1 A BILL TO BE ENTITLED
2 AN ACT ENACTING THE NORTH CAROLINA COMPASSIONATE CARE ACT.
3 The General Assembly of North Carolina enacts:

4 **SECTION 1.** Chapter 90 of the General Statutes is amended by adding a new Article
5 to read:

6 "Article 5H.

7 "North Carolina Compassionate Care Act.

8 **"§ 90-113.110. Short title.**

9 This Article shall be known and may be cited as the "North Carolina Compassionate Care
10 Act."

11 **"§ 90-113.111. Legislative findings and purpose.**

12 The General Assembly makes the following findings:

- 13 (1) Modern medical research has found that cannabis and cannabinoid
14 compounds are effective at alleviating pain, nausea, and other symptoms
15 associated with several debilitating medical conditions.
- 16 (2) As of January 2023, more than a majority of states, four out of five
17 permanently inhabited United States territories, and the District of Columbia
18 have removed state-level criminal penalties for the medical use, cultivation,
19 and distribution of cannabis, and in enacting this Article, North Carolina now
20 takes similar action to preserve and enhance the health and welfare of its
21 citizens.
- 22 (3) This Article is intended to make only those changes to existing North Carolina
23 laws that are necessary to protect patients and their doctors from criminal and
24 civil penalties and is not intended to change current civil and criminal laws
25 governing the use of cannabis for nonmedical purposes.
- 26 (4) The General Assembly enacts this Article pursuant to its police power to enact
27 legislation for the protection of the health of its citizens, as reserved to the
28 State in the Tenth Amendment of the United States Constitution.
- 29 (5) It is the intent of the General Assembly to prioritize the protection of public
30 health and safety in the creation of a system for the cultivation, processing,
31 and selling of medical cannabis.
- 32 (6) It is the intent of the General Assembly that the regulatory system created by
33 this Article be nimble and able to respond quickly to changes in the
34 rapidly-evolving cannabis industry.
