The Department of Correction may also consider converting some of the units recommended for closing from one security custody level to another, where that conversion would be cost-effective. A prison unit under lease to a county pursuant to the provisions of this section for use as a jail is exempt for the period of the lease from any of the minimum standards adopted by the Secretary of Health and Human Services pursuant to G.S. 153A-221 for the housing of adult prisoners that would subject the unit to greater standards than those required of a unit of the State prison system.

Prior to any transfer or lease of these units, the Department of Correction shall report on the terms of the proposed transfer or lease to the Joint Legislative Commission on Governmental Operations and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee. of this subsection. The maximum sentence shall be calculated using G.S. 15A-1340.17(d), (e), or (e1).

- (3) If a person is serving sentences for two or more offenses that are concurrent in any respect, then the offense with the greater classification shall be used to determine a single maximum sentence for the concurrent offenses. The fact that the person has been convicted of multiple offenses may be considered by the Commission in making its determinations under subsection (a) of this section.

SECTION 19.8.(c) The Post-Release Supervision and Parole Commission shall report to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and to the Chairs of the House of Representatives and Senate Appropriations Committees, and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by April 1, 2010. REDUCTIONS IN FORCE NECESSITATED BY THE EXTREME FISCAL CRISIS

SECTION 26.14B. Findings. – The General Assembly finds that:

- (2) Economies in State expenditures and maximized efficiencies in State operations must be effected immediately and systematically in order to meet the compelling State interest of enacting a balanced budget in accordance with the State Constitution and to protect the interests of the people of North Carolina.
- (3) Given the broad scope and depth of the budget reduction and efficiency measures required by this act, the elimination through reductions in force of positions, both filled and vacant, including contract positions, is necessary to preserve the public health, safety, and welfare and to continue the effective administration of important governmental functions in the interest of the people of North Carolina.

NEXUS CLARIFICATION AND CLICK THROUGHs, USE TAX LINE ON INCOME TAX RETURN, DIGITAL PRODUCTS, MAGAZINES DELIVERED BY MAIL

SECTION 27A.3.(a) G.S. 105-164.8 reads as rewritten:

"§ 105-164.8. **Retailer's obligation to collect tax; ~~mail-order-remote~~ sales subject to tax.**

(a) **Obligation.** – ~~Every retailer engaged in business in this State as defined in this Article shall collect said tax.~~ A retailer is required to collect the tax imposed by this Article notwithstanding any of the following:

- (1) That the purchaser's order or the contract of sale is delivered, ~~mailed~~ mailed, or otherwise transmitted by the purchaser to the retailer at a point outside this State as a result of solicitation by the retailer through the medium of a catalogue or other written ~~advertisement~~; or advertisement.
- (2) That the purchaser's order or the contract of sale is made or closed by acceptance or approval outside this State, or before ~~said~~ any tangible personal property or digital property that is part of the order or contract enters this State; ~~or State.~~
- (3) That the purchaser's order or the contract of sale provides that ~~said~~ the property shall be or is in fact procured or manufactured at a point outside this State and shipped directly to the purchaser from the point of ~~origin~~; or origin.
- (4) That ~~said~~ the property is mailed to the purchaser in this State or a point outside this State or delivered to a carrier outside this State f.o.b. or otherwise and directed to the purchaser in this State regardless of whether the cost of transportation is paid by the retailer or by the ~~purchaser~~; or purchaser.
- (5) That ~~said~~ the property is delivered directly to the purchaser at a point outside this State; ~~or State.~~
- (6) Any combination in whole or in part of any two or more of the foregoing statements of fact, if it is intended that the ~~tangible personal~~ property purchased be brought to this State for storage, ~~use~~ use, or consumption in this State.

(b) **Mail Order Remote Sales.** – A retailer who makes a ~~mail-order-remote~~ sale is engaged in business in this State and is subject to the tax levied under this Article if at least one of the following conditions is met:

- (1) The retailer is a corporation engaged in business under the laws of this State or a person domiciled in, a resident of, or a citizen of, this State.
- (2) The retailer maintains retail establishments or offices in this State, whether the ~~mail-order-remote~~ sales thus subject to taxation by this State result from or are related in any other way to the activities of ~~such~~ the establishments or offices.
- (3) The retailer ~~has representatives in this State who solicit business or transact business on behalf of the retailer,~~ solicits or transacts business in this State by employees, independent contractors, agents, or other representatives, whether the ~~mail-order-remote~~ sales thus subject to taxation by this State result from or are related in any other way to ~~such~~ the solicitation or transaction of business. A retailer is presumed to be soliciting or transacting business by an independent contractor, agent, or other representative if the retailer enters into an agreement with a resident of this State under which the resident, for a commission or other consideration, directly or indirectly refers potential customers, whether by a link on an Internet Web site or otherwise, to the retailer. This presumption applies only if the cumulative gross receipts from sales by the retailer to purchasers in this State who are referred to the retailer by all residents with this type of agreement with the retailer is in excess of ten thousand dollars (\$10,000) during the preceding four quarterly

periods. This presumption may be rebutted by proof that the resident with whom the retailer has an agreement did not engage in any solicitation in the State on behalf of the seller that would satisfy the nexus requirement of the United States Constitution during the four quarterly periods in question.

- (4) Repealed by Session Laws 1991, c. 45, s. 16.
- (5) The retailer, by purposefully or systematically exploiting the market provided by this State by any media-assisted, media-facilitated, or media-solicited means, including direct mail advertising, distribution of catalogs, computer-assisted shopping, television, radio or other electronic media, telephone solicitation, magazine or newspaper advertisements, or other media, creates nexus with this State. A nonresident retailer who purchases advertising to be delivered by television, by radio, in print, on the Internet, or by any other medium is not considered to be engaged in business in this State based solely on the purchase of the advertising.
- (6) Through compact or reciprocity with another jurisdiction of the United States, that jurisdiction uses its taxing power and its jurisdiction over the retailer in support of this State's taxing power.
- (7) The retailer consents, expressly or by implication, to the imposition of the tax imposed by this Article. For purposes of this subdivision, evidence that a retailer engaged in the activity described in subdivision (5) ~~shall be~~ is prima facie evidence that the retailer consents to the imposition of the tax imposed by this Article.
- (8) The retailer is a holder of a wine shipper permit issued by the ABC Commission pursuant to G.S. 18B-1001.1.

(c) Local Tax. – A retailer who is required to collect the tax imposed by this Article must collect a local use tax on a transaction if a local sales tax does not apply to the transaction. The sourcing principles in G.S. 105-164.4B determine whether a local sales tax or a local use tax applies to a transaction. A "local sales tax" is a tax imposed under Chapter 1096 of the 1967 Session Laws or by Subchapter VIII of this Chapter, and a local use tax is a use tax imposed under that act or Subchapter."

SECTION 27A.3.(b) Sections 10 and 11 of S.L. 2000-120 are repealed.

SECTION 27A.3.(c) Section 18 of S.L. 2000-120, as amended by Section 44.1 of S.L. 2003-284 and Section 33.24 of S.L. 2005-276, reads as rewritten:

"**Section 18.** Section 7 of this act becomes effective January 1, 2001. ~~Sections 10 and 11 of this act become effective for taxable years beginning on or after January 1, 2010.~~ The remainder of this act is effective when it becomes law."

SECTION 27A.3.(d) G.S. 105-164.3(5d) and (17a) are repealed.

SECTION 27A.3.(e) G.S. 105-164.4(a) is amended by adding a new subdivision to read:

"(6b) The general rate applies to the digital property that is listed in this subdivision, is delivered or accessed electronically, is not considered tangible personal property, and would be taxable under this Article if sold in a tangible medium. The tax applies regardless of whether the purchaser of the item has a right to use it permanently or to use it without making continued payments. If the district court exercises jurisdiction under this subsection to revoke probation, appeal of an order revoking probation is to the appellate division."

SECTION 2. G.S. 7A-272 is amended by adding two new subsections to read:

"(e) With the consent of the chief district court judge and the senior resident superior court judge, the district court has jurisdiction to preside over the supervision of a probation judgment entered in superior court in which the defendant is required to participate in a drug treatment court pursuant to G.S. 15A-1343(b1)(2b) or a therapeutic court, as defined in subsection (f) of this section, or is participating in the drug treatment court pursuant to a deferred prosecution agreement under G.S. 15A-1341(a2). 2. The conventional mortgage rate by (i) one and three-quarters percentage points (1.75%) or more, if the loan is secured by a first lien mortgage or deed of trust, or (ii) three and three-quarters percentage points (3.75%) or more, if the loan is secured by a subordinate lien mortgage or deed of trust. 3. The yield on U.S. Treasury securities having comparable periods of maturity by (i) three percentage points (3%) or more, if the loan is secured by a first lien mortgage or deed of trust, or (ii) five percentage points (5%) or more, if the loan is secured by a subordinate lien mortgage or deed of trust. Without regard to whether the loan is subject to or reportable under the provisions of the Home Mortgage Disclosure Act 12 U.S.C. § 2801, et seq. (HMDA), the difference between the annual percentage rate and the yield on Treasury securities having comparable periods of maturity shall be determined using the same procedures and calculation methods applicable to loans that are subject to the reporting requirements of HMDA, as those procedures and calculation methods are amended from time to time, provided that the yield on Treasury securities shall be determined as of the fifteenth day of the month prior to the application for the loan.

(b) No prepayment fees or penalties shall be charged or collected on a rate spread home loan.

~~(c) No lender shall make a rate spread home loan unless the lender reasonably and in good faith believes at the time the loan is consummated that one or more of the obligors, when considered individually or collectively, has the ability to repay the loan according to its terms and to pay applicable real estate taxes and hazard insurance premiums. If a lender making a rate spread home loan knows that one or more mortgage loans secured by the same real property will be made contemporaneously to the same borrower with the rate spread home loan being made by that lender, the lender making the rate spread home loan must document the borrower's ability to repay the combined payments of all loans on the same real property.~~

- (1) ~~A lender's analysis of an obligor's ability to repay a rate spread home loan according to the loan terms and to pay related real estate taxes and insurance premiums shall be based on a consideration of the obligor's credit history, current and expected income, current obligations, employment status, and other financial resources other than the obligor's equity in the real property that secures repayment of the rate spread home loan.~~
- (2) ~~In determining an obligor's ability to repay a rate spread home loan, the lender shall take reasonable steps to verify the accuracy and completeness of information provided by or on behalf of the obligor using tax returns, payroll receipts, bank records, reasonable alternative methods, or reasonable third-party verification.~~
- (3) ~~In determining an obligor's ability to repay a rate spread home loan according to its terms when the loan has an adjustable rate feature, the lender shall take into consideration any balance increase that may accrue from any negative amortization provision. The lender shall calculate the monthly payment amount for principal and interest by assuming (i) the loan proceeds are fully disbursed on the date of the loan closing, (ii) the loan is to be repaid in substantially equal monthly amortizing payments of principal and interest over the entire term of the loan, with no balloon payment, and (iii) the interest rate over the entire term of the loan is a fixed rate equal to the fully indexed interest rate at the time of the loan closing, without considering any initial discounted rate. The "fully indexed interest rate at the time of the loan closing" is the interest rate that would have applied at the time of the closing had the initial interest rate been determined by the application of the same interest rate formula, (for example, an interest rate index plus or minus a margin) that applies under the terms of the loan documents to subsequent interest rate adjustments, disregarding any limitations on the amount by which the interest rate may change at any one time.~~
- (4) ~~A lender's analysis of an obligor's ability to repay a rate spread loan may utilize reasonable commercially recognized underwriting standards and methodologies, including automated underwriting systems, provided the standards and methodologies comply with the provisions of this section.~~

(c) No lender shall make a rate spread home loan to a borrower based on the value of the borrower's collateral without due regard to the borrower's repayment ability as of consummation, including the borrower's current and reasonably expected income, employment, assets other than the collateral, current obligations, and mortgage-related obligations. Without regard to whether the loan is a "higher-priced mortgage loan" as defined in section 226.35 of Title 12 of the Code of Federal Regulations, the methodology and standards for the determination of a borrower's repayment ability set forth in section 226.34(a)(4) of Title 12 of the Code of Federal Regulations and the related Federal Reserve Board's Official Staff Commentary on Regulation Z, as the regulation and commentary may be amended from time to time, shall be applied to determine a lender's compliance with this requirement.

(d) The making of a rate spread home loan which violates subsection (b) or (c) of this section is hereby declared usurious in violation of the provisions of this Chapter. In addition, any prepayment penalty in violation of this section shall be unenforceable. However, ~~an obligor~~ a borrower shall not be entitled to recover twice for the same wrong. The Attorney General, the Commissioner of Banks, or any party to a rate spread home loan may enforce the provisions of this section. This section establishes specific consumer protections in rate spread home loans in addition to other consumer protections that may be otherwise available by law. A mortgage broker who brokers a rate spread home loan that violates the provisions of this section shall be jointly and severally liable with the lender.

(e) The provisions of this section shall apply to any person who in bad faith attempts to avoid the application of this section by (i) dividing any loan transaction into separate parts for

the purpose and with the intent of evading the provisions of this section, or (ii) any other such subterfuge.

(f) A lender in a rate spread home loan who, when acting in good faith, fails to comply with this section, will not be deemed to have violated this section if the lender establishes that either:

- (1) Within 90 days of the loan closing and prior to the institution of any action against the lender under this section, the borrower was notified of the compliance failure, the lender tendered appropriate restitution, the lender offered, at the borrower's option, either to (i) make the rate spread home loan comply with subsection (b) or (c), or (ii) change the terms of the loan in a manner beneficial to the borrower so that the loan will no longer be considered a rate spread home loan subject to the provisions of this section, and within a reasonable period of time following the borrower's election of remedies, the lender took appropriate action based on the borrower's choice; or
- (2) The compliance failure was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid such errors, and within 120 days after the discovery of the compliance failure and prior to the institution of any action against the lender under this section or the lender's receipt of written notice of the compliance failure, the borrower was notified of the compliance failure, the lender tendered appropriate restitution, the lender offered, at the borrower's option, either to (i) make the rate spread home loan comply with subsection (b) or (c) of this section, or (ii) change the terms of the loan in a manner beneficial to the borrower so that the loan will no longer be considered a rate spread home loan subject to the provisions of this section, and within a reasonable period of time following the borrower's election of remedies, the lender took appropriate action based on the borrower's choice. Examples of a bona fide error include clerical, calculation, computer malfunction and programming, and printing errors. An error of legal judgment with respect to a person's obligations under this section is not a bona fide error.

(g) The provisions of this section shall be severable, and if any phrase, clause, sentence, or provision is declared to be invalid or is preempted by federal law or regulation, the validity of the remainder of this section shall not be affected thereby."

AN ACT TO MAKE CERTAIN PARTS OF A RULE ADOPTED BY THE DEPARTMENT OF CRIME CONTROL AND PUBLIC SAFETY RELATING TO ROTATION WRECKER SERVICES VOID AND UNENFORCEABLE AND TO DIRECT THE SECRETARY TO ADOPT RULES CONSISTENT WITH THIS ACT AND TO AMEND THE DUTIES OF THE HIGHWAY PATROL.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding the authority of the Secretary of Crime Control and Public Safety to adopt rules for the maintenance and operation of a Highway Patrol rotation wrecker system, the amendments to 14A NCAC 09H.0321(10), which became effective on July 18, 2008, are void and unenforceable to the extent such amendments:

- (1) Limit submission of initial applications and reapplications for inclusion in the Highway Patrol rotation wrecker list to an annual open enrollment period.
- (2) Limit vehicle storage fees to the maximum allowed by G.S. 20-28.3.
- (3) Require that towing and recovery fees be within fifteen percent (15%) of the median price charged within the applicable Highway Patrol Troop.

Notwithstanding the limitations set out in this section, the Highway Patrol may require that wrecker services, when responding to rotation wrecker calls, charge reasonable fees for services rendered and that any fee charged for rotation services not exceed the wrecker service's charges for nonrotation service calls that provide the same service, labor, and conditions.

SECTION 2. The Secretary of Crime Control and Public Safety shall adopt amendments to 14A NCAC 09H.0321(10) to conform to the requirements of this act.

SECTION 3. G.S. 20-188 reads as rewritten:

"§ 20-188. Duties of Highway Patrol.

The State Highway Patrol shall be subject to such orders, rules and regulations as may be adopted by the Secretary of Crime Control and Public Safety, with the approval of the Governor, and shall regularly patrol the highways of the State and enforce all laws and regulations respecting travel and the use of vehicles upon the highways of the State and all laws for the protection of the highways of the State. To this end, the members of the Patrol are given the power and authority of peace officers for the service of any warrant or other process issuing from any of the courts of the State having criminal jurisdiction, and are likewise authorized to arrest without warrant any person who, in the presence of said officers, is engaged in the violation of any of the laws of the State regulating travel and the use of vehicles upon the highways, or of laws with respect to the protection of the highways, and they shall have jurisdiction anywhere within the State, irrespective of county lines. The State Highway Patrol shall enforce the provisions of G.S. 14-399.

The State Highway Patrol shall have full power and authority to perform such additional duties as peace officers as may from time to time be directed by the Governor, and such officers may at any time and without special authority, either upon their own motion or at the request of any sheriff or local police authority, arrest persons accused of highway robbery, bank robbery, murder, or other crimes of violence.

The Secretary of Crime Control and Public Safety shall direct the officers and members of the State Highway Patrol in the performance of such other duties as may be required for the enforcement of the motor vehicle laws of the State.

Members of the State Highway Patrol, in addition to the duties, power and authority hereinbefore given, shall have the authority throughout the State of North Carolina of any police officer in respect to making arrests for any crimes committed in their presence and shall have authority to make arrests for any crime committed on any highway.

Regardless of territorial jurisdiction, any member of the State Highway Patrol who initiates an investigation of an accident or collision may not relinquish responsibility for completing the investigation, or for filing criminal charges as appropriate, without clear assurance that another law-enforcement officer or agency has fully undertaken responsibility, and in such cases he shall render reasonable assistance to the succeeding officer or agency if requested.

The State Highway Patrol recognizes the need to utilize private wrecker services to remove vehicles from public roadways as part of its public safety responsibility. In order to assure that this public safety responsibility is accomplished, the Troop Commander shall include on the Highway Patrol's rotation wrecker list only those wrecker services which agree in writing to

impose reasonable charges for work performed and present one bill to the owner or operator of any towed vehicle. Towing, storage, and related fees charged may not be greater than fees charged for the same service for nonrotation calls that provide the same service, labor, and conditions."

SECTION 4. This act is effective when it becomes law.

The General Assembly of North Carolina enacts:

SECTION 1.(a) Chapter 131D of the General Statutes is amended by adding the following new Article to read:

"Article 1B.

"Licensing of Maternity Homes."

SECTION 1.(b) G.S. 131D-1 is recodified as G.S. 131D-10.10 under Article 1B of Chapter 131D of the General Statutes.

SECTION 1.(c) The title of Article 1 of Chapter 131D of the General Statutes reads as rewritten:

"Article 1.

~~Licensing of Facilities.~~

Adult Care Homes."

SECTION 1.(d) G.S. 131D-2 is repealed.

SECTION 1.(e) Article 1 of Chapter 131D of the General Statutes, as amended by Section 1(c) of this act, is amended by adding the following new Parts to read:

"Part 1. Licensing.

"§ 131D-2.1. Definitions.

As used in this Article:

- (1) Abuse. – The willful or grossly negligent infliction of physical pain, injury, or mental anguish, unreasonable confinement, or the willful or grossly negligent deprivation by the administrator or staff of an adult care home of services which are necessary to maintain mental and physical health.
- (2) Administrator. – A person approved by the Department of Health and Human Services who has the responsibility for the total operation of a licensed adult care home.
- (3) Adult care home. – An assisted living residence in which the housing management provides 24-hour scheduled and unscheduled personal care services to two or more residents, either directly or for scheduled needs, through formal written agreement with licensed home care or hospice agencies. Some licensed adult care homes provide supervision to persons with cognitive impairments whose decisions, if made independently, may jeopardize the safety or well-being of themselves or others and therefore require supervision. Medication in an adult care home may be administered by designated trained staff. Adult care homes that provide care to two to six unrelated residents are commonly called family care homes.
- (4) Amenities. – Services such as meals, housekeeping, transportation, and grocery shopping that do not involve hands-on personal care.
- (5) Assisted living residence. – Any group housing and services program for two or more unrelated adults, by whatever name it is called, that makes

available, at a minimum, one meal a day and housekeeping services and provides personal care services directly or through a formal written agreement with one or more licensed home care or hospice agencies. The Department may allow nursing service exceptions on a case-by-case basis. Settings in which services are delivered may include self-contained apartment units or single or shared room units with private or area baths. Assisted living residences are to be distinguished from nursing homes subject to provisions of G.S. 131E-102. There are three types of assisted living residences: adult care homes, adult care homes that serve only elderly persons, and multiunit assisted housing with services. As used in this section, "elderly person" means:

- a. Any person who has attained the age of 55 years or older and requires assistance with activities of daily living, housing, and services, or
 - b. Any adult who has a primary diagnosis of Alzheimer's disease or other form of dementia who requires assistance with activities of daily living, housing, and services provided by a licensed Alzheimer's and dementia care unit.
- (6) Compensatory agent. – A spouse, relative, or other caretaker who lives with a resident and provides care to a resident.
 - (7) Department. – The Department of Health and Human Services unless some other meaning is clearly indicated from the context.
 - (8) Exploitation. – The illegal or improper use of an aged or disabled resident or the aged or disabled resident's resources for another's profit or advantage.
 - (9) Family care home. – An adult care home having two to six residents. The structure of a family care home may be no more than two stories high, and none of the aged or physically disabled persons being served there may be housed in the upper story without provision for two direct exterior ground-level accesses to the upper story.
 - (10) Multiunit assisted housing with services. – An assisted living residence in which hands-on personal care services and nursing services which are arranged by housing management are provided by a licensed home care or hospice agency through an individualized written care plan. The housing management has a financial interest or financial affiliation or formal written agreement which makes personal care services accessible and available through at least one licensed home care or hospice agency. The resident has a choice of any provider, and the housing management may not combine charges for housing and personal care services. All residents, or their compensatory agents, must be capable, through informed consent, of entering into a contract and must not be in need of 24-hour supervision. Assistance with self-administration of medications may be provided by appropriately trained staff when delegated by a licensed nurse according to the home care agency's established plan of care. Multiunit assisted housing with services programs are required to register with the Division of Health Service Regulation and to provide a disclosure statement. The disclosure statement is required to be a part of the annual rental contract that includes a description of the following requirements:
 - a. Emergency response system;
 - b. Charges for services offered;
 - c. Limitations of tenancy;
 - d. Limitations of services;
 - e. Resident responsibilities;

- f. Financial/legal relationship between housing management and home care or hospice agencies;
- g. A listing of all home care or hospice agencies and other community services in the area;
- h. An appeals process; and
- i. Procedures for required initial and annual resident screening and referrals for services.

Continuing care retirement communities, subject to regulation by the Department of Insurance under Chapter 58 of the General Statutes, are exempt from the regulatory requirements for multiunit assisted housing with services programs.

- (11) Neglect. – The failure to provide the services necessary to maintain a resident's physical or mental health.
- (12) Personal care services. – Any hands-on services allowed to be performed by In-Home Aides II or III as outlined in Department rules.

- (14) Resident. – A person living in an assisted living residence for the purpose of obtaining access to housing and services provided or made available by housing management.
- (15) Secretary. – The Secretary of Health and Human Services unless some other meaning is clearly indicated from the context.

"§ 131D-2.2. Persons not to be cared for in adult care homes and multiunit assisted housing with services; hospice care; obtaining services.

- (1) Ventilator dependency;

- (3) Individuals whose physician certifies that placement is no longer appropriate;

- (5) Psychotropic medications without appropriate diagnosis and treatment plans;
- (6) Nasogastric tubes;

- (7) Gastric tubes, except when the individual is capable of independently feeding himself or herself and caring for the tube, or as managed by a home care or hospice agency licensed in this State;

Maximum physical assistance means that an individual has a rating of total dependence in four or more of the seven activities of daily living as documented on a uniform assessment instrument;
- (11) Individuals whose health needs cannot be met in the specific multiunit assisted housing with services as determined by the residence; and
- (12) Such other medical and functional care needs as the Medical Care Commission determines cannot be properly met in multiunit assisted housing with services.

(d) Obtaining Services. – The resident of an assisted living facility has the right to obtain services at the resident's own expense from providers other than the housing management. This subsection shall not be construed to relieve the resident of the resident's contractual obligation to pay the housing management for any services covered by the contract between the resident and housing management.

Such action shall be instituted in the superior court of the county in which any unlicensed activity has occurred or is occurring.

Any facility wishing to contest the issuance of a provisional license shall be entitled to an administrative hearing as provided in the Administrative Procedure Act, Chapter 150B of the General Statutes. No person shall be subject to or given a sentence of death or shall be executed pursuant to any judgment that was sought or obtained on the basis of race.

"§ 15A-2011. Proof of racial discrimination.

(a) A finding that race was the basis of the decision to seek or impose a death sentence may be established if the court finds that race was a significant factor in decisions to seek or impose the sentence of death in the county, the prosecutorial district, the judicial division, or the State at the time the death sentence was sought or imposed.

(b) Evidence relevant to establish a finding that race was a significant factor in decisions to seek or impose the sentence of death in the county, the prosecutorial district, the judicial division, or the State at the time the death sentence was sought or imposed may include statistical evidence or other evidence, including, but not limited to, sworn testimony of attorneys, prosecutors, law enforcement officers, jurors, or other members of the criminal justice system or both, that, irrespective of statutory factors, one or more of the following applies:

- (1) Death sentences were sought or imposed significantly more frequently upon persons of one race than upon persons of another race.
- (2) Death sentences were sought or imposed significantly more frequently as punishment for capital offenses against persons of one race than as punishment of capital offenses against persons of another race.

The State may offer evidence in rebuttal of the claims or evidence of the defendant, including statistical evidence. The court may consider evidence of the impact upon the defendant's trial of any program the purpose of which is to eliminate race as a factor in seeking or imposing a sentence of death.

"§ 15A-2012. Hearing procedure.

(a) The defendant shall state with particularity how the evidence supports a claim that race was a significant factor in decisions to seek or impose the sentence of death in the county, the prosecutorial district, the judicial division, or the State at the time the death sentence was sought or imposed.

- (1) The claim shall be raised by the defendant at the pretrial conference required by Rule 24 of the General Rules of Practice for the Superior and District Courts or in postconviction proceedings pursuant to Article 89 of Chapter 15A of the General Statutes.
- (2) The court shall schedule a hearing on the claim and shall prescribe a time for the submission of evidence by both parties.
- (3) If the court finds that race was a significant factor in decisions to seek or impose the sentence of death in the county, the prosecutorial district, the judicial division, or the State at the time the death sentence was sought or imposed, the court shall order that a death sentence not be sought, or that the death sentence imposed by the judgment shall be vacated and the defendant resentenced to life imprisonment without the possibility of parole.

(b) Notwithstanding any other provision or time limitation contained in Article 89 of Chapter 15A of the General Statutes, a defendant may seek relief from the defendant's death sentence upon the ground that racial considerations played a significant part in the decision to seek or impose a death sentence by filing a motion seeking relief.

(c) Except as specifically stated in subsections (a) and (b) of this section, the procedures and hearing on the motion seeking relief from a death sentence upon the ground that race was a significant factor in decisions to seek or impose the sentence of death in the county, the prosecutorial district, the judicial division, or the State at the time the death sentence was sought or imposed shall follow and comply with G.S. 15A-1420, 15A-1421, and 15A-1422."

AN ACT TO MAKE CHANGES TO THE COASTAL PROPERTY INSURANCE POOL, PRESENTLY KNOWN AS THE BEACH PLAN, AS RECOMMENDED BY THE JOINT SELECT STUDY COMMITTEE ON THE POTENTIAL IMPACT OF MAJOR HURRICANES ON THE NORTH CAROLINA INSURANCE INDUSTRY, AND TO MAKE OTHER CHANGES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 45 of Chapter 58 of the General Statutes reads as rewritten:

"Article 45.

"Essential Property Insurance for Beach Area Property.

"§ 58-45-1. **Declarations and purpose of Article.**

(a) It is hereby declared by the General Assembly of North Carolina that an adequate market for essential property insurance is necessary to the economic welfare of the beach and coastal areas of the State of North Carolina and that without such insurance the orderly growth and development of those areas would be severely impeded; that furthermore, adequate insurance upon property in the beach and coastal areas is necessary to enable homeowners and

commercial owners to obtain financing for the purchase and improvement of their property; and that while the need for such insurance is increasing, the market for such insurance is not adequate and is likely to become less adequate in the future; and that the present plans to provide adequate insurance on property in the beach and coastal areas, while deserving praise, have not been sufficient to meet the needs of this area. It is further declared that the State has an obligation to provide an equitable method whereby every licensed insurer writing essential property insurance in North Carolina is required to meet its public responsibility instead of shifting the burden to a few willing and public-spirited insurers. It is the purpose of this Article to accept this obligation and to provide a mandatory program to assure an adequate market for essential property insurance in the beach and coastal areas of North Carolina.

(b) The General Assembly further declares that it is its intent in creating and, from time to time, amending this Article that the market provided by this Article not be the first market of choice, but the market of last resort.

(c) It is the intent of the General Assembly that except for North Carolina gross premium taxes and the fire and lightning tax, the activities of the Association be exempt from State and federal taxation to the fullest extent permitted by law.

