applicable, except that attorneys' fees may not be awarded. The procedure for this hearing shall be as set forth in G.S. 40A-47 or G.S. 136-108, as applicable.

(c) A determination as to whether a prudent or feasible alternative exists to condemnation of the property as set forth in subsection (b) of this section shall not be required for actions meeting all of the following criteria:

- (1) The Department of Transportation or the North Carolina Turnpike Authority is the condemnor.
- (2) Prior to filing the condemnation action, a review of the project for which the property is being condemned was conducted that considered the alternatives to the condemnation of the property encumbered by the conservation easement and mitigation measures to minimize the impact. The condemnor shall, in the complaint filed with the court, identify the alternatives and mitigation measures considered with regard to condemnation of the property encumbered by the conservation easement.
- (3) The review was conducted pursuant to any of the following:
 - a. The State Environmental Policy Act (SEPA), G.S. 113A-1, et seq.
 - b. The National Environmental Policy Act (NEPA), 42 U.S.C. § 4321, et seq.
 - c. 49 U.S.C. § 303.

"§ 40A-83. Vesting of title and right of possession.

Notwithstanding the provisions of G.S. 40A-42 or G.S. 136-104, title and right to immediate possession of property subject to this Article shall not vest in a condemnor any earlier than any of the following:

- (2) Determination by the court that no prudent or feasible alternative exists to condemnation of the property pursuant to G.S. 40A-82(b).
- (3) Filing of the complaint and deposit in actions meeting all of the requirements of G.S. 40A-82(c).

"§ 40A-84. Compensation for condemnation.

In any action to condemn property encumbered by a conservation easement, the court shall determine just compensation pursuant to Article 4 of this Chapter or in accordance with Chapter 136 of the General Statutes, as applicable, by first determining the value of the property taken as a whole, unencumbered by the conservation easement, as well as any other, separately owned interest in the property. The court shall allocate the just compensation award between or among any holders of the conservation easement and any owners of the property as provided by the easement agreement or, if the agreement fails to address the issue, as the judge finds equitable based upon evidence to include the opinion of a real estate valuation expert with experience in the valuation of conservation easements. Any party may demand trial by jury on the issue of total just compensation for the taking.

"§ 40A-85. Appeal.

The parties shall have a right of appeal as provided in G.S. 40A-13."

AN ACT TO PROVIDE AN ALTERNATIVE METHOD OF DETERMINING PROPERTY DAMAGES AS A PART OF MOTOR VEHICLE LIABILITY INSURANCE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-279.21 is amended by adding a new subsection to read:

"§ 20-279.21. "Motor vehicle liability policy" defined.

...
 (d1) Such motor vehicle liability policy shall provide an alternative method of determining the amount of property damage to a motor vehicle when liability for coverage for the claim is not in dispute. For a claim for property damage to a motor vehicle against an insurer, the policy shall provide that if:

- (1) The claimant and the insurer fail to agree as to the difference in fair market value of the vehicle immediately before the accident and immediately after the accident; and
- (2) The difference in the claimant's and the insurer's estimate of the diminution in fair market value is greater than two thousand dollars (\$2,000) or twenty-five percent (25%) of the fair market retail value of the vehicle prior to the accident as determined by the latest edition of the National Automobile Dealers Association Pricing Guide Book or other publications approved by the Commissioner of Insurance, whichever is less, then on the written demand of either the claimant or the insurer, each shall select a competent and disinterested appraiser and notify the other of the appraiser selected within 20 days after the demand. The appraisers shall then appraise the loss. Should the appraisers fail to agree, they shall then select a competent and disinterested appraiser to serve as an umpire. If the appraisers cannot agree upon an umpire within 15 days, either the claimant or the insurer may request that a magistrate resident in the county where the insured motor vehicle is registered or the county where the accident occurred select the umpire. The appraisers shall then submit their differences to the umpire. The umpire then shall prepare a report determining the amount of the loss and shall file the report with the insurer and the claimant. The agreement of the two appraisers or the report of the umpire, when filed with the insurer and the claimant, shall determine the amount of the damages. In preparing the report, the umpire shall not award damages that are higher or lower than the determinations of the appraisers. In no event shall appraisers or the umpire make any determination as to liability for damages or as to whether the policy provides coverage for claims asserted. The claimant or the insurer shall have 15 days from the filing of the report to reject the report and notify the other party of such rejection. If the report is not rejected within 15 days from the filing of the report, the report shall be binding upon both the claimant and the insurer. Each appraiser shall be paid by the party selecting the appraiser, and the expenses of appraisal and umpire shall be paid by the parties equally. For purposes of this section, "appraiser" and "umpire" shall mean a person who as a part of his or her regular employment is in the business of advising relative to the nature and amount of motor vehicle damage and the fair market value of damaged and undamaged motor vehicles.

...."

SECTION 2. G.S. 7A-292 is amended by adding a new subdivision to read:

"§ 7A-292. Additional powers of magistrates.

In addition to the jurisdiction and powers assigned in this Chapter to the magistrate in civil and criminal actions, each magistrate has the following additional powers:

...

- (15) To appoint an umpire to determine motor vehicle liability policy diminution in value, as provided in G.S. 20-279.21(d1)."

~~Sec. 5. The use tax that Mecklenburg County may impose under this division is a tax at the rate of one percent (1%) of the cost price of each item or article of tangible personal property that is not sold but is used, consumed, or stored for use or consumption in Mecklenburg County. The tax applies to the same items that are subject to tax under Section 4 of this act.~~

~~Every retailer engaged in business in this State and in Mecklenburg County and required to collect the use tax levied by G.S. 105-164.6 shall also collect the one percent (1%) use tax when such property is to be used, consumed or stored in said county, said one percent (1%) use tax to be collected concurrently with the State's use tax, but no retailer not required to collect the use tax levied by G.S. 105-164.6 shall be required to collect the one percent (1%) use tax. The use tax contemplated by this section shall be levied against the purchaser, and his liability for such use tax shall be extinguished only upon his payment of the use tax to the retailer, where the retailer is required to collect the tax, or to the Secretary of Revenue, where the retailer is not required to collect the tax.~~

~~Where a local sales or use tax has been paid with respect to said tangible personal property by the purchaser thereof, either in another taxing county within the State, or in a taxing jurisdiction outside the State where the purpose of the tax is similar in purpose and intent to the tax which may be imposed pursuant to this section, said tax may be credited against the tax imposed by this section by Mecklenburg County upon the same property. If the amount of sales or use tax so paid is less than the amount of the use tax due Mecklenburg County under this section, the purchaser shall pay to the Secretary of Revenue an amount equal to the difference between the amount so paid in the other taxing county or jurisdiction and the amount due in Mecklenburg County hereunder. The Secretary of Revenue may require such proof of payment in another taxing county or jurisdiction as is deemed to be necessary and proper. The use tax levied hereunder shall not be subject to credit for payment of any State sales or use tax not imposed for the benefit and use of counties and municipalities. No credit shall be given under this section for sales or use taxes paid in a taxing jurisdiction outside this State if that taxing jurisdiction does not grant similar credit for sales taxes paid under this act.~~

~~Sec. 6. Collection and Administration of Local Sales and Use Tax; Authorization to Promulgate Rules and Regulations. The North Carolina Commission of Revenue shall collect the local sales and use tax imposed by Mecklenburg County pursuant to the provisions of this division and shall be charged with the duty of administering the local sales and use tax authorized to be imposed by this division. As directed by G.S. 105-164.13B, taxes levied by Mecklenburg County on food are administered as if they were levied by the State under Article 5 of Chapter 105 of the North Carolina General Statutes. In addition to the present statutory provisions authorizing the Commissioner of Revenue to adopt and promulgate rules and regulations pertaining to the administration and collection of taxes under this Article, the~~

Commissioner of Revenue is empowered to promulgate such additional rules and regulations as are necessary and proper for the implementation of this division.

Sec. 7. [Repealed.]

