

§ 143-154. Expenditures for departments and institutions; accounting and warrants.

All expenditures of any character allowed by the General Assembly in making appropriations and not covered in the appropriations named shall be charged against the department or institution for which the expense is incurred, and the warrant shall be made to show clearly for what purpose the expenditure is made. The warrant shall be charged against the department or institution, thereby showing the total amount expended for the maintenance and expenses of such department or institution.