Every such insurer shall be a member of the Association and shall remain a member of the Association so long as the Association is in existence as a condition of its authority to continue to transact the business of insurance in this State.

- (5) To publish in the North Carolina Register all homeowners' rate filings with the Department of Insurance.

"§ 58-45-20. Temporary directors of Association.

Within 10 days after April 17, 1969, the Commissioner shall appoint a temporary board of directors of this Association, which shall consist of 11 representatives of members of the Association. Such temporary board of directors shall prepare and submit a plan of operation in

accordance with G.S. 58-45-30 and shall serve until the permanent board of directors shall take office in accordance with said plan of operation.

"§ 58-45-25. Each member of Association to participate in nonrecoupable assessments, its expenses, profits, and losses.

(a) Subject to the limitations contained in G.S. 58-45-47, Each each member of the Association shall participate in the expenses, profits, and losses of nonrecoupable assessments levied by the Association in the proportion that its net direct premium written in this State during the preceding calendar year for residential and commercial properties outside of the beach and coastal areas bears to the aggregate net direct premiums written in this State during the preceding calendar year for residential and commercial properties outside of the beach and coastal areas by all members of the Association, as certified to the Association by the Commissioner. The Commissioner shall certify each member's participation after review of annual statements and any other reports and data necessary to determine participation and may obtain any necessary information or data from any member of the Association for this purpose. Any insurer that is authorized to write and that is engaged in writing any insurance, the writing of which requires the insurer to be a member of the Association under G.S. 58-45-10, shall become a member of the Association on the first day of January after authorization. The determination of the insurer's participation in the Association shall be made as of the date of membership of the insurer in the same manner as for all other members of the Association.

(b) All member companies shall receive credit each year for essential property insurance, farmowners insurance, homeowners insurance, and the property portion of commercial multiple peril policies voluntarily written in the beach and coastal areas in accordance with guidelines and procedures to be submitted by the Directors to the Commissioner for approval. Such credits also shall apply to any nonrecoupable assessments levied pursuant to G.S. 58-45-47. The participation of each member company in the ~~expenses, profits, and losses of nonrecoupable assessments~~ levied by the Association shall be reduced accordingly; provided, no credit shall be given where coverage for the peril of wind has been excluded. The guidelines and procedures for granting credit shall encourage and assist each member company to voluntarily write these coverages in the beach and coastal areas for commercial and residential properties.

(b1) The accumulated surplus of the Association shall be retained from year to year and used to pay losses, reinsurance costs, and other operating expenses as necessary. No member company shall be entitled to the distribution of any portion of the Association's surplus, except pursuant to judgments entered prior to the effective date of this subsection.

(b2) The premiums, surplus, assessments, investment income, and other revenue of the Association are funds received for the sole purpose of providing insurance coverage, paying claims for Association policyholders, purchasing reinsurance, securing and repaying debt obligations issued by the Association, and conducting all other activities of the Association, as required or permitted by this Article. Accumulated surplus shall not be removed from the Association or used for other purposes except pursuant to judgments entered prior to the effective date of this subsection.

(c) The North Carolina Insurance Underwriting Association shall use the "take out" program, as filed with and approved by the Commissioner, in the coastal area.

"§ 58-45-30. Directors to submit plan of operation to Commissioner; review and approval; ~~amendments.~~amendments; appeal from Commissioner to superior court.

(a) The Directors shall submit to the Commissioner for his review and approval, a proposed plan of operation. The plan shall set forth the number, qualifications, terms of office, and manner of election of the members of the board of directors, and shall grant proper credit annually to each member of the Association for essential property insurance, farmowners, homeowners insurance, and the property portion of commercial multiple peril policies voluntarily written in the beach and coastal areas and shall provide for the efficient, economical, fair and nondiscriminatory administration of the Association and for the prompt

and efficient provision of essential property insurance in the beach and coastal areas of North Carolina to promote orderly community development in those areas and to provide means for the adequate maintenance and improvement of the property in those areas. The plan may include the establishment of necessary facilities; management of the Association; the assessment of members to defray losses and expenses; underwriting standards; procedures for the acceptance and cession of reinsurance; procedures for determining the amounts of insurance to be provided to specific risks; time limits and procedures for processing applications for insurance; and any other provisions that are considered necessary by the Commissioner to carry out the purposes of this Article.

(b) The proposed plan ~~and any amendments thereto~~ shall be filed with ~~reviewed by~~ the Commissioner and approved by him if he finds that such plan fulfills the purposes provided by G.S. 58-45-1. In the review of the proposed plan the Commissioner may, in his discretion, consult with the directors of the Association and may seek any further information which he deems necessary to his decision. If the Commissioner approves the proposed plan, he shall certify such approval to the directors and the plan shall become effective 10 days after such certification. If the Commissioner disapproves all or any part of the proposed plan of operation he shall return the same to the directors with his written statement for the reasons for disapproval and any recommendations he may wish to make. The directors may alter the plan in accordance with the Commissioner's recommendation or may within 30 days from the date of disapproval return a new plan to the Commissioner. Should the directors fail to submit a plan that meets the requirements of this Article ~~a proposed plan of operation within 90 days of April 17, 1969, or a new plan which is acceptable to the Commissioner,~~ or accept the recommendations of the Commissioner within 30 days after his disapproval of the plan, the Commissioner shall promulgate and place into effect a plan of operation that meets the requirements of this Article certifying the same to the directors of the Association. Any such plan promulgated by the Commissioner shall take effect 10 days after certification to the ~~directors: directors.~~ Provided, however, that until a plan of operation is in effect, pursuant to the provisions of this Article, any existing temporary placement facility may be continued in effect on a mandatory basis on such terms as the Commissioner may determine.

(c) The directors of the Association may, subject to the approval of the Commissioner, amend the plan of operation at any time. The Commissioner may review the plan of operation at any time the Commissioner deems expedient or prudent, but not less than once in each calendar year. After review of the plan the Commissioner may amend the plan after consultation with the directors and upon certification to the directors of the amendment. Any order of the Commissioner with respect to the proposed plan of operation or any amendments thereto shall be subject to review upon petition by the Association as provided by G.S. 58-2-75.

(d) As used in this subsection, "homeowners' insurance policy" means a multiperil policy providing full coverage of residential property similar to the coverage provided under an HO-2, HO-3, HO-4, or HO-6 policy under Article 36 of this Chapter. The Association shall issue, for principal residences, homeowners' insurance policies approved by the Commissioner. Homeowners' insurance policies shall be available to persons who reside in the beach and coastal areas who meet the Association's underwriting standards and who are unable to obtain homeowners' insurance policies from insurers that are authorized to transact and are actually writing homeowners' insurance policies in this State. The Association shall file for approval by the Commissioner underwriting standards to determine whether property is insurable. The standards shall reflect underwriting standards commonly used in the voluntary homeowners' insurance business. The terms and conditions of the homeowners' insurance policies available under this subsection shall not be more favorable than those of homeowners' insurance policies available in the voluntary market in beach and coastal counties.

(e) The Association shall, subject to the Commissioner's approval or modification, provide in the plan of operation for coverage for appropriate classes of manufacturing risks.

(f) As used in this section, "plan of operation" includes all written rules, practices, and procedures of the Association, except for staffing and personnel matters.

"§ 58-45-35. Persons eligible to apply to Association for coverage; contents of application.

(a) Any person having an insurable interest in insurable property, may, on or after the effective date of the plan of operation, be entitled to apply to the Association for such coverage and for an inspection of the property. A broker or agent authorized by the applicant may apply on the applicant's behalf. Each application shall contain a statement as to whether or not there are any unpaid premiums due from the applicant for essential property insurance on the property.

The term "insurable interest" as used in this subsection shall include any lawful and substantial economic interest in the safety or preservation of property from loss, destruction or pecuniary damage.

(b) If the Association determines that the property is insurable and that there is no unpaid premium due from the applicant for prior insurance on the property, the Association, upon receipt of the premium, or part of the premium, as is prescribed in the plan of operation, shall cause to be issued a policy of essential property insurance and shall offer additional extended coverage, optional perils endorsements, business income and extra expense coverage, crime insurance, separate policies of windstorm and hail insurance, or their successor forms of coverage, for a term of one year or three years. Short term policies may also be issued. Any policy issued under this section shall be renewed, upon application, as long as the property is insurable property.

(b1) If the Association determines that the property, for which application for a homeowners' policy is made, is insurable, that there is no unpaid premium due from the applicant for prior insurance on the property, and that the underwriting guidelines established by the Association and approved by the Commissioner are met, the Association, upon receipt of the premium, or part of the premium, as is prescribed in the plan of operation, shall cause to be issued a homeowners' insurance policy.

(c) If the Association, for any reason, denies an application and refuses to cause to be issued an insurance policy on insurable property to any applicant or takes no action on an application within the time prescribed in the plan of operation, the applicant may appeal to the Commissioner and the Commissioner, or the Commissioner's designee from the Commissioner's staff, after reviewing the facts, may direct the Association to issue or cause to be issued an insurance policy to the applicant. In carrying out the Commissioner's duties under this section, the Commissioner may request, and the Association shall provide, any information the Commissioner deems necessary to a determination concerning the reason for the denial or delay of the application.

(d) An agent who is licensed under Article 33 of this Chapter as an agent of a company which is a member of the Association established under this Article shall not be deemed an agent of the Association. The foregoing notwithstanding, an agent of a company which is a member of the Association shall have the authority, subject to the underwriting guidelines established by the Association, to temporarily bind coverage with the Association. The Association shall establish rules and procedures, including any limitations for binding authority, in the plan of operation.

Any unearned premium on the temporary binder shall be returned to the policyholder if the Association refuses to issue a policy. Nothing in this section shall prevent the Association from suspending binding authority in accordance with its plan of operation.

(e) Policies of windstorm and hail insurance provided for in subsection (b) of this section are available only for risks in the beach and coastal areas for which essential property insurance has been written by licensed insurers. Whenever such other essential property insurance written by licensed insurers includes replacement cost coverage, the Association shall also offer replacement cost coverage. In order to be eligible for a policy of windstorm and hail insurance, the applicant shall provide the Association, along with the premium payment for the windstorm and hail insurance, a certificate that the essential property insurance is in force. The policy forms for windstorm and hail insurance shall be filed by the Association with the Commissioner for the Commissioner's approval before they may be used. Catastrophic losses,

as determined by the Association and approved by the Commissioner, that are covered under the windstorm and hail coverage in the beach and coastal areas shall be adjusted by the licensed insurer that issued the essential property insurance and not by the Association. The Association shall reimburse the insurer for reasonable expenses incurred by the insurer in adjusting windstorm and hail losses.

"§ 58-45-36. Temporary contracts of insurance.

Consistent with G.S. 58-45-35(d), the Association shall be temporarily bound by a written temporary binder of insurance issued by any duly licensed insurance agent or broker. Coverage shall be effective upon payment to the agent or broker of the entire premium or part of the premium, as prescribed by the Association's plan of operation. Nothing in this section shall impair or restrict the rights of the Association under G.S. 58-45-35(b) to decline to issue a policy based upon a lack of insurability as determined by the Association or the existence of an unpaid premium due from the applicant.

"§ 58-45-40. Association members may cede insurance to Association.

Any member of the Association may cede to the Association essential property insurance written on insurable property, to the extent, if any, and on the terms and conditions set forth in the plan of operation.

"§ 58-45-41. Coverage limits.

(a) The Association shall cause to be issued insurance up to the reasonable value of the insurable property, subject to a maximum of seven hundred fifty thousand dollars (\$750,000) on habitational property. The above limits on habitational property shall apply to the value of the building only. Insurance issued by the Association for commercial property shall not exceed three million dollars (\$3,000,000) on any freestanding structure or any building unit within multiple firewall divisions, provided the aggregate insurance on structures with multiple firewall divisions shall not exceed six million dollars (\$6,000,000) on all interest at one risk.

(b) Contents of habitational property can be insured up to forty percent (40%) of the building value. The Association shall ensure that rates accurately reflect the maximum limits for contents coverage and any reduction in contents coverage limits for habitational property.

(c) If the value of the property exceeds the maximum coverage limits as described in this section, the Association shall not issue coverage without the insured's purchase of excess coverage to the full value of the property insured.

"§ 58-45-45. Rates, rating plans, rating rules, and forms applicable.

(a) Rates shall not be excessive, inadequate, or unfairly discriminatory. Except as provided in ~~subsection (b)~~ subsections (a1), (a2), and (b) of this section, ~~the~~ rates, rating plans, rating rules, and forms applicable to the insurance written by the Association shall be in accordance with the most recent manual rates or adjusted loss costs and forms that are legally in effect in the State. Except as provided in subsection (c) of this section, no special surcharge, other than those presently in effect, may be applied to the property insurance rates of properties located in the beach and coastal areas.

(a1) The Association's rates shall be the North Carolina Rate Bureau Manual Rates plus a surcharge of five percent (5%) of the applicable North Carolina Rate Bureau Manual Rate for wind and hail coverage and a surcharge of fifteen percent (15%) of the applicable North Carolina Rate Bureau Manual Rate for homeowners' insurance including wind and hail coverage. It is the intent of the General Assembly that these surcharges ensure that the Coastal Property Insurance Pool is the market of last resort over and above the manual rate.

(a2) The Association shall offer a deductible for named storm wind and hail losses of one percent (1%) of the insured value of the property for all policies and may offer any other deductible options provided by the North Carolina Rate Bureau, so long as the deductible is not lower than one percent (1%) of the insured value of the property applicable to named storm wind and hail losses.

(b) The rates, rating plans, and rating rules for the separate policies of windstorm and hail insurance described in G.S. 58-45-35(b) shall be filed by the Association with the Commissioner for the Commissioner's approval, disapproval, or modification. The provisions

of Articles 40 and 41 of this Chapter shall govern the filings. Policy deductible plans, consistent with G.S. 58-45-1(b), may be filed by the Association with the Commissioner for the Commissioner's approval, disapproval, or modification.

~~(e) Notwithstanding subsection (a) of this section, the Association may, subject to the prior approval of the Commissioner, adopt a schedule of special surcharges relating to homeowners' insurance policies issued by the Association pursuant to G.S. 58-45-30(d). Such schedule may reflect any differences in risk that can be demonstrated to have a probable effect on losses or expenses. Notwithstanding subsections (a) and (b) of this section, the provisions of G.S. 58-36-10(1), 36-15(a), 58-36-20, and 58-36-25 shall apply to such filings.~~

(d) When the Association files rates, classification plans, rating plans, rating systems, or surcharges, the procedures of G.S. 58-40-25 through G.S. 58-40-45 shall apply, and the appeal procedures of G.S. 58-2-80 and G.S. 58-2-85 shall apply to filings under this section, except as otherwise provided.

(e) The Association shall file no later than May 1, 2010, a schedule of credits for policyholders based on the presence of mitigation and construction features and on the condition of buildings that it insures. The Association shall develop rules applicable to the operation of the schedule and the mitigation program with approval by the Commissioner. The schedule shall not be unfairly discriminatory and shall be reviewed by the Association annually, with the results included as part of the Association's annual report to the Commissioner.

(f) The Association shall file not later than May 1, 2010, with the Commissioner an installment plan for premium payments and shall accept other methods of payment that are the same as those filed by the North Carolina Rate Bureau. The Association shall collect an installment fee if premiums are paid other than on an annual basis.

(g) The Association shall consider the purchase of reinsurance each calendar year in order to maintain the ability to pay losses and expenses from a named storm or combination of named storms.

"§ 58-45-46. Unearned premium, loss, and loss expense reserves.

The Association shall make provisions for reserving unearned premiums and reserving for losses, including incurred but not reported losses, and loss expenses, in accordance with G.S. 58-3-71, 58-3-75, and 58-3-81.

"§ 58-45-47. Deficit event.

(a) In the event of losses and expenses to the Association exceeding available surplus, reinsurance, and other sources of funding of Association losses, the Association is authorized to issue a nonrecoupable assessment upon its members in accordance with its Plan of Operation. Member assessments shall not exceed one billion dollars (\$1,000,000,000) for losses incurred from any event or series of events that occur in a given calendar year, regardless of when such assessments are actually levied on or collected from member companies.

(b) When the Association knows that it has incurred losses and loss expenses in a particular calendar year that will exceed the combination of available surplus, reinsurance, and other sources of funding, including permissible member company assessments, then the Association shall immediately give notice to the Commissioner that a deficit event has occurred.

(c) Upon a determination by the Association that a deficit event has occurred, the Association shall determine, in its discretion, the appropriate means of financing the deficit, which may include, but is not limited to, the purchase of reinsurance, arranging lines of credit, or other forms of borrowing or financing. If the Association determines that the member companies have paid one billion dollars (\$1,000,000,000) in nonrecoupable assessments for losses and expenses incurred in any given year pursuant to subsection (a) of this section, the Association may, subject to the verification by the Commissioner that the dollar value of losses and expenses has reached the level necessary for a catastrophe recovery charge, authorize member companies to impose a catastrophe recovery charge on their residential and commercial property insurance policyholders statewide. Catastrophe recovery charges shall be

charged as a uniform percentage of written premiums as prescribed by the Commissioner and shall not exceed an aggregate amount of ten percent (10%) of the annual policy premium on any one policy of insurance. Catastrophe recovery charges collected under this section shall be transferred directly to the Association on a periodic basis as determined by the Association and ordered by the Commissioner. The Association and the FAIR Plan also shall charge their policyholders a catastrophe recovery charge as provided in this section.

(d) The catastrophe recovery charge shall be clearly identified to policyholders on the premium statement, declarations page, or by other appropriate electronic or written method. The identification shall refer to the post-catastrophe loss for which the charge was imposed. Any such catastrophe recovery charge shall not be considered premium for any purpose, including premium taxes or commissions, except that failure to pay the catastrophe recovery charge shall be treated as failure to pay premium and shall be grounds for termination of insurance. The identified catastrophe recovery charge shall be accompanied by an explanation of the charge and shall appear on the medium by which the charge is conveyed to the policyholder. The explanatory language shall be prescribed by the Commissioner.

(e) The Association shall report quarterly to the Commissioner providing all financial information for each catastrophe recovery charge authorized by this section, including total catastrophe recovery charge funds recovered to date and any information reasonably requested by the Commissioner.

(f) The Association shall recalculate the catastrophe recovery charge amount annually and, subject to procedure approved by the Commissioner, adjust the charge percentage as needed.

(g) The catastrophe recovery charge amount shall continue until financing of the deficit event has been paid in full. Upon order of cessation, any catastrophe recovery charge amounts collected by member companies, the Association or the FAIR Plan that exceed amounts necessary for payment of the debt shall be remitted to the Association and added to the surplus for the purposes of offsetting future Association losses or expenses.

(h) Nothing contained in this section prohibits the Association from entering into any financing arrangements for the purpose of financing a deficit, provided that the pledge of catastrophe recovery charge amounts under such financing agreements shall not result in the actual levying of any catastrophe recovery charge until after the Association has incurred a deficit and until after the Commissioner has approved implementation of the Association's catastrophe recovery charge plan.

"§ 58-45-50. Appeal from acts of Association to Commissioner; appeal from Commissioner to superior court.

(a) Any person or any insurer who may be aggrieved by an act, ruling, or decision of the Association other than an act, ruling, or decision relating to (i) the cause or amount of a claimed loss or (ii) the reasonableness of expenses incurred by an insurer in adjusting windstorm and hail losses, may, within 30 days after the ruling, appeal to the Commissioner. Any hearings held by the Commissioner under the appeal shall be in accordance with rules adopted by the Commissioner: Provided, however, the Commissioner is authorized to appoint a member of the Commissioner's staff as deputy commissioner for the purpose of hearing those appeals and a ruling based upon the hearing shall have the same effect as if heard by the Commissioner. All persons or insureds aggrieved by any order or decision of the Commissioner may appeal as is provided in G.S. 58-2-75.

(b) No later than 10 days before each hearing, the appellant shall file with the Commissioner or the Commissioner's designated hearing officer and shall serve on the appellee a written statement of the appellant's case and any evidence that the appellant intends to offer at the hearing. No later than five days before the hearing, the appellee shall file with the Commissioner or the designated hearing officer and shall serve on the appellant a written statement of the appellee's case and any evidence that the appellee intends to offer at the hearing. Each hearing shall be recorded and may be transcribed. If the matter is between an insurer and the Association, the cost of the recording and transcribing shall be borne equally by

the appellant and appellee; provided that upon any final adjudication the prevailing party shall be reimbursed for his share of such costs by the other party. If the matter is between an insured and the Association, the cost of transcribing shall be borne equally by the appellant and appellee; provided that the Commissioner may order the Association to pay recording or transcribing costs for which the insured is financially unable to pay. Each party shall, on a date determined by the Commissioner or the designated hearing officer, but not sooner than 15 days after delivery of the completed transcript to the party, submit to the Commissioner or the designated hearing officer and serve on the other party, a proposed order. The Commissioner or the designated hearing officer shall then issue an order.

"§ 58-45-55. Reports of inspection made available.

All reports of inspection performed by or on behalf of the Association shall be made available to the members of the Association, applicants, agent or broker, and the Commissioner.

"§ 58-45-60. Association and Commissioner immune from liability.

There shall be no liability on the part of and no cause of action of any nature shall arise against any member insurer, the Association or its agents or employees, the board of directors, or the Commissioner or his representatives for any action taken by them in good faith in the performance of their powers and duties under this Article.

"§ 58-45-65. Association to file annual report with Commissioner.

The Association shall file in the office of the Commissioner on an annual basis on or before January 1 a statement which shall summarize the transactions, conditions, operations and affairs of the Association during the preceding year. Such statement shall contain such matters and information as are prescribed by the Commissioner and shall be in such form as is approved by him. The Commissioner may at any time require the Association to furnish to him any additional information with respect to its transactions or any other matter which the Commissioner deems to be material to assist him in evaluating the operation and experience of the Association.

"§ 58-45-65.1. Association to be audited.

The Association shall be audited on an annual basis by an auditor selected by the Commissioner.

"§ 58-45-70. Commissioner may examine affairs of Association.

The Commissioner may from time to time make an examination into the affairs of the Association when he deems it to be prudent and in undertaking such examination he may hold a public hearing pursuant to the provisions of G.S. 58-2-50. ~~The expenses of such examination shall be borne and paid by the Association.~~ When making an examination under this section, the Commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the reasonable cost of which shall be borne by the Association. Examinations shall be conducted in accordance with G.S. 58-2-131, 58-2-132, and 58-2-133.

"§ 58-45-71. Report of member companies to Commissioner.

Each member company of the Association shall report by February 1 of each year to the Commissioner the amount of homeowners' coverage, including separate coverage for homeowners' wind and hail, written in the preceding calendar year by that member company in the beach area and the coastal area. The report shall include the number and type of homeowners' policies written by the member company in each area, the total amount of homeowners' coverage for each area, any increases and decreases in homeowners' coverage written in each area from the prior year, and other information as prescribed by the Commissioner and in such form as approved by him.

"§ 58-45-75. Commissioner authorized to promulgate reasonable rules and regulations.

The Commissioner shall have authority to make reasonable rules and regulations, not inconsistent with law, to enforce, carry out and make effective the provisions of this Article. The Commissioner shall not be liable for any act or omission in connection with the administration of the duties imposed upon him by the provisions of this Article.

"§ 58-45-80. Premium taxes to be paid through Association.

All premium taxes due on insurance written under this Article shall be remitted by each insurer to the Association; and the Association, as collecting agent for its member companies, shall forward all such taxes to the Secretary of Revenue as provided in Article 8B of Chapter 105 of the General Statutes.

"§ 58-45-85. Assessment; inability to pay.

(a) If any insurer fails, by reason of insolvency, to pay any assessment as provided in this Article, the amount assessed each insurer shall be immediately recalculated, excluding the insolvent insurer, so that its assessment is assumed and redistributed among the remaining insurers. Any assessment against an insolvent insurer shall not be a charge against any special deposit fund held under the provisions of Article 5 of this Chapter for the benefit of policyholders.

(b) The nonrecoupable assessment of a member insurer may be ordered deferred in whole or in part upon application by the insurer if, in the opinion of the Commissioner or his designee, payment of the assessment would render the insurer insolvent or in danger of insolvency or would otherwise leave the insurer in a condition so that further transaction of the insurer's business would be hazardous to its policyholders. If payment of an assessment against a member insurer is deferred by order of the Commissioner or his designee in whole or in part, the amount by which the assessment is deferred must be assessed against other member insurers in the same manner as provided in this Article. In its order of deferral, or in necessary subsequent orders, the Commissioner or his designee shall prescribe a plan by which the assessment so deferred must be repaid to the Association by the impaired insurer with interest at the six-month treasury bill rate adjusted semiannually. The plan also shall provide for the reimbursement of excess assessments paid by member companies as a result of a deferral of assessments for an impaired insurer.

"§ 58-45-90. Open meetings.

The Association is subject to the Open Meetings Act, Article 33C of Chapter 143 of the General Statutes, as amended.

"§ 58-45-95. Information availability.

Information concerning the Association's activities shall be made fully available upon request provided that no competitive information concerning an individual company's business plans, data, or operations may be disclosed by the Association if such company has properly designated such information as being a trade secret pursuant to G.S. 66-152(3) upon submitting such information to the Association. No confidential information may be disclosed by the Association identifying individual policyholders without such policyholders' consent unless such information is provided pursuant to reasonable rules adopted by the Association permitting such information to be disclosed for the purpose of enhancing the availability of insurance that is written in the voluntary market.

"§ 58-45-96. Succession and dissolution.

In the event that a successor organization is created to perform the Association's general functions, the surplus, assets, and liabilities then held by the Association shall be transferred to such successor organization. The pledge or sale of, the lien upon, and the security interest in any rights, revenues, or other assets of the Association created pursuant to any financing arrangements entered into by the Association shall be and remain valid and enforceable on the successor organization, notwithstanding the commencement of any rehabilitation, insolvency, liquidation, bankruptcy, conservatorship, reorganization, or similar proceeding against the Association. No such proceeding shall relieve the Association of its obligation to continue to collect assessments or other revenues pledged pursuant to any financing arrangements. In the event of dissolution, surplus then held shall not be distributed to member insurers."

SECTION 2. G.S. 58-36-10 reads as rewritten:

"§ 58-36-10. Method of rate making; factors considered.

The following standards shall apply to the making and use of rates:

- (1) Rates or loss costs shall not be excessive, inadequate or unfairly discriminatory.
- (2) Due consideration shall be given to actual loss and expense experience within this State for the most recent three-year period for which that information is available; to prospective loss and expense experience within this State; to the hazards of conflagration and catastrophe; to a reasonable margin for underwriting profit and to contingencies; to dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers; to investment income earned or realized by insurers from their unearned premium, loss, and loss expense reserve funds generated from business within this State; to past and prospective expenses specially applicable to this State; and to all other relevant factors within this State: Provided, however, that countrywide expense and loss experience and other countrywide data may be considered only where credible North Carolina experience or data is not available.
- (3) In the case of property insurance rates under this Article, consideration may be given to the experience of property insurance business during the most recent five-year period for which that experience is available. In the case of property insurance rates under this Article, consideration shall be given to the insurance public protection classifications of fire districts established by the Commissioner. The Commissioner shall establish and modify from time to time insurance public protection districts for all rural areas of the State and for cities with populations of 100,000 or fewer, according to the most recent annual population estimates certified by the State Budget Officer. In establishing and modifying these districts, the Commissioner shall use standards at least equivalent to those used by the Insurance Services Office, Inc., or any successor organization. The standards developed by the Commissioner are subject to Article 2A of Chapter 150B of the General Statutes. The insurance public protection classifications established by the Commissioner issued pursuant to the provisions of this Article shall be subject to appeal as provided in G.S. 58-2-75, et seq. The exceptions stated in G.S. 58-2-75(a) do not apply.
- (4) Risks may be grouped by classifications and lines of insurance for establishment of rates, loss costs, and base premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans that establish standards for measuring variations in hazards or expense provisions or both. Those standards may measure any differences among risks that can be demonstrated to have a probable effect upon losses or expenses. The Bureau shall establish and implement a comprehensive classification rating plan for motor vehicle insurance under its jurisdiction. No such classification plans shall base any standard or rating plan for private passenger (nonfleet) motor vehicles, in whole or in part, directly or indirectly, upon the age or gender of the persons insured. The Bureau shall at least once every three years make a complete review of the filed classification rates to determine whether they are proper and supported by statistical evidence, and shall at least once every 10 years make a complete review of the territories for nonfleet private passenger motor vehicle insurance to determine whether they are proper and reasonable.
- (5) In the case of workers' compensation insurance and employers' liability insurance written in connection therewith, due consideration shall be given to the past and prospective effects of changes in compensation benefits and in legal and medical fees that are provided for in General Statutes Chapter 97.

- (6) To ensure that policyholders in the beach and coastal areas of the North Carolina Insurance Underwriting Association whose risks are of the same class and essentially the same hazard are charged premiums that are commensurate with the risk of loss and premiums that are actuarially correct, the North Carolina Rate Bureau shall revise, monitor, and review the existing territorial boundaries used by the Bureau when appropriate to establish geographic territories in the beach and coastal areas of the Association for rating purposes. In revising these territories, the Bureau shall use statistical data sources available to define such territories to represent relative risk factors that are actuarially sound and not unfairly discriminatory. The new territories and any subsequent amendments proposed by the North Carolina Rate Bureau or Association shall be subject to the Commissioner's approval and shall appear on the Bureau's Web site, the Association's Web site, and the Department's Web site once approved."