~~Sec. 8. Retailer to Collect Sales Tax. Every retailer whose place of business is in Mecklenburg County shall on and after the levy of the tax herein authorized collect the one per cent (1%) local sales tax provided by this Act.~~

~~The tax to be collected under this division shall be collected as a part of the sales price of the item of tangible personal property sold, the cost price of the item of tangible personal property used, or as a part of the charge for the rendering of any services, renting or leasing of tangible personal property, or the furnishing of any accommodation taxable hereunder. The tax shall be stated and charged separately from the sales price or cost price and shall be shown separately on the retailer's sales record and shall be paid by the purchaser to the retailer as trustee for and on account of the State or county wherein the tax is imposed. It is the intent and purpose of this Article that the local sales and use tax herein authorized to be imposed and levied by Mecklenburg County shall be added to the sales price and that the tax shall be passed on to the purchaser instead of being borne by the retailer. The Commissioner of Revenue shall design, print and furnish to all retailers the necessary forms for filing returns and instructions to insure the full collection from retailers, and the Commissioner may adapt the present form used for the reporting and collecting of the State sales and use tax to this purpose.~~

The Secretary of Revenue shall must distribute the taxes levied by Mecklenburg County on food to Mecklenburg County and the municipalities within Mecklenburg County in accordance with G.S. 105-469(a). This amount shall be divided between the county and all its municipalities therein in proportion to the total amount of ad valorem taxes levied by each during the fiscal year preceding such distribution. in accordance with the ad valorem distribution method described in G.S. 105-472(b)(2). In computing the amount of tax proceeds to be distributed to Mecklenburg County and its municipalities, the amount of any ad valorem taxes levied but not substantially collected shall be ignored. In computing "net proceeds", the Commissioner of Revenue shall determine the cost of collection of said tax and cost of collection of said tax shall be retained by the State before distribution of net proceeds. Should Mecklenburg County or any municipality within Mecklenburg County fail to provide the Department of Revenue with information concerning ad valorem taxes levied adequate to permit a timely determination of that governmental unit's appropriate share of the tax proceeds collected under this Chapter, then that governmental unit may be excluded by the secretary from each monthly distribution with respect to which such information was not provided in a timely manner, and such tax proceeds shall then be distributed only to the governmental unit or units whose information was provided in a timely manner.~~

~~For the purpose of computing the distribution of the tax under this section to Mecklenburg County and the municipalities located therein for any month with respect to which the property valuation of a public service company is the subject of an appeal pursuant to the provisions of the Machinery Act, or to applicable provisions of federal law, and the Department of Revenue is restrained by operation of law or by a court of competent jurisdiction from certifying such valuation to the county and the municipalities therein, the Department shall use the last property valuation of such public service company which has been so certified in order to determine the ad valorem tax levies applicable to such public service company in the county and the municipalities therein.~~

~~The penalty provisions now applicable to the enforcement of the State Sales and Use Tax Act shall be applicable in like manner to the tax authorized to be levied and collected under this division."~~

- (2) Delivering motor fuel to a destination state other than that shown on the shipping document.

~~The penalty is payable to the agency that assessed the penalty and is payable by the person in whose name the conveyance is registered, if the conveyance is a transport truck, and is payable by the person responsible for the movement of motor fuel in the conveyance, if the conveyance is a railroad tank car. The amount of the penalty is five thousand dollars (\$5,000). A penalty imposed under this subsection is in addition to any motor fuel tax assessed.~~

(g) ~~Penalty Defense. – Compliance with the conditions set out in this subsection is a defense to a civil penalty imposed under subsection (f) of this section as a result of the delivery of fuel to a state other than the destination state printed on the shipping document for the fuel. The Secretary must waive a penalty imposed against a person under that subsection if the person establishes a defense under this subsection. The conditions for the defense are:~~

- (1) The person notified the Secretary of the diversion and received a confirmation number for the diversion before the imposition of the penalty.
- (2) Tax was timely paid on the diverted fuel, unless the person is a motor fuel transporter.

AN ACT TO AUTHORIZE THE DEPARTMENT OF JUSTICE AND THE WILDLIFE RESOURCES COMMISSION TO DEVELOP JOINTLY A PLAN FOR CONSTRUCTION OF A FIRING RANGE FOR USE BY CRIMINAL JUSTICE OFFICERS ATTENDING THE WESTERN JUSTICE ACADEMY, LAW ENFORCEMENT OFFICERS OF THE WILDLIFE RESOURCES COMMISSION, AND OTHERS, AND FOR A FIRING AND ARCHERY RANGE OPEN AND ACCESSIBLE FOR PUBLIC USE; AND TO PROVIDE THAT ANY FIRING RANGE CONSTRUCTED ON THE GROUNDS OF THE LARRY T. JUSTUS WESTERN JUSTICE ACADEMY SHALL BE AN INDOOR FACILITY.

The General Assembly of North Carolina enacts:

SECTION 1.(a) The Department of Justice and the Wildlife Resources Commission may develop jointly a plan for the construction and operation of a firing range on land owned by the Wildlife Resources Commission. The plan may identify a tract of land in the Green River game land approved by the Wildlife Resources Commission for this purpose. The plan may provide for a firing range that can accommodate the needs of the criminal justice officers attending the Western Justice Academy, federal, State, and local agencies, community college law enforcement training, and the law enforcement officers of the Wildlife Resources Commission, as well as provide a facility for hunter safety classes supervised and conducted by the Wildlife Resources Commission. The plan may further provide for a public firing and archery range, open and accessible for public use, to be operated by the Wildlife Resources Commission. The Wildlife Resources Commission, in consultation with the Department of Justice, may present the plan developed pursuant to this section to the Chairs of the Senate and House of Representatives Appropriations Committees on or before April 1, 2010.

SECTION 1.(b) The Department of Justice and the Wildlife Resources Commission may use receipts and other non-General Fund sources totaling up to the sum of one million dollars (\$1,000,000) to provide additional funding for any project resulting from the plan authorized by this section, in addition to any funds that may be authorized or appropriated for the project by the General Assembly.

SECTION 2. Subject to the provisions of Section 4 of this act, the firing range currently under contract for construction on the grounds of the Larry T. Justus Western Justice Academy shall be constructed as an indoor facility.

SECTION 3. Subject to the provisions of Section 4 of this act, funds appropriated to the Department of Justice for the 2007-2009 fiscal biennium for a firing range at the Western Justice Academy shall be used to plan and construct the indoor firing range referred to in Section 2 of this act. The Department of Justice and the State Construction Office of the Department of Administration shall, pursuant to the terms of the contracts, negotiate with the existing contractor and designer of the firing range project for change orders or other amendments to the construction contract in order to construct an indoor facility that can be accommodated within the original budget for the project. Notwithstanding any other provision of law, no public bidding is required in order to negotiate those change orders and amendments, regardless of the size and scope of the necessary changes to the project.

SECTION 4. If the Department of Justice, in consultation with the State Construction Office, is unable to negotiate reasonable change orders with the existing contractor and designer to construct the project as an indoor facility as required by this act, then any unencumbered funds appropriated to construct the project shall not be expended and, except as otherwise provided in this section, shall be held by the Department of Justice to await additional funding or authorization for a firing range to accommodate the needs of the Western Justice Academy. The Department may use that portion of the unencumbered funds that may be necessary to compensate the contractor and designer of the project for any unpaid sums that have been earned under the contract and for any sums necessary to defray documented reliance costs of the contractor and designer in preparing to perform the contract.

SECTION 5. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 30th day of July, 2009.

SECTION 26.16.(b) The appropriate classification for placement of principals and assistant principals on the salary schedule, except for principals in alternative schools and in cooperative innovative high schools, shall be determined in accordance with the following schedule:

Classification	Number of Teachers Supervised
Assistant Principal	
Principal I	Fewer than 11 Teachers
Principal II	11-21 Teachers
Principal III	22-32 Teachers
Principal IV	33-43 Teachers
Principal V	44-54 Teachers
Principal VI	55-65 Teachers
Principal VII	66-100 Teachers
Principal VIII	More than 100 Teachers

The number of teachers supervised includes teachers and assistant principals paid from State funds only; it does not include teachers or assistant principals paid from non-State funds or the principal or teacher assistants.

The beginning classification for principals in alternative schools and in cooperative innovative high school programs shall be the Principal III level. Principals in alternative schools who supervise 33 or more teachers shall be classified according to the number of teachers supervised.

SECTION 26.16.(c) A principal shall be placed on the step on the salary schedule that reflects total number of years of experience as a certificated employee of the public schools and an additional step for every three years of experience as a principal. Provided, however, a principal who acquires an additional step during the 2009-2010 or 2010-2011 fiscal years shall not receive a corresponding increase in salary during the 2009-2011 fiscal biennium. A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and 1999-2000 school years for improvement in student performance or maintaining a safe and orderly school.

SECTION 26.16.(d) Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars (\$126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars (\$253.00) per month.

SECTION 26.16.(e) Longevity pay for principals and assistant principals shall be as provided for State employees under the State Personnel Act.

SECTION 26.16.(f) If a principal is reassigned to a higher job classification because the principal is transferred to a school within a local school administrative unit with a larger number of State-allotted teachers, the principal shall be placed on the salary schedule as

if the principal had served the principal's entire career as a principal at the higher job classification.

