

§ 90-171.41. Baccalaureate in nursing candidate credits.

Every graduate of a diploma or associate degree school of nursing in this State who has passed the registered nurse examination shall, upon admission to any State-supported institution of higher learning offering baccalaureate education in nursing, be granted credit for previous experience in the diploma or associate degree school of nursing on an individual basis by the utilization of the most effective method of evaluation to the end that the applicant shall receive optimum credit and that upon graduation the applicant will have earned the baccalaureate degree in nursing. (1969, c. 547, s. 1; 1981, c. 360, s. 1.)