SECTION 3. G.S. 58-36-15 is amended by adding a new subsection to read:

"(d1) With respect to property insurance rates, the Bureau shall file no later than May 1, 2010, a schedule of credits for policyholders based on the presence of mitigation and construction features and on the condition of buildings that it insures in the beach and coastal areas of the State. The Bureau shall develop rules applicable to the operation of the schedule and the mitigation program with approval by the Commissioner. The schedule shall not be unfairly discriminatory and shall be reviewed by the Bureau annually, with the results reported annually to the Commissioner."

SECTION 4. G.S. 58-36-20(a) reads as rewritten:

"(a) At any time within 50 days after the date of any filing, the Commissioner may give written notice to the Bureau specifying in what respect and to what extent the Commissioner contends the filing fails to comply with the requirements of this Article and fixing a date for hearing not less than 30 days from the date of mailing of such notice. Once begun, hearings must proceed without undue delay. At the hearing the burden of proving that the proposed rates are not excessive, inadequate, or unfairly discriminatory is on the Bureau. At the hearing the factors specified in G.S. 58-36-10 shall be considered. If the Commissioner after hearing finds that the filing does not comply with the provisions of this Article, he may issue his order determining wherein and to what extent such filing is deemed to be improper and fixing a date thereafter, within a reasonable time, after which the filing shall no longer be effective. Any order issued after a hearing shall be issued within 45 days after the completion of the hearing. If no order is issued within 45 days after the completion of the hearing, the filing shall be deemed to be approved. Any order of disapproval under this section must be entered within 210 days after the date the filing is received by the Commissioner."

SECTION 5. Article 36 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"§ 58-36-120. Public notice of certain filings.

Whenever the North Carolina Rate Bureau files for an increase in insurance rates for residential property insurance, the Bureau shall give public notice in at least two newspapers with statewide distribution and in the North Carolina Register, within 10 business days after the filing, which notice shall state that the Commissioner may or may not schedule and conduct a hearing with respect to the filing. The same information shall be posted on the Web site for the North Carolina Rate Bureau and the North Carolina Department of Insurance Web site within three days after the filing. The requirements of this section shall not apply to filings proposing changes as to forms, relativities, and classifications that are filed at no increase in the overall rate level."

SECTION 6. G.S. 58-46-55 reads as rewritten:

"§ 58-46-55. Rates, rating plans, rating rules, and forms applicable.

The rates, rating plans, rating rules, and forms applicable to the insurance written by the association shall be in accordance with the most recent manual rates or adjusted loss costs and

forms that are legally in effect in this State. ~~No special surcharge, other than those presently in effect, may be applied to the property insurance rates of properties located in the geographic areas to which this Article applies."~~

SECTION 7. The North Carolina Rate Bureau shall file for approval by the Commissioner no later than February 1, 2010, rating plans for policies under its jurisdiction in the beach and coastal areas of North Carolina that include a deductible for named storm wind and hail losses of one percent (1%) of the insured value of the property.

SECTION 8. The Legislative Research Commission may study the need for changes in the composition of the Board of Directors of the North Carolina Insurance Association and the method of selection of Board members. The Commission also may study the adequacy of public participation in the filing of rates for property insurance by the North Carolina Rate Bureau, the North Carolina Insurance Underwriting Association, and the North Carolina Joint Underwriting Association and the approval of those rates by the Commissioner, including the time limits for approval or disapproval by the Commissioner of rate filings. In its study, the Commission may examine the feasibility of establishing a permanent public advocacy staff to participate and advocate in rate-making proceedings under Articles 36, 45, and 46 of Chapter 58 of the General Statutes.

The Legislative Research Commission may make an interim report to the 2009 General Assembly, 2010 Regular Session and shall submit a final report to the 2011 General Assembly.

SECTION 9. The Legislative Services Officer shall allocate funds appropriated to the General Assembly for the expenditures of the Legislative Research Commission in conducting the study under Section 8 of this act.

SECTION 10. The provisions of this act are severable and, if any phrase, clause, sentence, or provision is declared to be unconstitutional, is preempted by federal law or regulation, or is otherwise invalid, the validity of the remainder of this act shall not be affected thereby.

SECTION 11. The provisions of G.S. 58-45-45(a2) as enacted by Section 1 of this act become effective when a rate or rates with a deductible for named storm wind and hail losses of one percent (1%) as required by that subsection become effective, as approved by the Commissioner. The remainder of this act is effective when it becomes law and applies to policies filed, issued, or renewed on or after that date.

(a) As feasible, the Secretary of Administration will compile and consolidate all such estimates of supplies, materials, printing, equipment and contractual services needed and required by State departments, institutions and agencies to determine the total requirements of any given commodity. Where such total requirements will involve an expenditure in excess of the expenditure benchmark established under the provisions of G.S. 143-53.1 and where the competitive bidding procedure is employed as hereinafter provided, sealed bids shall be solicited by advertisement in a newspaper widely distributed in this State or through electronic means, or both, as determined by the Secretary to be most advantageous, at least once and at least 10 days prior to the date designated for opening. Except as otherwise provided under this Article, contracts for the purchase of supplies, materials or equipment shall be based on competitive bids and acceptance made of the lowest and best bid(s) most advantageous to the State as determined upon consideration of the following criteria: prices offered; the quality of the articles offered; the general reputation and performance capabilities of the bidders; the substantial conformity with the specifications and other conditions set forth in the request for bids; the suitability of the articles for the intended use; the personal or related services needed; the transportation charges; the date or dates of delivery and performance; and such other factor(s) deemed pertinent or peculiar to the purchase in question, which if controlling shall be made a matter of record. Bids shall be publicly opened. Any and all bids received may be rejected. Each and every bid conforming to the terms of the invitation, together with the name of the bidder, shall be tabulated and that tabulation shall become public record in accordance with the rules adopted by the Secretary. All contract information shall be made a matter of public record after the award of contract. Provided, that trade secrets, test data and similar proprietary information may remain confidential. A bond for the faithful performance of any contract may be required of the successful bidder at bidder's expense and in the discretion of the Secretary of Administration. When the dollar value of a contract for the purchase, lease, or lease/purchase of equipment, materials, and supplies exceeds the benchmark established by G.S. 143-53.1, the contract shall be reviewed by the Board of Awards pursuant to G.S. 143-52.1 prior to the

contract being awarded. After contracts have been awarded, the Secretary of Administration shall certify to the departments, institutions and agencies of the State government the sources of supply and the contract price of the supplies, materials and equipment so contracted for.

(b) All contracts for goods, equipment, or services awarded by the Department of Administration, State departments, institutions, agencies, universities, and community colleges using funds from the American Recovery and Reinvestment Act of 2009 (ARRA) (Public Law 111-5) shall be awarded to the maximum extent practicable using fixed-priced contracts and competitive procedures. SECTION 2. G.S. 143-53 is amended by adding a new subsection to read:

"(e) The Secretary of Administration, in coordination with the Office of Economic Recovery and Investment (OERI), shall adopt rules, policies, and regulations regarding the requisition, issuance, advertising, opening, evaluation, award, protests, contract performance, contract administration, default, termination, and debarment for all contracts for goods, equipment, or services to be awarded by the Department of Administration, State departments, institutions, agencies, universities, and community colleges using funds from and to meet the goals of the American Recovery and Reinvestment Act of 2009 (ARRA) (Public Law 111-5). The rules adopted under this subsection shall be adopted in accordance with G.S. 150B-21.1B."

SECTION 3. Chapter 150B of the General Statutes is amended by adding a new section to read:

"§ 150B-21.1B. Adoption of rules to implement the American Recovery and Reinvestment Act.

(a) Purpose. – This section establishes an expedited procedure for the adoption of new or the amendment of existing rules implementing the American Recovery and Reinvestment Act of 2009 (ARRA) (Public Law 111-5), including any federal rules, regulations, policies, guidance, or goals for the implementation of the ARRA. It is the policy of the State to provide fair regulation, oversight, and transparency for the use of ARRA funds and to quickly and efficiently complete the awards of grants and contracts under the ARRA. The provisions of this section shall be liberally construed to allow agencies maximum flexibility in implementing the ARRA.

(b) Adoption. – An agency may adopt a rule under this section by using the procedure for adoption of an emergency rule set forth in G.S. 150B-21.1A(a) and (b). The provision in subsection (a) of G.S. 150B-21.1A that requires a finding of a serious or unforeseen threat to public health or safety shall not apply to rules adopted under this section. In lieu of the written statement of its findings of need as provided in subsection (b) of G.S. 150B-21.1A, the agency must prepare a written statement of its findings that the rule is needed to implement the ARRA. The emergency rule becomes effective when it is entered into the North Carolina Administrative Code. When an agency adopts an emergency rule under this section, the agency must simultaneously commence the process for adopting a temporary rule by submitting the rule to the Codifier of Rules for publication on the Internet in accordance with G.S. 150B-21.1(a3). For purposes of this section, all references to business days in G.S. 150B-21.1(a3) shall be deemed to be calendar days. If the agency receives written comment objecting to the temporary rule, the temporary rule shall be reviewed in accordance with subsection (c) of this section. If the agency receives no written comment objecting to the temporary rule, the agency shall deliver the rule to the Codifier of Rules. The Codifier of Rules shall enter the temporary rule into the North Carolina Administrative Code on the sixth business day after receipt of the rule, and the temporary rule becomes effective upon entry into the Code.

(c) Review. – If the agency receives written objection to the temporary rule, the agency must submit the temporary rule and a written statement of its findings that the rule is needed to

implement the ARRA to the Director of the Office of Economic Recovery and Investment (Director). The Director shall have 14 calendar days to review the statement and the rule to determine whether the rule meets the following criteria:

- (1) It is within the authority delegated to the agency by the General Assembly.
- (2) It is clear and unambiguous.
- (3) It is reasonably necessary to implement or interpret an enactment of the General Assembly or Congress, including the ARRA and any federal rules, regulations, policies, guidance, or goals for the implementation of the ARRA. The Director shall consider the cumulative effect of all rules adopted by the agency related to the specific purpose for which the rule is proposed.
- (4) It was adopted in accordance with this section.

If the Director finds that the temporary rule meets all of the criteria set forth in this subsection, the Director shall deliver the rule to the Codifier of Rules for entry into the North Carolina Administrative Code. If the Director finds that the temporary rule fails to meet any of the criteria set forth in this subsection, the Director shall return the rule to the agency with a statement of the Director's objections. The agency may change the rule to satisfy the Director's objections and submit the revised rule to the Director. If the agency fails to satisfy the Director's objections, the rule shall not be entered in the North Carolina Administrative Code. If the Director fails to make a final finding within 14 calendar days of receipt of the statement and rule, the rule shall not be entered in the North Carolina Administrative Code.

(d) Emergency Rule Expiration Date. – An emergency rule adopted in accordance with this section expires on the earliest of the following dates:

- (1) The date specified in the rule.
- (2) The effective date of the temporary rule adopted to replace the emergency rule, if the Director approves the temporary rule.
- (3) The date the Director returns to an agency a temporary rule adopted to replace the emergency rule, if the agency fails to satisfy the Director's objections.
- (4) Sixty days from the date the emergency rule was published in the North Carolina Register, unless the temporary rule adopted to replace the emergency rule has been submitted to the Codifier of Rules.

(e) Temporary Rule Expiration Date. – A temporary rule adopted in accordance with this section expires on the earliest of the following dates:

- (1) The date specified in the rule.
- (2) The effective date of a permanent rule adopted in accordance with G.S. 150B-21.2 to replace the temporary rule.
- (3) June 30, 2012.

(f) The Director's determination that a temporary rule meets the criteria set forth in subsection (c) of this section and that the rule is required by ARRA is a final agency decision and may be reviewed in accordance with Article 4 of this Chapter."

SECTION 4. G.S. 150B-1(c) is amended by adding a new subdivision to read:

"(8) Except as provided in G.S. 150B-21.1B, any agency with respect to contracts, disputes, protests, and/or claims arising out of or relating to the implementation of the American Recovery and Reinvestment Act of 2009 (Public Law 111-5)."

For a special responsibility constituent institution of The University of North Carolina, the benchmark prescribed in this section shall be as provided in G.S. 116-31.10. For community colleges, the benchmark prescribed in this section shall be as provided in G.S. 115D-58.14.

In addition, the Secretary of Administration shall provide notice to the vendors on the certified contracts of the opportunity to submit bids or proposals for contracts using ARRA funds."

SECTION 8. G.S. 6-19.1 reads as rewritten:

H.B. 1236

AN ACT TO PROMOTE VOLUNTARY, YEAR-ROUND WATER CONSERVATION AND WATER USE EFFICIENCY MEASURES BY COMMERCIAL CAR WASHES.

Whereas, North Carolina recognizes that water is our most basic and precious natural resource; and

Whereas, North Carolina has experienced extreme drought in the past several years and expects to experience extreme drought in the future; and

Whereas, the efficient use of water is of utmost importance; and

Whereas, the best and least expensive source of "new" water is improved efficiency in water use; and

Whereas, North Carolina should reward and promote best management practices and leadership efforts in water efficiency; and

Whereas, there are voluntary efforts underway that encourage and promote water use efficiency; and

Whereas, there are commercial car washes that are currently utilizing water conservation measures to the maximum extent possible; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143-355.2 is amended by adding a new subsection to read:

"(h1) A trade or professional organization representing commercial car washes may establish a voluntary water conservation and water use efficiency certification program to encourage and promote the use of year-round water conservation and water use efficiency measures as follows:

- (1) A water conservation and water use efficiency certification may only be issued to a person that demonstrates that water use from its water consuming processes is reduced by and maintained at twenty percent (20%) or more below the yearly average water use for the calendar year preceding application for certification. In order to receive and maintain certification, a person must have its facility inspected on an annual basis by a licensed plumbing contractor who will confirm that the applicant is in compliance with the standards of the certification program.

- (2) A unit of local government that provides public water service or a large community water system shall recognize and credit a commercial car wash that has met the standards of a certification program for at least six months prior to the most recent extreme drought designation for water conservation achieved under the program. To the extent that a tiered response stage in the water shortage response plan requires commercial or industrial users to implement a percentage reduction in use, a car wash certified under a program shall be credited with the percentage reduction achieved by measures implemented under the program. Car washes certified under a program shall not be required to reduce consumption more than any other class of commercial or industrial water users during a water shortage emergency.
- (3) To qualify as an approved water conservation and water use efficiency certification program, the Department of Environment and Natural Resources shall determine that the program effectively utilizes industry best management practices for the efficient use of water and achieves year-round reductions in water use. Best management practices may include, but are not limited to, recycling, reclaiming, or reusing a portion of the water in the consuming processes. If a unit of local government that provides public water service or a large community water system determines that a person certified under such a program is not complying with the terms and standards of the certification program, it may refuse to recognize and credit the conservation measures."

"§ 143-215.104I. **Dry-Cleaning solvent remediation agreements.**

(a) Upon the completion of assessment activities required by a dry-cleaning solvent assessment agreement, one or more potentially responsible parties may petition the

Commission to enter into a dry-cleaning solvent remediation agreement for any contamination requiring remediation. The Commission may, in its discretion, enter into a remediation agreement with any petitioner who satisfies the requirements of this section and the applicable requirements of G.S. 143-215.104F. If more than one potentially responsible party petitions the Commission, the Commission may enter into a single remediation agreement with one or more of the petitioners. The Commission shall not unreasonably refuse to enter into a remediation agreement pursuant to this section. The Commission may, in its discretion, enter into a remediation agreement that includes the assessment described in G.S. 143-215.104H. Petitioners shall provide the Commission with any information necessary to demonstrate:

- (1) Repealed by Session Laws 2000, c. 19, s. 10, effective June 26, 2000.
- (2) As a result of the remediation agreement, the contamination site will be suitable for the uses specified in the remediation agreement while fully protecting public health and the environment from dry-cleaning solvent contamination and any other contaminants included in the remediation agreement.
- (3) There is a public benefit commensurate with the liability protection provided under this Part.
- (4) Repealed by Session Laws 2007-530, s. 6, effective August 31, 2007.
- (5) The petitioner has complied with or will comply with all applicable procedural requirements.
- (6) The remediation agreement will not cause the Department to violate the terms and conditions under which the Department operates and administers remedial programs, including the programs established or operated pursuant to Article 9 of Chapter 130A of the General Statutes, by delegation or similar authorization from the United States or its departments or agencies, including the United States Environmental Protection Agency.
- (7) The priority ranking assigned to the facility or site is consistent with the rules adopted by the Commission or the priority ranking that the petitioner agrees to accept is consistent with the rules adopted by the Commission.
- (8) Repealed by Session Laws 2007-530, s. 6, effective August 31, 2007.
- (9) The petitioner will continue to have available the financial resources necessary to satisfy the share of response costs imposed on the petitioner by G.S. 143-215.104F.
- (10) Repealed by Session Laws 2007-530, s. 6, effective August 31, 2007.
- (11) The consent of other property owners to enter into their property for purposes of conducting remediation activities specified in the remediation agreement.

(b) In negotiating a remediation agreement, parties may rely on land-use restrictions that will be included in a Notice of Dry-Cleaning Solvent Remediation required under G.S. 143-215.104M. A remediation agreement may provide for remediation in accordance with standards that are based on those land-use restrictions.

(b1) For contaminated properties that are located in the area of a contamination site, in lieu of land-use restrictions authorized by subsection (b) of this section, parties may rely on other State or local land-use controls in negotiating a remediation agreement. Any land-use controls used shall adequately protect human health and the environment, both currently and in the future, from exposure to dry-cleaning solvent contamination. If controls are used in lieu of land-use restrictions, then a Notice of Dry-Cleaning Solvent Remediation shall be prepared in accordance with the provisions set forth in subdivisions (1) through (4) of G.S. 143-215.104M(b) and filed in accordance with subsections (c) through (g) of G.S. 143-215.104M. In the event that the owner of the property fails to submit and file the required Notice within the time specified, the Commission may prepare and file the Notice. This subsection shall not apply to properties on which a dry-cleaning facility is or was located which is the source of the contamination.

(c) A dry-cleaning solvent remediation agreement shall contain a description of the contamination site that would be sufficient as a description of the property in an instrument of conveyance and, as applicable, a statement of:

- (1) Any remediation, including remediation of contaminants other than dry-cleaning solvents, to be conducted on the property, including:
 - a. A description of specific areas where remediation is to be conducted.
 - b. The remediation method or methods to be employed.
 - c. Repealed by Session Laws 2007-530, s. 6, effective August 31, 2007.

- (2) Any land-use ~~restrictions~~ restrictions and State and local land-use controls that will apply to the contamination site or other property.

- (5) The consequences of achieving or not achieving the desired results.
- (6) The priority ranking of the facility or abandoned site.
- (7) Repealed by Session Laws 2007-530, s. 6, effective August 31, 2007.

(d) The Commission may refuse to enter into a dry-cleaning solvent assessment agreement or dry-cleaning solvent remediation agreement with any petitioner if the petitioner fails to provide any information that is necessary to demonstrate the facts required to be shown by subsection (a) of this section.

(e) In addition to the basis set forth in subsection (d) of this section, the Commission may refuse to enter into a dry-cleaning solvent remediation agreement with an owner of the property on which a contamination site is located if the owner refuses to accept limitations on the future use of the property and to give notice of these limitations pursuant to G.S. 143-215.104M.

(f) The refusal of the Commission to enter into a dry-cleaning remediation agreement with any petitioner shall not affect the rights of any other petitioner, other than any parent, subsidiary, or other affiliate of the petitioner, under this Part. The refusal of the Commission to enter into a remediation agreement may be the basis for rejection of a petition by any parent, subsidiary, or other affiliate of the petitioner for the facility or abandoned site.

(g) The terms and conditions of a dry-cleaning solvent remediation agreement concerned with dry-cleaning solvent contamination shall be guided by and consistent with the rules adopted by the Commission pursuant to G.S. 143-215.104D and the disbursement authorities and limitations set out in this Part. SECTION 2. G.S. 143-215.104K reads as rewritten:

"§ **143-215.104K. Liability protection.**

(a) A potentially responsible party who enters into an assessment agreement or remediation agreement with the Commission and who is complying with the agreement shall not be held liable for assessment or remediation of areas of contamination identified in the

agreement except as specified in the assessment agreement or remediation agreement, so long as any activities conducted at the contamination site by or under the control or direction of the petitioner do not increase the risk of harm to public health or the environment and the petitioner is not required to undertake additional remediation to unrestricted use standards pursuant to subsection (c) of this section. The liability protection provided under this Part applies to all of the following persons to the same extent as the petitioner, so long as these persons are not otherwise potentially responsible parties or parents, subsidiaries, or affiliates of potentially responsible parties and the person is not required to undertake additional remediation to unrestricted use standards pursuant to subsection (c) of this section:

(c) If a land-use restriction set out in a Notice of Dry-Cleaning Solvent Remediation required under G.S. 143-215.104M is violated, the owner of the contamination site at the time the land-use restriction is violated, the owner's successors and assigns, and the owner's agents who direct or contract for alteration of the contamination site in violation of a land-use restriction shall be liable for remediation of all contaminants to unrestricted use standards. A petitioner who completes the remediation or ~~redevelopment~~ required under a dry-cleaning solvent remediation agreement or other person who receives liability protection under this Part shall not be required to undertake additional remediation unless:

- (2) New information indicates the existence of previously unreported dry-cleaning solvent contaminants or any other contaminants to be remediated under the remediation agreement, or an area of previously unreported contamination by contaminants addressed in the remediation agreement is discovered to be associated with the facility or abandoned site and has not been remediated to unrestricted use standards, unless the remediation agreement is amended to include any previously unreported contaminants and any additional area of contamination. If the remediation agreement sets maximum concentrations for contaminants and new information indicates the existence of previously unreported areas of these contaminants, further remediation shall be required only if the areas of previously unreported contaminants raise the risk of the contamination to public health or the environment to a level less protective of public health and the environment than that required by the remediation agreement.
- (3) The level of risk to public health and the environment from contaminants is unacceptable at or in the vicinity of the contamination site due to changes in exposure conditions, including (i) a change in land use that increases the

- (4) The Commission obtains new information about a contaminant to be remediated under the remediation agreement and associated with the facility or abandoned site or exposures at or around the contamination site that raises the risk to public health or the environment associated with the contamination site beyond an acceptable range and in a manner or to a degree not anticipated in the remediation agreement. Any person whose use, including any change in use, of the contamination site causes an unacceptable risk to public health or the environment may be required by the Commission to undertake additional remediation measures under the provisions of this Part.
 - (5) A petitioner fails to file a timely and proper Notice of Dry-Cleaning Solvent Remediation under this Part.
 - (6) A facility or abandoned site loses its certification before the assessment and any remediation required under the provisions of this Part and the dry-cleaning solvent remediation agreement are completed to the satisfaction of the Department.
 - (7) The remediation required in the remediation agreement has resulted in notification from the United States or its departments and agencies, including the Environmental Protection Agency, that the Department will violate the terms and conditions under which it operates and administers remedial programs by delegation or similar authorization."

SECTION 7.(a) S.L. 2009-216 is amended by adding a new section to read:

"SECTION 5.(a) Definition. – As used in this section, "New Development Rule 15A NCAC 02B .0265" means 15A NCAC 02B .0265 (Jordan Water Supply Nutrient Strategy: Stormwater Management for New Development) adopted by the Commission on May 8, 2008, and approved by the Rules Review Commission on November 20, 2008.

"SECTION 5.(b) New Development Rule 15A NCAC 02B .0265. – Until the effective date of the revised permanent rule that the Commission is required to adopt pursuant to Section 5(d) of this act, the Commission and the Department shall implement New Development Rule 15A NCAC 02B .0265, as provided in Section 5(c) of this act.

"SECTION 5.(c) Implementation. – Notwithstanding sub-subdivision (vii) of sub-subdivision (a) of subdivision (3) of New Development Rule 15A NCAC 02B .0265, New Development Rule 15A NCAC 02B .0265 shall be implemented as follows:

- (1) New development that would exceed the nitrogen or phosphorus loading rate targets set out in sub-subdivision (i) of sub-subdivision (a) of subdivision (3) of New Development Rule 15A NCAC 02B .0265 without the use of engineered stormwater controls and that is not subject to more stringent stormwater requirements under S.L. 2006-246 or rules adopted pursuant to G.S. 143-214.5 shall have engineered stormwater controls that meet the design requirements set out in sub-subdivision (iv) of sub-subdivision (a) of subdivision (3) of New Development Rule 15A NCAC 02B .0265 and achieve eighty-five percent (85%) removal of total suspended solids.
- (2) A developer may offset part of the nitrogen and phosphorus load from a new development by implementing or funding off-site management measures in accordance with this subdivision. New development shall comply with requirements for engineered stormwater controls as set out in this act and in New Development Stormwater Rule 15A NCAC 02B .0265. On-site stormwater controls shall achieve a maximum nitrogen loading rate that does not exceed six pounds per acre per year for single-family detached and duplex residential development and 10 pounds per acre per year for other development, including multifamily residential, commercial, and industrial. Off-site management measures may be used to offset the difference between the nitrogen and phosphorus loading rates achieved through compliance with the stormwater control requirements of this act and the loading rate targets set out in sub-subdivision (i) of sub-subdivision (a) of subdivision (3) of New Development Rule 15A NCAC 02B .0265. Off-site offsetting measures shall achieve at least the reduction in nitrogen and phosphorus loading equivalent to the remaining reduction needed to comply with the loading rate targets set out in sub-subdivision (i) of sub-subdivision (a) of subdivision (3) of New Development Rule 15A NCAC 02B .0265. A developer may make offset payments to the North Carolina Ecosystem Enhancement Program contingent upon acceptance of payments by that Program. A developer may use an offset option provided by the local government in which the development activity occurs. A developer may propose other offset measures to the local government, including providing his or her own off-site offset or utilizing a private seller. All offset measures identified above shall meet the requirements of subdivisions (2) through (4) of 15A NCAC 02B .0273.

"SECTION 5.(d) Additional Rule-Making Authority. – The Commission shall adopt a rule to replace New Development Rule 15A NCAC 02B .0265. Notwithstanding G.S. 150B-19(4), the rule adopted by the Commission pursuant to this section shall be substantively identical to the provisions of Section 5(c) of this act. Rules adopted pursuant to this section are not subject to G.S. 150B-21.9 through G.S. 150B-21.14. Rules adopted pursuant to this section shall become effective as provided in G.S. 150B-21.3(b1) as though 10 or more written objections had been received as provided by G.S. 150B-21.3(b2).

"SECTION 5.(e) Sunset. – Section 5(c) of this act expires on the date that rules adopted pursuant to Section 5(d) of this act become effective."

SECTION 7.(b) S.L. 2009-216 is amended by adding a new section to read:

"SECTION 6.(a) Definitions. – The following definitions apply to this section and its implementation:

- (1) The definitions set out in G.S. 143-212 and G.S. 143-213.
- (2) The definitions set out in 15A NCAC 02B .0262 (Jordan Water Supply Nutrient Strategy: Purpose and Scope) and 15A NCAC 02B .0263 (Jordan Water Supply Nutrient Strategy: Definitions).
- (3) "State and Federal Rule 15A NCAC 02B .0271" means 15A NCAC 02B .0271 (Jordan Water Supply Nutrient Strategy: Stormwater Requirements for State and Federal Entities), adopted by the Commission on May 8, 2008, and approved by the Rules Review Commission on October 16, 2008.
- (4) "Riparian Buffer Rule 15A NCAC 02B .0267" means 15A NCAC 02B .0267 (Jordan Water Supply Nutrient Strategy: Protection of Existing Riparian Buffers), adopted by the Commission on May 8, 2008, and approved by the Rules Review Commission on November 20, 2008.

"SECTION 6.(b) State and Federal Rule 15A NCAC 02B .0271. – Until the effective date of the revised permanent rule that the Commission is required to adopt pursuant to Section 6(d) of this act, the Commission and the Department shall implement the State and Federal Rule 15A NCAC 02B .0271, as provided in Section 6(c) of this act.

"SECTION 6.(c) Implementation. – Notwithstanding State and Federal Rule 15A NCAC 02B .0271, the Commission shall implement the State and Federal Rule 15A NCAC 02B .0271 as follows:

- (1) The load reduction goal for existing North Carolina Department of Transportation roadway and nonroadway development shall be established as provided in this subdivision. The load reduction goal shall be designed to achieve, relative to the baseline period 1997 through 2001, an eight percent (8%) reduction in nitrogen loading and a five percent (5%) reduction in phosphorus loading reaching Jordan Reservoir from existing roadway and nonroadway development in the Upper New Hope and Haw subwatersheds. The load reduction goal for the Lower New Hope arm shall be designed to maintain no increases in nitrogen and phosphorus loads from existing roadway and nonroadway development relative to the baseline period 1997 through 2001. Load reduction goals for each subwatershed shall be calculated from baseline loads for existing North Carolina Department of Transportation development present during the baseline period. Baseline loads shall be established for roadways and industrial facilities using stormwater runoff nutrient load characterization data collected through the National Pollutant Discharge Elimination System (NPDES) Research Program under NCS0000250 Permit Part II Section G. Baseline loads for other nonroadway development shall be calculated by applying the Tar-Pamlico Nutrient Export Calculation Worksheet, Piedmont Version, dated October 2004, to acreages of nonroadway development under the control of North Carolina Department of Transportation during the baseline period. The baseline load for other nonroadway development may also be calculated using an equivalent or more accurate method acceptable to the Department and recommended by the Scientific Advisory Board established pursuant to Section 4(a) of S.L. 2009-216. The load reduction goal shall be adjusted to account for nutrient loading increases from existing roadway and nonroadway development subsequent to the baseline period but prior to implementation of new development stormwater programs pursuant to 15A NCAC 02B .0271(4)(c).