If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

SECTION 26.16.(g) Participants in an approved full-time master's in school administration program shall receive up to a 10-month stipend at the beginning salary of an assistant principal during the internship period of the master's program. For the 2006-2007 fiscal year and subsequent fiscal years, the stipend shall not exceed the difference between the beginning salary of an assistant principal plus the cost of tuition, fees, and books and any fellowship funds received by the intern as a full-time student, including awards of the Principal Fellows Program. The Principal Fellows Program or the school of education where the intern participates in a full-time master's in school administration program shall supply the Department of Public Instruction with certification of eligible full-time interns.

SECTION 26.16.(h) During the 2009-2010 fiscal year, the placement on the salary schedule of an administrator with a one-year provisional assistant principal's certificate shall be at the entry-level salary for an assistant principal or the appropriate step on the teacher salary schedule, whichever is higher."

The State Board shall allocate funds for no more than 58,597 children for the 2009-2010 school year.

- c. Compute the percentage that the county-adjusted property tax base per square mile is of the State-adjusted property tax base per square mile and weight the resulting percentage by a factor of one-tenth,

If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.3.(c) Eligibility for Funds. – Except as provided in subsection (g) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.3.(d) Allocation of Funds. – Except as provided in subsection (f) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county's wealth as a percentage of State average wealth by the State average current expense appropriations per student.) The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily

membership of the county's students in the school units. If the funds appropriated for supplemental funding are not adequate to fund the formula fully, each local school administrative unit shall receive a pro rata share of the funds appropriated for supplemental funding.

SECTION 7.3.(e) Formula for Distribution of Supplemental Funding Pursuant to This Section Only. – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

SECTION 7.3.(f) Minimum Effort Required. – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only. This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws. If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 7.3.(g) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2009-2011 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

- (1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
- (2) The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

SECTION 7.3.(h) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2010, if it determines that counties have supplanted funds.

SECTION 7.3.(i) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING

SECTION 7.4.(a) Funds for Small School Systems. – Except as provided in subsection (b) of this section, the State Board of Education shall allocate funds appropriated for small school system supplemental funding (i) to each county school administrative unit with an average daily membership of fewer than 3,175 students and (ii) to each county school administrative unit with an average daily membership from 3,175 to 4,000 students if the county in which the local school administrative unit is located has a county-adjusted property tax base per student that is below the State-adjusted property tax base per student and if the total average daily membership of all local school administrative units located within the county is from 3,175 to 4,000 students. The allocation formula shall:

- (1) Round all fractions of positions to the next whole position.
- (2) Provide five and one-half additional regular classroom teachers in counties in which the average daily membership per square mile is greater than four, and seven additional regular classroom teachers in counties in which the average daily membership per square mile is four or fewer.
- (3) Provide additional program enhancement teachers adequate to offer the standard course of study.
- (4) Change the duty-free period allocation to one teacher assistant per 400 average daily membership.
- (5) Provide a base for the consolidated funds allotment of at least seven hundred seventeen thousand three hundred sixty dollars (\$717,360), excluding textbooks, for the 2009-2010 fiscal year and a base of seven hundred seventeen thousand three hundred sixty dollars (\$717,360) for the 2010-2011 fiscal year.
- (6) Allot vocational education funds for grade 6 as well as for grades 7-12. If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fully fund the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula also is not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county administrative units.

SECTION 7.4.(b) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2009-2011 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

- (1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
- (2) The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

SECTION 7.4.(c) Phase-Out Provisions. – If a local school administrative unit becomes ineligible for funding under this formula because of (i) an increase in the population of the county in which the local school administrative unit is located or (ii) an increase in the county-adjusted property tax base per student of the county in which the local school

administrative unit is located, funding for that unit shall be continued for seven years after the unit becomes ineligible.

SECTION 7.4.(d) Definitions. – As used in this section:

- (1) "Average daily membership" means within two percent (2%) of the average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual adopted by the State Board of Education.
- (2) "County-adjusted property tax base per student" means the total assessed property valuation for each county, adjusted using a weighted average of the three most recent annual sales assessment ratio studies, divided by the total number of students in average daily membership who reside within the county.
- (3) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

- (7) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued during the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.4.(e) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2010, if it determines that counties have supplanted funds.

SECTION 7.4.(f) Use of Funds. – Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7.

SECTION 7.5.(a) The State Board of Education may impose any of the following conditions on allotments to local boards of education for replacement school buses:

SECTION 7.6.(a) If the State Board of Education does not have sufficient resources in the ADM Contingency Reserve line item to make allotment adjustments in accordance with the Allotment Adjustments for ADM Growth provisions of the North Carolina Public Schools Allotment Policy Manual, the State Board of Education may use funds appropriated to State Aid for Public Schools for this purpose.

SECTION 7.6.(b) If the higher of the first or second month average daily membership in a local school administrative unit is at least two percent (2%) or 100 students lower than the anticipated average daily membership used for allotments for the unit, the State Board of Education shall reduce allotments for the unit. The reduced allotments shall be based on the higher of the first or second month average daily membership plus one-half of the number of students overestimated in the anticipated average daily membership.

The allotments reduced pursuant to this subsection shall include only those allotments that may be increased pursuant to the Allotment Adjustments for ADM Growth provisions of the North Carolina Public Schools Allotment Policy Manual.

6 or more	8%.

SECTION 10.1.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

- (1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be

These payment rates shall be based upon information collected by market rate surveys.

- (1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.
- (2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 10.1.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide rate and regional market rates for each rated license level for each age category.

SECTION 10.1.(f) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) Smart Start subsidy allocation:

These funds shall be allocated to prevent termination of child care services. Funds appropriated for specific purposes, including targeted market rate adjustments given in the past, may also be allocated by the Department separately from the allocation formula described in subsection (a) of this section.

CHILD CARE FUNDS MATCHING REQUIREMENT

SECTION 10.3. No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars (\$25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of a disaster as defined in G.S. 166A-4(1).

- (6) Lowering the number of hours a parent must be working in order to be eligible for subsidy to assist parents who are continuing to work but at reduced hours.

CHILD CARE REVOLVING LOAN

SECTION 10.5. Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Employment Security Commission in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. MENTAL HEALTH CHANGES

SECTION 10.12.(a) For the purpose of mitigating cash flow problems that many non-single-stream local management entities (LMEs) experience at the beginning of each fiscal year, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall adjust the timing and method by which allocations of service dollars are distributed to each non-single-stream LME. To this end, the allocations shall be adjusted such that at the beginning of the fiscal year the Department shall distribute not less than one-twelfth of the LME's continuation allocation and subtract the amount of the adjusted distribution from the LME's total reimbursements for the fiscal year.

SECTION 10.12.(b) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, the sum of twenty million one hundred twenty-one thousand six hundred forty-four dollars (\$20,121,644) for the 2009-2010 fiscal year and the sum of twenty million one hundred twenty-one thousand six hundred forty-four dollars (\$20,121,644) for the 2010-2011 fiscal year shall be allocated for the purchase of local inpatient psychiatric beds or bed days. These beds or bed days shall be distributed across the State according to need as determined by the Department. The Department shall enter into contracts with the LMEs and community hospitals for the management of these beds or bed days. Local inpatient psychiatric beds or bed days shall be managed and controlled by the LME, including the determination of which local or State hospital the individual should be admitted to pursuant to an involuntary commitment order. Funds shall not be allocated to LMEs but shall be held in a statewide reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the LMEs and billed by the hospitals through the LMEs. LMEs shall remit claims for payment to the Division within 15 working days of receipt of a clean claim from the hospital and shall pay the hospital within 30 working days of receipt of payment from the Division. If the Department determines (i) that an LME is not effectively managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not reduced, or (ii) the LME has failed to comply with the prompt payment provisions of this subsection, the Department may contract with another LME to manage the beds or bed days, or, notwithstanding any other provision of law to the contrary, may pay the hospital directly. The Department shall develop reporting requirements for LMEs regarding the utilization of the beds or bed days. Funds appropriated in this section for the purchase of local inpatient psychiatric beds or bed days shall be used to purchase additional beds or bed days not currently funded by or through LMEs and shall not be used to supplant other funds available or otherwise appropriated for the purchase of psychiatric inpatient services under contract with community hospitals, including beds or bed days being purchased through Hospital Utilization Pilot funds appropriated in S.L. 2007-323. Not later than March 1, 2010, the Department shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on a uniform system for beds or bed days purchased (i) with local funds, (ii) from existing State appropriations, (iii) under the Hospital Utilization Pilot, and (iv) purchased using funds appropriated under this subsection.

