

§ 159-85. Application to Commission for approval of revenue bond issue; preliminary conference; acceptance of application.

(a) Neither the State nor a municipality may issue revenue bonds under this Article unless the issue is approved by the Commission. The State Treasurer or the governing board of the issuing municipality or its duly authorized agent, as the case may be, shall file an application for Commission approval of the issue with the secretary of the Commission. If the issuing municipality is a regional public transportation authority, the application must be accompanied by a resolution of the special tax board of that authority approving of the application. The application shall state such facts and have attached to it such documents concerning the proposed revenue bonds and the financial condition of the State or the issuing municipality, as the case may be, and its utilities and enterprises as the secretary may require. The Commission may prescribe the form of the application.

(b) Before he accepts the application, the secretary may require (i) in the case of the State, the State Treasurer or (ii) in the case of a municipality, the governing board or its representatives to attend a preliminary conference at which time the secretary and his deputies may informally discuss the proposed issue and the timing of the steps taken in issuing the bonds.

(c) After an application in proper form and order has been filed, and after a preliminary conference if one is required, the secretary shall notify the State Treasurer or the municipality, as the case may be, in writing that the application has been filed and accepted for submission to the Commission. The secretary's statement shall be conclusive evidence that the State or the municipality, as the case may be, has complied with this section.
