

§ 160A-301. Parking.

(a) On-Street Parking. – A city may by ordinance regulate, restrict, and prohibit the parking of vehicles on the public streets, alleys, and bridges within the city. When parking is permitted for a specified period of time at a particular location, a city may install a parking meter at that location and require any person parking a vehicle therein to place the meter in operation for the entire time that the vehicle remains in that location, up to the maximum time allowed for parking there. Parking meters may be activated by coins, tokens, cash, credit cards, debit cards, or electronic means. Proceeds from the use of parking meters on public streets must be used to defray the cost of enforcing and administering traffic and parking ordinances and regulations.

(b) Off-Street Parking. – A city may by ordinance regulate the use of lots, garages, or other facilities owned or leased by the city and designated for use by the public as parking facilities. The city may impose fees and charges for the use of these facilities, and may provide for the collection of these fees and charges through parking meters, attendants, automatic gates, or any other feasible means. The city may make it unlawful to park any vehicle in an off-street parking facility without paying the established fee or charge and may ordain other regulations pertaining to the use of such facilities.

Revenues realized from off-street parking facilities may be pledged to amortize bonds issued to finance such facilities, or used for any other public purpose.

(c) Nothing contained in Public Laws 1921, Chapter 2, Section 29, or Public Laws 1937, Chapter 407, Section 61, shall be construed to affect the validity of a parking meter ordinance or the revenues realized therefrom.

(d) The governing body of any city may, by ordinance, regulate the stopping, standing, or parking of vehicles in specified areas of any parking areas or driveways of a hospital, shopping center, apartment house, condominium complex, or commercial office complex, or any other privately owned public vehicular area, or prohibit such stopping, standing, or parking during any specified hours, provided the owner or person in general charge of the operation and control of that area requests in writing that such an ordinance be adopted. The owner of a vehicle parked in violation of an ordinance adopted pursuant to this subsection shall be deemed to have appointed any appropriate law-enforcement officer as his agent for the purpose of arranging for the transportation and safe storage of such vehicle.

(e) The registered owner of a vehicle that has been leased or rented to another person or company shall not be liable for a violation of an ordinance adopted pursuant to this section if, after receiving notification of the civil violation within 90 days of the date of occurrence, the owner, within 30 days thereafter, files with the officials or agents of the municipality an affidavit including the name and address of the person or company that leased or rented the vehicle. If notification is given to the owner of the vehicle after 90 days have elapsed from the date of the violation, the owner is not required to provide the name and address of the lessee or renter, and the owner shall not be held responsible for the violation.