SECTION 10.12.(c) The Secretary of the Department of Health and Human Services shall not take any action prior to January 1, 2010, that would result in the merger or consolidation of LMEs operating on January 1, 2008, or that would establish consortia or regional arrangements for the same purpose, except that LMEs that do not meet the catchment area requirements of G.S. 122C-115 as of January 1, 2010, may initiate, continue, or implement the LMEs' merger or consolidation plans to overcome noncompliance with G.S. 122C-115. This subsection does not prohibit LMEs from voluntarily merging if they are contiguous or consolidating administrative functions.

SECTION 10.12.(d) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, for mobile crisis teams, the sum of five million seven hundred thousand dollars (\$5,700,000) shall be distributed to LMEs to support 30 mobile crisis teams. The new mobile crisis units shall be distributed over the State according to need as determined by the Department.

SECTION 10.12.(e) The Department of Health and Human Services may create a midyear process by which it can reallocate State service dollars away from LMEs that do not appear to be on track to spend the LMEs' full appropriation and toward LMEs that appear able to spend the additional funds.

SECTION 10.12.(f)

- (1) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall continue implementation of the current Supports Intensity Scale (SIS) assessment tool pilot project if the pilot project has demonstrated that the SIS tool:
 - a. Is effective in identifying the appropriate array and intensity of services, including residential supports or placement, for individuals assessed.
 - b. Is valid for determining intensity of support related to resource allocation for CAP-MR/DD, public and private ICF-MR facilities, developmental disability group homes, and other State- or federally funded services.
 - c. Is used by an assessor that does not have a pecuniary interest in the determinations resulting from the assessment.
 - d. Determines the level of intensity and type of services needed from developmental disability service providers.
- (2) The Department shall report on the progress of the pilot project by May 1, 2010. The Department shall submit the report to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. The report shall include the following:
 - a. The infrastructure that will be needed to assure that the administration of the assessment tool is independent from service delivery, the qualifications of assessors, training and management of data, and test-retest accountability.
 - b. The cost to (i) purchase the tool, (ii) implement the tool, (iii) provide training, and (iv) provide for future expansion of the tool statewide.

SECTION 10.15.(b) An LME may use up to one percent (1%) of funds allocated to it for substance abuse treatment services to provide nominal incentives for consumers who achieve specified treatment benchmarks, in accordance with the federal substance abuse and mental health services administration best practice model entitled Contingency Management.

SECTION 10.15.(c) In providing treatment and services for adult offenders and increasing the number of Treatment Accountability for Safer Communities (TASC) case managers, local management entities shall consult with TASC to improve offender access to substance abuse treatment and match evidence-based interventions to individual needs at each stage of substance abuse treatment. Special emphasis should be placed on intermediate punishment offenders, community punishment offenders at risk for revocation, and Department of Correction (DOC) releasees who have completed substance abuse treatment while in custody.

In addition to the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, to provide substance abuse services for adult offenders and to increase the number of TASC case managers, the Department shall allocate up to three hundred thousand dollars (\$300,000) to TASC. These funds shall be allocated to TASC before funds are allocated to LMEs for mental health services, substance abuse services, and crisis services.

SECTION 10.15.(d) In providing drug treatment court services, LMEs shall consult with the local drug treatment court team and shall select a treatment provider that meets all provider qualification requirements and the drug treatment court's needs. A single treatment provider may be chosen for non-Medicaid-eligible participants only. A single provider may be chosen who can work with all of the non-Medicaid-eligible drug treatment court participants in a single group. During the 52-week drug treatment court program, participants shall receive an array of treatment and aftercare services that meets the participant's level of need, including step-down services that support continued recovery.

LME ALLOCATION AND FUND BALANCE REDUCTIONS

SECTION 10.19A.(a) The Department of Health and Human Services shall reduce the allocation of State funds to each LME by ten percent (10%) in each fiscal year. In no event shall an LME that has a fund balance or other resources available reduce or otherwise adversely affect services due to the reduction in State funds in each fiscal year. LMEs that have fund balances or other resources shall use those funds to supplant the reduction in State funds in each fiscal year. Monies from fund balances shall be used exclusively to provide services to LME clients, even if the dollar amount of the funds in the fund balance exceeds what is necessary to supplant the reduction in State funds. The use of fund balance monies to provide services is subject to the prior approval of the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services. The Division shall track fund balance usage of each LME to ensure that the amount used from the fund balance in each fiscal year is at least equal to the reduction in State funds for that fiscal year and is used to provide services and for no other purpose.

SECTION 10.19A.(b) In order to ensure that funds allocated to LMEs for mental health, developmental disabilities, and substance abuse services are used to the maximum extent possible to provide these services and for other authorized purposes, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall develop and implement a format for use by LMEs to account for the LME's fund balance in each fiscal year. The format shall include categories reflecting the source and original purpose of MH/DD/SA funds in an LME or county fund balance. The format shall be developed such that the fund balance information provided indicates the amount of funds in the fund balance at a given time, the source and amount of funds dispensed from the fund balance throughout the fiscal year and the purposes for which funds are dispensed, the amount, if any, of funds in the fund balance that were allocated but not used for mental health, developmental disabilities, and substance abuse services, and other information the Department determines necessary to ensure that funds allocated for mental health, developmental disabilities, and substance abuse services are used for authorized purposes. LMEs shall begin using the format developed by the Department not later than January 1, 2010.

Under the Plan, all priorities and health status indicators must incorporate as an essential activity the disparity of diseases amongst populations and locales.

SECTION 10.26.(b) In order for measurable benefits to be realized through the implementation of the Plan, the Plan shall include the adoption of levels of performance necessary to promote:

- (1) Uniformity across local health departments,
- (2) Best evidence-based services,

LHDs shall have the flexibility and opportunity to use the resources available to achieve the required performance measures in a manner that best suits the LHD.

SECTION 10.26.(c) The Plan will address the need to provide county health departments with financial incentives to encourage and increase local investment in public health functions. - (2) The Task Force shall identify a reliable and consistent source of State revenue to fund the flexible spending formula.
- (3) If sufficient additional revenue is available to implement the Plan, a separate set-aside of available funds would be created. This set-aside would be available to contiguous LHDs that seek to address a specific women's health, child health, or adult health disease or chronic condition, and in doing so, choose to merge into a single Local Health District, thus saving administrative dollars to be focused on public health issues.

SECTION 10.26.(g) Funds appropriated to the Department for flexible spending shall be distributed to county health departments as follows:

- (1) Each of the county health departments will receive a base amount to be determined by the DHHS.

SECTION 10.26.(h) To ensure compliance with Department directives, the Task Force shall consider requiring each county health department to submit to the Secretary such data as the Secretary determines is necessary to allow the Secretary to assess whether the county health department has used the funds in a manner consistent with achieving the performance measures associated with this Plan.

SECTION 10.56.(d) G.S. 62-157(e) reads as rewritten:

"(e) Administration of Service. – The Department of Health and Human Services shall administer the statewide telecommunications relay service program, including its establishment, operation, and promotion. The Department may contract out the provision of this service for four-year periods to one or more service providers, using the provisions of G.S. 143-129. The Department shall administer the Regional Resource Centers within the Division of Services for the Deaf and the Hard of Hearing in accordance with G.S. 143B-216.33, G.S. 143B-216.34, and Chapter 8B of the General Statutes."

SECTION 10.56.(f) If, upon the transfer and appropriation of funds under this section, funds within the Special Account for Telecommunications Relay Service are insufficient to maintain a reasonable margin of reserve for operation of the statewide telecommunications relay service, as determined pursuant to G.S. 62-157, the Department of Health and Human Services shall petition the North Carolina Utilities Commission to reset the surcharges set forth in G.S. 62-157.

STATE-COUNTY SPECIAL ASSISTANCE

SECTION 10.57.(a) The eligibility of Special Assistance recipients residing in adult care homes on August 1, 1995, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from adoption of the Rate Setting Methodology Report and Related Services, providing these recipients are otherwise eligible. The maximum monthly rate for these residents in adult care home facilities shall be one thousand two hundred thirty-one dollars (\$1,231) per month per resident.

SECTION 10.57.(b) Effective October 1, 2009, the maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred eighty-two dollars (\$1,182) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section. The eligibility of Special Assistance recipients residing in adult care homes on September 30, 2009, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from the adoption of this maximum monthly rate, provided these recipients are otherwise eligible.

SECTION 10.57.(c) The maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars (\$1,515) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section.