- (2) Sub-subdivision (b) of subdivision (3) and sub-subdivision (d) of subdivision (4) of State and Federal Rule 15A NCAC 02B .0271 shall be implemented as follows:
- a. If the March 1, 2014, monitoring report or any subsequent monitoring report for the Upper New Hope Creek Arm of Jordan Reservoir required under Section 3(c) of S.L. 2009-216 shows that nutrient-related water quality standards are not being achieved, State and federal entities shall develop and implement a program to control nutrient loading from existing development within the subwatershed, as provided in this section and State and Federal Rule 15A NCAC 02B .0271. If the March 1, 2017, monitoring report or any subsequent monitoring report for the Haw River Arm or the Lower New Hope Creek Arm of Jordan Reservoir required under Section 3(c) of S.L. 2009-216 shows that nutrient-related water quality standards are not being achieved, State and federal entities shall develop and implement a program to control nutrient loading from existing development within the subwatershed, as provided in this section and State and Federal Rule 15A NCAC 02B .0271. The Department shall defer development and implementation of a program to control nutrient loading from existing development required in a subwatershed by this sub-subdivision if it determines that additional reductions in nutrient loading from existing development in that subwatershed will not be necessary to achieve nutrient-related water quality standards. In making this determination, the Department shall consider the anticipated effect of measures implemented or scheduled to be implemented to reduce nutrient loading from sources in the subwatershed other than existing development. If any subsequent monitoring report for an arm of Jordan Reservoir required under Section 3(c) of S.L. 2009-216 shows that nutrient-related water quality standards have not been achieved, the Department shall notify each State and federal entity, and each entity shall develop and implement a program to control nutrient loading from existing development as provided in this section and State and Federal Rule 15A NCAC 02B .0271.
 - b. If the Commission requires additional reductions in nutrient loading from local governments pursuant to Section 3(f) of S.L. 2009-216, the Commission shall require State and federal entities to modify their nutrient reduction programs for the Upper New Hope Creek subwatershed to achieve a total reduction in nitrogen loading from existing roadway and nonroadway development in nitrogen loading from existing development of thirty-five percent (35%) relative to the baseline period 1997-2001.
- (3) Notwithstanding sub-subdivision (d) of subdivision (4) of State and Federal Rule 15A NCAC 02B .0271, the North Carolina Department of Transportation may achieve the nutrient load reduction goal in subdivision (1) of this section for existing roadway and nonroadway development under its control by development of a load reduction program that addresses both roadway and nonroadway development in the watershed for each arm of Jordan Reservoir. A combined program to address roadway and nonroadway development may include stormwater retrofits and other load-reducing measures in the watershed including, but not limited to, illicit discharge removal; street sweeping; source control activities such as pet waste reduction and fertilizer management at NCDOT facilities; improvement of

existing stormwater structures; alternative stormwater practices such as use of rain barrels and cisterns; stormwater capture and reuse; and purchase of nutrient reduction credits. NCDOT may meet minimum implementation rate and schedule requirements by implementing a combination of three stormwater retrofits per year for existing roadway development in the Jordan Lake watershed and other load-reducing measures identified in the program to control nutrient loading from existing development developed pursuant to State and Federal Entities Rule 15A NCAC 02B .0271 and this act and approved by the Commission.

"SECTION 6.(d) Additional Rule-Making Authority. – The Commission shall adopt a rule to replace State and Federal Rule 15A NCAC 02B .0271. Notwithstanding G.S. 150B-19(4), the rule adopted by the Commission pursuant to this section shall be substantively identical to the provisions of Section 6(c) of this act. Rules adopted pursuant to this section are not subject to G.S. 150B-21.9 through G.S. 150B-21.14. Rules adopted pursuant to this section shall become effective as provided in G.S. 150B-21.3(b1) as though 10 or more written objections had been received as provided by G.S. 150B-21.3(b2).

"SECTION 6.(e) Sunset. – Section 6(c) of this act expires on the date that rules adopted pursuant to Section 6(d) of this act become effective.

"SECTION 6.(f) Riparian Buffer Rule 15A NCAC 02B .0267. – Until the effective date of the revised permanent rule that the Commission is required to adopt pursuant to Section 6(h) of this act, the Commission and the Department shall implement the Riparian Buffer Rule 15A NCAC 02B .0267, as provided in Section 6(g) of this act.

"SECTION 6.(g) Implementation. – Notwithstanding Riparian Buffer Rule 15A NCAC 02B .0267, the Commission shall implement Riparian Buffer Rule 15A NCAC 02B .0267 as provided in this section.

- (1) For purposes of implementing Riparian Buffer Rule 15A NCAC 02B .0267, the Commission may only use one of the following types of maps for purposes of identifying a water body subject to the riparian buffer protection requirements of Riparian Buffer Rule 15A NCAC 02B .0267:
 - a. The most recent version of the soil survey map prepared by the Natural Resources Conservation Service of the United State Department of Agriculture.
 - b. The most recent version of the 1:24,000 scale (7.5 minute) quadrangle topographic maps prepared by the United States Geological Survey.
 - c. A map approved by the Geographic Information Coordinating Council and by the Commission. Prior to approving a map under this sub-subdivision, the Commission shall provide a 30-day public notice and opportunity for comment.
- (2) Alternative maps approved by the Commission under subdivision (1) of this section shall not be used for buffer delineation on projects that are existing and ongoing within the meaning of subdivision (6) of Riparian Buffer Rule 15A NCAC 02B .0267.
- (3) Sub-subdivision a. of subdivision (4) of Riparian Buffer Rule 15A NCAC 02B .0267 shall be interpreted to prohibit only those activities conducted outside the buffer that have the effect of altering the hydrology in violation of the diffuse flow requirements set out in subdivision (8) of Riparian Buffer Rule 15A NCAC 02B .0267.

"SECTION 6.(h) Additional Rule-Making Authority. – The Commission shall adopt a rule to replace Riparian Buffer Rule 15A NCAC 02B .0267. Notwithstanding G.S. 150B-19(4), the rule adopted by the Commission pursuant to this section shall be substantively identical to the provisions of Section 6(g) of this act. Rules adopted pursuant to this section are not subject to G.S. 150B-21.9 through G.S. 150B-21.14. Rules adopted pursuant to this section shall become

effective as provided in G.S. 150B-21.3(b1) as though 10 or more written objections had been received as provided by G.S. 150B-21.3(b2).

"**SECTION 6(i)** Sunset. – Section 6(g) of this act expires on the date that rules adopted pursuant to Section 6(h) of this act become effective."

AN ACT TO SUPPORT PLANNING FOR MOUNTAIN RESOURCES.

The General Assembly of North Carolina enacts:

SECTION 1. The General Statutes are amended by adding a new Chapter to read:

"Chapter 153B.

"Mountain Resources Planning Act.

"§ 153B-1. Short title; findings; purpose.

(a) Short Title. – This Chapter shall be known and may be cited as the "Mountain Resources Planning Act."

(b) Findings. – The General Assembly finds that:

- (1) The beauty and abundant natural resources of the mountain region of Western North Carolina are prized by all North Carolinians. Millions of tourists travel to the mountain region of Western North Carolina to see and experience the natural beauty of the mountains, including the vistas near national parks, national forests, State parks, and State forests. This tourism is vitally important to the economy of Western North Carolina.
- (2) The United States Congress has recognized the natural abundance and cultural heritage of the mountain region of Western North Carolina by creating the Blue Ridge National Heritage Area, which, in turn, has established a precedent for successful collaborative planning in the stewardship of important mountain resources.
- (3) The same beauty and natural abundance that is valued by North Carolina residents, tourists, and the United States Congress is being adversely affected by land-use practices that are negatively impacting the public's enjoyment of the important mountain resources of the mountain region of Western North Carolina, including publicly owned lands. The mountain region of Western North Carolina is subject to challenges and pressures specific to the topography and environment of the mountains. The mountain

region of Western North Carolina has experienced accelerating trends that are adversely affecting important mountain resources, and local governments face challenges as they adapt to new and difficult changes to the landscape.

(c) Purpose. – It is the purpose of this Chapter to encourage quality growth and development while preserving the natural resources, open spaces, and farmland of the mountain region of Western North Carolina.

"§ 153B-2. Definitions.

The following definitions apply in this Article:

- (1) Commission. – The Mountain Resources Commission created by this Chapter.
- (2) Council. – The Mountain Area Technical Advisory Council.
- (3) Important mountain resources. – The natural and cultural resources of the mountain region of Western North Carolina, including, but not limited to, State and federal public lands, wildlife habitat, farms, forestland and rural landscapes, mountain vistas, mountain streams and rivers, mountain lakes, and historical and archeological resources.
- (4) Mountain region of Western North Carolina. – The area encompassed by the counties of Alexander, Alleghany, Ashe, Avery, Buncombe, Burke, Caldwell, Cherokee, Clay, Cleveland, Graham, Haywood, Henderson, Jackson, McDowell, Macon, Madison, Mitchell, Polk, Rutherford, Surry, Swain, Transylvania, Watauga, Wilkes, Yadkin, and Yancey in the State.
- (5) Secretary. – The Secretary of the Department of Environment and Natural Resources.

"§ 153B-3. Mountain Resources Commission.

(a) Creation. – The Mountain Resources Commission is hereby established. The Commission is a permanent body corporate of the State composed of members from the mountain region of Western North Carolina. The Commission shall be located administratively in the Department of Environment and Natural Resources but shall exercise its statutory powers and duties independently of the Department of Environment and Natural Resources. The Commission shall meet in Western North Carolina. Funds appropriated for the Commission by the General Assembly shall be disbursed directly to the Commission at the beginning of each fiscal year.

(b) Purpose. – The purposes and functions of the Mountain Resources Commission are to do all of the following:

- (1) Identify and evaluate issues affecting important mountain resources and recommend policies and programs to address those issues.
- (2) Coordinate with existing local and regional efforts to address threats to important mountain resources and work undertaken by councils of government and the jurisdictions they serve in the mountain region of Western North Carolina.

Session Law 2009-486

S.B. 1020

AN ACT TO PROTECT AND RESTORE WATER QUALITY AND QUANTITY IN THE UPPER NEUSE RIVER BASIN, FALLS LAKE, AND OTHER DRINKING WATER SUPPLY RESERVOIRS BY DIRECTING THE ENVIRONMENTAL MANAGEMENT COMMISSION TO PROVIDE CREDIT TO LOCAL GOVERNMENTS, LANDOWNERS, AND OTHERS WHO REDUCE WATER POLLUTION IN THE UPPER NEUSE RIVER BASIN BEFORE PERMANENT RULES ARE ADOPTED AND TO MODIFY THE NUTRIENT MANAGEMENT STRATEGY AND ADOPT A SEDIMENTATION STRATEGY FOR CERTAIN DRINKING WATER SUPPLY RESERVOIRS.

Whereas, that portion of the Neuse River Basin that is upstream of the Falls Dam and that includes Falls Lake is often referred to as the Upper Neuse River Basin; and

Whereas, the nine drinking water supply reservoirs in the Upper Neuse River Basin provide water for drinking, sanitation, food processing, cooling, industrial processing, and other essential uses for the citizens of Orange, Person, Durham, Granville, and Wake Counties; and

Whereas, the General Assembly enacted S.L. 1997-458, the Clean Water Responsibility and Environmentally Sound Policy Act, to protect and restore the waters of the State in 1997; and

Whereas, the General Assembly enacted S.L. 2005-190, the Clean Lakes Act, to protect and restore the drinking water supply reservoirs of the State in 2005; and

Whereas, the North Carolina Division of Water Quality in the Department of Environment and Natural Resources listed Falls Lake in the Upper Neuse River Basin as impaired waters in 2008, and the U.S. Environmental Protection Agency also classifies Falls Lake as impaired waters due to nutrients and turbidity; and

Whereas, the quality and quantity of the water in the nine drinking water supply reservoirs in the Upper Neuse River Basin are essential to public health, environmental quality, and the economic vitality of the region; and

Whereas, the North Carolina Environmental Management Commission may not develop a nutrient management strategy and rules to implement the nutrient management strategy for the Upper Neuse River Basin by July 1, 2009, as required by law; and

Whereas, delayed development of a nutrient management strategy and rules to implement the nutrient management strategy threatens the quality and quantity of drinking water supply reservoirs in the Upper Neuse River Basin; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1.(a) Definition. – For purposes of this section, the term "Upper Neuse River Basin" is that portion of the Neuse River Basin upstream of the Falls Dam, including Falls Lake.

SECTION 1.(b) Credit for Early Adoption. – The Environmental Management Commission shall encourage local governments, landowners, and others to develop, adopt, and implement policies and practices to reduce the runoff and discharge of nitrogen, phosphorus, sediment, and other pollutants into the surface waters and drinking water supply reservoirs in the Upper Neuse River Basin before it adopts permanent rules to implement the nutrient management strategy and the turbidity strategy for Upper Falls Lake. The Environmental Management Commission shall, in its permanent rules, provide credit for the early

implementation of the nutrient management strategy for the Upper Neuse River Basin and the turbidity strategy for Falls Lake to local governments, landowners, and others who implement policies and practices after January 1, 2007, to reduce runoff and discharge of nitrogen, phosphorus, and sediment in the Upper Neuse River Basin.

SECTION 1.(c) Reports. – The Environmental Management Commission shall report its progress in implementing this section to the Environmental Review Commission as part of each quarterly report it makes pursuant to G.S. 143B-282(b).

SECTION 2.(a) Section 3 of S.L. 2005-190, as amended by Section 31 of S.L. 2006-259, reads as rewritten:

"SECTION 3.(a) Applicability of section to certain reservoirs. – This section applies only to drinking water supply reservoirs that meet all of the following criteria as of 1 July 2005:

- (1) The reservoir serves a population greater than 300,000 persons.
- (2) The Environmental Management Commission has classified all or any part of the water in the reservoir as a nutrient sensitive water (NSW).
- (3) Water quality monitoring data indicates that water quality in the reservoir violates the chlorophyll A standard.
- (4) The Division of Water Quality of the Department of Environment and Natural Resources has not prepared or updated a calibrated nutrient response model for the reservoir since 1 July 2002.

"SECTION 3.(b) Temporary limitation on increased nutrient loading. – If the Environmental Management Commission determines either that water quality in all or in any part of a drinking water supply reservoir to which this section applies does not meet current water quality standards or that it is likely that water quality will not meet water quality standards at any time prior to 1 July 2010, the Commission shall not make any new or increased nutrient loading allocation to any person who is required to obtain a permit under G.S. 143-215 for an individual wastewater discharge directly or indirectly into that reservoir. This limitation on new or increased nutrient loading allocation shall not be construed to prohibit a person who holds a permit for a wastewater discharge into a drinking water supply reservoir from purchasing a nutrient loading allocation from another person who holds a permit for a wastewater discharge into the same drinking water supply reservoir. This subsection expires with respect to a drinking water supply reservoir when permanent rules adopted by the Commission to implement the nutrient management strategy for that reservoir become effective.

"SECTION 3.(c) Nutrient management strategy. – The Environmental Management Commission shall develop a nutrient management strategy for drinking water supply reservoirs to which this section applies by ~~1 July 2009~~ 15 January 2011. The nutrient management strategy shall be based on a calibrated nutrient response model that meets the requirement of G.S. 143-215.1(c5). The nutrient management strategy shall include specific mandatory measures to achieve the reduction goals. ~~The Commission shall consider the cost of the proposed measures in relation to the effectiveness of the measures. In developing the nutrient management strategy, the Commission shall consider the effectiveness of measures previously implemented in the watershed and the cost of the proposed measures in relation to their effectiveness.~~ These measures could include, but are not limited to, buffers, erosion and sedimentation control requirements, post-construction stormwater management, agricultural nutrient reduction measures, the addition of nutrient removal treatment processes to point source permitted wastewater treatment plants, the removal of point source discharging wastewater treatments through regionalization and conversion to nondischarge treatment technologies, measures to address nutrient inputs from on-site wastewater treatment systems, control of atmospheric deposition, allowing the sale and purchase of nutrient offsets, allowing trading of nutrient loading allocations and credits for nutrient reductions, and any other measures that the Commission determines to be necessary to meet the nutrient reduction goals. To the extent that one or more other State programs already mandate any of these measures, the nutrient management strategy shall incorporate the mandated measures and any extension of

those measures and any additional measures that may be necessary to achieve the nutrient reduction goals. In making a nutrient loading allocation to a permit holder, the Commission shall, to the extent allowed by federal and State law, give consideration to all voluntary efforts taken by the permit holder to protect water quality prior to the development of the nutrient management strategy.

"SECTION 3.(d) Eligibility under the Clean Water Revolving Loan and Grant Act. – The definitions set out in G.S. 159G-3 apply to this subsection. The operator of a wastewater treatment works that is owned by an agency of the State may apply for a loan or grant under Chapter 159G of the General Statutes on the same basis as any other applicant if the operator is a local government unit and if the local government unit operates the wastewater treatment works pursuant to a contract with the State agency that contemplates that the local government unit will eventually acquire ownership of the wastewater treatment works.

"SECTION 3.(e) Implementation; rulemaking. – The Environmental Management Commission shall adopt permanent rules to implement the nutrient management strategies required by this section by ~~1 July 2009~~ 15 January 2011. The rules shall require that reductions in nutrient loading from all sources begin no later than five years after the rules become effective. The rules shall require that stormwater management programs to reduce nutrient loading from new development be implemented no later than 30 months after the rules become effective.

"SECTION 3.(f) Reports. – The Environmental Management Commission shall report its progress in implementing this section to the Environmental Review Commission as a part of each quarterly report it makes pursuant to G.S. 143B-282(b)."

SECTION 2.(b) S.L. 2005-190, as amended by Section 31 of S.L. 2006-259, is amended by adding four new subsections to read:

"SECTION 3.(g) Compensatory mitigation for riparian buffer loss; nutrient offset purchases. – Compensatory mitigation for riparian buffer loss in the watershed of a drinking water supply to which this section applies must be performed in the watershed of the drinking water supply. The Environmental Management Commission may further limit the area in which compensatory mitigation for riparian buffer loss must be performed in the watershed of a drinking water supply to which this section applies. Any nutrient offset purchased to offset loading in the watershed of a drinking water supply to which this section applies may only be obtained from an offset project located in the watershed of the drinking water supply. The Environmental Management Commission may further limit the area from which nutrient offsets may be obtained in the watershed of a drinking water supply to which this section applies.

"SECTION 3.(h) Additional standards for land-disturbing activities in the water supply watershed. – For purposes of this section, "land-disturbing activity" does not include the land-disturbing activities set out in G.S. 113A-52.01. In addition to any other requirements of State, federal, and local law, land-disturbing activity in the watershed of the water supply reservoir to which this section applies shall meet all of the following design standards for sedimentation and erosion control:

- (1) Erosion and sedimentation control measures, structures, and devices shall be planned, designed, and constructed to provide protection from the runoff of the 25-year storm that produces the maximum peak rate of runoff as calculated according to procedures set out in the United States Department of Agriculture Soil Conservation Service's "National Engineering Field Manual for Conservation Practices" or according to procedures adopted by any other agency of the State or the United States or any generally recognized organization or association.
- (2) Sediment basins shall be planned, designed, and constructed so that the basin will have a settling efficiency of at least seventy percent (70%) for the 40-micron size soil particle transported into the basin by the runoff of the two-year storm that produces the maximum peak rate of runoff as calculated according to procedures in the United States Department of Agriculture Soil

Conservation Service's "National Engineering Field Manual for Conservation Practices" or according to procedures adopted by any other agency of the State or the United States or any generally recognized organization or association.

- (3) Newly constructed open channels shall be planned, designed, and constructed with side slopes no steeper than two horizontal to one vertical if a vegetative cover is used for stabilization unless soil conditions permit steeper slopes or where the slopes are stabilized by using mechanical devices, structural devices, or other acceptable ditch liners. In any event, the angle for side slopes shall be sufficient to restrain accelerated erosion.
- (4) For an area of land-disturbing activity where grading activities have been completed, temporary or permanent ground cover sufficient to restrain erosion shall be provided as soon as practicable, but in no case later than seven days after completion of grading. For an area of land-disturbing activity where grading activities have not been completed, temporary ground cover shall be provided as follows:
 - a. For an area with no slope, temporary ground cover shall be provided for the area if it has not been disturbed for a period of 14 days.
 - b. For an area of moderate slope, temporary ground cover shall be provided for the area if it has not been disturbed for a period of 10 days. For purposes of this subdivision, "moderate slope" means an inclined area, the inclination of which is less than or equal to three units of horizontal distance to one unit of vertical distance.
 - c. For an area of steep slope, temporary ground cover shall be provided for the area if it has not been disturbed for a period of seven days. For purposes of this subdivision, "steep slope" means an inclined area, the inclination of which is greater than three units of horizontal distance to one unit of vertical distance.

"SECTION 3.(i) For purposes of this section, "land-disturbing activity" does not include the land-disturbing activities set out in G.S. 113A-52.01. No later than December 31, 2011, the Sedimentation Control Commission shall adopt rules for the control of erosion and sedimentation resulting from land-disturbing activities in the watershed of the water supply reservoir to which this section applies. In developing the rules, the Commission shall consider the standards established pursuant to Section 3(h), as enacted by Section 2(b) of this act.

"SECTION 3.(j) The Department of Environment and Natural Resources, in consultation with the Environmental Management Commission, shall identify improvements needed in the design, operation, and siting of septic tank systems in order to reduce excess nutrient loading from septic tank systems in the watershed of a drinking water supply to which this section applies. The Department shall report its findings and recommendations for specific changes to standards adopted by the Commission for Public Health pursuant to G.S. 130A-355 to the Commission for Public Health and to the Environmental Review Commission no later than March 1, 2010."

SECTION 3. Concurrent with the permanent rule making required by Section 3 of S.L. 2005-190, as amended by Section 31 of S.L. 2006-259 and Section 2(a) of this act, and pursuant to G.S. 143-215.8B, the Environmental Management Commission shall adopt temporary rules. The Commission shall adopt the temporary rules required by this section by January 15, 2011.

SECTION 4. Section 3(h) of S.L. 2005-190, as enacted by Section 2(b) of this act, becomes effective January 1, 2010, applies to land-disturbing activities begun on or after January 1, 2010, and expires on the date that rules adopted pursuant to Section 3(i) of S.L. 2005-190, as enacted by Section 2(b) of this act, become effective. The remaining sections of this act are effective when they become law.

- (3) Former Franchisee. – A new motor vehicle dealer, as defined in G.S. 20-286(13), that has entered into a franchise, as defined in G.S. 20-286(8a) with a predecessor manufacturer and that has either:

A successor manufacturer who seeks to assert that a former franchisee is unfit to own or manage the dealership must file a petition seeking a hearing on this issue before the Commissioner and shall have the burden of proving lack of fitness at such hearing. The Commissioner shall try to conduct the hearing and render a final determination within 120 days after the manufacturer's petition has been filed. No successor dealer, other than the former franchisee, may be appointed or franchised by the successor manufacturer within the relevant market area until the Commissioner has held a hearing and rendered a determination on the issue of the fitness of the previous franchisee to own or manage the dealership."

- (1) The definitions set out in G.S. 122C-3.
 (2) "Remote testimony" means a method by which a witness testifies outside of an open forum and outside of the physical presence of a party or parties.

(b) Remote Testimony Authorized. – A person with a developmental disability or a person with mental retardation who is competent to testify may testify by remote testimony in a civil proceeding or special proceeding if the court determines by clear and convincing evidence that the witness would suffer serious emotional distress from testifying in the presence of a named party or parties or from testifying in an open forum and that the ability of the witness to communicate with the trier of fact would be impaired by testifying in the presence of a named party or parties or from testifying in an open forum.

(c) Hearing Procedure. – Upon motion of a party or the court's own motion, and for good cause shown, the court shall hold an evidentiary hearing to determine whether to allow remote testimony. Except as provided in this section, the court shall ensure that the counsel for all parties is physically present where the witness testifies and has a full and fair opportunity for examination and cross-examination of the witness. In a proceeding where a party is representing itself, the court may limit or deny the party from being physically present during testimony if the court finds that the witness would suffer serious emotional distress from testifying in the presence of the party. A party may waive the right to have counsel physically present where the witness testifies.

(f) Nonexclusive Procedure and Standard. – Nothing in this section shall prohibit the use or application of any other method or procedure authorized or required by law for the introduction into evidence of statements or testimony of a person with a developmental disability or a person with mental retardation."

(c) Hearing Procedure. – Upon motion of a party or the court's own motion, and for good cause shown, the court shall hold an evidentiary hearing to determine whether to allow remote testimony. H.B. 806

AN ACT TO REQUIRE THAT A HOMEOWNERS ASSOCIATION MAKE REASONABLE AND DILIGENT EFFORTS TO LOCATE AND NOTIFY A LOT OWNER UNDER THE PLANNED COMMUNITY ACT OR A UNIT OWNER UNDER THE CONDOMINIUM ACT PRIOR TO FILING A CLAIM OF LIEN FOR ASSESSMENTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 47F-3-116 reads as rewritten:

"§ **47F-3-116. Lien for assessments.**

(a) Any assessment levied against a lot remaining unpaid for a period of 30 days or longer shall constitute a lien on that lot when a claim of lien is filed of record in the office of the clerk of superior court of the county in which the lot is located in the manner provided herein. Prior to filing a claim of lien, the association must make reasonable and diligent efforts to ensure that its records contain the lot owner's current mailing address. No fewer than 15 days prior to filing the lien, the association shall mail a statement of the assessment amount due by first-class mail to the physical address of the lot and the lot owner's address of record with the association, and, if different, to the address for the lot owner shown on the county tax records and the county real property records for the lot. If the lot owner is a corporation, the statement shall also be sent by first-class mail to the mailing address of the registered agent for the corporation. Unless the declaration otherwise provides, fees, charges, late charges, and other charges imposed pursuant to G.S. 47F-3-102, 47F-3-107, 47F-3-107.1, and 47F-3-115 are enforceable as assessments under this section. Except as provided in subsections (a1) and (a2) of this section, the association may foreclose the claim of lien in like manner as a mortgage on real estate under power of sale under Article 2A of Chapter 45 of the General Statutes.

(a1) An association may not foreclose an association assessment lien under Article 2A of Chapter 45 of the General Statutes if the debt securing the lien consists solely of fines imposed by the association, interest on unpaid fines, or attorneys' fees incurred by the association solely associated with fines imposed by the association. The association, however, may enforce the lien by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

(a2) An association shall not levy, charge, or attempt to collect a service, collection, consulting, or administration fee from any lot owner unless the fee is expressly allowed in the declaration. Any lien securing a debt consisting solely of these fees may only be enforced by judicial foreclosure as provided in Article 29A of Chapter 1 of the General Statutes.

(b) The lien under this section is prior to all liens and encumbrances on a lot except (i) liens and encumbrances (specifically including, but not limited to, a mortgage or deed of trust on the lot) recorded before the docketing of the claim of lien in the office of the clerk of

superior court, and (ii) liens for real estate taxes and other governmental assessments and charges against the lot. This subsection does not affect the priority of mechanics' or materialmen's liens.

(c) A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within three years after the docketing of the claim of lien in the office of the clerk of superior court.

(d) This section does not prohibit other actions to recover the sums for which subsection (a) of this section creates a lien or prohibit an association taking a deed in lieu of foreclosure.

(e) A judgment, decree, or order in any action brought under this section shall include costs and reasonable attorneys' fees for the prevailing party. If the lot owner does not contest the collection of debt and enforcement of a lien after the expiration of the 15-day period following notice as required in subsection (e1) of this section, then reasonable attorneys' fees shall not exceed one thousand two hundred dollars (\$1,200), not including costs or expenses incurred. The collection of debt and enforcement of a lien remain uncontested as long as the lot owner does not dispute, contest, or raise any objection, defense, offset, or counterclaim as to the amount or validity of the debt and lien asserted or the association's right to collect the debt and enforce the lien as provided in this section. The attorneys' fee limitation in this subsection shall not apply to judicial foreclosures or to proceedings authorized under subsection (d) of this section or G.S. 47F-3-120.

(e1) A lot owner may not be required to pay attorneys' fees and court costs until the lot owner is notified in writing of the association's intent to seek payment of attorneys' fees and court costs. The notice must be sent by first-class mail to the property address and, if different, to the mailing address for the lot owner in the association's records. The association must make reasonable and diligent efforts to ensure that its records contain the lot owner's current mailing address. The notice shall set out the outstanding balance due as of the date of the notice and state that the lot owner has 15 days from the mailing of the notice by first-class mail to pay the outstanding balance without the attorneys' fees and court costs. If the lot owner pays the outstanding balance within this period, then the lot owner shall have no obligation to pay attorneys' fees and court costs. The notice shall also inform the lot owner of the opportunity to contact a representative of the association to discuss a payment schedule for the outstanding balance as provided in subsection (e2) of this section and shall provide the name and telephone number of the representative.

(e2) The association, acting through its executive board and in the board's sole discretion, may agree to allow payment of an outstanding balance in installments. Neither the association nor the lot owner is obligated to offer or accept any proposed installment schedule. Reasonable administrative fees and costs for accepting and processing installments may be added to the outstanding balance and included in an installment payment schedule. Reasonable attorneys' fees may be added to the outstanding balance and included in an installment schedule only after the lot owner has been given notice as required in subsection (e1) of this section.

