

§ 106-927. Annual report on hemlock restoration.

No later than October 1 of each year, beginning October 1, 2022, the Commissioner shall submit a report on the State's hemlock restoration initiatives to the Joint Legislative Oversight Committee on Agriculture and Natural and Economic Resources and the Fiscal Research Division. The report shall include the following with respect to each hemlock restoration initiative funded during the previous fiscal year:

- (1) Identification of goals and outcomes for the initiative.
- (2) A description of the measures used or data collected to evaluate the efficiency and effectiveness of the initiative in reaching its desired goals and outcomes.
- (3) The performance of each initiative with respect to the identified goals and outcomes. (2021-180, s. 10.3.)