SECTION 10.57.(d) Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State-County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for State-County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State-County Special Assistance to the Medicaid personal care services for adult care homes (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and prior to implementing this section, the Department may disregard a limited amount of income for individuals whose countable income exceeds the adjusted State-County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment and shall be used to pay a portion of the cost of the ACH-PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH-PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health

and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.57.(e) The Department of Health and Human Services shall recommend rates for State-County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates based on appropriate cost methodology and cost reports submitted by adult care homes that receive State-County Special Assistance funds and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers.

If the fiscal impact indicated by the fiscal analysis for any proposed medical policy change exceeds three million dollars (\$3,000,000) in total requirements for a given fiscal year, then the Department shall submit the proposed medical policy change with the fiscal analysis to the Office of State Budget and Management and the Fiscal Research Division. The Department shall not implement any proposed medical policy change exceeding three million dollars (\$3,000,000) in total requirements for a given fiscal year unless the source of State funding is identified and approved by the Office of State Budget and Management. An initial prescription order for a drug listed in the narrow therapeutic drug index that does not contain the phrase "medically necessary" shall be considered an order for the drug by its established or generic name, except that a pharmacy shall not substitute a generic or established name prescription drug for subsequent brand or trade name prescription orders of the same prescription drug without explicit oral or written approval of the prescriber given at the time the order is filled. The Department may also require retrospective clinical justification for the use of multiple psychotropic drugs for a Medicaid patient. For individuals 18 years of age and under who are prescribed three or more psychotropic medications, the Department shall implement clinical edits that target inefficient, ineffective, or potentially harmful prescribing patterns. When such patterns are identified, the Medical Director for the Division of Medical

- a. Evidence-based criteria available regarding efficacy or safety of the covered treatments; and
- b. Policy approval by a majority vote of the North Carolina Physicians Advisory Group (NCPAG).

The target prescriber has final decision-making authority to determine which prescription drug to prescribe or refill.

The Department may require the purchase of a performance bond or the submission of an executed letter of credit or financial instrument as a condition of initial enrollment, reenrollment, or reinstatement if:

- a. The provider fails to demonstrate financial viability,
- b. The Department determines there is significant potential for fraud and abuse,
- c. The Department otherwise finds it is in the best interest of the Medicaid program to do so.

The Department shall specify the circumstances under which a performance bond or executed letter of credit will be required.

- (1a) The Department may waive or limit the requirements of this paragraph for individual Medicaid-enrolled providers or for one or more classes of Medicaid-enrolled providers based on the following:

- a. The provider's or provider class's dollar amount of monthly billings to Medicaid.
- b. The length of time an individual provider has been licensed, endorsed, certified, or accredited in this State to provide services.
- c. The length of time an individual provider has been enrolled to provide Medicaid services in this State.
- d. The provider's demonstrated ability to ensure adequate record keeping, staffing, and services.
- e. The need to ensure adequate access to care.

In waiving or limiting requirements of this paragraph, the Department shall take into consideration the potential fiscal impact of the waiver or limitation on the State Medicaid Program. The Department shall provide to the affected provider written notice of the findings upon which its action is based and shall include the performance bond requirements and the conditions under which a waiver or limitation apply. The Department may adopt temporary rules in accordance with G.S. 150B-21.1 as necessary to implement this provision.

In addition, the Department shall establish a threshold of some number of visits for these services. The Department shall ensure that primary care providers or the appropriate CCNC network are notified when a patient is nearing the established threshold to facilitate care coordination and intervention as needed.

Prenatal services, all EPSDT children, emergency room visits, and mental health visits subject to independent utilization review are exempt from the visit limitations contained in this subdivision. Subject to appropriate medical review, the Department may authorize exceptions when additional care is medically necessary. Routine or maintenance visits above the established visit limit will not be covered unless necessary to actively manage a life threatening disorder or as an alternative to more costly care options.

SECTION 10.58.(f) Exceptions and Limitations on Services; Authorization of Co-Payments and Other Services. –

- (1) Exceptions to service limitations, eligibility requirements, and payments. – Service limitations, eligibility requirements, and payment bases in this section may be waived by the Department of Health and Human Services, with the approval of the Director of the Budget, to allow the Department to carry out pilot programs for prepaid health plans, contracting for services, managed care plans, or community-based services programs in accordance with plans approved by the United States Department of Health and Human Services or when the Department determines that such a waiver will result in a reduction in the total Medicaid costs for the recipient.
- (2) Co-payment for Medicaid services. – The Department of Health and Human Services may establish co-payments up to the maximum permitted by federal law and regulation.

SECTION 10.58.(g) Rules, Reports, and Other Matters. –

The Department of Health and Human Services shall adopt rules requiring providers to attend training as a condition of enrollment and may adopt temporary or emergency rules to implement the training requirement.

Prior to the filing of the temporary or emergency rules authorized under this subsection with the Rules Review Commission and the Office of Administrative Hearings, the Department shall consult with the Office of State Budget and Management on the possible fiscal impact of the temporary or emergency rule and its effect on State appropriations and local governments.

- (2) Changes to Medicaid program; reports. – The Department shall report on any change it anticipates making in the Medicaid program that impacts the type or level of service, reimbursement methods, or waivers, any of which require a change in the State Plan or other approval by the Centers for

Medicare and Medicaid Services (CMS). Except for waiver applications, the Department shall submit the report to the entities listed in subdivision (4) of subsection (a) of this section and to the Joint Legislative Health Care Oversight Committee at the same time it submits the proposed changes to CMS for approval. At the time the Department is considering or developing a waiver application, it shall inform the Fiscal Research Division of the proposed waiver and shall provide the Fiscal Research Division with information on (i) how the proposed waiver, if approved, would change or affect services and specific populations and (ii) the estimated fiscal impact of the waiver. Notwithstanding G.S. 143C-6-4(b)(3), the Department may use funds appropriated in this act to cover the contract shortfall in the Division of Medical Assistance if insufficient funds exist within the Division.

Medicaid cost containment activities may include prospective reimbursement methods, incentive-based reimbursement methods, service limits, prior authorization of services, periodic medical necessity reviews, revised medical necessity criteria, service provision in the least costly settings, plastic magnetic striped Medicaid identification cards for issuance to Medicaid enrollees, fraud detection software or other fraud detection activities, technology that improves clinical decision making, credit balance recovery and data mining services, and other cost containment activities. Funds may be expended under this section only after the Office of State Budget and Management has approved a proposal for the expenditure submitted by the Department. Proposals for expenditure of funds under this section shall include the cost of implementing the cost containment activity and documentation of the amount of savings expected to be realized from the cost containment activity.

SECTION 10.60.(b) The Department shall provide a copy of proposals for expenditures under this section to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. On or before April 1, 2010, the Department shall report on the methods used to achieve savings and the amount saved by these methods. If the Department deploys fraud detection software, a report on the software implementation and fraud detection results shall be submitted to the House and Senate Appropriations Subcommittees on Health and Human Services and the Fiscal Research Division of the General Assembly not later than April 1, 2010.

These funds shall be allocated as prescribed by G.S. 143C-9-1(b) for Medicaid programs. Notwithstanding the prescription in G.S. 143C-9-1(b) that these funds not reduce State general revenue funding, these funds shall replace the reduction in general revenue funding effected in this act. The Department may also use funds in the Medicaid Special Fund to fund the settlement of the Disproportionate Share Hospital payment audit issues between the Department of Health and Human Services and the federal government related to fiscal years 1997-2002, and funds are appropriated from the Fund for the 2009-2010 fiscal year for this purpose.

These deposits shall represent the return of General Fund appropriations provided to the Department of Health and Human Services to provide indigent care services at State-owned and operated mental hospitals. The treatment of any revenue derived from federal programs shall be in accordance with the requirements specified in the Code of Federal Regulations, Volume 2, Part 225.

FAMILIES PAY PART OF THE COST OF SERVICES UNDER THE CAP-MR/DD PROGRAM AND THE CAP-CHILDREN'S PROGRAM BASED ON FAMILY INCOME

SECTION 10.65.(a) Subject to approval from the Centers for Medicare and Medicaid Services (CMS), the Department of Health and Human Services, Division of Medical Assistance, shall, in consultation with the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, and Community Alternatives Program (CAP) stakeholders, develop a schedule of cost-sharing requirements for families of children with incomes above the Medicaid allowable limit to share in the costs of their child's Medicaid expenses under the CAP-MR/DD (Community Alternatives Program for Mental Retardation and Developmentally Disabled) and the CAP-C (Community Alternatives Program for Children). The cost-sharing amounts shall be based on a sliding scale of family income and shall take into account the impact on families with more than one child in the CAP programs. In developing the schedule, the Department shall also take into consideration how other states have implemented cost-sharing in their CAP programs. The Division of Medical Assistance may establish monthly deductibles as a means of implementing this cost-sharing. The Department shall provide for at least one public hearing and other opportunities for individuals to comment on the imposition of cost-sharing under the CAP program schedule.