(f) Where the holder of a first mortgage or first deed of trust of record, or other purchaser of a lot obtains title to the lot as a result of foreclosure of a first mortgage or first deed of trust, such purchaser and its heirs, successors, and assigns, shall not be liable for the assessments against such lot which became due prior to the acquisition of title to such lot by such purchaser. Such unpaid assessments shall be deemed to be common expenses collectible from all the lot owners including such purchaser, its heirs, successors, and assigns.

(g) A claim of lien shall set forth the name and address of the association, the name of the record owner of the lot at the time the claim of lien is filed, a description of the lot, and the amount of the lien claimed. The first page of the claim of lien shall contain the following statement in print that is in boldface, capital letters and no smaller than the largest print used elsewhere in the document: **THIS DOCUMENT CONSTITUTES A LIEN AGAINST YOUR PROPERTY, AND IF THE LIEN IS NOT PAID, THE HOMEOWNERS ASSOCIATION MAY PROCEED WITH FORECLOSURE AGAINST YOUR**

PROPERTY IN LIKE MANNER AS A MORTGAGE UNDER NORTH CAROLINA LAW. The person signing the claim of lien on behalf of the association shall attach to and file with the claim of lien a certificate of service attesting to the attempt of service on the record owner, which service shall be attempted in accordance with G.S. 1A-1, Rule 4(j) for service of a copy of a summons and a complaint. If the actual service is not achieved, the person signing the claim of lien on behalf of the association shall be deemed to have met the requirements of this subsection if service has been attempted pursuant to both of the following: (i) G.S. 1A-1, Rule 4(j)(1) c., d., or e.; and (ii) by mailing a copy of the lien by regular, first-class mail, postage prepaid to the physical address of the lot and the lot owner's address of record with the association, and, if different, to the address for the lot owner shown on the county tax records and the county real property records for the lot. In the event that the owner of record is not a natural person, and actual service is not achieved, the person signing the claim of lien on behalf of the association shall be deemed to have met the requirements of this subsection if service has been attempted once pursuant to the applicable provisions of G.S. 1A-1, Rule 4(j)(3) through G.S. 1A-1, Rule 4(j)(9)."

SECTION 2. G.S. 47C-3-116 reads as rewritten:

"§ **47C-3-116. Lien for assessments.**

(a) Any assessment levied against a unit remaining unpaid for a period of 30 days or longer shall constitute a lien on that unit when a claim of lien is filed of record in the office of the clerk of superior court of the county in which the unit is located in the manner provided herein. Prior to filing a claim of lien, the association must make reasonable and diligent efforts to ensure that its records contain the unit owner's current mailing address. No fewer than 15 days prior to filing the lien, the association shall mail a statement of the assessment amount due by first-class mail to the physical address of the unit and the unit owner's address of record with the association, and, if different, to the address for the unit owner shown on the county tax records and the county real property records for the unit. If the unit owner is a corporation, the statement shall also be sent by first-class mail to the mailing address of the registered agent for the corporation. Unless the declaration otherwise provides, fees, charges, late charges and other charges imposed pursuant to G.S. 47C-3-102, 47C-3-107, 47C-3-107.1, and 47C-3-115 are enforceable as assessments under this section. The attorneys' fee limitation in this subsection shall not apply to judicial foreclosures or proceedings authorized under subsection (d) of this section or G.S. 47C-4-117.

(e1) A unit owner may not be required to pay attorneys' fees and court costs until the unit owner is notified in writing of the association's intent to seek payment of attorneys' fees and court costs. If the district court exercises jurisdiction under this subsection to revoke probation, appeal of an order revoking probation is to the appellate division."

SECTION 7.(b) If Senate Bill 851, 2009 Regular Session, becomes law, G.S. 7A-271(f) as enacted by that act is repealed.

SECTION 8.(a) G.S. 7A-272 is amended by adding a new subsection to read:

"(e) With the consent of the chief district court judge and the senior resident superior court judge, the district court has jurisdiction to preside over the supervision of a probation judgment entered in superior court in which the defendant is required to participate in a drug treatment court program pursuant to G.S. 15A-1343(b1)(2b) or is participating in the drug treatment court pursuant to a deferred prosecution agreement under G.S. 15A-1341(a2). "(a) Authority to Alter or Revoke. – Except as provided in subsection (a1) or (b), probation may be reduced, terminated, continued, extended, modified, or revoked by any judge entitled to sit in the court which imposed probation and who is resident or presiding in the district court district as defined in G.S. 7A-133 or superior court district or set of districts as defined in G.S. 7A-41.1, as the case may be, where the sentence of probation was imposed, where the probationer violates probation, or where the probationer resides. Upon a finding that an offender sentenced to community punishment under Article 81B has violated one or more conditions of probation, the court's authority to modify the probation judgment includes the authority to require the offender to comply with conditions of probation that would otherwise make the sentence an intermediate punishment. The district attorney of the prosecutorial district as defined in G.S. 7A-60 in which probation was imposed must be given reasonable notice of any hearing to affect probation substantially."

SECTION 10.(a) G.S. 15A-1344 is amended by adding a new subsection to read:

SECTION 10.(b) If Senate Bill 851, 2009 Regular Session, becomes law, G.S. 15A-1344(a1) as enacted by that act is repealed.

SECTION 11. G.S. 7A-39 reads as rewritten:

"§ 7A-39. **Cancellation of court sessions and closing court offices; extension of statutes of limitations and other emergency orders in catastrophic conditions.**

(a) Cancellation of Court Sessions, Closing Court Offices. – In response to adverse weather or other emergency situations, including catastrophic conditions, any session of any court of the General Court of Justice may be cancelled, postponed, or altered by judicial officials, and court offices may be closed by judicial branch hiring authorities, pursuant to uniform statewide guidelines prescribed by the Director of the Administrative Office of the Courts. As used in this section, "catastrophic conditions" means any set of circumstances that makes it impossible or extremely hazardous for judicial officials, employees, parties, witnesses, or other persons with business before the courts to reach a courthouse, or that creates a significant risk of physical harm to persons in a courthouse, or that would otherwise convince a reasonable person to avoid traveling to or being in a courthouse.

(b) Authority of Chief Justice. – When the Chief Justice of the North Carolina Supreme Court determines and declares that catastrophic conditions exist or have existed in one or more counties of the State, the Chief Justice may by order entered pursuant to this ~~subsection extend~~, subsection:

- (1) Extend, to a date certain no fewer than 10 days after the effective date of the order, the time or period of limitation within which pleadings, motions, notices, and other documents and papers may be timely filed and other acts may be timely done in civil actions, criminal actions, estates, and special proceedings in each county named in the order. ~~(1) Catastrophic conditions defined. – As used in this subsection, "catastrophic conditions" means any set of circumstances that make it impossible or extremely hazardous for judicial officials, employees, parties, witnesses, or other persons with business before the courts to reach a courthouse, or that create a significant risk of physical harm to persons in a courthouse, or that would otherwise convince a reasonable person to avoid travelling to or being in the~~

~~courthouse.~~ (2) Entry of order.—The Chief Justice may enter an order under this subsection during the catastrophic conditions or at any time after catastrophic ~~such~~ conditions have ceased to exist. The order shall be in writing and shall become effective for each affected county upon the date set forth in the order, and if no date is set forth in the order, then upon the date the order is signed by the Chief Justice.

- (2) Issue any emergency directives that, notwithstanding any other provision of law, are necessary to ensure the continuing operation of essential trial or appellate court functions, including the designation or assignment of judicial officials who may be authorized to act in the general or specific matters stated in the emergency order, and the designation of the county or counties and specific locations within the State where such matters may be heard, conducted, or otherwise transacted. The Chief Justice may enter such emergency orders under this subsection in response to existing or impending catastrophic conditions or their consequences. An emergency order under this subsection shall expire the sooner of the date stated in the order, or 30 days from issuance of the order, but the order may be extended in whole or in part by the Chief Justice for additional 30-day periods if the Chief Justice determines that the directives remain necessary.

(c) In Chambers Jurisdiction Not Affected. – Nothing in this section prohibits a judge or other judicial officer from exercising, during adverse weather or other emergency situations, including catastrophic conditions, any in chambers or ex parte jurisdiction conferred by law upon that judge or judicial officer, as provided by law. The effectiveness of any such exercise shall not be affected by a determination by the Chief Justice that catastrophic conditions existed at the time it was exercised.

(d) Nothing in this section shall be construed to abrogate or diminish the inherent judicial powers of the Chief Justice or the Judicial Branch."

If the motion for appropriate relief is being made in superior court and is being made by an attorney, the attorney must certify in writing that there is a sound legal basis for the motion and that it is being made in good faith; and that the attorney has notified both the district attorney's office and the attorney who initially represented the defendant of the motion; and further, that the attorney has reviewed the trial transcript or made a good-faith determination that the nature of the relief sought in the motion does not require that the trial transcript be read in its entirety. In the event that the trial transcript is unavailable, instead of certifying that the attorney has read the trial transcript, the attorney shall set forth in writing what efforts were undertaken to locate the transcript; and

d. Be timely filed.

(2) A written motion for appropriate relief must be served in the manner provided in G.S. 15A-951(b). When the written motion is made more than 10 days after entry of judgment, service of the motion and a notice of hearing must be made not less than five working days prior to the date of the hearing. When a motion for appropriate relief is permitted to be made orally the court must determine whether the matter may be heard immediately or at a later time. If the opposing party, or his counsel if he is represented, is not present, the court must provide for the giving of adequate notice of the motion and the date of hearing to the opposing party, or his counsel if he is represented by counsel.

(3) A written motion for appropriate relief must be filed in the manner provided in G.S. 15A-951(c).

The State, to the extent allowed by law, shall make available to the ~~capital~~ defendant's counsel the complete files of all

law enforcement and prosecutorial agencies involved in the investigation of the crimes committed or the prosecution of the defendant. If the State has a reasonable belief that allowing inspection of any portion of the files by counsel for the ~~capital~~-defendant would not be in the interest of justice, the State may submit for inspection by the court those portions of the files so identified. If upon examination of the files, the court finds that the files could not assist the ~~capital~~-defendant in investigating, preparing, or presenting a motion for appropriate relief, the court in its discretion may allow the State to withhold that portion of the files."

AN ACT TO ALLOW CITIES WITH POPULATION GREATER THAN A CERTAIN POPULATION THRESHOLD TO BE SUBJECT TO THE STATE TORT CLAIMS ACT WITH CERTAIN MODIFICATIONS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 21 of Chapter 160A of the General Statutes is amended by adding a new section to read:

"§ 160A-485.5. Waiver of immunity for large cities through State Tort Claims Act.

(a) Any city with a population of 500,000 or more according to the most recent decennial federal census is authorized to waive its immunity from civil liability in tort by passage of a resolution expressing the intent of the city to waive its sovereign immunity pursuant to Article 31 of Chapter 143 of the General Statutes, as modified by subsection (b) of this section, and subject to the limitations set forth by subsection (c) of this section. Any resolution passed pursuant to this section shall apply to all claims arising on or after the passage of the resolution, until repealed.

(b) The following modifications of Article 31 of Chapter 143 of the General Statutes shall apply to the waiver of sovereign immunity described by subsection (a) of this section:

- (1) Jurisdiction for tort claims against the city shall be vested in the Superior Court Division of the General Court of Justice of the county where the city is principally located, and, except as otherwise provided in this section, tort claims against a city shall be governed by the North Carolina Rules of Civil Procedure. The city shall be solely responsible for the expenses of its legal representation in connection with claims asserted against it, and for payment of the amount for which it is found liable under this section. Therefore, G.S. 143-291, 143-291.1, 143-291.2, 143-291.3, 143-292, 143-293, 143-295, 143-295.1, 143-296, 143-297, 143-298, 143-299.4, and 143-300 shall not apply to claims under this section.
- (2) Appeals to the Court of Appeals from a decision of the Superior Court Division shall be treated in the same manner as an appeal from a decision of the Industrial Commission under G.S. 143-294.
- (3) The limitation on claims set forth in G.S. 143-299; the burden of proof and defense set forth in G.S. 143-299.1; notwithstanding G.S. 143-299.1A(c), the defense set forth in G.S. 143-299.1A; and the limitation on payments set forth in G.S. 143-299.2 shall apply to claims filed with the Superior Court Division under this section.

(c) If a city waives its immunity pursuant to subsection (a) of this section, G.S. 160A-485 shall not apply to that city. The city may purchase liability insurance or adopt a resolution creating a self-funded reserve to insure liability for negligence of any officer, employee, involuntary servant or agent of the city while acting within the scope of his office, employment, service, agency or authority, under circumstances where the city, if a private person, would be liable to the claimant in accordance with the laws of North Carolina.

(d) No document or exhibit that relates to or alleges facts as to the city's insurance against liability shall be read, exhibited, or mentioned in the presence of the trial jury in the trial of any claim brought pursuant to this section, nor shall the plaintiff, plaintiff's counsel, or anyone testifying on the plaintiff's behalf directly or indirectly convey to the jury any inference that the city's potential liability is covered by insurance. No judgment may be entered against the city unless the plaintiff waives the plaintiff's right to a jury trial on all issues of law or fact relating to insurance coverage. All issues relating to insurance coverage shall be heard and determined by the judge without resort to a jury. The jury shall be absent during all motions, arguments, testimony, or announcement of findings of fact or conclusions of law with respect to insurance coverage. The city may waive its right to have issues concerning insurance coverage determined by the judge without a jury and may request a jury trial on these issues."

If a multi-county service district is established, as provided in this subsection, the boards of commissioners of the counties involved shall jointly determine whether the same appraisal and assessment standards apply uniformly throughout the district. This determination shall be set out in concurrent resolutions of the boards. If the same appraisal and assessment standards apply uniformly throughout the district, the boards of commissioners of all the counties shall levy the same rate of tax for the district, so that a uniform rate of tax is levied for district purposes throughout the district. If the boards determine that the same standards do not apply uniformly throughout the district, the boards shall agree on the extent of divergence between the counties and on the resulting adjustments of tax rates that will be necessary in order that an effectively uniform rate of tax is levied for district purposes throughout the district.

The boards of commissioners of the counties establishing a multi-county service district pursuant to this subsection may, by concurrent resolution, provide for the administration of services within the district by one ~~county~~ or more counties on behalf of all the establishing counties.

(c) Report. – Before the public hearing required by subsection (d), the board of commissioners shall cause to be prepared a report containing:

- (1) A map of the proposed district, showing its proposed boundaries;

- (3) A plan for providing one or more services, facilities, or functions to the district.

The report shall be available for public inspection in the office of the clerk to the board for at least four weeks before the date of the public hearing.

(d) **Hearing and Notice.** – The board of commissioners shall hold a public hearing before adopting any resolution defining a service district under this section. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall include a map of the proposed district and a statement that the report required by subsection (c) is available for public inspection in the office of the clerk to the board. The notice shall be published at least once not less than one week before the date of the hearing. In addition, it shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the proposed district. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed and his certificate is conclusive in the absence of fraud.

(e) **Effective Date.** – The resolution defining a service district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the board of commissioners."

SECTION 3.(b) G.S. 153A-313 reads as rewritten:

"§ **153A-313. Advisory committee.**

(a) The board or boards of commissioners, in the resolution establishing a research and production service district, shall also provide for an advisory committee for the district. Such a committee shall have at least 10 members, serving terms as set forth in the resolution; one member shall be the representative of the developer of the research and production park. The resolution shall provide for the appointment or designation of a chairman. The board of commissioners or, in the case of a multi-county service district, the boards of commissioners shall appoint the members of the advisory committee. If a multi-county service district is established, the concurrent resolutions establishing the district shall provide how many members of the advisory committee are to be appointed by each board of commissioners. Before making the appointments, the appropriate board shall request the association of owners and tenants, required by G.S. 153A-312(a), to submit a list of persons to be considered for appointment to the committee; the association shall submit at least two names for each appointment to be made. Except as provided in the next two sentences, the board of commissioners shall make the appointments to the committee from the list of persons submitted. In addition, the developer of the research and production park shall appoint one person to the advisory committee as the developer's representative on the committee. In addition, in a single county service district, the board of commissioners may make two additional appointments of such other persons as the board of commissioners deems appropriate, and in a multi-county service district, each board of county commissioners may make one additional appointment of such other person as that board of commissioners deems appropriate. Whenever a vacancy occurs on the committee in a position filled by appointment by a board of commissioners, the appropriate board, before filling the vacancy, shall request the association to submit the names of at least two persons to be considered for the vacancy; and the board shall fill the vacancy by appointing one of the persons so submitted, except that if the vacancy is in a position appointed by the board of commissioners under the preceding sentence of this section, the board of commissioners making that appointment shall fill the vacancy with such person as that board of commissioners deems appropriate.

Each year, before adopting the budget for the service district and levying the tax for the district, the board or boards of commissioners shall request recommendations from the advisory committee as to the level of services, facilities, or functions to be provided for the district for the ensuing year. The board or boards of commissioners shall, to the extent permitted by law, expend the proceeds of any tax levied for the district in the manner recommended by the advisory board.

(b) In the event that the research and production service district satisfies the criteria of G.S. 143B-437.08(h), the board of directors for the nonprofit corporation which owns the industrial park shall serve as the advisory committee described in subsection (a) of this section."

SECTION 3.(c) G.S. 153A-317 reads as rewritten:

"§ 153A-317. **Taxes authorized; rate limitation.**

A county may levy property taxes within a research and production service district in addition to those levied throughout the county, in order to finance, provide, or maintain for the district services provided therein in addition to or to a greater extent than those financed, provided, or maintained for the entire county. In addition, a county may allocate to a service district any other revenues whose use is not otherwise restricted by law. The proceeds of taxes only within a service district may be expended only for services provided for the district.

Property subject to taxation in a newly established district or in an area annexed to an existing district is that subject to taxation by the county as of the preceding January 1.

Such additional property taxes may not be levied within any district established pursuant to this Article in excess of a rate of ten cents (10¢) on each one hundred dollars (\$100.00) value of property subject to ~~taxation~~ taxation or, in the event that the research and production service district satisfies the criteria of G.S. 143B-437.08(h), such additional property taxes may not be levied within said district in excess of a rate of fifteen cents (15¢) on each one hundred dollars (\$100.00) value of property subject to taxation."

The simplified procedure may include requiring that all prehearing motions be considered and ruled on by the administrative law judge in the course of the hearing of the case on the merits. An administrative law judge assigned to a contested Medicaid case shall make reasonable efforts in a case involving a Medicaid applicant or recipient who is not represented by an attorney to assure a fair hearing and to maintain a complete record of the hearing. H.B. 148

AN ACT TO ESTABLISH A CONGESTION RELIEF AND INTERMODAL TRANSPORTATION 21ST CENTURY FUND; TO PROVIDE FOR ALLOCATION OF THOSE FUNDS TO: (1) LOCAL GOVERNMENTS AND TRANSPORTATION AUTHORITIES FOR PUBLIC TRANSPORTATION PURPOSES, (2) SHORT-LINE RAILROADS, FOR ASSISTANCE IN MAINTAINING AND EXPANDING FREIGHT SERVICE STATEWIDE, (3) RAILROADS FOR INTERMODAL FACILITIES, MULTIMODAL FACILITIES, AND INLAND PORTS, (4) MAKE CAPITAL IMPROVEMENTS ON RAIL LINES TO ALLOW IMPROVED FREIGHT SERVICE TO THE PORTS AND MILITARY INSTALLATIONS, (5) EXPAND INTERCITY PASSENGER RAIL SERVICE; TO EXTEND LEVELS OF LOCAL TRANSIT FUNDING AUTHORIZATION TO THREE URBAN REGIONS; AND TO ALLOW OTHER LOCAL GOVERNMENTS OPTIONS FOR LOCAL TRANSIT FUNDING.

The General Assembly of North Carolina enacts:

FUND ESTABLISHED

SECTION 1. Chapter 136 of the General Statutes is amended by adding a new Article to read:

"Article 19.

"Congestion Relief and Intermodal 21st Century Transportation Fund.

"§ 136-250. Congestion Relief and Intermodal Transportation 21st Century Fund.

There is established in the State treasury the Congestion Relief and Intermodal Transportation 21st Century Fund, hereinafter referred to as the Fund. The Fund shall consist of all revenues appropriated and allocated to it. Interest on earnings of the Fund shall remain within the Fund.

"§ 136-251. Findings of fact.

The General Assembly finds that:

- (1) Increased use of rail for transport of freight will reduce highway congestion as well as allow economic expansion in a way that lessens the impact on the State highway system.
- (2) Public transportation, in addition to a program of urban loops and toll roads, will enable North Carolina to have a balanced 21st century transportation system.
- (3) As part of its initial program of internal improvements, the State capitalized the North Carolina Railroad in the 1840s and invested in other railroads, and those internal improvements led to North Carolina's rapid economic development. The North Carolina Railroad, with a 317-mile corridor from Charlotte to Morehead City, is still owned by the State.

- (4) Improved rail facilities and restoration of abandoned rail lines can allow increased access to the North Carolina State ports and military installations located within the State.
- (5) Session Law 2005-222 found that expanding and upgrading passenger, freight, commuter, and short-line rail service is important to the economy of North Carolina; and provided that the State would seek to provide matching funds partly so it can leverage the maximum federal and private participation to fund needed rail initiatives, such as the restoration of the rail corridor from Wallace to Castle Hayne and a rail connection between north-south and east-west routes in the vicinity of Pembroke.
- (6) Rail freight plays a vital role in economic development throughout the State. Intermodal service depends on partnerships with railroads, trucking companies, seaports, and others in the transportation logistics chain. North Carolina has 3,250 mainline miles of track, with Class I railroads holding seventy-nine percent (79%) of the trackage rights, the remainder controlled by local railroads and switching and terminal railroads. The 2006 Mid-Cycle Update to the North Carolina Statewide Intermodal Transportation Plan identified seven hundred ninety-nine million dollars (\$799,000,000) in freight rail needs over the next 25 years, including maintenance and preservation, modernization, and expansion.
- (7) North Carolina's short-line railroads play a key role in the State's economic development and transportation service and are needed to provide essential services to other modes of transportation and the North Carolina port system. North Carolina agriculture is dependent upon essential service by short-line railroads. State funds are needed to maintain short-line railroads as viable contributors to economic development, agriculture, and transportation in this State in order to prevent the loss of regional rail service. The Department of Transportation reported that 44,992 rail cars handled by short-lines kept 179,688 trucks off North Carolina highways. Short-line railroads are essential to preserve and develop jobs in rural and small urban areas of North Carolina.
- (8) Intermodal facilities and inland ports can greatly reduce freight traffic on North Carolina's highway system, reducing demand, congestion, and damage.
- (9) The proposed North Carolina International Terminal will need high-capacity intermodal access.
- (10) Most of North Carolina's growth is in its urban regions. According to the State Data Center, during the first decade of the 21st century, sixty-six percent (66%) of the projected 1,270,000 growth in population is in 15 urban counties surrounding Charlotte, Raleigh, and the Triad, while forty percent (40%) is in just six counties: Mecklenburg, Wake, Durham, Orange, Forsyth, and Guilford.
- (11) This large urban population growth greatly taxes resources. Despite the visionary creation of the Highway Trust Fund by the 1989 General Assembly and the funding of urban loop highways, congestion continues to worsen. Creation of a special fund to help meet urban transportation needs with alternatives such as rail transit and buses, coupled with land-use planning, will spur and guide economic development in a more economically and environmentally sound manner. Investment in public transportation facilitates economic opportunity to the State through job creation, access to employment, and residential and commercial development. Public transportation also protects the public health by decreasing air pollution and reducing carbon emissions. It reduces traffic

- congestion, road expenditures, public and private parking costs, and the number of traffic accidents. Charlotte's recent success in opening the first phase of its light rail system, with ridership significantly over projections, shows that North Carolinians are willing to use transportation alternatives.
- (12) Significant local revenues are needed to match State funds so that a major portion of the expenses is borne by the localities receiving the majority of the benefits. A local option sales tax for public transportation was approved by a fifty-eight percent (58%) favorable vote in Mecklenburg County in 1998 and reaffirmed by a seventy percent (70%) favorable vote in 2007. Extending this authority to additional jurisdictions, along with other revenue options, will enable localities to demonstrate local support for additional transit options.
- (13) Surveys have indicated broad public support for providing additional public transportation options and for allowing localities to generate revenue to match State grants.

"§ 105-510.8. Local election on adoption of sales and use tax – regional public transportation authority.

(a) Special District. – A regional public transportation authority may create a special district that consists of the entire area of one or more counties within its territorial jurisdiction and may levy on behalf of the special district the tax authorized in this section. The proceeds of a tax levied under this section may be used only for the benefit of the special district and only for the purposes provided in this Article. If a referendum in a district fails in all the counties in the district, the transportation authority may abolish the special district.

(b) Resolution. – The board of trustees of the regional public transportation authority may, if all of the conditions listed in this subsection have been met, direct the respective county board or boards of elections to conduct an advisory referendum within the special district on the question of whether a local sales and use tax at the rate of one-half percent (1/2%) may be levied within the district in accordance with this Part. The tax may not be levied without voter approval. The election shall be held on a date jointly agreed upon by the authority, the county board or boards of commissioners, and the county board or boards of elections and shall be held in accordance with the procedures of G.S. 163-287. An election to authorize the levy of a tax under this Part may be held only on one of the following dates: (i) Tuesday after the first Monday of November in the even-numbered year, the date of the general election under G.S. 163-1, (ii) the date of the primary election in the even-numbered year under G.S. 163-1(b), (iii) Tuesday after the first Monday in November of the odd-numbered year, or (iv) a date in September or October of the odd-numbered year as listed in G.S. 163-279(a)(2), (3), or (4) but only if at least one municipality in the county is holding a primary or election on that date. The conditions are as follows:

(1) The board of trustees has obtained approval to conduct a referendum by a vote of the following:

a. A majority vote of each of the county boards of commissioners within the special district, if it is a multicounty special district.

b. A majority of the county board of commissioners within the special district, if it is a single-county special district.

(2) A public hearing is held on the question by the board or boards of commissioners at least 30 days before the date the election is to be held.

(c) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

[] FOR [] AGAINST

One-half percent (1/2%) local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems.'

(d) Expansion. – If a special district created under this Part does not include all the counties in the territorial jurisdiction of a transportation authority, it may be expanded to include an additional whole county or counties by joint action of the board of trustees of the transportation authority and the board of commissioners of the county or boards of commissioners of the counties to be added, with the approval of the voters in the county or counties to be added. The procedure for expansion of a district is the same as for the initial creation of the district, but the referendum shall be held separately within each of the counties to be added.

"§ 105-510.9. Levy and collection of sales and use tax – regional public transportation authority.

If the majority of those voting in a referendum held pursuant to G.S. 105-510.8 vote for the levy of the tax, the transportation authority may, by resolution, levy one-half percent (1/2%) local sales and use taxes within the special district, in addition to any other State and local sales and use taxes levied pursuant to law. In determining the results of the election in a multicounty district, all the counties of the district shall be considered to be one unit but also must receive a majority vote in each county, except that if the referendum is passed in one or more but not all of the counties, the counties in which the referendum was not approved are removed from the special district upon certification of the election result and the county or counties that approved the referendum shall remain in the special district. Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

...."

SECTION 2. G.S. 105-151.29 reads as rewritten:

SECTION 8.(c) G.S. 163-89(a) reads as rewritten:

"(a) Time for Challenge. – The absentee ballot of any voter may be challenged on the day of any statewide primary or general election or county bond election beginning no earlier than noon and ending no later than 5:00 P.M., or by the chief judge at the time of closing of the polls as provided in G.S. 163-232 and G.S. 163-251(b). SECTION 8.(d) G.S. 163-234 reads as rewritten:

"§ 163-234. Counting absentee ballots by county board of elections.

All absentee ballots returned to the county board of elections in the container-return envelopes shall be retained by the board to be counted by the county board of elections as herein provided.

- (1) Only those absentee ballots returned to the county board of elections no later than 5:00 p.m. on the day before election day in a properly executed container-return envelope or absentee ballots received pursuant to G.S. 163-231(b)(ii) or (iii) shall be counted, except to the extent federal law requires otherwise.
- (2) The county board of elections shall meet at 5:00 p.m. on election day in the board office or other public location in the county courthouse for the purpose of counting all absentee ballots except those which have been challenged before 5:00 p.m. on election ~~day~~ day and those received pursuant to G.S. 163-231(b)(ii) or (iii). Any elector of the county shall be permitted to attend the meeting and allowed to observe the counting process, provided the elector shall not in any manner interfere with the election officials in the discharge of their duties.

Provided, that the county board of elections is authorized to begin counting absentee ballots between the hours of 2:00 p.m. and 5:00 p.m. upon the adoption of a resolution at least two weeks prior to the election wherein the hour and place of counting absentee ballots shall be stated. Such resolution also may provide for an additional meeting following the day of the election and prior to the day of canvass to count absentee ballots received pursuant to G.S. 163-231(b)(ii) or (iii) as provided in subdivision (10) of this section. A copy of the resolutions shall be published once a week for two weeks prior to the election, in a newspaper having general circulation in the county. Notice may additionally be made on a radio or television station or both, but such notice shall be in addition to the newspaper and other required notice. The count shall be continuous until completed and the members shall not separate or leave the counting place except for unavoidable necessity, except that if the count has been completed prior to the time the polls close, it shall be suspended until that time pending

receipt of any additional ballots. Nothing in this section shall prohibit a county board of elections from taking preparatory steps for the count earlier than the times specified in this section, as long as the preparatory steps do not reveal to any individual not engaged in the actual count election results before the times specified in this subdivision for the count to begin. By way of illustration and not limitation, a preparatory step for the count would be the entry of tally cards from direct record electronic voting units into a computer for processing. The board shall not announce the result of the count before 7:30 p.m.