SECTION 10.65.(b) The Division of Medical Assistance shall also, in collaboration with the Controller's Office of the Department of Health and Human Services, the Division of Information Resource Management (DIRM), and the new vendor of the replacement Medicaid Management Information System, develop business rules, program policies and procedures, and define relevant technical requirements.

The report shall include a summary of comments the Department has received at the public hearing, business rules, policies and procedures, and technical requirements of the initiative and shall also indicate any barriers to implementing the cost-sharing.

IMPLEMENTATION PLAN FOR FOUR TIERS OF CAP-MR/DD PROGRAM

SECTION 10.65A.(a) For the purposes of improving efficiency in the expenditure of available funds and effectively identifying and meeting the needs of CAP-MR/DD eligible individuals, on or before April 1, 2010, the Department of Health and Human Services,

Division of Medical Assistance, in conjunction with the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall submit to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services a plan for the implementation of Tiers 1 through 4 of the CAP-MR/DD program. The plan shall describe the implementation of Tiers 1 and 4 and the proposed implementation of Tiers 2 and 3, and revisions of Tier 4, and shall include detail on each of the following:

- (1) The array and intensity level of services that will be available under each of the four Tiers;
- (2) The range of costs for the array and intensity level of services under each of the four Tiers;
- (3) How the relative intensity of need for each current and future CAP-MR/DD eligible individual will be reliably determined; and
- (4) How the determination of intensity of need will be used to assign individuals appropriately into one of the four Tiers.

The Department may develop an application to the Centers for Medicare and Medicaid services for additional Medicaid waivers for Tiers 2 and 3 of the CAP-MR/DD program. The Department shall not submit the application until after it has submitted the plan required under this subdivision. Nothing in this subdivision obligates the General Assembly to appropriate additional funds for the CAP-MR/DD waiver.

SECTION 10.65A.(b) The Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, in conjunction with local management entities (LMEs) shall review the services funded through the Division received by individuals with developmental disabilities who are not currently being served through the CAP-MR/DD waiver to determine (i) if those individuals could be better served through the CAP-MR/DD Tier 1 waiver, and (ii) if the State appropriations currently funding services for those individuals would be sufficient to provide the nonfederal match for those individuals if they became eligible for the CAP-MR/DD Tier 1 waiver. The Division shall report its findings by March 1, 2010, to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.65A.(c) Of the funds appropriated to the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and currently used for State-funded services for people with CAP slots, the sum of eight million dollars (\$8,000,000) for the 2009-2010 fiscal year shall be transferred to the Division of Medical Assistance. Of these funds, the sum of four million dollars (\$4,000,000) shall be used by the Division of Medical Assistance for Tier 1 CAP-MR/DD slots, and the remaining four million dollars (\$4,000,000) shall be used by the Division of Medical Assistance to ensure that only a partial freeze of CAP slots shall be implemented for the 2009-2011 fiscal biennium. Among those individuals who are not receiving CAP slots but are receiving developmental disability services, the Division shall move these individuals into Tier 1 slots as soon as possible.

SECTION 10.65A.(d) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall report on the number and geographic distribution of CAP slots by LME by October 1, 2009. The Department shall submit the report to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.

SECTION 10.65A.(e) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall implement a plan to equitably distribute all CAP-MR/DD slots among LMEs. The Plan shall specifically address those LMEs that, in the Department's determination, have fewer than their equitable share of CAP-MR/DD slots.

SECTION 10.65A.(f) The Piedmont Behavioral Health (PBH) LME shall be deemed by the Department as a demonstration model in the PBH LME catchment area. The Department shall also adopt as part of the demonstration model the PBH 1915(b) and 1915(c) Medicaid waivers, and single-stream funding for State services funds, which include funds previously transferred from State institution budgets.

PREFERRED DRUG LIST PROGRAM

SECTION 10.66.(a) In the event insufficient savings are realized from enhancing the utilization management of the Prescription Advantage List, increasing the utilization of generic drugs in place of brand-name drugs and increasing rebate collections on generic drugs, the Department of Health and Human Services shall establish and implement a preferred drug list program under the Division of Medical Assistance. The Department shall submit a medical assistance State Plan amendment to the Centers for Medicare and Medicaid Services (CMS) of the United States Department of Health and Human Services to implement the program.

SECTION 10.66.(b) The pharmaceutical and therapeutics committee of the Physician's Advisory Group (PAG) shall provide ongoing review of the preferred drug list. Members of the committee shall submit conflict of interest disclosure statements to the Department and shall have an ongoing duty to disclose conflicts of interest not included in the original disclosure.

SECTION 10.66.(c) The Department, in consultation with the PAG, shall adopt and publish policies and procedures relating to the preferred drug list, including:

- (1) Guidelines for the presentation and review of drugs for inclusion on the preferred drug list,
- (2) The manner and frequency of audits of the preferred drug list for appropriateness of patient care and cost-effectiveness,
- (3) An appeals process for the resolution of disputes, and
- (4) Such other policies and procedures as the Department deems necessary and appropriate.

The Department and the pharmaceutical and therapeutics committee shall consider all therapeutic classes of prescription drugs for inclusion on the preferred drug list, except medications for treatment of human immunodeficiency virus or acquired immune deficiency syndrome shall not be subject to consideration for inclusion on the preferred drug list.

The Department shall maintain an updated preferred drug list in electronic format and shall make the list available to the public on the Department's Internet Web site.

The Department shall: (i) enter into a multistate purchasing pool; (ii) negotiate directly with manufacturers or labelers; (iii) contract with a pharmacy benefit manager for negotiated discounts or rebates for all prescription drugs under the medical assistance program; or (iv) effectuate any combination of these options in order to achieve the lowest available price for such drugs under such program.

The Department may negotiate supplemental rebates from manufacturers that are in addition to those required by Title XIX of the federal Social Security Act. The committee shall consider a product for inclusion on the preferred drug list if the manufacturer provides a supplemental rebate. The Department may procure a sole source contract with an outside entity or contractor to conduct negotiations for supplemental rebates.

SECTION 10.66.(d) This section becomes effective if the Department cannot demonstrate by June 1, 2010, that twenty-five million dollars (\$25,000,000) in prescription drug savings have been realized by employing the methods outlined in subsection (a) of this section.

MEDICAID APPEALS/FUNDS DO NOT REVERT

SECTION 10.67. The Office of Administrative Hearings shall enter into a Memorandum of Agreement (MOA) with the Department of Health and Human Services for the funds transferred from the Department to the Office of Administrative Hearings in the

2008-2009 fiscal year for mediation services provided for Medicaid applicants and recipient appeals and contracted services necessary to conduct the appeals process. The MOA will facilitate the Department's ability to draw down federal Medicaid funds to support this administrative function.

CLARIFYING CHANGES TO STATE MEDICAID RESPONSIBILITIES

SECTION 10.68. Consistent with Sections 31.16.1(c) and (d) of S.L. 2007-323 that require the State to assume responsibility for the nonfederal share of the costs of medical services provided under the Medicaid Program starting June 1, 2009, the counties shall neither bear any responsibility for settlement payments to providers nor refunds of expenditures for program service claims paid on or before June 1, 2009. Counties will continue to participate in their share of administrative costs.

AUTHORIZE THE DIVISION OF MEDICAL ASSISTANCE TO TAKE CERTAIN STEPS TO EFFECTUATE COMPLIANCE WITH BUDGET REDUCTIONS IN THE MEDICAID PROGRAM

SECTION 10.68A.(a) For the purpose of enabling the Department of Health and Human Services, Division of Medical Assistance, to achieve the budget reductions enacted in this act for the Medicaid program, the Department may take the following actions, notwithstanding any other provision of this act or other State law or rule to the contrary and subject to the requirements of subsection (e) of this section:

- (1) Electronic transactions. –
 - a. Within 60 days of notification of its procedures via the DMA Web site, Medicaid providers shall follow the Department's established procedures for securing electronic payments. No later than September 1, 2009, the Department shall cease routine provider payments by check.
 - b. Effective September 1, 2009, all Medicaid providers shall file claims electronically to the fiscal agent. Nonelectronic claims submission may be required when it is in the best interest of the Department.
 - c. Effective September 1, 2009, enrolled Medicaid providers shall submit Preadmission Screening and Annual Resident Reviews (PASARR) through the Department's Web-based tool or through a vendor with interface capability to submit data into the Web-based PASARR.
- (2) Clinical coverage. – The Department of Health and Human Services, Division of Medical Assistance, shall amend applicable clinical policies and submit applicable State Plan amendments to CMS to implement the budget reductions authorized in the following clinical coverage areas in this act:
 - a. Consolidate and reduce Targeted Case Management and case management functions bundled within other Medicaid services.
 - b. Take appropriate action to lower the cost of HIV case management, including tightening service hours and limiting administrative costs. The Department shall maintain HIV case management as a stand-alone service outside of departmental efforts to consolidate case management services.
 - c. Eliminate coverage of therapeutic camps. The Department shall report on or before October 1, 2009, on the plan to transition children out of mental health residential therapeutic camps. The Department shall submit the report to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.

- (3) Medicaid Personal Care Service provision. – Upon the enactment of this act, the Division of Medical Assistance shall implement the following new criteria for personal care services (PCS):
- a. Independent assessment by an entity that does not provide direct PCS services for evaluation of the recipient prior to initiation of service. The independent assessment will determine the qualifying Activities of Daily Living (ADL), the level of assistance required, and the amount and scope of PCS to be provided, according to policy criteria.
 - b. Independent assessment or review from the assigned Community Care of North Carolina (CCNC) physician of the continued qualification for PCS services under the revised PCS policy criteria.
 - c. Establishment of time limits on physician service orders and reauthorization in accordance with the recipient's diagnosis and acuity of need.
 - d. Add the following items to the list of tasks that are not covered by this service: nonmedical transportation, errands and shopping, money management, cueing, and prompting, guiding, or coaching.
 - e. Online physician attestation of medical necessity.
 - f. If sufficient reduction in cost is not achieved with the revised policy, the Secretary shall direct the Division of Medical Assistance to further modify the policy to achieve targeted cost savings.
- Recipients currently receiving PCS services shall be reviewed under the above criteria, and those recipients not meeting the new criteria shall be terminated from the service within 30 days of the review. The Department shall review usage of personal care services in adult care homes to determine if overuse is occurring and shall report its findings to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division on or before December 1, 2009.
- (4) MH/DD/SA Personal Care and Personal Assistance Services Provision. – A denial, reduction, or termination of Medicaid-funded personal care services shall result in a similar denial, reduction, or termination of State-funded MH/DD/SA personal care and personal assistance services.
- (5) Community Support and other MH/DD/SA services. – The Department of Health and Human Services shall transition community support child and adult, individual and group services to other defined services on or before June 30, 2010. The Division of Medical Assistance and the Division of MH/DD/SA shall take the steps necessary for the Medicaid and the State-funded community support program to provide for transition and discharge planning to recipients currently receiving community support services. The following shall occur:
- a. The Department shall submit to CMS: (i) revised service definitions that separate case management functions from the Community Support definition and (ii) a new service definition for peer support services for adults with mental illness and/or substance abuse disorders.
 - b. No new admissions for community support individual or group shall be allowed during this transition period unless the Department determines appropriate alternative services are not available, in which case limited community support services may be provided during the transition period. LMEs will be responsible for referring eligible consumers to appropriate alternative services.

- c. Authorizations currently in effect as of the date of enactment of this act remain valid. Any new authorization or subsequent reauthorization is subject to the provisions of this act.
- d. No community support services shall be provided in conjunction with other enhanced services. Until CMS approves the new case management definition, professional level community support may be provided in conjunction with residential Level III and IV to assist in recipient discharge planning. Up to a maximum of 24 hours of case management (professional level) functions may be provided over a 90-day authorization period as approved by the prior authorization vendor.
- e. The current moratorium on community support provider endorsement shall remain in effect.
- f. A provider of community support services whose endorsement has been withdrawn or whose Medicaid participation has been terminated is not entitled to payment during the period the appeal is pending, and the Department shall make no payment to the provider during that period. If the final agency decision is in favor of the provider, the Department shall remove the suspension, commence payment for valid claims, and reimburse the provider for payments withheld during the period of appeal.
- g. Effective 60 days from the enactment of this act, the paraprofessional level of community support shall be eliminated, and from this date the Department shall not use any Medicaid or State funds to pay for this level of service.
- h. Thirty days after the enactment of this act, any concurrent request shall be accompanied with a discharge plan. Submission of the discharge plan will be a required document for a request to be considered complete. Failure to submit the discharge plan will result in the request being returned as "unable to process." Discharge from the service must occur within 90 days after the submission of the discharge plan.
- i. Any community support provider that ceases to function as a provider shall provide written notification to DMA, the Local Management Entity, recipients, and the prior authorization vendor 30 days prior to closing of the business.
- j. Medical and financial record retention is the responsibility of the provider and shall be in compliance with the record retention requirements of their Medicaid provider agreement or State-funded services contract. Records shall also be available to State, federal, and local agencies.
- k. Failure to comply with notification, recipient transition planning, or record maintenance shall result in suspension of further payment until such failure is corrected. In addition, failure to comply shall result in denial of enrollment as a provider for any Medicaid or State-funded service. A provider (including its officers, directors, agents, or managing employees or individuals or entities having a direct or indirect ownership interest or control interest of five percent (5%) or more as set forth in Title XI of the Social Security Act) that fails to comply with the required record retention may be subject to sanctions, including exclusion from further participation in the Medicaid program, as set forth in Title XI.

- (6) Community Support Team. – Authorization for a Community Support Team shall be based upon medical necessity as defined by the Department and shall not exceed 18 hours per week. The Division of Medical Assistance shall do an immediate rate study of the Community Support Team to bring the average cost of service per recipient in line with Assertive Community Treatment Team (ACTT) services. The Division shall also revise provider qualifications and tighten the service definition to contain costs in this line item. Not later than December 1, 2009, the Division of Medical Assistance shall report its findings on the rate study and any actions it has taken to conform with this subdivision to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.
- (7) MH Residential. – The Department of Health and Human Services shall restructure the Medicaid child mental health, developmental disabilities, and substance abuse residential services to ensure that total expenditures are within budgeted levels. All restructuring activities shall be in compliance with federal and State law or rule. The Divisions of Medical Assistance and Mental Health, Developmental Disabilities, and Substance Abuse Services shall establish a team inclusive of providers, LMEs, and other stakeholders to assure effective transition of recipients to appropriate treatment options. The restructuring shall address all of the following:
- a. Submission of the therapeutic family service definition to CMS.
 - b. The Department shall reexamine the entrance and continued stay criteria for all residential services. The revised criteria shall promote least restrictive services in the home prior to residential placement. During treatment, there must be inclusion in community activities and parent or legal guardian participation in treatment.
 - c. Require all existing residential providers or agencies to be nationally accredited within one year of enactment of this act. Any providers enrolled after the enactment of this act shall be subject to existing endorsement and nationally accrediting requirements. In the interim, providers who are nationally accredited will be preferred providers for placement considerations.
 - d. Before a child can be admitted to Level III or Level IV placement, one or more of the following shall apply:
 1. Placement shall be a step down from a higher level placement such as a psychiatric residential treatment facility or inpatient.
 2. Multisystemic therapy or intensive in-home therapy services have been unsuccessful.
 3. The Child and Family Team has reviewed all other alternatives and recommendations and recommends Level III or IV placement due to maintaining health and safety.
 4. Transition or discharge plan shall be submitted as part of the initial or concurrent request.
 - e. Length of stay is limited to no more than 120 days. Any exceptions granted will require an independent psychiatric assessment, Child and Family Team review of goals and treatment progress, family or discharge placement setting are actively engaged in treatment goals and objectives and active participation of the prior authorization of vendor.
 - f. Submission of discharge plan is required in order for the request to be considered complete. Failure to submit a complete discharge plan will result in the request being returned as unable to process.