- (2a) Notwithstanding the provisions of subdivision (2) of this section, a county board of elections may, at each meeting at which it approves absentee ballot applications pursuant to G.S. 163-230.1(c) and (c1), remove those ballots from their envelopes and have them read by an optical scanning machine, without printing the totals on the scanner. The board shall complete the counting of these ballots at the times provided in subdivision (2) of this section. The State Board of Elections shall provide instructions to county boards of elections for executing this procedure, and the instructions shall be designed to ensure the accuracy of the count, the participation of board members of both parties, and the secrecy of the results before election day. This subdivision applies only in counties that use optical scan devices to count absentee ballots.
- (3) The counting of absentee ballots shall not commence until a majority and at least one board member of each political party represented on the board is present and that fact is publicly declared and entered in the official minutes of the county board.
- (4) The county board of elections may employ such assistants as deemed necessary to count the absentee ballots, but each board member present shall be responsible for and observe and supervise the opening and tallying of the ballots.
- (5) As each ballot envelope is opened, the board shall cause to be entered into a pollbook designated "Pollbook of Absentee Voters" the name of the absentee voter, or if the pollbook is computer-generated, the board shall check off the name. Preserving secrecy, the ballots shall be placed in the appropriate ballot boxes, at least one of which shall be provided for each type of ballot. The "Pollbook of Absentee Voters" shall also contain the names of all persons who voted under G.S. 163-227.2, but those names may be printed by computer for inclusion in the pollbook.

After all ballots have been placed in the boxes, the counting process shall begin.

If one-stop ballots under G.S. 163-227.2 are counted electronically, that count shall commence at the time the polls close. If one-stop ballots are paper ballots counted manually, that count shall commence at the same time as other absentee ballots are counted.

If a challenge transmitted to the board on canvass day by a chief judge is sustained, the ballots challenged and sustained shall be withdrawn from the appropriate boxes, as provided in G.S. 163-89(e).

As soon as the absentee ballots have been counted and the names of the absentee voters entered in the pollbook as required herein, the board members and assistants employed to count the absentee ballots shall each sign the pollbook immediately beneath the last absentee voter's name entered therein. The county board of elections shall be responsible for the safekeeping of the pollbook of absentee voters.

- (6) Upon completion of the counting process the board members shall cause the results of the tally to be entered on the absentee abstract prescribed by the State Board of Elections. The abstract shall be signed by the members of the board in attendance and the original mailed immediately to the State Board of Elections. The county board of elections may have a separate count on the abstract for one-stop absentee ballots under G.S. 163-227.2.
- (7) One copy of the absentee abstract shall be retained by the county board of elections and the totals appearing thereon shall be added to the final totals of all votes cast in the county for each office as determined on the official canvass.
- (8) In the event a political party does not have a member of the county board of elections present at the meeting to count absentee ballots due to illness or other cause of the member, the counting shall not commence until the county party chairman of said absent member, or a member of the party's county executive committee, is in attendance. Such person shall act as an official witness to the counting and shall sign the absentee ballot abstract as an "observer."
- (9) The county board of elections shall retain all container-return envelopes and absentee ballots, in a safe place, for at least four months, and longer if any contest is pending concerning the validity of any ballot.
- (10) The county board of elections shall meet after election day and prior to the date of canvass to determine where the container-return envelopes for absentee ballots received pursuant to G.S. 163-231(b)(ii) or (iii) has been properly executed. The county board of elections shall comply with the requirements of G.S. 163-230.1 for approval of applications. Any absentee ballots received pursuant to G.S. 163-231(b)(ii) or (iii) shall be counted by the county board of elections on the day of canvass. The county board of elections is also authorized to meet following the day of the election and prior to the day of canvass to count absentee ballots received pursuant to G.S. 163-231(b)(ii) or (iii) upon the adoption of a resolution pursuant to subdivision (2) of this section. The county board of elections shall comply with all other requirements of this section for the counting of such absentee ballots."

SECTION 9. Article 21 of Chapter 163 of the General Statutes is amended by adding a new section to read:

"§ 163-258. Emergency powers.

If an international, national, or local emergency or other situation arises that makes substantial compliance with this Article or the Uniformed and Overseas Citizens Absentee Voting Act impossible or unreasonable, the State Board of Elections may prescribe, by emergency rule, such special procedures or requirements as may be necessary to facilitate absentee voting by those absent uniformed services voters or overseas voters directly affected who are eligible to vote in this State. The rule shall become effective when filed with the Codifier of Rules."

SECTION 10. G.S. 163-22(k) reads as rewritten:

"(k) Notwithstanding the provisions contained in Article 20 or Article 21 of Chapter 163 the State Board of Elections shall be authorized, by resolution adopted prior to the printing of the primary ballots, to reduce the time by which absentee ballots are required to be printed and distributed for the primary election from 50 days to 45 days. This authority shall not be authorized for absentee ballots to be voted in the ~~general election~~-general election, except if the law requires ballots to be available for mailing 60 days before the general election, and they are not ready by that date, the State Board of Elections shall allow the counties to mail them out as soon as they are available."

"(g) Notwithstanding any other provision of this section, a county board of elections by unanimous vote of all its members may provide for one or more sites in that county for absentee ballots to be applied for and cast under this section. Every individual staffing any of those sites shall be a member or full-time employee of the county board of elections or an employee of the county board of elections whom the board has given training equivalent to that given a full-time employee. Those sites must be approved by the State Board of Elections as part of a Plan for Implementation approved by both the county board of elections and by the State Board of Elections which shall also provide adequate security of the ballots and provisions to avoid allowing persons to vote who have already voted. The Plan for Implementation shall include a provision for the presence of political party observers at each one-stop site equivalent to the provisions in G.S. 163-45 for party observers at voting places on election day. A county board of elections may propose in its Plan not to offer one-stop voting at the county board of elections office; the State Board may approve that proposal in a Plan only if the Plan includes at least one site reasonably proximate to the county board of elections office and the State Board finds that the sites in the Plan as a whole provide adequate coverage of the county's electorate. If a county board of elections has considered a proposed Plan or Plans for Implementation and has been unable to reach unanimity in favor of a Plan, a member or members of that county board of elections may petition the State Board of Elections to adopt a plan for it. If petitioned, the State Board may also receive and consider alternative petitions from another member or members of that county board. The State Board of Elections may adopt a Plan for that county. The State Board, in that plan, shall take into consideration factors including geographic, demographic, and partisan interests of that county.

(g1) The State Board of Elections shall not approve, either in a Plan approved unanimously by a county board of elections or in an alternative Plan proposed by a member or members of that board, a one-stop site in a building that the county board of elections is not entitled under G.S. 163-129 to demand and use as an election-day voting place, unless the State Board of Elections finds that other equally suitable sites were not available and that the use of the sites chosen will not unfairly advantage or disadvantage geographic, demographic, or partisan interests of that county. In providing the site or sites for one-stop absentee voting under this section, the county board of elections shall make a request to the State, county, city, local school board, or other entity in control of the building that is supported or maintained, in whole or in part, by or through tax revenues at least 90 days prior to the start of one-stop absentee voting under this section. The request shall clearly identify the building, or any specific portion thereof, requested the dates and times for which that building or specific portion thereof is requested and the requirement of an area for election related activity. If the State, local

governing board, or other entity in control of the building does not respond to the request within 20 days, the building or specific portion thereof may be used for one-stop absentee voting as stated in the request. If the State, local governing board, or other entity in control of the building or specific portion thereof responds negatively to the request within 20 days, that entity and the county board of elections shall, in good faith, work to identify a building or specific portion thereof in which to conduct one-stop absentee voting under this section. If no building or specific portion thereof has been agreed upon within 45 days from the date the county board of elections received a response to the request, the matter shall be resolved by the State Board of Elections."

In addition, persons who will become qualified by age to register and vote in the general election for which the primary is held, who do not register during the special period may register to vote after such period as if they were qualified on the basis of age, but until they are qualified by age to vote, they may vote only in primary elections. The selection of jurisdictions and administration of instant runoff voting shall follow the provisions of Section 1(a) of Session Law 2006-192, except that the local governing board that is the subject of the election must approve participation in the pilot and must hold at least one public hearing on the pilot before approving it, with notice of the hearing published at least 10 days before the hearing. The local governing board also must agree to cooperate with the county board of elections and the Board in the development and implementation of a plan to educate candidates and voters about how to use the runoff voting method. In a multiseat contest, the Board shall modify the method used for instant runoff voting in single-seat contests to apply its essential principles suitably to that election. In the case of a board of education election where the "local governing board" must be asked to authorize instant runoff voting because nonpartisan plurality elections are normally used, the "local governing board" is the board of education itself. If instant runoff voting is used in place of the nonpartisan election and runoff method as described in G.S. 163-293, the county board of elections, with the approval of the local governing board, may hold the election on the first Tuesday after the first Monday in November. The State Board of Elections, in consultation with the School of Government at the University of North Carolina, shall by January 1, 2009, develop for the pilot program authorized in this section goals, standards consistent with general election law, and criteria for implementation and evaluation. The pilot program shall be conducted according to those goals, standards, and criteria. The term "ranked choice voting" shall have the same meaning as, and may be used as a substitute for, the term "instant runoff voting" in describing the pilot."

SECTION 30.(b) This section is effective when it becomes law. The requirement for holding a public hearing applies only to primaries and elections held on and after January 1, 2010, but a local governing board may give notice of and conduct a public hearing to satisfy the requirement before January 1, 2010.

SECTION 31. The Joint Legislative Elections Oversight Committee shall study the following issues raised by the listed bills introduced in the 2009 Regular Session of the 2009 General Assembly and make recommendations regarding the standardization of that process to the 2010 Regular Session of the 2009 General Assembly on or before its convening:

(e) Existing licensees shall comply with subsection (a) of this section by October 1, 2009. ~~Before~~ If on October 1, 2009, if an existing licensee sponsors and maintains any health insurance plan that is not fully insured by one or more of the entities specified in subsection (a) of this section, the licensee ~~shall do all of the following:~~

"§ 58-89A-106. Health insurance plan requirements.

(a) In order for a licensee to sponsor and maintain a health benefit plan that is not fully insured by one or more of the entities specified in subsection (a) of G.S. 58-89A-109 on and after October 1, 2009, as authorized by subsection (e) of that section, the licensee shall meet all of the requirements listed in this subsection. EXCESS INSURANCE IS PROVIDED BY AN AUTHORIZED INSURANCE COMPANY TO COVER HIGH AMOUNT MEDICAL CLAIMS. THE HEALTH BENEFIT PLAN IS NOT PROTECTED BY ANY INSURANCE GUARANTY ASSOCIATION. OTHER RELATED FINANCIAL INFORMATION IS AVAILABLE FROM YOUR EMPLOYER OR FROM THE [name of PEO]." Any statement required by this subsection is not required on identification cards issued to covered employees or other insureds.
- (6) File all contracts with third-party administrators with the Commissioner and report any changes to those contracts to the Commissioner before their implementation.
- (7) Obtain and maintain stop-loss insurance from an insurer authorized to write insurance in this State and that meets the following requirements:
 - a. If individual stop-loss insurance, it is actuarially appropriate for the size of the group, surplus, and the expected losses, as determined by a qualified actuary and approved by the Commissioner.
 - b. If aggregate stop-loss insurance, it is actuarially appropriate for the size of the group, surplus, and the expected losses as determined by a qualified actuary and approved by the Commissioner. If the licensee is unable to obtain aggregate stop-loss insurance that is actuarially appropriate, the licensee shall maintain at least a thirty percent (30%) lag reserve above expected losses, as determined by a qualified actuary.
 - c. If prescribed by the Commissioner, by rule, it satisfies net retention levels in accordance with a PEO's surplus and expected claims.

- (11) Upon request of the Commissioner, provide information that summarizes paid and incurred expenses and contributions or premiums received and any additional evidence that the PEO's health benefit plan is actuarially sound.

(b) Notwithstanding Chapter 132 of the General Statutes, all documents filed by a licensee under this section are confidential, are not open for public inspection, and are not discoverable or admissible in evidence in a civil action brought by a party other than the Department against a person regulated by the Department, its directors, officers, or employees, unless the court finds that the interests of justice require that the documents be discoverable or admissible in evidence. The Commissioner, however, may use the contracts filed under this subsection in the furtherance of any regulatory or legal action brought as part of the Commissioner's official duties.

"§ 58-89A-107. Examinations of self-funded health benefit plans.

(a) The Commissioner may conduct an examination of a licensee's self-funded employee benefit plan as often as the Commissioner considers appropriate.

(b) An examination under this Article shall be conducted in accordance with the Examination Law of this Chapter, G.S. 58-2-131 through G.S. 58-2-133.

(c) In lieu of an examination of any foreign or alien licensee's self-funded employee benefit plan, the Commissioner may, in the Commissioner's discretion, accept an examination report on the licensee's self-funded employee benefit plan prepared by the appropriate regulator for the licensee's state of domicile.

(d) When making an examination under this section, the Commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the reasonable cost of which shall be borne by the licensee that is the subject of the examination.

(e) The amount paid by a PEO for an examination of its health benefit plan under this section shall not exceed sixty thousand dollars (\$60,000), unless the PEO and the Commissioner agree on a higher amount. The State Treasurer shall deposit all funds received under this section in the Insurance Regulatory Fund established under G.S. 58-6-25. Funds received under this section shall be used by the Department for offsetting the actual expenses incurred by the Department for examinations under this section."

SECTION 4. G.S. 58-89A-31 reads as rewritten:

"§ 58-89A-31. Tax credits and other incentives.

For purposes of determination of tax credits and other economic incentives provided by the State or a political subdivision and based on employment, covered employees are considered employees solely of the client. A client shall be entitled to the benefit of any tax credit, economic incentive, or other benefit arising as the result of the employment of covered employees of the client. Each professional employer organization must provide, upon request by a client, employment information that is required by any agency or department of the State or a political subdivision responsible for administration of any tax credit or economic incentive and that is necessary to support a request, claim, application, or other action by a client seeking the tax credit or economic incentive. For purposes of this section, the term "political subdivision" has the same meaning as in G.S. 162A-65(a)(8)."

SECTION 5. The Department of Insurance shall report to the 2010 General Assembly on the implementation, administration, and enforcement of this act. In its report, the Department shall recommend any statutory changes required to regulate professional employer organizations and enforce the provisions of this act.

SECTION 6. This act is effective when it becomes law.

AN ACT TO MAKE THE CURRENT LIMITATIONS ON CITY ORDINANCES AND COUNTY ORDINANCES THAT REGULATE THE INSTALLATION OF SOLAR COLLECTORS FOR SINGLE-FAMILY RESIDENCES APPLICABLE TO ALL RESIDENTIAL PROPERTY AND THE CURRENT LIMITATIONS ON DEED RESTRICTIONS THAT REGULATE THE INSTALLATION OF SOLAR COLLECTORS FOR SINGLE-FAMILY RESIDENCES APPLICABLE TO ALL RESIDENTIAL PROPERTY EXCEPT CERTAIN MULTI-STORY CONDOMINIUMS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-201 reads as rewritten:

"§ **160A-201. Limitations on regulating solar collectors.**

(a) Except as provided in subsection (c) of this section, no city ordinance shall prohibit, or have the effect of prohibiting, the installation of a solar collector that gathers solar radiation as a substitute for traditional energy for water heating, active space heating and cooling, passive heating, or generating electricity for a ~~detached single family residence, residential property,~~ and no person shall be denied permission by a city to install a solar collector that gathers solar radiation as a substitute for traditional energy for water heating, active space heating and cooling, passive heating, or generating electricity for a ~~detached single family residence, residential property.~~ As used in this section, the term "residential property" means property where the predominant use is for residential purposes.

(b) This section does not prohibit an ordinance regulating the location or screening of solar collectors as described in subsection (a) of this section, provided the ordinance does not have the effect of preventing the reasonable use of a solar collector for a ~~detached single family residence, residential property.~~

(c) This section does not prohibit an ordinance that would prohibit the location of solar collectors as described in subsection (a) of this section that are visible by a person on the ground:

- (1) On the facade of a structure that faces areas open to common or public access;
- (2) On a roof surface that slopes downward toward the same areas open to common or public access that the facade of the structure faces; or
- (3) Within the area set off by a line running across the facade of the structure extending to the property boundaries on either side of the facade, and those areas of common or public access faced by the structure.

(d) In any civil action arising under this section, the court may award costs and reasonable attorneys' fees to the prevailing party."

SECTION 2. G.S. 153A-144 reads as rewritten:

"§ **153A-144. Limitations on regulating solar collectors.**

(a) Except as provided in subsection (c) of this section, no county ordinance shall prohibit, or have the effect of prohibiting, the installation of a solar collector that gathers solar radiation as a substitute for traditional energy for water heating, active space heating and cooling, passive heating, or generating electricity for a ~~detached single family residence, residential property.~~ No person shall be denied permission by a county to install a solar collector that gathers solar radiation as a substitute for traditional energy for water heating, active space heating and cooling, passive heating, or generating electricity for a

~~detached single family residence~~-residential property. As used in this section, the term "residential property" means property where the predominant use is for residential purposes.

(b) This section does not prohibit an ordinance regulating the location or screening of solar collectors as described in subsection (a) of this section, provided the ordinance does not have the effect of preventing the reasonable use of a solar collector for a ~~detached single family residence~~-residential property.

(c) This section does not prohibit an ordinance that would prohibit the location of solar collectors as described in subsection (a) of this section that are visible by a person on the ground:

- (1) On the facade of a structure that faces areas open to common or public access;
- (2) On a roof surface that slopes downward toward the same areas open to common or public access that the facade of the structure faces; or
- (3) Within the area set off by a line running across the facade of the structure extending to the property boundaries on either side of the facade, and those areas of common or public access faced by the structure.

(d) In any civil action arising under this section, the court may award costs and reasonable attorneys' fees to the prevailing party."

SECTION 3. G.S. 22B-20 reads as rewritten:

"§ 22B-20. **Deed restrictions and other agreements prohibiting solar collectors.**

(a) The intent of the General Assembly is to protect the public health, safety, and welfare by encouraging the development and use of solar resources and by prohibiting deed restrictions, covenants, and other similar agreements that could have the ultimate effect of driving the costs of owning and maintaining a residence beyond the financial means of most owners.

(b) Except as provided in subsection (d) of this section, any deed restriction, covenant, or similar binding agreement that runs with the land that would prohibit, or have the effect of prohibiting, the installation of a solar collector that gathers solar radiation as a substitute for traditional energy for water heating, active space heating and cooling, passive heating, or generating electricity for a ~~detached single family residence~~-residential property on land subject to the deed restriction, covenant, or agreement is void and unenforceable. As used in this section, the term "residential property" means property where the predominant use is for residential purposes. The term "residential property" does not include any condominium created under Chapter 47A or 47C of the General Statutes located in a multi-story building containing units having horizontal boundaries described in the declaration. As used in this section, the term "declaration" has the same meaning as in G.S. 47A-3 or G.S. 47C-1-103, depending on the chapter of the General Statutes under which the condominium was created.

(c) This section does not prohibit a deed restriction, covenant, or similar binding agreement that runs with the land that would regulate the location or screening of solar collectors as described in subsection (b) of this section, provided the deed restriction, covenant, or similar binding agreement does not have the effect of preventing the reasonable use of a solar collector for a ~~detached single family residence~~-residential property. If an owners' association is responsible for exterior maintenance of a structure containing individual residences, a deed restriction, covenant, or similar binding agreement that runs with the land may provide that (i) the title owner of the residence shall be responsible for all damages caused by the installation, existence, or removal of solar collectors; (ii) the title owner of the residence shall hold harmless and indemnify the owners' association for any damages caused by the installation, existence, or removal of solar collectors; and (iii) the owners' association shall not be responsible for maintenance, repair, replacement, or removal of solar collectors unless expressly agreed in a written agreement that is recorded in the office of the register of deeds in the county or counties in which the property is situated. As used in this section, "owners' association" has the same meaning as in G.S. 47F-1-103.

(d) This section does not prohibit a deed restriction, covenant, or similar binding agreement that runs with the land that would prohibit the location of solar collectors as described in subsection (b) of this section that are visible by a person on the ground:

- (1) On the façade of a structure that faces areas open to common or public access;
- (2) On a roof surface that slopes downward toward the same areas open to common or public access that the façade of the structure faces; or
- (3) Within the area set off by a line running across the façade of the structure extending to the property boundaries on either side of the façade, and those areas of common or public access faced by the structure.

(e) In any civil action arising under this section, the court may award costs and reasonable attorneys' fees to the prevailing party."

SECTION 4. G.S. 160A-400.4 reads as rewritten:

"§ **160A-400.4. Designation of historic districts.**

(a) Any municipal governing board may, as part of a zoning or other ordinance enacted or amended pursuant to this Article, designate and from time to time amend one or more historic districts within the area subject to the ordinance. Such ordinance may treat historic districts either as a separate use district classification or as districts which overlay other zoning districts. Where historic districts are designated as separate use districts, the zoning ordinance may include as uses by right or as conditional uses those uses found by the Preservation Commission to have existed during the period sought to be restored or preserved, or to be compatible with the restoration or preservation of the district.

(b) No historic district or districts shall be designated under subsection (a) of this section until:

- (1) An investigation and report describing the significance of the buildings, structures, features, sites or surroundings included in any such proposed district, and a description of the boundaries of such district has been prepared, and
- (2) The Department of Cultural Resources, acting through the State Historic Preservation Officer or his or her designee, shall have made an analysis of and recommendations concerning such report and description of proposed boundaries. Failure of the department to submit its written analysis and recommendations to the municipal governing board within 30 calendar days after a written request for such analysis has been received by the Department of Cultural Resources shall relieve the municipality of any responsibility for awaiting such analysis, and said board may at any time thereafter take any necessary action to adopt or amend its zoning ordinance.

(c) The municipal governing board may also, in its discretion, refer the report and proposed boundaries under subsection (b) of this section to any local preservation commission or other interested body for its recommendations prior to taking action to amend the zoning ordinance. With respect to any changes in the boundaries of such district subsequent to its initial establishment, or the creation of additional districts within the jurisdiction, the investigative studies and reports required by subdivision (1) of subsection (b) of this section shall be prepared by the preservation commission, and shall be referred to the local planning agency for its review and comment according to procedures set forth in the zoning ordinance. Changes in the boundaries of an initial district or proposal for additional districts shall also be submitted to the Department of Cultural Resources in accordance with the provisions of subdivision (2) of subsection (b) of this section.

On receipt of these reports and recommendations, the municipality may proceed in the same manner as would otherwise be required for the adoption or amendment of any appropriate zoning ordinance provisions.

(d) The provisions of G.S. 160A-201 apply to zoning or other ordinances pertaining to historic districts, and the authority under G.S. 160A-201(b) for the ordinance to regulate the

location or screening of solar collectors may encompass requiring the use of plantings or other measures to ensure that the use of solar collectors is not incongruous with the special character of the district."

SECTION 5. This act becomes effective December 1, 2009. Section 3 of this act applies to deed restrictions, covenants, or similar binding agreements that run with the land and that are recorded on or after that date.

In the General Assembly read three times and ratified this the 11th day of August, 2009.

Became law upon approval of the Governor at 10:40 a.m. on the 28th day of August, 2009.

- (1) The person committing the violation furnished officials of the State who are responsible for investigating false claims violations with all information known to that person about the violation within 30 days after the date on which the person first obtained the information.
- (2) The person fully cooperated with any investigation of the violation by the State.

- (3) At the time the person furnished the State with information about the violation, no criminal prosecution, civil action, or administrative action has commenced with respect to the violation, and the person did not have actual knowledge of the existence of an investigation into the violation.

(c) Exclusion. – This section does not apply to claims, records, or statements made under Chapter 105 of the General Statutes.

"§ 1-608. Civil actions for false claims.

(a) Responsibilities of the Attorney General. – The Attorney General diligently shall investigate a violation under G.S. 1-607. If the Attorney General finds that a person has violated or is violating G.S. 1-607, the Attorney General may bring a civil action under this section against that person.

- (1) The action shall be brought in the name of the State, and the person bringing the action shall be referred to as the qui tam plaintiff. Once filed, the action may be dismissed voluntarily by the person bringing the action only if the court and Attorney General have given written consent to the dismissal.
- (2) A copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the Attorney General pursuant to applicable rules of the North Carolina Rules of Civil Procedure. The complaint shall be filed in camera, shall remain under seal for at least 120 days, and shall not be served on the defendant until the court so orders. The State may elect to intervene and proceed with the action within 120 days after it receives both the complaint and the material evidence and information.
- (3) The State may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal under subdivision (2) of this subsection. Any such motions may be supported by affidavits or other submissions in camera. The defendant shall not be required to respond to any complaint filed under this section until 30 days after the complaint is unsealed and served upon the defendant pursuant to the North Carolina Rules of Civil Procedure.
- (4) Before the expiration of the 120-day period or any extensions obtained under subdivision (3) of this subsection, the State shall:
 - a. Proceed with the action, in which case the action shall be conducted by the State; or

- (5) When a person brings an action under this subsection, the federal False Claims Act, 31 U.S.C. § 3729 et seq., or any similar provision of law in any other state, no person other than the State may intervene or bring a related action based on the facts underlying the pending action; provided, however, that nothing in this subdivision prohibits a person from amending a pending action in another jurisdiction to allege a claim under this subsection.

(c) The Attorney General may retain a portion of the damages recovered for a State agency out of the proceeds of the action or settlement under this Article as reimbursement for costs incurred by the Attorney General in investigating and bringing a civil action under this Article, including reasonable attorneys' fees and investigative costs. Retained funds shall be used by the Attorney General to carry out the provisions of this Article.

"§ 1-609. Rights of the parties to qui tam actions.

(a) If the State proceeds with an action under G.S. 1-608(b), it shall have the primary responsibility for prosecuting the action and shall not be bound by an act of the qui tam

plaintiff. The qui tam plaintiff shall have the right to continue as a party to the action, subject to the limitations set forth in subsections (b) through (e) of this section.

(b) The State may dismiss the action for good cause notwithstanding the objections of the qui tam plaintiff if the qui tam plaintiff has been notified by the State of the filing of the motion and the court has provided the qui tam plaintiff with an opportunity for a hearing on the motion.

(c) The State may settle the action with the defendant, notwithstanding the objections of the qui tam plaintiff, if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, the hearing may be heard in camera.

(d) Upon a showing by the State that the qui tam plaintiff's unrestricted participation during the course of the litigation would interfere with or unduly delay the State's prosecution of the case or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the person's participation, such as any of the following:

- (1) Limiting the number of witnesses the qui tam plaintiff may call.
- (2) Limiting the length of the testimony of those witnesses.
- (3) Limiting the qui tam plaintiff's cross-examination of witnesses.
- (4) Otherwise limiting the participation by the qui tam plaintiff in the litigation.

(e) Upon a showing by the defendant that the qui tam plaintiff's unrestricted participation during the course of the litigation would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the qui tam plaintiff in the litigation.

(f) If the State elects not to proceed with the action, the qui tam plaintiff shall have the right to conduct the action. If the State so requests, it shall be served with copies of all pleadings filed in the action and shall be supplied with copies of all deposition transcripts at the State's expense. When a qui tam plaintiff proceeds with the action, the court, without limiting the status and rights of the qui tam plaintiff, may permit the State to intervene at a later date upon a showing of good cause.

(g) Whether or not the State proceeds with the action, upon a showing by the State that certain actions of discovery by the qui tam plaintiff would interfere with the State's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay such discovery for a period of not more than 120 days. Such a showing shall be conducted in camera. The court may extend the 120-day period upon a further showing in camera that the State has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigations or proceedings.

(h) Notwithstanding the provisions of G.S. 1-608(b), the State may elect to pursue its claim through any alternate remedy available to the State, including any administrative proceeding to determine a civil money penalty. If any such alternate remedy is pursued in another proceeding, the qui tam plaintiff shall have the same rights in that proceeding as the qui tam plaintiff would have had if the action had continued under this section. Any finding of fact or conclusion of law made in the other proceeding that has become final shall be conclusive on all parties to an action under this section. For purposes of this subsection, a finding or conclusion is final if it has been finally determined on appeal to the appropriate court of the State, if all time for filing such an appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

"§ 1-610. Award to qui tam plaintiff.

(a) Except as otherwise provided in this section, if the State proceeds with an action brought by a qui tam plaintiff under G.S. 1-608(b), the qui tam plaintiff shall receive at least fifteen percent (15%) but not more than twenty-five percent (25%) of the proceeds of the action or settlement of the claim, depending upon the extent to which the qui tam plaintiff substantially contributed to the prosecution of the action.

(b) Where the action is one which the court finds to be based primarily on disclosures of specific information, other than information provided by the qui tam plaintiff, relating to allegations or transactions (i) in a criminal, civil, or administrative hearing at the State or federal level, (ii) in a congressional, legislative, administrative, General Accounting Office, or State Auditor's report, hearing, audit, or investigation, or (iii) from the news media, the court may award such sums as it considers appropriate, but in no case more than ten percent (10%) of the proceeds, taking into account the significance of the information and the role of the qui tam plaintiff in advancing the case to litigation.

(c) Any payment to a qui tam plaintiff under subsection (a) or (b) of this section shall be made from the proceeds.

(d) The qui tam plaintiff also shall receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All such expenses, fees, and costs shall be awarded against the defendant.