- g. Any residential provider that ceases to function as a provider shall provide written notification to DMA, the Local Management Entity, recipients, and the prior authorization vendor 30 days prior to closing of the business.
 - h. Record maintenance is the responsibility of the provider and must be in compliance with record retention requirements. Records shall also be available to State, federal, and local agencies.
 - i. Failure to comply with notification, recipient transition planning, or record maintenance shall be grounds for withholding payment until such activity is concluded. In addition, failure to comply shall be conditions that prevent enrollment for any Medicaid or State-funded service.
 - j. On or before October 1, 2009, the Department shall report on its plan for transitioning children out of Level III and Level IV group homes. The Department shall submit the reports to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.
- (8) Reduce Medicaid rates. – Subject to the prior approval of the Office of State Budget and Management, the Secretary shall reduce Medicaid provider rates to accomplish the reduction in funds for this purpose enacted in this act. The Secretary shall consider the impact on access to care through primary care providers and critical access hospitals and may adjust the rates accordingly. The rate reduction applies to all Medicaid private and public providers with the following exceptions: federally qualified health clinics, rural health centers, State institutions, hospital outpatient, pharmacies, and the noninflationary components of the case-mix reimbursement system for nursing facilities. Medicaid rates predicated upon Medicare fee schedules shall follow Medicare reductions but not Medicare increases unless federally required. Inflationary increases for Medicaid providers paying provider fees (private ICF-MRs and nursing facilities) can occur if the State share of the increases can be funded with provider fees.
- (9) Medicaid identification cards. – The Department shall issue Medicaid identification cards to recipients on an annual basis with quarterly updates.
- (10) The Department of Health and Human Services shall develop a plan for the consolidation of case management services. The plan shall address the time line and process for implementation, the vendors involved, the identification of savings, and the Medicaid recipients affected by the consolidation. Consolidation under this subdivision does not apply to HIV case management. By December 1, 2009, the Department shall report on the plan to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.68A.(c) At least 30 days prior to the adoption of new or amended medical coverage policies necessitated by the reductions to the Medicaid program enacted in this act, the Department shall:

- (2) Notify via direct mail the members of the Physician Advisory Group (PAG) of the proposed policies.
- (3) Update the policies published on the Web site to reflect any changes made as a result of written comments received from the PAG and others.
- (4) Provide written notice to recipients about changes in policy.

SECTION 10.68A.(d) The Department of Health and Human Services shall not implement any actions directed by this act if the Department determines that such actions would jeopardize the receipt of ARRA funds appropriated or allocated to the Department.

CO-PAYMENTS FOR TICKET TO WORK

SECTION 10.69. G.S. 108A-54.1(d) reads as rewritten:

"§ 108A-54.1. **Medicaid buy-in for workers with disabilities.**

Individuals who participate in HCWD and have countable income greater than or equal to two hundred percent (200%) of FPG shall pay a monthly premium in addition to the annual fee. The Department shall set a sliding scale for premiums, which is consistent with applicable federal law. An individual with countable income equal to or greater than four hundred fifty percent (450%) of FPG shall pay not less than one hundred percent (100%) of the cost of the premium, as determined by the Department. The premium shall be based on the experience of all individuals participating in the Medical Assistance Program. Individuals who participate in HCWD are subject to co-payments equal to those required under the ~~North Carolina Health Choice Program~~. Medical Assistance Program."

INFORMATION ON MEDICAID WAIVERS

SECTION 10.72A.(a) The Department of Health and Human Services, Division of Medical Assistance, in conjunction with the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall report on the feasibility and efficacy of applying for Medicaid waivers from the Centers for Medicare and Medicaid Services. The report shall recommend whether the following waivers should be pursued and the reasons therefore:

- (1) An 1115 waiver to permit individuals that test positive for HIV and have incomes at or below two hundred percent (200%) of the federal poverty level access to Medicaid services. The report and recommendation shall indicate the number of people that may be eligible for Medicaid services under the waiver, the resulting cost and cost savings to the State if all potentially eligible individuals applied for assistance, and the programmatic and technical impact should the waiver be implemented.
- (2) An 1115 waiver or other available Medicaid options to provide interconceptional coverage to low-income women with incomes below one hundred eighty-five percent (185%) of the federal poverty guidelines who have given birth to a high-risk infant. A high-risk infant is defined as weighing less than 1,500 grams, is born less than 34 weeks gestation, is born with a congenital anomaly, or who has died within the first 28 days of life. Interconceptional care would be limited to two years following the birth of a high-risk infant, or until a subsequent birth, whichever comes first. The

report and recommendations should include estimated cost savings from improved birth outcomes that will offset the cost of providing Medicaid coverage to this targeted population.

- (3) A 1915(c) waiver to permit individuals who sustain traumatic brain injury after age 22 to access home and community-based Medicaid services. The report and recommendation shall include the estimated cost to implement the waiver.
- (4) A waiver to prevent a Medicaid recipient from losing Medicaid eligibility due to Social Security and Railroad Retirement cost-of-living adjustments and federal poverty level adjustments. The report and recommendation shall provide the cost to cover all affected persons effective April 1, 2009.

The Department shall provide for each waiver the estimated time needed to prepare the waiver application and the earliest date upon which the waiver, if approved by CMS, could be implemented.

SECTION 10.72A.(b) The Department shall submit its report and recommendations to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Fiscal Research Division, and the Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services by March 1, 2010.

SECTION 10.73A.(a) The Department of Health and Human Services may suspend payment to any North Carolina Medicaid provider against whom the Division of Medical Assistance has instituted a recoupment action, termination of the NC Medicaid Administrative Participation Agreement, or referral to the Medicaid Fraud Investigations Unit of the North Carolina Attorney General's Office. The suspension of payment shall be in the amount under review and shall continue during the pendency of any appeal filed at the Department, the Office of Administrative Hearings, or State or federal courts. If the provider appeals the final agency decision and the decision is in favor of the provider, the Department shall reimburse the provider for payments for all valid claims suspended during the period of appeal.

SECTION 10.73A.(b) Entering into a Medicaid Administrative Participation Agreement with the Department does not give rise to any property or liberty right in continued participation as a provider in the North Carolina Medicaid program.

SECTION 10.73A.(c) The Department shall not make any payment to a provider unless and until all outstanding Medicaid recoupments, assessments, or overpayments have been repaid in full to the Department, together with any applicable penalty and interest charges, or unless and until the provider has entered into an approved payment plan.

exempt in subsection (c) of this section. Licenses issued under the authority of this section shall be valid for one year from the date of issuance unless revoked earlier by the Secretary for failure to comply with any part of this section or any rules adopted hereunder. Licenses shall be renewed annually upon filing and the Department's approval of the renewal application. The Department shall charge each adult care home with six or fewer beds a nonrefundable annual license fee in the amount of ~~two hundred fifty dollars (\$250.00)~~ three hundred fifteen dollars (\$315.00). The Department shall charge each adult care home with more than six beds a nonrefundable annual license fee in the amount of ~~three hundred fifty dollars (\$350.00)~~ three hundred sixty dollars (\$360.00) plus a nonrefundable annual per-bed fee of ~~twelve dollars and fifty cents (\$12.50)~~ seventeen dollars and fifty cents (\$17.50). A license shall not be renewed nor a new license issued for a change of ownership of an adult care home if outstanding fees, fines, and penalties imposed by the State against the home have not been paid. Fines and penalties for which an appeal is pending are exempt from consideration. The renewal application shall contain all necessary and reasonable information that the Department may by rule require. Except as otherwise provided in this subdivision, the Department may amend a license by reducing it from a full license to a provisional license for a period of not more than 90 days whenever the Department finds that:

- a. The licensee has substantially failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles;
- b. There is a reasonable probability that the licensee can remedy the licensure deficiencies within a reasonable length of time; and
- c. There is a reasonable probability that the licensee will be able thereafter to remain in compliance with the licensure rules for the foreseeable future.

The Department may extend a provisional license for not more than one additional 90-day period upon finding that the licensee has made substantial progress toward remedying the licensure deficiencies that caused the license to be reduced to provisional status.

The Department may revoke a license whenever:

- a. The Department finds that:
 1. The licensee has substantially failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles; and
 2. It is not reasonably probable that the licensee can remedy the licensure deficiencies within a reasonable length of time; or
- b. The Department finds that:
 1. The licensee has substantially failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles; and
 2. Although the licensee may be able to remedy the deficiencies within a reasonable time, it is not reasonably probable that the licensee will be able to remain in compliance with licensure rules for the foreseeable future; or
- c. The Department finds that the licensee has failed to comply with the provisions of Articles 1 and 3 of Chapter 131D of the General Statutes and the rules adopted pursuant to these Articles, and the failure to comply endangered the health, safety, or welfare of the patients in the facility.

The Department may also issue a provisional license to a facility, pursuant to rules adopted by the Medical Care Commission, for substantial failure to comply with the provisions of this section or rules adopted pursuant to this section. Any facility wishing to contest the issuance of a provisional license shall be entitled to an administrative hearing as provided in the Administrative Procedure Act, Chapter 150B of the General Statutes. A petition for a contested case shall be filed within 30 days after the Department mails written notice of the issuance of the provisional license."

- (1) A delineation of the proposed allocations by program or activity, including State and federal match requirements.
- (2) A delineation of the proposed State and local administrative expenditures.
- (3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.
- (4) A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.
- (5) A projection of current year expenditures by program or activity.
- (6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

SECTION 10.78.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and

If the Congress of the United States decreases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall reduce State administration by at least the percentage of the reduction in federal funds.