(e) If the State does not proceed with an action under this Article, the qui tam plaintiff shall receive an amount which the court decides is reasonable for collecting the civil penalty and damages. The amount shall not be less than twenty-five percent (25%) and not more than thirty percent (30%) of the proceeds of the action or settlement and shall be paid out of the proceeds. The qui tam plaintiff also shall receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All such expenses, fees, and costs shall be awarded against the defendant.

(f) Whether or not the State proceeds with the action, if the court finds that the qui tam plaintiff planned and initiated the violation of G.S. 1-607 upon which the action was brought, then the court may, to the extent the court considers appropriate, reduce the share of the proceeds of the action which the qui tam plaintiff would otherwise receive under subsection (a), (b), or (e) of this section, taking into account the role of the qui tam plaintiff in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the qui tam plaintiff is convicted of criminal conduct arising from his or her role in the violation of G.S. 1-607, the qui tam plaintiff shall be dismissed from the civil action and shall not receive any share of the proceeds of the action. Such a dismissal shall not prejudice the right of the State to continue the action.

(g) If the State does not proceed with the action and the qui tam plaintiff conducts the action, the court may award to the defendant its reasonable attorneys' fees and expenses if the defendant prevails in the action and the court finds that the claim of the qui tam plaintiff was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

"§ 1-611. Certain actions barred.

(a) No court shall have jurisdiction over an action brought under G.S. 1-608(b) against a member of the General Assembly, a member of the judiciary, or a senior executive branch official acting in their official capacity if the action is based on evidence or information known to the State when the action was brought.

(b) In no event may a person bring an action under G.S. 1-608(b) that is based upon allegations or transactions that are the subject of a civil suit or an administrative civil money penalty proceeding in which the State is already a party.

(c) No civil action may be brought under this Article by a person who is or was a public employee or public official if the allegations of such action are based substantially upon either of the following:

- (1) Allegations of wrongdoing or misconduct which such person had a duty or obligation to report or investigate within the scope of his or her public employment or office.
- (2) Information or records to which the person had access as a result of his or her public employment or office.

(d) No court shall have jurisdiction over an action under G.S. 108A-70.12 based upon the public disclosure of allegations or transactions (i) in a criminal, civil, or administrative hearing at the State or federal level, (ii) in a congressional, legislative, administrative, General

Accounting Office, or State Auditor's report, hearing, audit, or investigation, or (iii) from the news media, unless the action is brought by the Attorney General, or the person bringing the action is an original source of the information. For purposes of this section, "original source" means an individual who has direct and independent knowledge of the information on which the allegations are based and has voluntarily provided the information to the State before filing an action under G.S. 108A-70.12 that is based on the information.

"§ 1-612. State not liable for certain expenses.

The State is not liable for expenses that a person incurs in bringing an action under G.S. 1-608(b).

"§ 1-613. Private action for retaliation action.

Any employee, contractor, or agent who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment because of lawful acts done by the employee, contractor, or agent on behalf of the employee, contractor, or agent or associated others in furtherance of an action under this Article, or in furtherance of other efforts to stop one or more violations of G.S. 1-607, including investigation for, initiation of, testimony for, or assistance in an action filed or to be filed under this Article, shall be entitled to all relief necessary to make the employee whole. Such relief shall include reinstatement with the same seniority status the employee, contractor, or agent would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees. An employee, contractor, or agent may bring an action in superior court for the relief provided in this section.

"§ 1-614. Civil investigative demand.

(a) A civil investigative demand is an administrative subpoena. Whenever the Attorney General has reason to believe that a person has information or is in possession, custody, or control of any document or other object relevant to an investigation or that would lead to the discovery of relevant information in an investigation of a violation of G.S. 1-607, the Attorney General may issue in writing and cause to be served upon the person, before bringing or intervening or making an election in an action under G.S. 1-608 or other false claims law, a civil investigative demand requiring the person to produce any documents or objects for their inspection and copying.

(b) The civil investigative demand shall comply with all of the following:

- (1) Be served upon the person in the manner required for service of process in civil actions and may be served by the Attorney General or investigator assigned to the North Carolina Department of Justice.
- (2) Describe the nature of the conduct constituting the violation under investigation.
- (3) Describe the class or classes of any documents or objects to be produced with sufficient definiteness to permit them to be fairly identified.
- (4) Prescribe a reasonable date and time at which the person shall produce any document or object.
- (5) Advise the person that objections to or reasons for not complying with the demand may be filed with the Attorney General on or before that date and time.
- (6) Designate a person to whom any document or object shall be produced.
- (7) Contain a copy of subsections (b) and (c) of this section.

(c) The date within which any document or object must be produced shall be more than 30 days after the civil investigative demand has been served upon the person.

(d) A civil investigative demand may include an express demand for any product of discovery. A product of discovery includes the original or duplicate of any deposition, interrogatory, document, thing, examination, or admission, that is obtained by any method of discovery in any judicial or administrative proceeding of an adversarial nature, and any digest, compilation, and index of any product of discovery. Whenever a civil investigative demand is

an express demand for any product of discovery, a copy of the demand shall be served on the person from whom the discovery was obtained, and the Attorney General shall notify the person to whom the demand is issued of the date on which the copy was served. A demand for a product of discovery shall not be returned or returnable until 30 days after a copy of the demand has been served on the person from whom the discovery was obtained. Within 30 days after service of the demand, the person from whom the discovery was obtained or the person on whom the demand was served will serve on the Attorney General a copy of any protective order that prevents or restrains disclosure of the product of discovery to the Attorney General. The Attorney General may petition the court that issued the protective order to modify the order to allow compliance with the demand. Disclosure of any product of discovery pursuant to any express demand does not constitute a waiver of any right or privilege that the person making the disclosure may be entitled to invoke to resist discovery of trial preparation materials.

(e) The production of documents and objects in response to a civil investigative demand served under this section shall be made under a sworn certificate by the person to whom the demand is directed, or in the case of a person other than a natural person, a person having knowledge of the facts and circumstances relating to the production and authorized to act on behalf of the person. The certificate shall state that all of the documentary material required by the demand and in the possession, custody, or control of the person to whom the demand is directed has been produced and made available. Upon written agreement between the person served with the civil investigative demand and the Attorney General, the person may substitute copies for originals of all or any part of the documents requested.

(f) If a person objects to or otherwise fails to comply with a civil investigative demand served upon the person under subsection (a) of this section, the Attorney General may file an action in superior court for an order to enforce the demand. Venue for the action to enforce the demand shall be in either Wake County or the county in which the person resides, is found, or transacts business. Notice of a hearing on the action to enforce the demand and a copy of the action shall be served upon the person in the same manner as prescribed in the Rules of Civil Procedure. If the court finds that the demand is proper, that there is reasonable cause to believe that there may have been a violation of G.S. 1-607, and that the information sought or document or object demanded is relevant to the violation, the court shall order the person to comply with the demand, subject to modifications the court may prescribe.

(g) If the person fails to comply with an order entered pursuant to subsection (f) of this section, the court may do any of the following:

- (1) Adjudge the person to be in contempt of court.
- (2) Grant injunctive relief against the person to whom the demand is issued to restrain the conduct which is the subject of the investigation.
- (3) Grant any other relief as the court may deem proper.

(h) A petition for an order of the court to modify or set aside a civil investigative demand issued under this section may be filed by any person who has received a civil investigative demand or in the case of an express demand for any product of discovery, the person on whom the discovery was obtained. The petition may be filed in superior court in either Wake County or the county in which the person resides, is found, or transacts business, or, in the case of a petition to modify an express demand for any product of discovery, the petition shall be filed in the court in which the proceeding was pending when the product of discovery was obtained. Any petition under this subsection must be filed within 30 days after the date of service of the civil investigative demand or before the return date specified in the demand, whichever date is earlier, or within a longer period as may be prescribed in writing by the investigator identified in the demand. The petition shall specify each ground upon which the petitioner relies in seeking relief and may be based upon any failure to comply with the provisions of this section or upon any constitutional or other legal right or privilege of the person. During the pendency of the petition in the court, the court may stay, as it deems proper, the running of the time allowed for compliance with the demand, in whole or in part, except

that the person filing the petition shall comply with any portions of the demand not sought to be modified or set aside.

(i) Any documents and objects produced pursuant to this section may be used in connection with any civil action brought under G.S. 1-608 and for any use that is consistent with the law, and the regulations and policies of the Attorney General, including use in connection with internal Attorney General memoranda and reports; communications between the Attorney General and a federal, State, or local governmental agency, or a contractor of a federal, State, or local governmental agency, undertaken in furtherance of an Attorney General investigation or prosecution of a case; interviews of any qui tam relator or other witness; oral examinations; depositions; preparation for and response to civil discovery requests; introduction into the record of a case or proceeding applications, motions, memoranda, and briefs submitted to a court or other tribunal; and communications with government investigators, auditors, consultants and experts, the counsel of other parties, arbitrators and mediators, concerning an investigation, case, or proceeding. Any documents and objects obtained by the Attorney General under this section may be shared with any qui tam relator if the Attorney General determines it is necessary as part of any false claims act investigation. Before using or sharing documents and objects obtained by the Attorney General under this section with any person, the Attorney General may require that the person agree to an order of the court protecting the documents or objects, or any information contained in the documents or objects, from disclosure by that person. In the case of documents or objects the producing party has designated as a trade secret or other confidential research, development, or commercial information, the Attorney General shall either (i) require that the person with whom documents or objects are shared be prohibited from disclosing the documents or objects, or any information contained in the documents or objects, or (ii) petition the court for an order directing the producing party to either appear and support the designation or withdraw the designation.

(j) The Attorney General may designate an employee of the North Carolina Department of Justice to serve as a custodian of documents and objects.

(k) Except as otherwise provided in this section, no documents or objects, or copies thereof, while in the possession of the North Carolina Department of Justice, shall be available for examination by any person other than an employee of the North Carolina Department of Justice. The prohibition in the preceding sentence on the availability of documents or objects shall not apply if consent is given by the person who produced the documents or objects, or, in the case of any product of discovery produced pursuant to an express demand, consent is given by the person from whom the discovery was obtained, or prevent disclosure to any other federal or State agency for use by that agency in furtherance of its statutory responsibilities upon application made by the Attorney General to the superior court showing substantial need for the use of the documents or objects by any agency in furtherance of its statutory responsibilities.

(l) While in the possession of the custodian and under reasonable terms and conditions as the Attorney General shall prescribe, documents or objects shall be available for examination by the person who produced the documents or objects, or by a representative of that person authorized by that person to examine the documents or objects.

(m) If any documents or objects have been produced by any person in the course of any investigation pursuant to a civil investigative demand under this section, and any case or proceeding before any court arising out of the investigation, or any proceeding before any agency involving the documents or objects, has been completed, or no case or proceeding in which the documents or objects may be used has been commenced within a reasonable time after completion of the investigation, the custodian shall, upon written request of the person who produced the documents or objects, return to the person any documents or objects that have not passed into the control of any court or agency.

(n) The North Carolina Rules of Civil Procedure shall apply to this section to the extent that the rules are not inconsistent with the provisions of this section.

"§ 1-615. False claims procedure.

(a) Statute of Limitations. – A civil action under G.S. 1-608 may not be brought (i) more than six years after the date on which the violation of G.S. 1-607 was committed or (ii) more than three years after the date when facts material to the right of action are known or reasonably should have been known by the official of the State of North Carolina charged with responsibility to act in the circumstances, but in no event more than 10 years after the date on which the violation is committed, whichever occurs last.

(b) If the Attorney General elects to intervene and proceed with an action brought under G.S. 1-608(b), the State may file its own complaint or amend the complaint of a person who has brought an action under G.S. 1-608(b) to clarify or add detail to the claims with respect to which the State is intervening and to add any additional claims with respect to which the State contends it is entitled to relief. For statute of limitations purposes, any such State pleading shall relate back to the filing date of the complaint of the person who originally brought the action, to the extent that the claim of the State arises out of the conduct, transactions, or occurrences set forth, or attempted to be set forth, in the prior complaint of that person.

(c) Burden of Proof. – In any action brought under G.S. 1-608, the State or the qui tam plaintiff shall be required to prove all essential elements of the cause of action, including damages, by a preponderance of the evidence.

(d) Estoppel. – Notwithstanding any other provision of law, a final judgment rendered in favor of the State in a criminal proceeding charging false statements or fraud, whether upon a verdict after trial or upon a plea of guilty or nolo contendere, shall estop the defendant from denying the essential elements of the offense in any action that involves the same transaction as in the criminal proceeding and which is brought under G.S. 1-608.

(e) Venue. – Venue for any action brought pursuant to G.S. 1-608 shall be in either Wake County or in any county in which a claim originated, or in which any statement or record was made, or acts done, or services or property rendered in connection with any act constituting part of the violation of this Article.

(f) Service on Federal, State, or Local Authorities. – With respect to the United States or any State or local government that is named as a co-plaintiff in an action brought under G.S. 1-608, a seal on the action ordered by the court under G.S. 1-608(b) shall not preclude the State or the person bringing the action from serving the complaint, any other pleadings, or the written disclosure of substantially all material evidence and information possessed by the person bringing the action on the law enforcement authorities that are authorized under the law of the co-plaintiff government to investigate and prosecute such actions on behalf of that co-plaintiff government, except that the seal applies to the law enforcement authorities so served to the same extent as the seal applies to other parties in the action.

(g) A civil action may not be brought under both this Article and Part 7 of Article 2 of Chapter 108A of the General Statutes.

"§ 1-616. Remedies under other laws; severability of provisions; liberality of legislative construction; adoption of legislative history.

(a) Remedies Under Other Laws. – The provisions of this Article are not exclusive, and the remedies provided for in this Article shall be in addition to any other remedies provided for in any other law or available under common law. No criminal or administrative action need be brought against any person as a condition for establishing civil liability under this section.

(b) If any provision of this Article or the application of this Article to any person or circumstance is held to be unconstitutional, the remainder of this Article and the application of the provision to other persons or circumstances shall not be affected by that holding.

(c) This Article shall be interpreted and construed so as to be consistent with the federal False Claims Act, 31 U.S.C. § 3729, et seq., and any subsequent amendments to that act.

"§ 1-617. Reporting.

(a) In reporting on the terms and disbursements set forth in any settlement agreement or final order or judgment in a case filed under this Article as required by G.S. 114-2.5, the report

shall include the percentage of the proceeds and the amount paid to any qui tam plaintiff under G.S. 1-610.

(b) On or before February 1 of each year, the Attorney General shall submit to the Joint Legislative Commission on Governmental Operations and the Chairs of the Appropriations Subcommittees on Justice and Public Safety of the House of Representatives and the Senate a report on the number of qui tam cases under this Article pending in the State and the number of qui tam cases pending in other jurisdictions involving the State, the number of qui tam cases under this Article that were settled, the number of qui tam cases in which judgment was entered, and the amount of proceeds paid to qui tam plaintiffs during the previous calendar year.

"§ 1-618. Rules.

The Attorney General may adopt rules necessary to carry out the purposes set forth in this Article."

SECTION 2. Part 6 of Article 2 of Chapter 108A of the General Statutes is amended by adding a new section to read:

"§ 108A-63.1. Health care fraud subpoena to produce documents.

(a) The Attorney General, acting through the Medicaid Investigations Unit of the Department of Justice, may, when engaged in an investigation of an alleged violation of G.S. 108A-63 and prior to the arrest of a suspect, issue in writing and cause to be served a subpoena to produce documents upon any corporation or governmental entity requiring the production of any records, books, papers, electronic media, objects, or other documents which may be relevant to a criminal investigation of a violation of G.S. 108A-63.

(b) A subpoena under this section may require the custodian of records of the corporation or governmental entity to produce an affidavit certifying that the custodian made a thorough and diligent search for the documents requested and that the documents produced constitute all the records requested to the best of the custodian's knowledge, information, and belief.

(c) A subpoena under this section shall describe the documents required to be produced and prescribe a return date within a reasonable period of time, of no less than 20 days from the date of service, within which the documents can be assembled and made available.

(d) A corporation or governmental entity may comply with a subpoena issued under this section by delivering the documents to the Medicaid Investigations Unit by any of the following methods:

- (1) By hand delivery.
- (2) By mailing the documents by certified mail.
- (3) By making the documents reasonably available for transfer to an agent of the Medicaid Investigations Unit at a place of business of the corporation or governmental entity.
- (4) If agreed to by the Medicaid Investigations Unit and the corporation or governmental entity, by any other means.

(e) A corporation or governmental entity may move to quash or modify a subpoena issued under this section if it is oppressive or unreasonable or does not comply with the requirements of this section. The motion must be made before the time specified in the subpoena for production and may be made before a judge of the superior court.

(f) In the case of failure by any corporation or governmental entity without adequate excuse to obey a subpoena issued under this section, the Attorney General may invoke the aid of a judge of the superior court. The court may issue an order requiring the subpoenaed corporation or governmental entity to appear before the Attorney General to produce records. Failure to obey the order of the court may be punished as contempt of court."

SECTION 3. G.S. 108A-63 reads as rewritten:

- (2) With respect to the conditions or operation of a provider or facility in order that such provider or facility may qualify or remain qualified to provide assistance under this Part.

(b) It shall be unlawful for any provider of medical assistance to knowingly and willfully conceal or fail to disclose any fact or event affecting:

(f) It shall be unlawful for any provider, with the intent to obstruct, delay, or mislead an investigation of a violation of this section by the Attorney General's office, to knowingly and willfully make or cause to be made a false entry in, alter, destroy, or conceal, or make a false statement about a financial, medical, or other record related to the provision of a benefit, item, or service under this Part."

"(c) Punishments for Each Class of Offense and Prior Record Level; Punishment Chart Described. – The authorized punishment for each class of offense and prior record level is as specified in the chart below. Prior record levels are indicated by the Roman numerals placed horizontally on the top of the chart. Classes of offense are indicated by the letters placed vertically on the left side of the chart. Each cell on the chart contains the following components:

- (1) A sentence disposition or dispositions: "C" indicates that a community punishment is authorized; "I" indicates that an intermediate punishment is authorized; "A" indicates that an active punishment is authorized; and "Life Imprisonment Without Parole" indicates that the defendant shall be imprisoned for the remainder of the prisoner's natural life.

For uninsured motorist property damage coverage, the limits purchased by the named insured shall be subject, for each insured, to an exclusion of the first one hundred dollars (\$100.00) of such damages. The provision shall further provide that a written statement by the liability insurer, whose name appears on the certification of financial responsibility made by the owner of any vehicle involved in an accident with the insured, that the other motor vehicle was not covered by insurance at the time of the accident with the insured shall operate as a prima facie presumption that the operator of the other motor vehicle was uninsured at the time of the accident with the insured for the purposes of recovery under this provision of the insured's liability insurance policy.

If a person who is legally entitled to recover damages from the owner or operator of an uninsured motor vehicle is an insured under the uninsured motorist coverage of a policy that insures more than one motor vehicle, that person shall not be permitted to combine the uninsured motorist limit applicable to any one motor vehicle with the uninsured motorist limit applicable to any other motor vehicle to determine the total amount of uninsured motorist coverage available to that person. If a person who is legally entitled to recover damages from the owner or operator of an uninsured motor vehicle is an insured under the uninsured motorist coverage of more than one policy, that person may combine the highest applicable uninsured motorist limit available under each policy to determine the total amount of uninsured motorist coverage available to that person. The previous sentence shall apply only to insurance on nonfleet private passenger motor vehicles as described in G.S. 58-40-10(1) and (2).

In addition to the above requirements relating to uninsured motorist insurance, every policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance or use of any motor vehicle,

which policy is delivered or issued for delivery in this State, shall be subject to the following provisions which need not be contained therein.

- a. A provision that the insurer shall be bound by a final judgment taken by the insured against an uninsured motorist if the insurer has been served with copy of summons, complaint or other process in the action against the uninsured motorist by registered or certified mail, return receipt requested, or in any manner provided by law; provided however, that the determination of whether a motorist is uninsured may be decided only by an action against the insurer alone. The insurer, upon being served as herein provided, shall be a party to the action between the insured and the uninsured motorist though not named in the caption of the pleadings and may defend the suit in the name of the uninsured motorist or in its own name. The insurer, upon being served with copy of summons, complaint or other pleading, shall have the time allowed by statute in which to answer, demur or otherwise plead (whether the pleading is verified or not) to the summons, complaint or other process served upon it. The consent of the insurer shall not be required for the initiation of suit by the insured against the uninsured motorist: Provided, however, no action shall be initiated by the insured until 60 days following the posting of notice to the insurer at the address shown on the policy or after personal delivery of the notice to the insurer or its agent setting forth the belief of the insured that the prospective defendant or defendants are uninsured motorists. No default judgment shall be entered when the insurer has timely filed an answer or other pleading as required by law. The failure to post notice to the insurer 60 days in advance of the initiation of suit shall not be grounds for dismissal of the action, but shall automatically extend the time for the filing of an answer or other pleadings to 60 days after the time of service of the summons, complaint, or other process on the insurer.
- b. Where the insured, under the uninsured motorist coverage, claims that he has sustained bodily injury as the result of collision between motor vehicles and asserts that the identity of the operator or owner of a vehicle (other than a vehicle in which the insured is a passenger) cannot be ascertained, the insured may institute an action directly against the insurer: Provided, in that event, the insured, or someone in his behalf, shall report the accident within 24 hours or as soon thereafter as may be practicable, to a police officer, peace officer, other judicial officer, or to the Commissioner of Motor Vehicles. The insured shall also within a reasonable time give notice to the insurer of his injury, the extent thereof, and shall set forth in the notice the time, date and place of the injury. Thereafter, on forms to be mailed by the insurer within 15 days following receipt of the notice of the accident to the insurer, the insured shall furnish to insurer any further reasonable information concerning the accident and the injury that the insurer requests. If the forms are not furnished within 15 days, the insured is deemed to have complied with the requirements for furnishing information to the insurer. Suit may not be instituted against the insurer in less than 60 days from the posting of the first notice of the injury or accident to the insurer at the address shown on the policy or after personal delivery of the notice to the insurer or its agent. The failure to post notice to the insurer 60 days before the initiation of the suit shall not be grounds for dismissal of the action,

but shall automatically extend the time for filing of an answer or other pleadings to 60 days after the time of service of the summons, complaint, or other process on the insurer.

Provided under this section the term "uninsured motor vehicle" shall include, but not be limited to, an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability within the limits specified therein because of insolvency.

An insurer's insolvency protection shall be applicable only to accidents occurring during a policy period in which its insured's uninsured motorist coverage is in effect where the liability insurer of the tort-feasor becomes insolvent within three years after such an accident. Nothing herein shall be construed to prevent any insurer from affording insolvency protection under terms and conditions more favorable to the insured than is provided herein.

In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of coverage, the insurer making payment shall, to the extent thereof, be entitled to the proceeds of any settlement for judgment resulting from the exercise of any limits of recovery of that person against any person or organization legally responsible for the bodily injury for which the payment is made, including the proceeds recoverable from the assets of the insolvent insurer.

For the purpose of this section, an "uninsured motor vehicle" shall be a motor vehicle as to which there is no bodily injury liability insurance and property damage liability insurance in at least the amounts specified in subsection (c) of G.S. 20-279.5, or there is that insurance but the insurance company writing the insurance denies coverage thereunder, or has become bankrupt, or there is no bond or deposit of money or securities as provided in G.S. 20-279.24 or 20-279.25 in lieu of the bodily injury and property damage liability insurance, or the owner of the motor vehicle has not qualified as a self-insurer under the provisions of G.S. 20-279.33, or a vehicle that is not subject to the provisions of the Motor Vehicle Safety and Financial Responsibility Act; but the term "uninsured motor vehicle" shall not include:

- a. A motor vehicle owned by the named insured;
- b. A motor vehicle that is owned or operated by a self-insurer within the meaning of any motor vehicle financial responsibility law, motor carrier law or any similar law;
- c. A motor vehicle that is owned by the United States of America, Canada, a state, or any agency of any of the foregoing (excluding, however, political subdivisions thereof);
- d. A land motor vehicle or trailer, if operated on rails or crawler-treads or while located for use as a residence or premises and not as a vehicle; or
- e. A farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

For purposes of this section "persons insured" means the named insured and, while resident of the same household, the spouse of any named insured and relatives of either, while in a motor vehicle or otherwise, and any person who uses with the consent, expressed or implied, of the named insured, the motor vehicle to which the policy applies and a guest in the motor vehicle to which the policy applies or the personal representative of any of the above or any other person or persons in lawful possession of the motor vehicle.

Notwithstanding the provisions of this subsection, no policy of motor vehicle liability insurance applicable solely to commercial motor vehicles as

defined in G.S. 20-4.01(3d) or applicable solely to fleet vehicles shall be required to provide uninsured motorist coverage. When determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the issuance of the policy for the policy term in question. In the event of a renewal of the policy, when determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the renewal of the policy for the policy term in question. Any motor vehicle liability policy that insures both commercial motor vehicles as defined in G.S. 20-4.01(3d) and noncommercial motor vehicles shall provide uninsured motorist coverage in accordance with the provisions of this subsection in amounts equal to the highest limits of bodily injury and property damage liability coverage for any one noncommercial motor vehicle insured under the policy, subject to the right of the insured to purchase ~~higher~~ greater or lesser uninsured motorist bodily injury liability coverage limits and lesser uninsured motorist property damage coverage limits as set forth in this subsection. For the purpose of the immediately preceding sentence, noncommercial motor vehicle shall mean any motor vehicle that is not a commercial motor vehicle as defined in G.S. 20-4.01(3d), but that is otherwise subject to the requirements of this subsection.

- (4) Shall, in addition to the coverages set forth in subdivisions (2) and (3) of this subsection, provide underinsured motorist coverage, to be used only with a policy that is written at limits that exceed those prescribed by subdivision (2) of this ~~subsection.~~ section, with limits equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy. The named insured may purchase underinsured motorist coverage with greater limits, subject to the limitation that in no event shall the underinsured motorist coverage limits exceed one million dollars (\$1,000,000) per person and one million dollars (\$1,000,000) per accident. The limits of such underinsured motorist bodily injury coverage shall be equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy; provided, however, that (i) the limits shall not exceed one million dollars (\$1,000,000) per person and one million dollars (\$1,000,000) per accident regardless of whether the highest limits of bodily injury liability coverage for any one vehicle insured under the policy exceed those limits, (ii) a named insured may purchase greater or lesser limits, except that the limits shall exceed the bodily injury liability limits required pursuant to subdivision (2) of this subsection, and in no event shall an insurer be required by this subdivision to sell underinsured motorist bodily injury coverage at limits that exceed one million dollars (\$1,000,000) per person and one million dollars (\$1,000,000) per accident, and (iii) the limits shall be equal to the limits of uninsured motorist bodily injury coverage purchased pursuant to subdivision (3) of this subsection. When the policy is issued and renewed, the ~~The~~ insurer shall notify the named insured as provided in subsection (m) of this section. his or her right to purchase underinsured motorist coverage with greater limits, when the policy is issued and renewed, as provided in subsection (m) of this section. An "uninsured motor vehicle," as described in subdivision (3) of this subsection, includes an "underinsured highway vehicle," which means a highway vehicle with respect to the ownership, maintenance, or use of which, the sum of the limits of liability under all bodily injury liability bonds and insurance policies applicable at the time of the accident is less than the applicable limits of

underinsured motorist coverage for the vehicle involved in the accident and insured under the owner's policy. For purposes of an underinsured motorist claim asserted by a person injured in an accident where more than one person is injured, a highway vehicle will also be an "underinsured highway vehicle" if the total amount actually paid to that person under all bodily injury liability bonds and insurance policies applicable at the time of the accident is less than the applicable limits of underinsured motorist coverage for the vehicle involved in the accident and insured under the owner's policy. Notwithstanding the immediately preceding sentence, a highway vehicle shall not be an "underinsured motor vehicle" for purposes of an underinsured motorist claim under an owner's policy insuring that vehicle unless the owner's policy insuring that vehicle provides underinsured motorist coverage with limits that are greater than that policy's bodily injury liability limits. For the purposes of this subdivision, the term "highway vehicle" means a land motor vehicle or trailer other than (i) a farm-type tractor or other vehicle designed for use principally off public roads and while not upon public roads, (ii) a vehicle operated on rails or crawler-treads, or (iii) a vehicle while located for use as a residence or premises. The provisions of subdivision (3) of this subsection shall apply to the coverage required by this subdivision. Underinsured motorist coverage is deemed to apply when, by reason of payment of judgment or settlement, all liability bonds or insurance policies providing coverage for bodily injury caused by the ownership, maintenance, or use of the underinsured highway vehicle have been exhausted. Exhaustion of that liability coverage for the purpose of any single liability claim presented for underinsured motorist coverage is deemed to occur when either (a) the limits of liability per claim have been paid upon the claim, or (b) by reason of multiple claims, the aggregate per occurrence limit of liability has been paid. Underinsured motorist coverage is deemed to apply to the first dollar of an underinsured motorist coverage claim beyond amounts paid to the claimant under the exhausted liability policy.

In any event, the limit of underinsured motorist coverage applicable to any claim is determined to be the difference between the amount paid to the claimant under the exhausted liability policy or policies and the limit of underinsured motorist coverage applicable to the motor vehicle involved in the accident. Furthermore, if a claimant is an insured under the underinsured motorist coverage on separate or additional policies, the limit of underinsured motorist coverage applicable to the claimant is the difference between the amount paid to the claimant under the exhausted liability policy or policies and the total limits of the claimant's underinsured motorist coverages as determined by combining the highest limit available under each policy; provided that this sentence shall apply only to insurance on nonfleet private passenger motor vehicles as described in G.S. 58-40-15(9) and (10). The underinsured motorist limits applicable to any one motor vehicle under a policy shall not be combined with or added to the limits applicable to any other motor vehicle under that policy.

An underinsured motorist insurer may at its option, upon a claim pursuant to underinsured motorist coverage, pay moneys without there having first been an exhaustion of the liability insurance policy covering the ownership, use, and maintenance of the underinsured highway vehicle. In the event of payment, the underinsured motorist insurer shall be either: (a) entitled to receive by assignment from the claimant any right or (b) subrogated to the claimant's right regarding any claim the claimant has or had against the owner, operator, or maintainer of the underinsured highway

vehicle, provided that the amount of the insurer's right by subrogation or assignment shall not exceed payments made to the claimant by the insurer. No insurer shall exercise any right of subrogation or any right to approve settlement with the original owner, operator, or maintainer of the underinsured highway vehicle under a policy providing coverage against an underinsured motorist where the insurer has been provided with written notice before a settlement between its insured and the underinsured motorist and the insurer fails to advance a payment to the insured in an amount equal to the tentative settlement within 30 days following receipt of that notice. Further, the insurer shall have the right, at its election, to pursue its claim by assignment or subrogation in the name of the claimant, and the insurer shall not be denominated as a party in its own name except upon its own election. Assignment or subrogation as provided in this subdivision shall not, absent contrary agreement, operate to defeat the claimant's right to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for damages beyond those paid by the underinsured motorist insurer. The claimant and the underinsured motorist insurer may join their claims in a single suit without requiring that the insurer be named as a party. Any claimant who intends to pursue recovery against the owner, operator, or maintainer of the underinsured highway vehicle for moneys beyond those paid by the underinsured motorist insurer shall before doing so give notice to the insurer and give the insurer, at its expense, the opportunity to participate in the prosecution of the claim. Upon the entry of judgment in a suit upon any such claim in which the underinsured motorist insurer and claimant are joined, payment upon the judgment, unless otherwise agreed to, shall be applied pro rata to the claimant's claim beyond payment by the insurer of the owner, operator or maintainer of the underinsured highway vehicle and the claim of the underinsured motorist insurer.

A party injured by the operation of an underinsured highway vehicle who institutes a suit for the recovery of moneys for those injuries and in such an amount that, if recovered, would support a claim under underinsured motorist coverage shall give notice of the initiation of the suit to the underinsured motorist insurer as well as to the insurer providing primary liability coverage upon the underinsured highway vehicle. Upon receipt of notice, the underinsured motorist insurer shall have the right to appear in defense of the claim without being named as a party therein, and without being named as a party may participate in the suit as fully as if it were a party. The underinsured motorist insurer may elect, but may not be compelled, to appear in the action in its own name and present therein a claim against other parties; provided that application is made to and approved by a presiding superior court judge, in any such suit, any insurer providing primary liability insurance on the underinsured highway vehicle may upon payment of all of its applicable limits of liability be released from further liability or obligation to participate in the defense of such proceeding. However, before approving any such application, the court shall be persuaded that the owner, operator, or maintainer of the underinsured highway vehicle against whom a claim has been made has been apprised of the nature of the proceeding and given his right to select counsel of his own choice to appear in the action on his separate behalf. If an underinsured motorist insurer, following the approval of the application, pays in settlement or partial or total satisfaction of judgment moneys to the claimant, the insurer shall be subrogated to or entitled to an assignment of the claimant's rights against the owner, operator, or maintainer of the

underinsured highway vehicle and, provided that adequate notice of right of independent representation was given to the owner, operator, or maintainer, a finding of liability or the award of damages shall be res judicata between the underinsured motorist insurer and the owner, operator, or maintainer of underinsured highway vehicle.

As consideration for payment of policy limits by a liability insurer on behalf of the owner, operator, or maintainer of an underinsured motor vehicle, a party injured by an underinsured motor vehicle may execute a contractual covenant not to enforce against the owner, operator, or maintainer of the vehicle any judgment that exceeds the policy limits. A covenant not to enforce judgment shall not preclude the injured party from pursuing available underinsured motorist benefits, unless the terms of the covenant expressly provide otherwise, and shall not preclude an insurer providing underinsured motorist coverage from pursuing any right of subrogation.

Notwithstanding the provisions of this subsection, no policy of motor vehicle liability insurance applicable solely to commercial motor vehicles as defined in G.S. 20-4.01(3d) or applicable solely to fleet vehicles shall be required to provide underinsured motorist coverage. When determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the issuance of the policy for the policy term in question. In the event of a renewal of the policy, when determining whether a policy is applicable solely to fleet vehicles, the insurer may rely upon the number of vehicles reported by the insured at the time of the renewal of the policy for the policy term in question. Any motor vehicle liability policy that insures both commercial motor vehicles as defined in G.S. 20-4.01(3d) and noncommercial motor vehicles shall provide underinsured motorist coverage in accordance with the provisions of this subsection in an amount equal to the highest limits of bodily injury liability coverage for any one noncommercial motor vehicle insured under the policy, subject to the right of the insured to purchase ~~higher~~ greater or lesser underinsured motorist bodily injury liability coverage limits as set forth in this subsection. For the purpose of the immediately preceding sentence, noncommercial motor vehicle shall mean any motor vehicle that is not a commercial motor vehicle as defined in G.S. 20-4.01(3d), but that is otherwise subject to the requirements of this subsection.

(c) Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, and within 30 days following the date of its delivery to him of any motor vehicle owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

(d) Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this Article as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this Article.

(e) Uninsured or underinsured motorist coverage that is provided as part of a motor vehicle liability policy shall insure that portion of a loss uncompensated by any workers' compensation law and the amount of an employer's lien determined pursuant to G.S. 97-10.2(h) or (j). In no event shall this subsection be construed to require that coverage exceed the applicable uninsured or underinsured coverage limits of the motor vehicle policy or allow a

recovery for damages already paid by workers' compensation. The policy need not insure a loss from any liability for damage to property owned by, rented to, in charge of or transported by the insured.

(f) Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

- (1) Except as hereinafter provided, the liability of the insurance carrier with respect to the insurance required by this Article shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy. As to policies issued to insureds in this State under the assigned risk plan or through the North Carolina Motor Vehicle Reinsurance Facility, a default judgment taken against such an insured shall not be used as a basis for obtaining judgment against the insurer unless counsel for the plaintiff has forwarded to the insurer, or to one of its agents, by registered or certified mail with return receipt requested, or served by any other method of service provided by law, a copy of summons, complaint, or other pleadings, filed in the action. The return receipt shall, upon its return to plaintiff's counsel, be filed with the clerk of court wherein the action is pending against the insured and shall be admissible in evidence as proof of notice to the insurer. The refusal of insurer or its agent to accept delivery of the registered mail, as provided in this section, shall not affect the validity of such notice and any insurer or agent of an insurer refusing to accept such registered mail shall be charged with the knowledge of the contents of such notice. When notice has been sent to an agent of the insurer such notice shall be notice to the insurer. The word "agent" as used in this subsection shall include, but shall not be limited to, any person designated by the insurer as its agent for the service of process, any person duly licensed by the insurer in the State as insurance agent, any general agent of the company in the State of North Carolina, and any employee of the company in a managerial or other responsible position, or the North Carolina Commissioner of Insurance; provided, where the return receipt is signed by an employee of the insurer or an employee of an agent for the insurer, shall be deemed for the purposes of this subsection to have been received. The term "agent" as used in this subsection shall not include a producer of record or broker, who forwards an application for insurance to the North Carolina Motor Vehicle Reinsurance Facility.

The insurer, upon receipt of summons, complaint or other process, shall be entitled, upon its motion, to intervene in the suit against its insured as a party defendant and to defend the same in the name of its insured. In the event of such intervention by an insurer it shall become a named party defendant. The insurer shall have 30 days from the signing of the return receipt acknowledging receipt of the summons, complaint or other pleading in which to file a motion to intervene, along with any responsive pleading, whether verified or not, which it may deem necessary to protect its interest: Provided, the court having jurisdiction over the matter may, upon motion duly made, extend the time for the filing of responsive pleading or continue the trial of the matter for the purpose of affording the insurer a reasonable time in which to file responsive pleading or defend the action. If, after receiving copy of the summons, complaint or other pleading, the insurer elects not to defend the action, if coverage is in fact provided by the policy, the insurer shall be bound to the extent of its policy limits to the judgment

taken by default against the insured, and noncooperation of the insured shall not be a defense.

If the plaintiff initiating an action against the insured has complied with the provisions of this subsection, then, in such event, the insurer may not cancel or annul the policy as to such liability and the defense of noncooperation shall not be available to the insurer: Provided, however, nothing in this section shall be construed as depriving an insurer of its defenses that the policy was not in force at the time in question, that the operator was not an "insured" under policy provisions, or that the policy had been lawfully canceled at the time of the accident giving rise to the cause of action.

Provided further that the provisions of this subdivision shall not apply when the insured has delivered a copy of the summons, complaint or other pleadings served on him to his insurance carrier within the time provided by law for filing answer, demurrer or other pleadings.

- (2) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage;
- (3) The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in subdivision (2) of subsection (b) of this section;
- (4) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the Article shall constitute the entire contract between the parties.

(g) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this Article. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

(h) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this Article.

(i) Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(j) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

(k) Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

(l) A party injured by an uninsured motor vehicle covered under a policy in amounts less than those set forth in G.S. 20-279.5, may execute a contractual covenant not to enforce against the owner, operator, or maintainer of the uninsured vehicle any judgment that exceeds the liability policy limits, as consideration for payment of any applicable policy limits by the insurer where judgment exceeds the policy limits. A covenant not to enforce judgment shall not preclude the injured party from pursuing available uninsured motorist benefits, unless the terms of the covenant expressly provide otherwise, and shall not preclude an insurer providing uninsured motorist coverage from pursuing any right of subrogation.

(m) Every insurer that sells motor vehicle liability policies subject to the requirements of subdivisions (b)(3) and (b)(4) of this section ~~shall~~ shall, when issuing and renewing a policy, give reasonable notice to the named insured, ~~when the policy is issued and renewed,~~ insured of all of the following:

- (1) The named insured is required to purchase uninsured motorist bodily injury coverage, uninsured motorist property damage coverage, and, if applicable, underinsured motorist bodily injury coverage.
- (2) The named insured's uninsured motorist bodily injury coverage limits shall be equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy unless the insured elects to purchase greater or lesser limits for uninsured motorist bodily injury coverage.
- (3) The named insured's uninsured motorist property damage coverage limits shall be equal to the highest limits of property damage liability coverage for any one vehicle insured under the policy unless the insured elects to purchase lesser limits for uninsured motorist property damage coverage.
- (4) The named insured's underinsured motorist bodily injury coverage limits, if applicable, shall be equal to the highest limits of bodily injury liability coverage for any one vehicle insured under the policy unless the insured elects to purchase greater or lesser limits for underinsured motorist bodily injury coverage.
- (5) ~~that the~~ The named insured may purchase uninsured motorist bodily injury coverage and, if applicable, underinsured motorist coverage with limits up to one million dollars (\$1,000,000) per person and one million dollars (\$1,000,000) per accident.

An insurer shall be deemed to have given reasonable notice if it includes the following or substantially similar language on the policy's original and renewal declarations pages or in a separate notice accompanying the original and renewal declarations pages in at least 10 12 point type:

"NOTICE: YOU ARE REQUIRED TO PURCHASE UNINSURED MOTORIST BODILY INJURY COVERAGE, UNINSURED MOTORIST PROPERTY DAMAGE COVERAGE AND, IN SOME CASES, UNDERINSURED MOTORIST BODILY INJURY COVERAGE. THIS INSURANCE PROTECTS YOU AND YOUR FAMILY AGAINST INJURIES AND PROPERTY DAMAGE CAUSED BY THE NEGLIGENCE OF OTHER DRIVERS WHO MAY HAVE LIMITED OR ONLY MINIMUM COVERAGE OR EVEN NO LIABILITY INSURANCE. YOU MAY PURCHASE UNINSURED MOTORIST BODILY INJURY COVERAGE AND, IF APPLICABLE, UNDERINSURED MOTORIST COVERAGE WITH LIMITS UP TO ONE MILLION DOLLARS (\$1,000,000) PER PERSON AND ONE MILLION DOLLARS (\$1,000,000) PER ACCIDENT. ACCIDENT OR AT SUCH LESSER LIMITS YOU CHOOSE. YOU CANNOT PURCHASE COVERAGE FOR LESS THAN THE MINIMUM LIMITS FOR THE BODILY INJURY AND PROPERTY DAMAGE COVERAGE THAT ARE REQUIRED FOR YOUR OWN VEHICLE. IF YOU DO NOT CHOOSE A GREATER OR LESSER LIMIT FOR UNINSURED MOTORIST BODILY INJURY COVERAGE, A LESSER LIMIT FOR UNINSURED MOTORIST PROPERTY DAMAGE COVERAGE, AND/OR A GREATER OR LESSER LIMIT FOR UNDERINSURED MOTORIST BODILY INJURY COVERAGE, THEN THE LIMITS FOR THE UNINSURED MOTORIST BODILY INJURY COVERAGE AND, IF APPLICABLE, THE UNDERINSURED MOTORIST BODILY INJURY COVERAGE WILL BE THE SAME AS THE HIGHEST LIMITS FOR BODILY INJURY LIABILITY COVERAGE FOR ANY ONE OF YOUR OWN VEHICLES INSURED UNDER THE POLICY AND THE LIMITS FOR THE UNINSURED MOTORIST PROPERTY DAMAGE COVERAGE WILL BE THE SAME AS THE HIGHEST LIMITS FOR PROPERTY DAMAGE LIABILITY COVERAGE FOR ANY ONE OF YOUR OWN VEHICLES INSURED UNDER THE POLICY. IF YOU WISH TO PURCHASE UNINSURED MOTORIST AND, IF APPLICABLE, UNDERINSURED MOTORIST COVERAGE AT DIFFERENT LIMITS THAN THE LIMITS FOR YOUR OWN VEHICLE INSURED UNDER THE POLICY, THEN YOU SHOULD THIS INSURANCE PROTECTS YOU AND YOUR FAMILY AGAINST INJURIES CAUSED BY THE NEGLIGENCE OF OTHER DRIVERS WHO MAY HAVE

~~LIMITED OR ONLY MINIMUM COVERAGE OR EVEN NO LIABILITY INSURANCE. YOU SHOULD CONTACT YOUR INSURANCE COMPANY OR AGENT TO DISCUSS YOUR OPTIONS FOR OBTAINING THIS ADDITIONAL COVERAGE. DIFFERENT COVERAGE LIMITS. YOU SHOULD ALSO READ YOUR ENTIRE POLICY TO UNDERSTAND WHAT IS COVERED UNDER UNINSURED AND UNDERINSURED MOTORIST COVERAGES.~~"

(n) Nothing in this section shall be construed to provide greater amounts of uninsured or underinsured motorist coverage in a liability policy than the insured has purchased from the insurer under this section.

(o) An insurer that fails to comply with subsection (m) of this section is subject to a civil penalty under G.S. 58-2-70."

SECTION 2. This act becomes effective February 1, 2010, and applies to motor vehicle liability insurance policies issued or renewed on or after that date.

In the General Assembly read three times and ratified this the 7th day of August, 2009.

Became law upon approval of the Governor at 11:00 a.m. on the 28th day of August, 2009.

Session Law 2009-562

S.B. 860

AN ACT TO ESTABLISH A STUDENT PROTECTION FUND FOR PROPRIETARY SCHOOL STUDENTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115D-93(c) is amended by adding two subdivisions to read:

"(10) That the applicant for or a holder of a license has failed to provide a required bond or bond alternative.

(11) That the applicant for or holder of a license has failed to pay assessments into the Student Protection Fund."

SECTION 2. G.S. 115D-95 reads as rewritten:

"§ 115D-95. **Bonds required.**

(a) Requirement. – An applicant for a license must comply with the bond requirements in this section. The bond covers the potential loss by students of the school of prepaid tuition and other payments made by them to a school licensed under this Article by reason of the school ceasing to operate for any reason, including the suspension, revocation, or nonrenewal of a school's license, bankruptcy, or foreclosure. A guaranty bond is required for each school that is licensed to operate. Provided, however, a school that is unable to secure a bond may, with the consent of the State Board of Community Colleges, provide an alternative to a guaranty bond, as provided in subsection (e) of this section.

~~The State Board may revoke the license of a school that fails to maintain a bond or an alternative to a bond, pursuant to this section.~~

(b) Amount. – An applicant for a license must file a bond with the North Carolina State Board of Community Colleges executed by the applicant as a principal and by a bonding company authorized to do business in this State. The bond must be payable to the State Board of Community Colleges, must be conditioned on fulfillment of the school's obligations, and must remain in effect until cancelled by the bonding company. The bonding company may cancel the bond upon 30 days' notice to the State Board of Community Colleges.

The application must set out calculations made by the applicant to determine the amount of bond required with the application. The required amount is determined as follows:

(1) Initial licensure. – For an applicant for initial licensure of a school, the bond amount is the amount determined by the State Board that is adequate to provide indemnification to any student, or the student's parent or guardian who has suffered a loss of tuition, fees, or any other instructional-related

- expenses paid to the school. A bond amount shall be at least twenty-five thousand dollars (\$25,000).
- (2) First four renewals. – For a school that has been licensed for one year but less than six years, the bond shall be in an amount equal to the greatest amount of unearned paid tuition in the school's possession at anytime during the prior fiscal year. - (3) Schools in operation more than five years. – A guaranty bond shall be required for license renewal for a school that has been continuously licensed to operate for more than five years in the State, as follows:

- (3) Compensation provisions in a public adjusting contract shall not be redacted in any copy of the contract provided to the Commissioner. Such a redaction shall constitute an omission of material fact in violation of Article 63 of this Chapter.

- (1) Not receive a commission consisting of a percentage of the total amount paid by an insurer to resolve a claim.

(e) A public adjuster contract may not contain any contract term that includes any of the following terms:

- (1) Allows the public adjuster's percentage fee to be collected when money is due from an insurance company but not paid, or that allows a public adjuster to collect the entire fee from the first check issued by an insurance company rather than as a percentage of each check issued by an insurance company.
- (2) Requires the insured to authorize an insurance company to issue a check only in the name of the public adjuster.
- (3) Imposes collection costs or late fees.

 - a. "Company adjuster" means the insurance adjusters who are employees of an insurance company. They represent the interest of the insurance company and are paid by the insurance company. They will not charge you a fee.
 - b. "Independent adjuster" means the insurance adjusters who are hired on a contract basis by an insurance company to represent the insurance company's interest in the settlement of the claim. They are paid by your insurance company. They will not charge you a fee.
 - c. "Public adjuster" means the insurance adjusters who do not work for any insurance company. They work for the insured to assist in the preparation, presentation, and settlement of the claim. The insured hires them by signing a contract agreeing to pay them a fee or commission based on a percentage of the settlement or other method of compensation.
- (2) The insured is not required to hire a public adjuster to help the insured meet his or her obligations under the policy but has the right to do so.
- (3) The insured has the right to initiate direct communications with the insured's attorney, the insurer, the insurer's adjuster, and the insurer's attorney, or any other person regarding the settlement of the insured's claim. Once a public adjuster has been retained, the company adjuster or other insurance representative may not communicate directly with the insured without the permission or consent of the public adjuster or the insured's legal counsel.
- (4) The public adjuster is not a representative or employee of the insurer.
- (5) The salary, fee, commission, or other consideration is the obligation of the insured, not the insurer.

(g) The contracts shall be executed in duplicate to provide an original contract to the public adjuster and an original contract to the insured. The public adjuster's original contract shall be available at all times for inspection without notice by the Commissioner.

(h) The public adjuster shall provide the insurer a notification letter, which has been signed by the insured, authorizing the public adjuster to represent the insured's interest.

(i) The insured has the right to rescind the contract within three business days after the date the contract was signed. The rescission shall be in writing and mailed or delivered to the public adjuster at the address in the contract within the three-business-day period.

(j) If the insured exercises the right to rescind the contract, anything of value given by the insured under the contract will be returned to the insured within 15 business days after the receipt by the public adjuster of the cancellation notice.

(b) A public adjuster shall not solicit, or attempt to solicit, an insured during the progress of a loss-producing occurrence, as defined in the insured's insurance contract.

(c) A public adjuster shall not permit an unlicensed employee or representative of the public adjuster to conduct business for which a license is required under this Article.

(d) A public adjuster shall not have a direct or indirect financial interest in any aspect of the claim, other than the salary, fee, commission, or other consideration established in the written contract with the insured, unless full written disclosure has been made to the insured as set forth in G.S. 58-33A-65.

(e) A public adjuster shall not acquire any interest in salvage of property subject to the contract with the insured unless the public adjuster obtains written permission from the insured after settlement of the claim with the insurer as set forth in G.S. 58-33A-65.

(g) The public adjuster shall disclose to an insured if the public adjuster has any interest or will be compensated by any construction firm, salvage firm, building appraisal firm, motor vehicle repair shop, or any other firm that performs any work in conjunction with damages caused by the insured loss. The word "firm" includes any corporation, partnership, association, joint-stock company, or person.

(h) Any compensation or anything of value in connection with an insured's specific loss that will be received by a public adjuster shall be disclosed by the public adjuster to the insured in writing, including the source and amount of any such compensation.

(i) Public adjusters shall adhere to all of the following general ethical requirements:

- (1) A public adjuster shall not undertake the adjustment of any claim if the public adjuster is not competent and knowledgeable as to the terms and conditions of the insurance coverage, or which otherwise exceeds the public adjuster's current expertise.
- (2) A public adjuster shall not knowingly make any oral or written material misrepresentations or statements that are false or maliciously critical and intended to injure any person engaged in the business of insurance to any insured client or potential insured client.
- (3) No public adjuster, while so licensed by the Department, may represent or act as a company adjuster or independent adjuster on the same claim.
- (4) The contract shall not be construed to prevent an insured from pursuing any civil remedy after the three-business-day revocation or cancellation period.
- (5) A public adjuster shall not enter into a contract or accept a power of attorney that vests in the public adjuster the effective authority to choose the persons who shall perform repair work.
- (6) A public adjuster shall ensure that all contracts for the public adjuster's services are in writing and set forth all terms and conditions of the engagement.

The clerk's inquiry shall not be required if the mortgagee or trustee has submitted, at or before the hearing, an affidavit briefly describing any efforts that have been made to resolve the default with the debtor and the results of any such efforts.

(b) The clerk shall order the hearing continued if the clerk finds that there is good cause to believe that additional time or additional measures have a reasonable likelihood of resolving the delinquency without foreclosure. In determining whether to continue the hearing, the clerk may consider (i) whether the mortgagee, trustee, or loan servicer has offered the debtor an opportunity to resolve the foreclosure through forbearance, loan modification, or other commonly accepted resolution plan appropriate under the circumstances, (ii) whether the mortgagee, trustee, or loan servicer has engaged in actual responsive communication with the debtor, including telephone conferences or in-person meetings with the debtor or other actual two-party communications, (iii) whether the debtor has indicated that he or she has the intent and ability to resolve the delinquency by making future payments under a foreclosure resolution plan, and (iv) whether the initiation or continuance of good faith voluntary resolution efforts between the parties may resolve the matter without a foreclosure sale. Where good cause exists to continue the hearing, the clerk shall order the hearing continued to a date and time certain not more than 60 days from the date scheduled for the original hearing. Nothing in this part shall limit the authority of the clerk to continue a hearing for other good cause shown."

Obligations to pay attorneys' fees upon any note, conditional sale contract or other evidence of indebtedness, in addition to the legal rate of interest or finance charges specified therein, shall be valid and enforceable, and collectible as part of such debt, if such note, contract or other evidence of indebtedness be collected by or through an attorney at law after maturity, subject to the following provisions:

(1) If such note, conditional sale contract or other evidence of indebtedness provides for attorneys' fees in some specific percentage of the "outstanding

balance" as herein defined, such provision and obligation shall be valid and enforceable up to but not in excess of fifteen percent (15%) of said "outstanding balance" owing on said note, contract or other evidence of indebtedness.

- (2) If such note, conditional sale contract or other evidence of indebtedness provides for the payment of reasonable attorneys' fees by the debtor, without specifying any specific percentage, such provision shall be construed to mean fifteen percent (15%) of the "outstanding balance" owing on said note, contract or other evidence of indebtedness.
- (3) As to notes and other writing(s) evidencing an indebtedness arising out of a loan of money to the debtor, the "outstanding balance" shall mean the principal and interest owing at the time suit is instituted to enforce any security agreement securing payment of the debt and/or to collect said debt.
- (4) As to conditional sale contracts and other such security agreements which evidence both a monetary obligation and a security interest in or a lease of specific goods, the "outstanding balance" shall mean the "time price balance" owing as of the time suit is instituted by the secured party to enforce the said security agreement and/or to collect said debt.
- (5) The holder of an unsecured note or other writing(s) evidencing an unsecured debt, and/or the holder of a note and chattel mortgage or other security agreement and/or the holder of a conditional sale contract or any other such security agreement which evidences both a monetary obligation and a security interest in or a lease of specific goods, or his attorney at law, shall, after maturity of the obligation by default or otherwise, notify the maker, debtor, account debtor, endorser or party sought to be held on said obligation that the provisions relative to payment of attorneys' fees in addition to the "outstanding balance" shall be enforced and that such maker, debtor, account debtor, endorser or party sought to be held on said obligation has five days from the mailing of such notice to pay the "outstanding balance" without the attorneys' fees. If such party shall pay the "outstanding balance" in full before the expiration of such time, then the obligation to pay the attorneys' fees shall be void, and no court shall enforce such provisions.
- (6) If the attorneys' fees are for services rendered to an assignee or a debt buyer, as defined in G.S. 58-70-15, all of the following materials setting forth a party's obligation to pay attorneys' fees shall be provided to the court before a court may enforce those provisions:
 - a. A copy of the contract or other writing evidencing the original debt, which must contain a signature of the defendant. If a claim is based on credit card debt and no such signed writing evidencing the original debt ever existed, then copies of documents generated when the credit card was actually used must be attached.

Each assignment or other writing evidencing transfer of ownership must contain the original account number of the debt purchased and must clearly show the debtor's name associated with that account number.

Notwithstanding the foregoing, however, if debtor has defaulted or violated the terms of the security agreement and has refused, on demand, to surrender possession of the collateral to the secured party as authorized by G.S. 25-9-609, with the result that said secured party is required to institute

an ancillary claim and delivery proceeding to secure possession of said collateral; no such written notice shall be required before enforcement of the provisions relative to payment of attorneys' fees in addition to the outstanding balance."

SECTION 21.1. The North Carolina Midwifery Joint Committee may develop and propose a methodology for licensing Certified Professional Midwives (CPMs) in the State. The proposed methodology may establish standards for education and training of CPMs that are at least as stringent as those put

forth by the American Midwifery Certification Board and may require that CPMs maintain insurance liability coverage regardless of the setting in which they practice. The Commissioner of Insurance may provide the Committee with information relating to the access and availability of such insurance in North Carolina.

SECTION 21.2. The Committee may report its recommendations and legislative proposals to the 2010 Regular Session of the 2009 General Assembly on or before its convening.

PART XXII. UNIVERSITY OF NORTH CAROLINA BOARD OF GOVERNORS TO STUDY THE FEASIBILITY OF IMPLEMENTING A TRIMESTER SYSTEM (H.B. 1225 – Haire, Stewart, Rapp, Tolson)

SECTION 22.1. The Board of Governors of The University of North Carolina may study the feasibility of converting the academic calendar for most of the State's university system from a semester system to a trimester system. The study may include the following universities: the University of North Carolina at Chapel Hill, North Carolina State University, the University of North Carolina at Greensboro, the University of North Carolina at Charlotte, the University of North Carolina at Asheville, the University of North Carolina at Wilmington, Appalachian State University, East Carolina University, Elizabeth City State University, Fayetteville State University, North Carolina Agricultural and Technical State University, North Carolina Central University, the University of North Carolina at Pembroke, Western Carolina University, and Winston-Salem State University. The study may not include either the University of North Carolina School of the Arts or the constituent high school, the North Carolina School of Science and Mathematics.

The goal of the study is to evaluate whether switching to a trimester system would better enable a university to use more fully its campus facilities during the summer while still maintaining the academic and programmatic integrity of the institution. The Board of Governors may consider how a conversion to a trimester system could change campus culture at each university that is included in the study, the challenges of enticing people to participate, particularly in a summer trimester, and the issues related to workload distribution and student support. In its study the Board of Governors may also analyze and evaluate how converting to a trimester system would affect all of the following at each university included in the study: student life; financial aid; athletic programs; student government; student learning; the need, if any, for additional faculty, and if additional faculty are needed, then the academic areas in which they would be needed; faculty research; registration; housing; maintenance; and utilities.

SECTION 22.2. As part of the study set out in this Part, the Board of Governors may also design a pilot program to explore the advantages and disadvantages to different types of campuses in switching to an academic year based on trimesters. The Board of Governors may identify four of the universities included in the study with different types of campuses to participate in the pilot program. The Board of Governors may determine the time frame for implementing the pilot program and the length of time that the pilot program may be maintained in order to analyze fully the advantages and disadvantages of switching to a trimester system. The Board of Governors may also determine what incentives, if any, may be offered to encourage students and faculty to participate in the summer trimester. The pilot program may not be implemented until after the Board of Governors reports to the Joint Legislative Education Oversight Committee pursuant to this Part and funds are appropriated to implement the pilot program.

SECTION 22.3. The Board of Governors may report its findings and recommendations to the Joint Legislative Education Oversight Committee by December 1, 2009.
